Researchers, writing in the journal *Heart*, pooled data from 23 studies and found that social isolation or feelings of loneliness were tied to an increased risk of coronary heart disease(冠心病) and strokes.

The studies included data from 181,006 men and women ages 18 and over. There were 4,628 coronary events and 3,002 strokes in follow-up periods 26 from three to 21 years. Three of the papers 27 loneliness, 18 looked at social isolation and two included both. Social isolation and loneliness were determined with questionnaires; the researchers depended on medical records and death 28 for determining coronary events and strokes.

The scientists found that loneliness and social isolation increased the 29 risk of having a heart attack or a death from heart disease by 29 percent, and the risk of stroke by 32 percent. There were no 30 between men and women.

"People have tended to focus from a policy point of view on 31 lonely people to make them more 32 ," said the lead author, Nicole K. Valtorta, a research fellow at the University of York in England. Section B

Directions: In this section, you are going to read a passage with ten statements attached to it. Each statement contains information given in one of the paragraphs. Identify the paragraph from which the information is derived. You may choose a paragraph more than once. Each paragraph is marked with a letter. Answer the questions by marking the corresponding letter on **Answer Sheet 2**.

The hidden costs colleges don't want you to know about

- A) This fall, thousands of college students from across the country will begin their undergraduate studies at colleges around the nation. They will inevitably pack too much to fit in their tiny dorm rooms. They will also carry with them a huge student loan debt, in addition to countless "hidden" out-of-pocket costs paid for by their bank accounts and the bank accounts of their families.
- B) At my well-respected, private, four-year university in Washington, D.C., which boasts a yearly tuition of \$44,046 not including room and board, I receive over \$57,000 yearly in financial aid. As a student from a

family that is struggling to make ends meet, my financial aid package is a combination of federal grants and federal work study, university merit scholarships and financial aid awards, and about \$8,000 yearly in federally subsidized(有补贴的) and unsubsidized loans. On paper, my expenses and my financial aid just about even out. Off paper, they don't.

- C) Universities today are in the business of making money, and mine is no exception. They hit me right out of the gate with a \$160 fee to attend my freshman orientation, a price which does not include the cost of travel to and from the District. Almost every class has an associated fee not included in the cost of tuition, most between \$40 and \$100. Fees for lab science classes are the highest, and all students at my university are required to take at least one lab before they graduate. Buying a laptop proved a necessity and, thankfully, a relative bought me one as a gift. Renting a mini-fridge for my dorm room costs my roommates and me about \$140 a year.
- D) Schools will charge you whatever they can. The costs of any damage to the dorm, including elevators, bathrooms, and common areas, are billed to every person on a dorm floor, or even the entire building if they do not know who caused the damage. After I fell out of my bed twice during my freshman year, the university installed a railing—for \$20, billed to my student account. My financial aid did not anticipate any of these costs, and so it did not cover them.
- E) An Internet search of "hidden costs" of college turns up a host of articles on parent-centered websites on the college application process. These articles are almost always geared towards upper- and middle-class families. For students already struggling to pay tuition, these costs may be the least of their worries.
- F) So what hidden costs should low-income students really be paying attention to? My college experience offers a few examples.
- G) If you are a low-income student who will be attending school out-of-state, make sure you know if you can use your state benefits, such as the Supplemental Nutrition Assistance Program, or SNAP. It wasn't until after I had accepted admission to an out-of-state school that I learned that I could not use my Ohio Medicaid on campus for anything other than emergency care. My benefits became invalid the second I moved out of Ohio. After my freshman year, I had to opt for the school's insurance plan, which costs around \$2,000 a year. Even if your school offers a flat-rate fee for a doctor's appointment at the student health center (mine is \$20 a visit), these fees often do not include extra fees for lab tests or prescription medications(药物).
- H) If you plan on paying off bills in your student account with a credit card, be aware of any additional costs. My school charges an additional fee for the use of a credit card to settle outstanding charges, which can add upwards of 3% of the balance to your bill.
- I) There is another depressing reality hidden within even the largest financial aid packages: Colleges often offer the most generous packages during freshman year as a way to attract new students. My family was careful to ask about the chances of financial aid being taken away after my freshman year. We were assured that, except for low grades or a raise in family income, no money would be taken away. We did not know to ask—and the school did not readily point out—that even if tuition rises, my financial aid package will stay the same. So when my university voted to raise tuition costs 3% at the end of my freshman year, my financial aid package remained the same and I was suddenly responsible for an additional \$1,200 for the next year. The university administration will likely vote to raise costs at least once more before my graduation.
- J) Yes, I chose to attend an expensive university far from my hometown. Yes, there were cheaper options. But there are promising students from struggling families across the nation who should not rule out their dream

schools entirely. All things considered, I am paying significantly less than the ticket price of my university, and having an educational experience in Washington, D.C., that I would not have had anywhere else. As a low-income student from a down-and-out Rust Belt community, these educational experiences have enormous potential to brighten my future—and my family's future.

- K) The key is to make sure that students and their families understand that hidden costs exist, and that they may prove problematic. Fill out a more comprehensive checklist, and be wary of listed prices that seem too low. Understand just how complicated the financial aid process is.
- L) Students and families must also understand their ability to self-advocate. They should not pay student bills or excess fees blindly. If something does not look right, ask about it. If it still doesn't look right, negotiate it. In cases where parents are working multiple jobs, are less knowledgeable about college bureaucracies, have limited English language skills, or are not contributing financially to their child's education, the burden of self-advocacy will fall on the student. I understand the difficulty, and the embarrassment. But it is necessary.
- M) In the grand scheme of things, however, colleges also must come to understand that the hidden fees they ask for may prove unmanageable for the very kinds of low-income or first-generation students they are trying desperately to attract.
36. Students' financial aid remains unchanged even when tuition rises.
37. Students may not be able to enjoy their state benefits when they go to college out of the state.
38. The financial aid the author receives is supposed to cover all her college expenses.
39. When the person who damages dorm facilities is not identified, students are required to share the cost.
40. Though it is difficult and embarrassing, students should make inquiries about what fees they have to pay and why.
41. Today, many Americans have to go to college on student loans.
42. Receiving education in a private university in the nation's capital may change the author's future life and that of her family's.
43. Students may no longer be qualified for financial aid if they perform poorly in school or if their family income has increased.
44. In addition to tuition, college students have to pay extra fees for the courses they take.
45. Some schools charge students a fee to their student accounts for using credit cards to pay bills.

Section C

Directions: *There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.*

Passage One

Questions 46 to 50 are based on the following passage.

To write his 2010 book, *The 5-Factor World Diet*, nutritionist Harley Pasternak traveled to the healthiest countries around the world to learn more about what made their meals extra nourishing.

He noted that Japanese people ate a wonderful variety of seaweeds, and that Chinese people tried to include at least five different colors in every meal. Pasternak also came away with some valuable observations about how different the North American way of life was, compared with many other countries.

For starters, Americans eat much bigger portions than people in other countries. "We don't prioritize eating seasonally or locally, and we also add lots of salt, sugar and thickening agents to our foods," explained Pasternak. Contrast that to the healthy Mediterranean, Nordic and Okinawan diets listed in Pasternak's book. They all seem to stick to the ethos(特质) of regional, seasonal produce.

For example, a traditional Mediterranean diet includes fruits, vegetables, whole grains, nuts and olive oil as the main components of nutritional intake. Fish, chicken and red wine make moderate appearances, while red meat, salt and sugar are used much less often. The benefits of a traditional Mediterranean diet have been studied since the 1970s, and researchers have found that living that olive oil life can help people lose weight, lower their heart disease risk and reverse diabetes.

Most other healthy eating cultures also make meals an event—say, multiple courses around the family table, or a glass or two of red wine at a long lunch—as opposed to hastily wolfing down handfuls of cereal above the kitchen sink and calling it dinner.

Each of the healthy eating cultures has its own unique feature. But Pasternak did take note of one unifying factor in all of the healthy societies he observed. "The only overlapping feature in most of these healthy countries is that they all walk way more than the average American," said Pasternak, "So really, regardless of what you're eating, if someone's walking four miles more than you each day, they're going to be a lot thinner and live a lot longer than you."

46. What characterizes Japanese and Chinese foods?

- A) Variety.
- B) Flavor.
- C) Color.
- D) Naturalness.

47. What is typical of Americans in the way of eating?

- A) They emphasize nutrition.
- B) They tend to eat quite a lot.
- C) They prioritize convenience.
- D) They care about flavors.

48. What features are in Mediterranean, Nordic and Okinawan diets?

- A) Fruits and vegetables.
- B) Olive oil and red wine.
- C) Seasonal local produce.
- D) Unprocessed ingredients.

49. What do people in most healthy eating cultures have in common?
- A) They get the whole family to eat at a table.
 - B) They eat their meals regularly and punctually.
 - C) They consume plenty of cereal for breakfast.
 - D) They attach great importance to their meals.
50. Compared with the average American, people in healthy societies _____.
- A) walk at least 4 miles a day
 - B) do considerably more walking
 - C) pay more attention to body shape
 - D) consume a lot more organic food

Passage Two

Questions 51 to 55 are based on the following passage.

Recognizing when a friend or colleague feels sad, angry or surprised is key to getting along with others. But a new study suggests that being sensitive to people's feelings may sometimes come with an extra dose of stress. This and other research challenge the prevailing view that emotional intelligence is uniformly beneficial to its bearer.

In a study, psychologist Myriam Bechtoldt of the Frankfurt School of Finance and Management in Germany asked 166 male university students a series of questions to measure their emotional intelligence. For example, they showed the students photographs of people's faces and asked them to what extent feelings such as happiness or disgust were being expressed. The students then had to give job talks in front of judges who displayed serious facial expressions. The scientists measured concentrations of stress hormones in the students' saliva(唾液) before and after the talk.

In students who were rated more emotionally intelligent, the stress measures increased more during the experiment and took longer to go back to baseline. The findings suggest that some people may be too emotionally clever for their own good, says Bechtoldt. "Sometimes you can be so good at something that it causes trouble," she notes.

Indeed, the study adds to previous research hinting at a dark side of emotional intelligence. A study published in 2002 in *Personality and Individual Differences* suggested that emotionally perceptive people might be particularly influenced by feelings of depression and hopelessness. Furthermore, several studies have implied that emotional intelligence can be used to manipulate others for personal gains.

More research is needed to see how exactly the relation between emotional intelligence and stress would play out in women and in people of different ages and education levels. Nevertheless, emotional intelligence is a useful skill to have, as long as you learn to also properly cope with emotions—both others' and your own, says Bechtoldt. For example, some sensitive individuals may assume responsibility for other people's sadness or anger, which ultimately stresses them out. Remember, as Bechtoldt says, "you are not responsible for how other people feel."

51. What is the finding of the new study?
- A) Emotional intelligence helps people get along with others.
 - B) Emotional intelligence is generally beneficial to its bearer.
 - C) People who are aware of others' feelings may experience more stress.
 - D) People who are emotionally stressed may have trouble making friends.
52. What was the purpose of psychologist Myriam Bechtoldt's experiment?
- A) To define different types of human feelings.
 - B) To assess the impacts of being emotionally clever.
 - C) To demonstrate how to distinguish different feelings.
 - D) To identify gender differences in emotional intelligence.
53. What does the finding of Myriam Bechtoldt's study indicate?
- A) Greater emotional cleverness means less trouble in one's life.
 - B) Emotional intelligence helps people succeed in job interviews.
 - C) People's psychological wellbeing is related to various factors.
 - D) People may suffer from having a high emotional intelligence
54. What do we learn about emotional intelligence from a number of studies?
- A) People suffering from depression are emotionally immature.
 - B) People who look at the dark side of life often feel depressed.
 - C) Some people may take advantage of it and benefit themselves.
 - D) Some people may lack it and are easily manipulated by others.
55. What does the author suggest sensitive individuals do?
- A) Avoid burdening themselves with others' feelings.
 - B) Rid themselves of worries over worldly affairs.
 - C) Learn to cope with people's negative feelings.
 - D) Help people to deal with their troubles in life.

Part I

Directions: *In this task, you are to write an essay on the role of physical exercise in achieving success at college. You will have 30 minutes for the task. You should write at least 120 words but no more than 180 words.*

【参考范文·169词】 写作无唯一标准答案，以下为达标示范

While many college students bury themselves in books and treat workouts as a waste of time, it is often overlooked that physical exercise plays an indispensable role in achieving success at college. In my view, staying active is not the enemy of study but its solid foundation.

First, regular exercise strengthens the body and guarantees the energy that intense coursework demands. A student who jogs every morning is more likely to stay focused through back-to-back lectures than one who never moves. Moreover, working out is a powerful way to relieve stress. When exams and job hunting pile up, a quick run on the track can wash away tension and rebuild mental resilience. In addition, sticking to a fixed exercise routine cultivates self-discipline, and this habit naturally transfers to managing study plans on time.

In short, physical exercise is by no means a distraction; rather, it is the cornerstone of college success. Therefore, every student is advised to fit regular workouts into daily life before body and mind break down.

当许多大学生埋头书本、把锻炼当作浪费时间时，人们常常忽视：体育锻炼在大学取得成功中扮演着不可或缺的角色。在我看来，保持运动并非学习的敌人，而是它坚实的根基。

首先，规律锻炼能强健体魄，保障密集课业所需要的精力。一个每天晨跑的学生，比一个从不运动的学生更可能在连堂课中保持专注。此外，锻炼是缓解压力的有力方式。当考试和求职接踵而来，操场上一次短跑就能驱散紧张、重建心理韧性。另外，坚持固定的锻炼作息能培养自律，而这一习惯会自然迁移到按时管理学习计划上。

简而言之，体育锻炼绝非干扰，而是大学成功的基石。因此，建议每位同学在身心垮掉之前，就把规律锻炼纳入日常生活。

【第1段】现象引入加亮立场。本段先用 While many college students bury themselves in books 引出忽视锻炼的普遍现象，再用 physical exercise plays an indispensable role in achieving success at college 斩钉截铁亮出立场，落实了第一段『亮明立场』的功能，且把题眼 role 直接写进首段。

【第2段】三角度各带场景。本段用 First / Moreover / In addition 串起身体、心理、自律三个角度，每个角度都配了校园场景（晨跑保持专注、操场短跑驱散紧张、固定作息培养自律），落实了『主题句加理由加例子加小结』的论证方法，避免了只喊口号。

【第3段】否定误解再呼吁。本段用 by no means a distraction; rather, it is the cornerstone 否定误解、重申立场，再用 every student is advised to fit regular workouts into daily life 发出行动呼吁，落实了结尾段『重申加呼吁』的功能。

内容切题

句句回扣作用

本题达标要点是每个角度都要落回 the role of physical exercise in achieving success at college，最易失分处是写着写着滑向『如何制定锻炼计划』，与 role 脱钩。

结构连贯

三段路标清晰

本题用 First / Moreover / In addition 串起三个角度、用 In short 收尾即可，达到 write an essay 所要求的议论文条理；易失分处是论证段三个角度并排堆放、缺过渡。

语言准确

锻炼一词多样表达

本题把 physical exercise 换着用 working out / staying active / regular exercise，避免通篇一个词；适当用 by no means、rather 等句式提升档次，但别为炫技堆砌生僻词。

字数格式

守住120到180

本题硬性要求 write at least 120 words but no more than 180 words，范文词数正落在区间内；低于 120 或高于 180 都直接失分，是最不该犯的错。

写成锻炼方法

反面示例：『To stay healthy, you should run three times a week and eat more vegetables.』——这是在教人怎么锻炼，完全没碰 the role of physical exercise in achieving success at college 里的 role。改法：换成『Running regularly keeps students energetic enough to handle heavy coursework.』，把动作改成『对大学成功的作用』。

只喊口号无例证

反面示例：『Exercise is very important. It is good for us. We should all do exercise because it helps a lot.』——三句都在重复『重要』，没有任何论证，且在注水凑字。改法：换成带场景的论证，如『A student who jogs every morning stays focused through back-to-back lectures.』

中式英语逐字直译

反面示例：『Open exercise can let your body become more strong and study very high.』——『open exercise』『study very high』都是逐字硬翻，不成英文。改法：用地道搭配重写，如『Regular exercise builds a stronger body and boosts academic performance.』

(25 minutes)

Section A

Directions: In this section, you will hear three news reports. At the end of each news report, you will hear two or three questions. Both the news report and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on **Answer Sheet 1** with a single line through the centre.

Questions 1 and 2 are based on the news report you have just heard.

1 Operations at one of Australia's largest gold mines had to be temporarily suspended on Friday after a partial wall collapse at one of the mine's dams.

周五,澳大利亚最大的金矿之一因其中一座尾矿坝发生部分坝体垮塌而不得不暂时停止运营。

2 The wall collapse at the Cadia mine came just a few days after two earthquakes hit the area.

Cadia矿区的坝体垮塌发生在该地区遭受两次地震袭击后仅数天。

3 The damage to the dam wall was noticed in the late afternoon on Friday when workers found a section of the northern dam wall had collapsed into the southern dam.

周五傍晚,工作人员发现北坝的一段坝体已坍塌至南坝中,从而注意到坝体受损。

4 The dams contain waste products of mining and can contain materials which are harmful to the environment and human health.

这些尾矿坝容纳采矿废弃物,可能含有对环境和人类健康有害的物质。

5 The dams are generally constructed using earth-fill and are gradually raised over time.

这些尾矿坝通常采用土石填筑建造,并随时间逐步加高。

6 The company was unable to confirm whether the recent earthquakes had contributed to the dam's wall collapse, but said it was conducting a thorough investigation.

该公司无法确认近期地震是否导致了坝体垮塌,但表示正在进行彻底调查。

7 A company spokesperson said the operations at the site had been halted while the investigation is ongoing and that the break had posed no safety threat to workers.

公司发言人表示,在调查期间该矿区的运营已被暂停,且此次坝体坍塌未对工作人员构成安全威胁。

1. A) Part of its dam wall collapsed.
- B) It released a lot of harmful gases.
- C) It was destroyed by an earthquake.
- D) Some miners were trapped underground.

【题目】 What happened at one of Australia's largest gold mines?

【翻译】 澳大利亚最大的金矿之一发生了什么?

- A) 其大坝墙体部分坍塌。 B) 它释放了大量有害气体。 C) 它被地震摧毁。
D) 一些矿工被困在地下。

【答案】 A (细节题) Part of its dam wall collapsed.

【定位】 Operations at one of Australia's largest gold mines had to be temporarily suspended on Friday after a partial wall collapse at one of the mine's dams.

澳大利亚一座最大的金矿之一不得不在周五暂停作业,原因是该矿其中一个尾矿坝的坝体发生了局部坍塌。

【信号】 新闻导语首句锁定核心事件。Operations at one of Australia's largest gold mines had to be temporarily suspended on Friday after a partial wall collapse at one of the mine's dams. 是整篇新闻的导语句,结构「结果(停产) + after + 原因(坝体局部坍塌)」完整地把核心事件交代清楚——after 之后的 partial wall collapse 就是事件本身,对应第 1 题答案。

【替换】 a partial wall collapse at one of the mine's dams ↔ Part of its dam wall collapsed.

名词化 ↔ 主谓化

【排除】 B) 原词陷阱

录音第 4 段 materials which are harmful to the environment and human health 出现了 harmful 这个词，但说的是「坝里盛着的矿渣可能对环境与人体有害」，并非「这次事件释放了有害气体」。选项 B 把 harmful 这个原词盗过来，再加上原文从未提及的 gases，制造了「听到 harmful 就选」的诱惑。

借用原文：materials which are harmful to the environment and human health

C) 原词陷阱

录音第 2 段 The wall collapse at the Cadia mine came just a few days after two earthquakes hit the area. 只说「坝塌发生在两次地震几天之后」，并未说「金矿被地震毁了」；第 6 段更明说 The company was unable to confirm whether the recent earthquakes had contributed to the dam's wall collapse——连地震是否与坝塌有关都未确认。选项 C 把 earthquakes 这个原词盗过来，硬生生升级成「被地震毁」，是典型的过度推断。

借用原文：The wall collapse at the Cadia mine came just a few days after two earthquakes hit the area.

D) 未提及

录音从头到尾只讲「坝体局部坍塌、暂停作业、调查中」，第 7 段反而明说 the break had posed no safety threat to workers——发言人特意说事故对工人没有安全威胁。选项 D 描述的「矿工被困井下」完全是矿难常见画面，凭考生的「常识联想」来骗人，原文无任何依据。

-
2. A) It posed a safety threat to the miners.
B) It caused damage too heavy to assess.
C) It brought the mine's operations to a halt.
D) It was followed by two more earthquakes.

【题目】 What did the spokesperson say about the incident?

【翻译】 发言人对这一事件说了什么？

- A) 它对矿工的安全构成了威胁。 B) 它造成的损失过于严重而无法评估。
C) 它使该矿的运营陷入停顿。 D) 它之后又发生了两次地震。

【答案】 C (细节题) It brought the mine's operations to a halt.

【定位】 A company spokesperson said the operations at the site had been halted while the investigation is ongoing and that the break had posed no safety threat to workers.

公司发言人表示，调查期间该矿区已停止作业，并称这次坝体破裂并未对工人构成任何安全威胁。

【信号】 spokesperson said 引述信号词。第 7 段开头 A company spokesperson said 是最强的引述信号，直接告诉考生「下面这句就是发言人的原话」。句中包含两个并列宾语从句 (halted while investigation + no safety threat)，把「停产」和「对工人无安全威胁」一并说出，正是第 2 题的答案句。

【替换】 the operations at the site had been halted ↔ **It brought the mine's operations to a halt.**

被动 ↔ 主动 + 动词名词化

had to be temporarily suspended on Friday ↔ **It brought the mine's operations to a halt.**

suspend = halt

【排除】 A) **与原文相反**

录音第 7 段明确说 the break had posed no safety threat to workers——发言人特意强调「没有」构成安全威胁。选项 A 把 posed、safety threat 这几个高辨识度原词原样照搬，唯独把 no 去掉，含义彻底反转。这是听力里最经典的「否定词陷阱」。

借用原文：the break had posed no safety threat to workers

B) **过度推断**

录音第 6 段说 said it was conducting a thorough investigation——公司正在做全面调查；选项 B 却把「在调查」升级成「损失大到无法评估」 It caused damage too heavy to assess., 凭空加上了 too heavy to assess 这一程度判断，原文无任何依据。

借用原文：said it was conducting a thorough investigation

D) **原词陷阱**

录音第 2 段说 The wall collapse at the Cadia mine came just a few days after two earthquakes hit the area.——坍塌发生在两次地震「之后」（事件 ← 两次地震在前）；选项 D It was followed by two more earthquakes. 却说「这次事件之后又有两次地震」，时序刚好相反，更多了 more 这个原文没有的词。选项 D 把 two earthquakes 这个原词盗过来，把时序对调。

借用原文：The wall collapse at the Cadia mine came just a few days after two earthquakes hit the area.

Questions 3 and 4 are based on the news report you have just heard.

1 Two boys and four girls were born on Monday to the surprise of a young couple and doctors who had expected five babies.

周一,一对年轻夫妇和原本预期会有五个婴儿的医生们惊讶地迎来了两个男孩和四个女孩的诞生。

2 This was the first record of six babies being born at the same time in that region. The doctors prepared from early in the morning to help deliver five tiny citizens. They were in the operating room with five teams of doctors, one for each baby.

这是该地区首次有六个婴儿同时出生的记录。医生们从清晨就开始准备协助接生五个小公民。他们在手术室里准备了五组医生团队,每个婴儿配备一组。

3 The first five babies were delivered successfully, and all baby beds were occupied. And then all of a sudden, it turned out there was another waiting to come out.

前五个婴儿成功分娩,所有婴儿床都被占用了。然后突然之间,发现还有另一个婴儿等待出生。

4 The doctor said the babies were in healthy condition, but could not go home immediately. They needed to stay in the hospital for two to three months for medical supervision.

医生表示婴儿们健康状况良好,但不能立即回家。他们需要在医院接受两到三个月的医学监护。

5 The mother who is in stable condition could return home a day later if all physical tests came back normal. The babies' mother commented that they had already prepared room for five babies at home, so they will have to rearrange things for their happy surprise. The new parents have yet to name the sixth baby but are considering either Lily or Rose.

状况稳定的母亲如果所有体检结果正常,一天后就可以回家。婴儿的母亲表示他们已经在家里为五个婴儿准备了房间,所以他们必须为这个惊喜重新安排。这对新父母尚未给第六个婴儿取名,但正在考虑Lily或Rose。

3. A) It prepared beds for all the six new citizens.
B) It assigned a team of doctors for each expected baby.
C) It made ample preparations for various possibilities.
D) It brought in the most advanced instruments.

【题目】 What did the hospital do for the delivery of the babies?

【翻译】 医院为婴儿的分娩做了什么?

- A) 它为所有六位新公民准备了床位。 B) 它为每个预产婴儿指派了一个医生团队。
C) 它为各种可能性做了充分准备。 D) 它引进了最先进的仪器。

【答案】 B (细节题) It assigned a team of doctors for each expected baby.

【定位】 The doctors prepared from early in the morning to help deliver five tiny citizens. They were in the operating room with five teams of doctors, one for each baby.

医生们从清晨就开始做准备,迎接五个小公民的降生。他们和五组医生一起守在产房,每个宝宝都配一组医生。

【信号】 动词 prepared 直接对接题干 do。 题干问 do, 录音里出现 The doctors prepared from early in the morning——同一语义场的动词 prepared 就是答案信号;紧接着的 five teams of doctors, one for each baby 把"准备"具体化为"按预计人数一对一配",两句合起来构成完整答案句。

【替换】 five teams of doctors, one for each baby ↔ **a team of doctors for each expected baby**

one for each baby ↔ a team for each baby

five teams of doctors ↔ **a team of doctors for each expected baby**

总数→分配视角的转换

【排除】 A) 原词陷阱

It prepared beds for all the six new citizens. 把"六个新公民都准备了床"安在医院头上，但录音 all baby beds were occupied. And then all of a sudden, it turned out there was another waiting to come out 说前五张床被占满后突然来了第六个，恰恰证明医院只准备了五张床，第六个是意外。选项里的 six 是听到的原词，却用在错误事实上。

借用原文：all baby beds were occupied. And then all of a sudden, it turned out there was another waiting to come out

C)

It made ample preparations for various possibilities. 听起来像"做了充分应对各种可能性的准备"，但录音里没有任何"应对多种可能性"的话——医院其实只按五个宝宝准备，第六个是意外，恰恰说明它并未为"各种可能"做准备。这是用空泛大词诱选的典型。

借用原文：all of a sudden, it turned out there was another waiting to come out

D)

It brought in the most advanced instruments. 说医院引进了最先进的仪器，可录音通篇都没提到任何 instrument 或 advanced 之类的词，纯属无中生有。最高级 the most 一旦录音里没有等值表述就不能选。

-
4. A) They had to undergo 2-3 physical checkups.
B) They were all of normal size except the sixth.
C) They could go home together with their mother a day later.
D) They needed to stay in the hospital for a couple of months.

【题目】 What did the doctor say about the newborns?

【翻译】 医生对新生儿说了什么？

- A) 他们必须接受2到3次体检。 B) 除了第六个婴儿外,他们的体型都正常。
C) 他们可以在一天后与母亲一起回家。 D) 他们需要在医院住几个月。

【答案】 D (细节题) They needed to stay in the hospital for a couple of months.

【定位】 The doctor said the babies were in healthy condition, but could not go home immediately.

They needed to stay in the hospital for two to three months for medical supervision.

医生说宝宝们身体状况良好，但不能马上回家。他们需要在医院留观两到三个月以接受医疗监护。

【信号】 the doctor said 直接领出答案句。录音里出现的 The doctor said 完美对应题干中的 the doctor say, '紧接着的 but 转折引出真正落点: could not go home immediately. They needed to stay in the hospital for two to three months—but 之后才是答案。

【替换】 needed to stay in the hospital for two to three months ↔

They needed to stay in the hospital for a couple of months.

two to three months ↔ a couple of months

【排除】 A) 偷换概念

They had to undergo 2-3 physical checkups. 把录音里听到的 two to three 借走，却安在 physical checkups (体检次数) 上——可录音里 two to three 修饰的是 months (月数)。这是把同一数字偷换修饰对象的典型原词陷阱。

借用原文: two to three months for medical supervision

B)

They were all of normal size except the sixth. 说"除第六个外都是正常大小", 但录音里医生只说 the babies were in healthy condition (健康), 并未提任何"大小是否正常", 更没说第六个例外。这是"加细节诱选"。

C) 原词陷阱

They could go home together with their mother a day later. 把"一天后回家"安在宝宝身上, 但录音 The mother who is in stable condition could return home a day later 明确指出 a day later 是妈妈的安排; 而宝宝那边是 could not go home immediately. 选项盗用了 a day later 这个原词, 把妈妈的待遇张冠到宝宝头上。

借用原文: The mother who is in stable condition could return home a day later

Questions 5 to 7 are based on the news report you have just heard.

1 A Spanish island called Palmador has been bought by a family from Europe for 18 million euros. The island is often described as heaven on earth by holidaymakers.

一座名为Palmador的西班牙岛屿已被一个欧洲家族以1800万欧元购得。这座岛屿常被度假者形容为人间天堂。

2 For decades tourists have been flocking to Palmador, which is located off the southeast coast of Spain. They come to enjoy its unspoiled beaches and crystal clear waters. Its natural beauty is protected as it lies inside a natural park.

数十年来, 游客纷纷涌向位于西班牙东南海岸外的Palmador岛。他们来此享受未受破坏的海滩和清澈见底的海水。由于该岛位于自然公园内,其自然美景受到保护。

3 Although Palmador is one of the most famous private islands in the world, its seafront is public land and is a favorite destination for famous people. When the island was put up for sale, it was offered to the local government but proved too expensive for the local authorities. It is unclear whether the new owners have the power to ban tourists from the island. But with their newfound luxury comes the responsibility for its protection and maintenance. The island is less than two miles long and half a mile wide. It is said to have a remarkable location that few other private islands of this size can match, according to estate agents. Palmador is the perfect place to retreat to, somewhere to get away from the city noise and relax in beautiful surroundings with zero stress.

尽管Palmador是世界上最著名的私人岛屿之一,但其海滨属于公共土地,是名人最喜爱的目的地。当该岛挂牌出售时,曾提供给当地政府,但对当地政府来说价格过于昂贵。目前尚不清楚新业主是否有权禁止游客登岛。但随着新获得的奢华享受,他们也肩负着保护和维护该岛的责任。该岛长度不到两英里,宽度半英里。据房地产经纪人称,该岛拥有卓越的地理位置,少有其他同等规模的私人岛屿能与之媲美。Palmador是完美的隐居之地,可以远离城市喧嚣,在美丽的环境中放松身心,毫无压力。

5. A) It is owned by the local government.
B) It has been turned into a public park.
C) It has been bought by an American.
D) It is a perfect tourist destination.

【题目】 What do we learn from the news report about the Spanish island Palmador?

【翻译】 从新闻报道中我们了解到关于西班牙岛屿Palmador的什么信息？

- A) 它归当地政府所有。 B) 它已被改建成公共公园。 C) 它已被一位美国人购买。
D) 它是一个完美的旅游目的地。

【答案】 D (细节题) It is a perfect tourist destination.

【定位】 A Spanish island called Palmador has been bought by a family from Europe for 18 million euros. The island is often described as heaven on earth by holidaymakers.

一个名叫帕尔马多尔的西班牙岛屿已被一个来自欧洲的家庭以 1800 万欧元买下。这个岛常被度假者形容为「人间天堂」。

【信号】 **新闻导语+总括赞美句。** 答案信号有两层：一是开头第一句作为新闻导语，交代核心事实「a family from Europe (欧洲家庭) 买下了岛」；二是紧接的总括赞美 often described as heaven on earth by holidaymakers—heaven on earth 这种总括式形容词，正是与选项 a perfect tourist destination 对应的同义信号。

【替换】 often described as heaven on earth by holidaymakers ↔ **a perfect tourist destination**
总括赞美·同义改写

【排除】 A) **原词陷阱**

选项说岛 owned by the local government, 但原文 has been bought by a family from Europe 与第三段 it was offered to the local government but proved too expensive for the local authorities 明确说「曾打算卖给地方政府，但地方政府嫌太贵买不起」——所以买家是欧洲家庭，不是政府，A 反了。

借用原文：it was offered to the local government but proved too expensive for the local authorities

B) **偷换概念**

原文只说「它位于一个 natural park 里面」(its natural beauty is protected as it lies inside a natural park)，是说岛位于自然公园之内、受保护；并没有说岛本身「被变成了公共公园」。选项 turned into a public park 偷换了「位于公园内」和「自身变成公园」。

借用原文：its natural beauty is protected as it lies inside a natural park

C) **原词陷阱**

原文 has been bought by a family from Europe 明确说买家来自欧洲 (Europe)，选项 bought by an American 把国籍换成了美国人——动作 (bought) 原音照搬，国籍偷换，是典型的「原词陷阱+张冠李戴」组合。

借用原文：has been bought by a family from Europe

-
6. A) Its seafood.
B) Its unusual coastline.
C) Its unspoiled beaches.
D) Its architecture.

【题目】 What do holidaymakers come to Palmador to enjoy?

【翻译】 度假者来Palmador享受什么？

A) 它的海鲜。 B) 它不同寻常的海岸线。 C) 它未受破坏的海滩。 D) 它的建筑。

【答案】 C (细节题) Its unspoiled beaches.

【定位】 For decades tourists have been flocking to Palmador, which is located off the southeast coast of Spain. They come to enjoy its unspoiled beaches and crystal clear waters.

几十年来，游客们一直涌向帕尔马多尔，它位于西班牙东南海岸外。他们来这里是为了享受未受破坏的海滩和清澈见底的海水。

【信号】 原音 come to enjoy 直接点题。答案信号是原音里 They come to enjoy its unspoiled beaches and crystal clear waters 出现的 come to enjoy——它与题干 come to...enjoy 完全同构，紧跟其后的两个名词短语就是答案的两个候选。

【替换】 its unspoiled beaches and crystal clear waters ↔ Its unspoiled beaches

原词原音直接复现

【排除】 A) 未提及

全文未出现任何与 seafood 相关的词。这项是预读时就预警过的「海岛+seafood」刻板印象陷阱——主体考生容易凭「海岛大概有好吃的海鲜」这种常识脑补出答案，但原文没说就是没说。

B) 原词陷阱

原文提及 coast (located off the southeast coast of Spain) 只是说岛「位于西班牙东南海岸外」，是定位用语，不是描述岛本身的海岸线独特。选项 Its unusual coastline 借了 coast 这个原词，并加了一个原文没有的形容词 unusual。

借用原文：located off the southeast coast of Spain

D) 未提及

原文通篇没有提到岛上有什么建筑（无任何 building / architecture / house 的描述），与选项 Its architecture 完全无对应原文。

-
7. A) It has an unmatched location.
B) It is worth over 18 million euros.
C) It has beautiful weather all year round.
D) It is an ideal place to meet famous stars.

【题目】 What do estate agents say about Palmador?

【翻译】房地产经纪人对Palmador有何评价？

- A) 它拥有无与伦比的地理位置。 B) 它价值超过1800万欧元。 C) 它全年气候宜人。
D) 它是邂逅著名明星的理想场所。

【答案】 **A** (细节题) It has an unmatched location.

【定位】 It is said to have a remarkable location that few other private islands of this size can match, according to estate agents.

据房产中介称，这座岛拥有非凡的地理位置，少有同等大小的其他私人岛屿能与之匹敌。

【信号】 引述标志 **according to + 最高级语义**。答案信号有两层：①引述定位词 according to estate agents 与题干 estate agents say 完全对应——这是这道题答案句的硬信号；②引述句内含最高级语义 few other private islands of this size can match (少有同等大小的私人岛能比得过)，与选项 unmatched location 的最高级语义——对应。

【替换】 a remarkable location that few other private islands of this size can match ↔

It has an unmatched location

最高级语义·同义浓缩

【排除】 B) **原词陷阱**

18 million euros 确实出现在原音里 (bought by a family from Europe for 18 million euros)，但它是新闻导语里的成交价格，不是房产中介对这座岛的评价。预读时就把 18 million euros 标为数字陷阱预警——正是为这一题做准备。

借用原文：has been bought by a family from Europe for 18 million euros

C) **未提及**

全文没有出现 weather / climate / sunshine 等任何与天气有关的描述。选项 beautiful weather all year round 是基于「度假胜地通常天气好」做的常识脑补，并不来自原音。

D) **偷换概念**

原文 its seafront is public land and is a favorite destination for famous people 说海滨是「名人爱来的地方」，但这与选项 an ideal place to meet famous stars (一个见明星的理想场所) 不同——前者讲名人来此度假，后者讲普通人来此能「遇见」明星。同时该句也不是 estate agents 说的，而是新闻自己的陈述，连发话人都对不上。

借用原文：its seafront is public land and is a favorite destination for famous people

Section B

Directions: In this section, you will hear two long conversations. At the end of each conversation, you will hear four questions. Both the conversation and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on **Answer Sheet 1** with a single line through the centre.

Questions 8 to 11 are based on the conversation you have just heard.

1 M: Hi, Christie's Gym Center. How can I help you?

M: 你好,Christie's健身中心。有什么可以帮您的?

2 W: Hi, I'm calling to ask about the newly scheduled gym classes. I'm just wondering if I can get a discount on them.

W: 你好,我打电话是想问一下新安排的健身课程。我想知道能不能打折。

3 M: Are you already a member?

M: 您已经是会员了吗?

4 W: Yes, I signed up two months ago, but I haven't been to any of the group classes yet.

W: 是的,我两个月前注册的,但还没参加过任何团体课程。

5 M: Can I take your name please?

M: 能告诉我您的名字吗?

6 W: Yes. My name is Carol Friedman.

W: 可以。我叫Carol Friedman。

7 M: Carol Friedman. That's right. And you signed up two months ago. Currently we are offering existing members discounts off two of our brand new classes, hot yoga, and advanced spinning, but the discount doesn't apply to any of our regular classes I'm afraid.

M: Carol Friedman。没错。您两个月前注册的。目前我们给现有会员提供两门全新课程的折扣,高温瑜伽和高级动感单车,但折扣恐怕不适用于我们的常规课程。

8 W: I'm only interested in the new classes. So how much of a discount is there on these two new classes?

W: 我只对新课程感兴趣。那这两门新课程有多少折扣?

9 M: The same discount of 20% is being offered to everyone at the door on a "first come, first served" basis for the first month. It's a shame you missed out on the general discount.

M: 第一个月所有人在门口都能享受同样的8折优惠,先到先得。很遗憾您错过了普遍折扣。

10 W: I see.

W: 我明白了。

11 M: But you can get 25% off if you sign up in advance. Which of the two classes are you thinking about?

M: 不过如果您提前报名可以享受75折。您考虑这两门课程中的哪一门?

12 W: Well, I guess I am only really interested in hot yoga. Can you sign me up for the 10-week course on Thursday evenings?

W: 嗯,我想我只对高温瑜伽真正感兴趣。能帮我报名周四晚上的10周课程吗?

13 M: Sure. Would you prefer to pay in advance?

M: 当然可以。您愿意提前付款吗?

14 W: No, I don't like giving my card details over the phone anyway.

W: 不,反正我不喜欢在电话里提供银行卡信息。

15 M: Okay, then. As you are already a member, the fee of the class will just be added to your monthly bill.

M: 好的。因为您已经是会员了,课程费用会直接加到您的月账单上。

16 W: That's perfect. Thanks for your help.

W: 太好了。谢谢你的帮助。

17 M: See you Thursday.

M: 周四见。

8. A) She has been attending some group classes.

B) She has registered for two new gym classes.

C) She became a member of the gym two months ago.

D) She is entitled to a discount on all the gym exercises.

【题目】 What do we learn about the woman from the conversation?

【翻译】 从对话中我们了解到关于这位女士的什么信息?

A) 她一直在参加一些团体课程。 B) 她报名参加了两门新的健身房课程。

C) 她两个月前成为了健身房的会员。 D) 她有资格享受健身房所有运动项目的折扣。

【答案】 C (细节题) She became a member of the gym two months ago.

【定位】 Yes, I signed up two months ago, but I haven't been to any of the group classes yet.

是的,我两个月前就注册了,不过我还一节团体课都没上过。

【信号】 被问者应答 = 答案落点。 前一句 Are you already a member? 是询问者抛出的问题,被问的女士紧接着用 Yes, I signed up two months ago 给出直接应答——对话题里,问句之后被问者的应答几乎就是答案句。

【替换】 I signed up two months ago ↔ She became a member of the gym two months ago

signed up = became a member

【排除】 A) 原词陷阱

选项 She has been attending some group classes. 借用了录音 any of the group classes 这一原词，但女士说的是 I haven't been to any of the group classes yet(还没上过)——典型听到原词就想选的原词陷阱，方向恰好相反。

借用原文：I haven't been to any of the group classes yet

B) 偷换概念

选项 She has registered for two new gym classes. 把录音里 two of our brand new classes 拼到女士头上，但全文女士只在最后报名了一门 hot yoga，根本没有「报了两门」，且打电话之初仍只是咨询阶段——属偷换「咨询/报名」的概念。

借用原文：two of our brand new classes, hot yoga, and advanced spinning

D)

选项 She is entitled to a discount on all the gym exercises. 里的 all 是范围词陷阱：原文明确 the discount doesn't apply to any of our regular classes，折扣只限两门新课、不及于所有项目——把「局部」扩成「全部」。

借用原文：the discount doesn't apply to any of our regular classes

-
9. A) Considering the promotion of its regular classes.
B) Taking measures to expand its exercise programs.
C) Recruiting coaches for hot yoga and advanced spinning.
D) Offering existing members a discount off two new classes.

【题目】 What is the gym center doing right now?

【翻译】 健身中心现在正在做什么？

- A) 考虑推广其常规课程。 B) 采取措施扩展其运动项目。
C) 招聘高温瑜伽和高级动感单车的教练。 D) 为现有会员提供两门新课程的折扣。

【答案】 D (细节题) Offering existing members a discount off two new classes.

【定位】 Currently we are offering existing members discounts off two of our brand new classes, hot yoga, and advanced spinning, but the discount doesn't apply to any of our regular classes I'm afraid.

目前我们正给老会员提供两门全新课程的折扣——热瑜伽和高级动感单车，但是这个折扣不适用于任何常规课程，很抱歉。

【信号】 时间副词 Currently 直接领出现行举措。 Currently we are offering existing members discounts off two of our brand new classes 用 Currently+we are offering 把「当前正在做什么」摆得明明白白，正是题干 right now 的同义信号。

【替换】 we are offering existing members discounts off two of our brand new classes ↔

Offering existing members a discount off two new classes.

几乎逐字对应的同义改写

【排除】 A) 原词陷阱

选项 Considering the promotion of its regular classes. 借用了录音里 regular classes 的原词，但原文是 the discount doesn't apply to any of our regular classes——常规课程恰恰是「不打折」的对象，健身房并未推广常规课程。

借用原文：the discount doesn't apply to any of our regular classes

B) 过度推断

选项 Taking measures to expand its exercise programs. 里的「扩展锻炼项目」在录音里没有任何句子支撑——录音只说推出了两门新课的折扣，并未提「扩张/扩展」。属于把「推新课折扣」过度推断为「扩张项目」。

C) 原词陷阱

选项 Recruiting coaches for hot yoga and advanced spinning. 把录音 hot yoga, and advanced spinning 这两个原词照搬过来，但行为是「招教练」——录音里从未提到招聘，是听到课程名就想选的典型原词陷阱。

借用原文：two of our brand new classes, hot yoga, and advanced spinning

10. A) She missed the deadline for the 10-week course.

B) She missed out on the gym's general discount.

C) She didn't sign up for membership in time.

D) She wasn't so much interested in hot yoga.

【题目】 What does the man say is a pity for the woman?

【翻译】 男士说对这位女士来说什么是遗憾的？

A) 她错过了10周课程的报名截止日期。 B) 她错过了健身房的普遍折扣。

C) 她没有及时注册会员资格。 D) 她对高温瑜伽不太感兴趣。

【答案】 B (细节题) She missed out on the gym's general discount.

【定位】 The same discount of 20% is being offered to everyone at the door on a "first come, first served" basis for the first month. It's a shame you missed out on the general discount.

首月对所有人在现场都按「先到先得」提供同样的 20% 折扣。可惜你错过了这个普通折扣。

【信号】 惋惜句标志 It's a shame... It's a shame you missed out on the general discount 用 It's a shame 把男方的「惋惜」明明白白说出口，正与题干 a pity 一一对应；shame 之后跟的就是「错过了什么」。

【替换】 you missed out on the general discount ↔ She missed out on the gym's general discount.

几乎原词复现的同义改写

【排除】 A) 原词陷阱

选项 She missed the deadline for the 10-week course. 借用录音里 the 10-week course on Thursday evenings 的原词，但 10-week course 是女士最后真正报上的课、不存在「错过截止日」；男方的惋惜对象是 general discount，不是 10-week course。

借用原文：Can you sign me up for the 10-week course on Thursday evenings?

C) 与原文相反

选项 She didn't sign up for membership in time. 与录音 I signed up two months ago 直接冲突：女士两个月前已经入会，根本不存在「没及时入会」的问题。

借用原文：I signed up two months ago

D) 与原文相反

选项 She wasn't so much interested in hot yoga. 与录音 I am only really interested in hot yoga 完全相反——女士只对热瑜伽感兴趣，而非「不感兴趣」。属盗用 hot yoga 原词的反向陷阱。

借用原文：I am only really interested in hot yoga

-
11. A) She doesn't want to reveal her card details over the phone.
B) She doesn't think it wise to pay before attending any class.
C) She might have to cancel her registration any minute.
D) She prefers to have the fee added to her monthly bill.

【题目】 Why is the woman unwilling to pay in advance?

【翻译】 为什么这位女士不愿意提前付款？

- A) 她不想通过电话透露她的银行卡信息。
B) 她认为在参加任何课程之前付款是不明智的。 C) 她可能随时不得不取消她的注册。
D) 她更愿意将费用加到她的月账单上。

【答案】 A (细节题) She doesn't want to reveal her card details over the phone.

【定位】 No, I don't like giving my card details over the phone anyway.

不用，反正我也不喜欢在电话里报我的卡号细节。

【信号】 表态句 No+理由句 I don't like... 紧贴在一起。 No 是女士对 Would you prefer to pay in advance? 的明确拒绝，紧跟其后的 I don't like giving my card details over the phone 就是拒绝的原因——这种「先表态、后给因」的结构是对话原因题的标志答案句。

【替换】 I don't like giving my card details over the phone ↔

She doesn't want to reveal her card details over the phone.

don't like giving = doesn't want to reveal

【排除】 B) 未提及

选项 She doesn't think it wise to pay before attending any class. 听起来合理，但录音里女士的原因仅围绕「电话里报卡号」，完全没有「上课前付不明智」这种判断——属凭常识替原文补理由。

C) 未提及

选项 She might have to cancel her registration any minute. 中「随时可能退课」在录音里没有任何句子支持——女士反而紧接着报了 10-week course，并未表现出要退的迹象。

D) 原词陷阱

选项 She prefers to have the fee added to her monthly bill. 借用 the fee of the class will just be added to your monthly bill 的原词，但 monthly bill 是男方在女士拒绝预付之后才提出的替代方案，并不是女士拒绝预付的原因——属把「结果」当「原因」的原词陷阱。

借用原文：the fee of the class will just be added to your monthly bill

Questions 12 to 15 are based on the conversation you have just heard.

1 M: Well, I think that was quite a successful trip in the end. Don't you think, Jenny?

M: 嗯，我觉得这次出差最后还是挺成功的。你觉得呢，Jenny?

2 W: Absolutely. There are lots of great potential markets here in China. So I'm sure that the head office in London will be pleased once we get back and present our research.

W: 当然了。中国这边有很多很好的潜在市场。所以我相信我们回去向伦敦总部汇报研究结果时，他们会很满意的。

3 M: Okay. We've got a bit of spare time now. Can we discuss the return trip to the head office?

M: 好的。我们现在还有点空闲时间。能讨论一下回总部的行程吗？

4 W: Sure. I've checked the availability of flights from Beijing to London on the 22nd and you have a choice. There's a flight arriving the following morning, with a two-hour stopover in Dubai, or a flight arriving at 11:30 in the evening, with a five-hour stopover in Amsterdam.

W: 当然。我查了22号从北京到伦敦的航班，你有两个选择。一个是第二天早上到达的航班，在Dubai转机两小时；另一个是晚上11点半到达的航班，在Amsterdam转机五小时。

5 M: Right. Well, that's obvious then, isn't it?

M: 好的。那很明显了，不是吗？

6 W: okay, so that's Dubai. I've booked a room in a hotel about a mile from the office. The nearest metro station is Earl's Court.

W: 好的，那就是Dubai那班。我在离办公室大约一英里的酒店订了房间。最近的地铁站是Earl's Court。

7 M: Great. Can you find a map that shows where the hotel is and send it to me online? I've never been to the head office, you know. I want to see if I can get one of those rental bicycles and ride to the

office just for fun. For the presentation, I'll bring my own laptop and hook it up to their projector. Do you remember the capacity of their meeting room?

M: 太好了。你能找张显示酒店位置的地图发给我吗？你知道的，我从没去过总部。我想看看能不能租一辆自行车骑到办公室，就当娱乐一下。演示的话，我会带自己的笔记本电脑，接到他们的投影仪上。你记得他们会议室能容纳多少人吗？

8 W: No, but I'll check.

W: 不记得了，但我会查一下。

9 M: Just one more thing. I'll pay everything with my own card, right? And I'll submit my claims form afterwards.

M: 还有一件事。所有费用我都用自己的卡付，对吧？然后之后再提交报销单。

10 W: No problem. Just remember to keep all your receipts. You remember the trouble you had last time.

W: 没问题。只要记得保留所有收据就行。你还记得上次遇到的麻烦吧。

11 M: Oh, don't remind me.

M: 哦，别提醒我了。

12. A) To make investments.

B) To sign a business contract.

C) To research new markets.

D) To open a new office.

【题目】 Why are the speakers in China?

【翻译】 说话者为什么在中国？

A) 进行投资。 B) 签署商业合同。 C) 研究新市场。 D) 开设新办公室。

【答案】 C (细节题) To research new markets.

【定位】 There are lots of great potential markets here in China. So I'm sure that the head office in London will be pleased once we get back and present our research.

这里中国市场潜力很大。我相信我们回去把调研结果汇报给伦敦总部，他们一定会满意的。

【信号】 research 一词定位。 答案落点不靠『目的信号词 to do』，而是靠此行成果的总结句 present our research。当对话里一方在概括『我们这趟做了什么/带回什么』，那句往往就是题目的答案句——做的事就是来此的目的。

【替换】 present our research ↔ To research new markets.

名词化转动作

potential markets here in China ↔ To research new markets.

潜在=新

【排除】 A)

录音从头到尾没有 invest/investment/money 之类的词, To make investments. 属于『未提及』型干扰, 靠的是听众对『商务出差=投资』的常识联想。

B) 未提及

录音没出现 contract/sign/deal 等词, To sign a business contract. 是『未提及』型干扰, 与 A 同属『商务=签合同』的常识误判。

D) 原词陷阱

录音多次出现 the head office in London, To open a new office. 盗用了 office 这个原词, 让人听到 office 就想选; 但录音里 office 始终指『已经存在的伦敦总部』, 没有任何『开设新办公室』的动作。

借用原文: the head office in London

13. A) Dubai.

B) Beijing.

C) Amsterdam.

D) Earl's Court.

【题目】 Where will the man stop over on his way to London?

【翻译】 男士在去伦敦的途中将在哪里中转?

A) Dubai。 B) 北京。 C) Amsterdam。 D) Earl's Court。

【答案】 A (细节题) Dubai.

【定位】 There's a flight arriving the following morning, with a two-hour stopover in Dubai, or a flight arriving at 11:30 in the evening, with a five-hour stopover in Amsterdam.

有一班次日早晨到达、在迪拜中转两小时的航班; 还有一班晚上 11:30 到达、在阿姆斯特丹中转五小时的航班。

【信号】 两项并列与男方应答。 答案不在女方那句『二选一』里, 而在男方第 5 段的应答 Well, that's obvious then, isn't it? 之后、女方第 6 段的确认 okay, so that's Dubai. ——这是对话题的标志性信号: 被问者/被选方的应答才是落点。

【替换】 so that's Dubai ↔ **Dubai.**

确认句直给

【排除】 B)

flights from Beijing to London 里 Beijing 是出发城市，不是中转地。Beijing. 盗用了这个原词，制造『一听到 Beijing 就选』的陷阱。

借用原文：flights from Beijing to London

C)

a five-hour stopover in Amsterdam 中 Amsterdam 确实是中转，但属于男方放弃的『晚到+长候机』那条线——男方那句 Well, that's obvious then, isn't it? 暗示选 short stopover (两小时的 Dubai)。Amsterdam. 盗用 Amsterdam 原词，但选错了那条线。

借用原文：a five-hour stopover in Amsterdam

D)

The nearest metro station is Earl's Court. 中 Earl's Court 是伦敦酒店附近的地铁站，是男方到达伦敦后的活动地点，与『中转』毫无关系。Earl's Court. 盗用了完全异类的地名做干扰。

借用原文：The nearest metro station is Earl's Court.

14. A) Rent a bike for him to get around the town.

B) Reserve a meeting room in the head office.

C) Help him prepare his presentation.

D) Send him a map of the hotel area.

【题目】 What does the man ask the woman to do?

【翻译】 男士请女士做什么？

A) 为他租一辆自行车以便在镇上出行。 B) 在总部预订一间会议室。

C) 帮他准备演示文稿。 D) 给他发送一份酒店区域地图。

【答案】 D (细节题) Send him a map of the hotel area.

【定位】 Can you find a map that shows where the hotel is and send it to me online?

你能找一份显示酒店位置的地图，然后线上发给我吗？

【信号】 Can you 请求信号。 Can you find a map that shows where the hotel is and send it to me online? 是男方说出口的请求句，Can you 是最经典的请求信号——本题答案就在这一句里。

【替换】 find a map that shows where the hotel is and send it to me online ↔

Send him a map of the hotel area.

详述变概括

send it to me online ↔ **Send him a map of the hotel area.**

代词与人称转换

【排除】 A)

I want to see if I can get one of those rental bicycles and ride to the office just for fun. 这是男方自己想做的事，主语是 I，不是请求女方。Rent a bike for him to get around the town. 盗用了 rental bicycles 这个原词，制造『听到 bike 就选』的陷阱。

借用原文：I want to see if I can get one of those rental bicycles and ride to the office just for fun.

B)

Do you remember the capacity of their meeting room? 男方只是问女方『记不记得容量』，I'll check. 是女方主动表示要去查，没人请她去『预订 (reserve) 会议室』。

Reserve a meeting room in the head office. 盗用 meeting room 原词、把 capacity 偷换成 reserve。

借用原文：Do you remember the capacity of their meeting room?

C)

For the presentation, I'll bring my own laptop and hook it up to their projector.

presentation 由男方自己准备 (I'll bring...)，没有请求女方帮忙。Help him prepare his presentation. 盗用 presentation 原词，制造『听到就选』。

借用原文：For the presentation, I'll bring my own laptop and hook it up to their projector.

15. A) Bring his projector.

B) Keep all his receipts.

C) Submit his claims form.

D) Pay with his credit card.

【题目】 What did the woman remind the man to do at the end of the conversation?

【翻译】 对话结束时女士提醒男士做什么？

A) 带上他的投影仪。 B) 保留他所有的收据。 C) 提交他的报销单。

D) 用他的信用卡支付。

【答案】 B (细节题) Keep all his receipts.

【定位】 No problem. Just remember to keep all your receipts. You remember the trouble you had last time.

没问题。记得把所有发票留好。你记得上次遇到的麻烦吧。

【信号】 Just remember to 提醒信号。 答案信号是 Just remember to keep all your receipts. 中的 Just remember to——这是英语里最典型的『提醒』句式，直接对应题干 remind... to do。

【替换】 Just remember to keep all your receipts. ↔ **Keep all his receipts.**

祈使变陈述

【排除】 A)

hook it up to their projector 中 projector 指对方公司已有的，男方说 I'll hook it up——根本没有『自带投影仪』的意思，更不是女方的提醒。Bring his projector. 是张冠李戴 + 与原文相反双重错。

借用原文：hook it up to their projector

C)

I'll submit my claims form afterwards. 是男方自己说『事后我会提交报销单』，主语是 I，不是女方提醒。Submit his claims form. 盗用 claims form 这个原词制造陷阱，让人听到 submit/claims 就选。

借用原文：I'll submit my claims form afterwards.

D)

I'll pay everything with my own card, right? 是男方自己交代会用自己的卡付款，并非女方提醒。Pay with his credit card. 盗用 card 原词。

借用原文：I'll pay everything with my own card, right?

Section C

Directions: In this section, you will hear three passages. At the end of each passage, you will hear three or four questions. Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on **Answer Sheet 1** with a single line through the centre.

Questions 16 to 18 are based on the passage you have just heard.

1 A new study has demonstrated the importance of women's rights. The researchers behind the study state that many parts of the world have made good economic progress, but women's rights are often overlooked. Thus, they wanted to determine if there was a link between protection of women's rights and public health.

一项新研究证明了女性权利的重要性。该研究的研究人员指出,世界许多地区取得了良好的经济进步,但女性权利往往被忽视。因此,他们想确定女性权利保护与公共健康之间是否存在联系。

2 The researchers analyzed databases which held information from 162 countries for the period 2004 to 2010.

研究人员分析了包含162个国家2004年至2010年期间信息的数据库。

3 Countries were classified according to the respect they gave to women's economic and social rights. There were three categories. They were high, moderate, and poor.

各国根据其对于女性经济和社会权利的尊重程度进行分类。分为三个类别:高、中等和低。

4 Analysis of the data showed that countries with strong women's rights had better health than those where women's rights were not as respected.

数据分析显示,女性权利保障强的国家比那些不太尊重女性权利的国家拥有更好的健康状况。

5 The health indicators studied included disease prevention, reproductive health, death rates, and life expectancy.

研究的健康指标包括疾病预防、生殖健康、死亡率和预期寿命。

6 Furthermore, in countries where women's rights were most respected, but where access to hospitals and doctors was below average, health outcomes were still better than in countries rated as moderate or poor. This confirms that even with a lack of resources, if a country has strong women's rights, the health outcomes are better.

此外,在最尊重女性权利但医院和医生资源低于平均水平的国家,健康结果仍然优于被评为中等或低的国家。这证实了即使在资源匮乏的情况下,如果一个国家拥有强有力的女性权利保障,健康结果也会更好。

7 Thus, the researchers argued that gender equality is not just a women's rights issue. It is also a development issue. This is because better health aids economic development. They note that the value of women's rights has often been questioned from an economic standpoint. Some have argued that ensuring those rights would limit progress, but this study indicates the opposite.

因此,研究人员认为性别平等不仅仅是女性权利问题,也是发展问题。这是因为更好的健康状况有助于经济发展。他们指出,女性权利的价值常常从经济角度受到质疑。有些人认为确保这些权利会限制进步,但这项研究表明情况恰恰相反。

16. A) Whether a country's educational level is linked to women's rights.

B) Whether women's rights are making good progress around the world.

C) Whether a country's protection of women's rights is related to its public health.

D) Whether women's rights are more often overlooked in less-developed countries.

【题目】 What did the researchers of the new study try to determine?

【翻译】 这项新研究的研究人员试图确定什么?

A) 一个国家的教育水平是否与妇女权利相关联。

B) 妇女权利在世界范围内是否正在取得良好进展。

C) 一个国家对妇女权利的保护是否与其公共卫生相关。

D) 妇女权利在欠发达国家是否更常被忽视。

【答案】 C (细节题) Whether a country's protection of women's rights is related to its public health.

【定位】 Thus, they wanted to determine if there was a link between protection of women's rights and public health.

因此,他们想要确定女性权利的保护与公共健康之间是否存在某种联系。

【信号】 因果信号 Thus 引出研究目的句。Thus, they wanted to determine if there was a link between protection of women's rights and public health. 由 Thus 引出,是前文铺垫之后的结论性目的句;同时 wanted to determine 与题干 try to determine 是同义改写,双重信号锁定本句为答案句。

【替换】 if there was a link between protection of women's rights and public health ↔

Whether a country's protection of women's rights is related to its public health.

if↔Whether、a link↔is related to 的同义替换

【排除】 A) 未提及

选项 Whether a country's educational level is linked to women's rights. 用了个录音根本没提的 educational level; 录音只谈 protection of women's rights and public health, 根本没有把教育水平作为研究对象, 属于未提及式干扰。

B) 原词陷阱

选项 Whether women's rights are making good progress around the world. 借用了录音 many parts of the world have made good economic progress 里的 good progress 与 the world 两个原词, 但录音说的是经济进展不错而女性权利常被忽视, 并不是在问女性权利本身有没有进展; 属于盗用原词答非所问。

借用原文: many parts of the world have made good economic progress, but women's rights are often overlooked

D) 原词陷阱

选项 Whether women's rights are more often overlooked in less-developed countries. 盗用录音原词 often overlooked, 但录音只说 women's rights are often overlooked, 并没有把这种忽视限定到 less-developed countries; 选项擅自加了一个原文没有的范围限定。

借用原文: women's rights are often overlooked

17. A) Their people still have better health if women's rights are respected.

B) They must make efforts to increase women's access to health care.

C) Their people tend to attach importance to women's rights.

D) They need to invest more in hospital staff and facilities.

【题目】 What does the passage say about countries lacking in medical resources?

【翻译】 关于缺乏医疗资源的国家,文章说了什么?

A) 如果妇女权利得到尊重,这些国家的人民仍然拥有更好的健康状况。

B) 它们必须努力增加妇女获得医疗保健的机会。

C) 这些国家的人民倾向于重视妇女权利。

D) 它们需要在医院人员和设施方面投入更多资金。

【答案】 A (细节题) Their people still have better health if women's rights are respected.

【定位】 Furthermore, in countries where women's rights were most respected, but where access to hospitals and doctors was below average, health outcomes were still better than in countries rated as moderate or poor.

此外, 在那些最尊重女性权利但医院与医生资源低于平均水平的国家里, 健康结果仍然要好于那些评级为中等或较差的国家。

【信号】转折信号 **but+still** 锁定反差结论。in countries where women's rights were most respected, but where access to hospitals and doctors was below average, health outcomes were still better 中的 but 与 still 是双重转折/让步信号，听到 but...still 几乎就等于答案句敲钟，篇章里这种条件下仍如何的句子是出题点的常态。

【替换】access to hospitals and doctors was below average ↔

Their people still have better health if women's rights are respected.

缺医疗资源↔lacking medical resources 同义概括

health outcomes were still better ↔ **still have better health**

health outcomes↔health、still better↔still better 的近乎逐词等值

in countries where women's rights were most respected ↔ **if women's rights are respected**

where 从句条件化↔if 条件句的等值改写

【排除】B) **原词陷阱**

选项 They must make efforts to increase women's access to health care. 借用录音里 access to hospitals and doctors 的 access 一词，但录音是在客观描述这些国家医疗资源不足下仍有好的健康结果，根本没有说他们必须做什么；选项把客观陈述偷换成主观对策，又强加了 women's access to health care 这种原文没有的提法。

借用原文：access to hospitals and doctors was below average

C) **张冠李戴**

选项 Their people tend to attach importance to women's rights. 把录音里关于这些国家本身尊重女性权利的客观描述，偷换为这些国家的人民倾向于重视女性权利；录音说的是国家层面的尊重程度，并没有谈人民的态度倾向。

借用原文：in countries where women's rights were most respected

D) **原词陷阱**

选项 They need to invest more in hospital staff and facilities. 借用了录音 hospitals and doctors 里的 hospitals，但录音从未说这些国家需要投入更多在医院上；选项把缺资源仍健康好这一反差客观结论，偷换成需要加大投入的对策。

借用原文：access to hospitals and doctors was below average

18. A) Their link with a country's public health.

B) Their potential impact on social progress.

C) Their value to a country's international image.

D) Their positive effect on economic development.

【题目】What has often been questioned regarding women's rights?

【翻译】关于妇女权利,什么经常受到质疑?

A) 妇女权利与一个国家公共卫生的关联。 B) 妇女权利对社会进步的潜在影响。

C) 妇女权利对一个国家国际形象的价值。 D) 妇女权利对经济发展的积极作用。

【答案】D (细节题) Their positive effect on economic development.

【定位】 They note that the value of women's rights has often been questioned from an economic standpoint.

他们指出，女性权利的价值常常从经济角度受到质疑。

【信号】 题干同根词 questioned 直接对应。 the value of women's rights has often been questioned from an economic standpoint 几乎是题干 What has often been questioned regarding women's rights? 的逐词同根回响：questioned 对 questioned、women's rights 对 women's rights，定位极其稳。

【替换】 the value of women's rights has often been questioned from an economic standpoint ↔

Their positive effect on economic development.

from an economic standpoint ↔ on economic development 的角度替换

ensuring those rights would limit progress, but this study indicates the opposite ↔

positive effect on economic development

否定的反面=正面效应的等值推理

【排除】 A) 原词陷阱

选项 Their link with a country's public health. 借用了录音前文 protection of women's rights and public health 的 public health 一词，但 18 题问的是被质疑的内容，而录音里女性权利与公共健康的关系是被研究证实的，并非被质疑的对象；属于盗用原词答非所问。

借用原文：protection of women's rights and public health

B) 偷换概念

选项 Their potential impact on social progress. 借用了录音 ensuring those rights would limit progress 里的 progress，但录音里的 progress 是与 economic 挂钩的，且选项加了一个 social 修饰；录音从未谈过对 social progress 的潜在影响，属于偷换概念。

借用原文：Some have argued that ensuring those rights would limit progress

C) 未提及

选项 Their value to a country's international image. 谈的是对国家国际形象的价值，录音从头到尾都没谈过 international image 或与之相关的概念，属于未提及式干扰。

Questions 19 to 21 are based on the passage you have just heard.

1 Sunshine and high temperatures can mean picnics and parks and trips to beaches, but they can make your body react in some strange ways.

阳光和高温可能意味着野餐、公园和海滩之旅，但它们也会让你的身体产生一些奇怪的反应。

2 First, sunshine can actually affect your breath. You may think that summer is the perfect time to go on a date or chat with an attractive boy or girl. But excessive heat can cause you to lose water, which has been proven to have a pretty unattractive side effect—bad breath.

首先，阳光实际上会影响你的口气。你可能认为夏天是约会或与有魅力的男孩或女孩聊天的完美时机。但过度的高温会导致你失水，而这已被证明会产生一个相当不讨人喜欢的副作用——口臭。

3 When you are lacking water, your mouth becomes dry. Bacteria accumulate because there isn't enough water in your mouth to wash it away, Sunshine can stop you from sweating, too. The body's normal temperature is 36 to 37 degrees centigrade. But if it heats up to 40 to 41 degrees, you may find yourself getting heatstroke. At that point, your heat regulatory system can essentially quit, which stops you from sweating as your body tries to keep water around your vital organs.

当你缺水时,你的口腔会变得干燥。细菌会积聚,因为口腔中没有足够的水分来冲走它们。阳光也会阻止你出汗。身体的正常温度是36到37摄氏度。但如果温度升高到40到41度,你可能会发现自己中暑。在那时,你的体温调节系统基本上会停止工作,这会阻止你出汗,因为你的身体试图在重要器官周围保留水分。

4 However, the sun can have a positive influence on your body by raising your energy levels. You might feel like the sun is giving you extra energy for your day, which is actually happening.

然而,阳光可以通过提高你的能量水平对你的身体产生积极影响。你可能会觉得阳光给你的一天带来了额外的能量,而这确实正在发生。

5 And vitamin D from sunshine can help your body to absorb certain minerals, which are linked to building stronger bones. Therefore, I suggest you spend more time in the park with your friends, but make sure you apply lots of skin protection and fill up those water bottles, too.

而且来自阳光的维生素D可以帮助你的身体吸收某些矿物质,这些矿物质与增强骨骼有关。因此,我建议你多花时间和朋友在公园里,但一定要涂抹大量的防晒保护,也要把水瓶装满。

19. A) It creates a wonderful setting for dating.

B) It may cause strange physical reactions.

C) It turns parks into picnic sites.

D) It may result in a crowded beach.

【题目】 What does the passage say about hot sunshine?

【翻译】 文章关于炎热的阳光说了什么?

- A) 它为约会创造了美妙的环境。 B) 它可能引起奇怪的身体反应。
C) 它把公园变成了野餐场所。 D) 它可能导致海滩拥挤。

【答案】 B (细节题) It may cause strange physical reactions.

【定位】 Sunshine and high temperatures can mean picnics and parks and trips to beaches, but they can make your body react in some strange ways.

阳光和高温可能意味着野餐、公园和海滩之旅,但它们可能让你的身体以一些奇怪的方式作出反应。

【信号】 but 转折后才是真意。 答案信号在 but they can make your body react in some strange ways 的 but——前半 Sunshine and high temperatures can mean picnics and parks and trips to beaches 列举的野餐、公园、海滩都是 A/C/D 选项的来源(陷阱区), but 之后才是文章真正要讲的主题:让身体出现奇怪反应。

【替换】 make your body react in some strange ways ↔ **cause strange physical reactions**

同义改写: make...react ≈ cause...reactions

【排除】 A) 原词陷阱

选项 It creates a wonderful setting for dating. 借后文第二段提到 You may think that summer is the perfect time to go on a date 里的 "date" 制造"听到约会就想选"的诱惑, 但录音说的是"你以为夏天适合约会", 是一个被推翻的设定, 不是"阳光创造了约会良机"这一主张。

借用原文: You may think that summer is the perfect time to go on a date or chat with an attractive boy or girl.

C) 原词陷阱

选项 It turns parks into picnic sites. 盗用了第一段铺垫中的 picnics and parks, 但 picnics 和 parks 在录音里只是 but 前的场景列举, 根本没说"阳光把公园变成野餐地"——纯粹靠原词诱导的干扰。

借用原文: Sunshine and high temperatures can mean picnics and parks and trips to beaches

D) 未提及

选项 It may result in a crowded beach. 盗用了 trips to beaches 里的 beaches 制造熟悉感, 但录音里只有"去海滩"这件事, 从未说 crowded (拥挤的) ——"拥挤的海滩"是额外想象出来的细节。

借用原文: trips to beaches

20. A) Breathing difficulty.

B) Bad breath.

C) Excessive sweating.

D) High blood pressure.

【题目】 What does the passage say is a negative side effect of water loss?

【翻译】 文章说水分流失的负面副作用是什么?

A) 呼吸困难。 B) 口臭。 C) 过度出汗。 D) 高血压。

【答案】 B (细节题) Bad breath.

【定位】 But excessive heat can cause you to lose water, which has been proven to have a pretty unattractive side effect—bad breath.

但是过度的高温会让你失去水分, 而水分流失已被证明有一个相当不雅观的副作用——口臭。

【信号】 破折号后的解释就是答案。 答案信号是 a pretty unattractive side effect—bad breath 这个破折号结构: unattractive side effect 与题干 negative side effect 直接对应, 破折号后面的 bad breath 就是这个 side effect 的具体所指。

【替换】 a pretty unattractive side effect ↔ a negative side effect of water loss

unattractive 与 negative 同义

bad breath ↔ Bad breath

答案点原词复现

【排除】 A)

选项 Breathing difficulty. 利用 breathing 与录音 bad breath 中 breath 的近形——只差一字，听感几乎相同，最容易让靠耳朵抓"差不多的词"的考生上当。但 breath 是"口气"，breathing 是"呼吸"，录音从未提到呼吸困难。

借用原文：bad breath

C)

选项 Excessive sweating. 利用了第三段 Sunshine can stop you from sweating, too. 里的 sweating 一词，但录音说的是 stop you from sweating (让你停止出汗)，与 excessive sweating (过度出汗) 方向恰好相反。

借用原文：Sunshine can stop you from sweating, too.

D) 未提及

选项 High blood pressure. 听起来像是常见的高温副作用，但录音里讲水分流失的副作用时只提到 bad breath，从未出现 high blood pressure 或 blood pressure 之类的词——纯属凭常识脑补出来的干扰。

21. A) It protects people against bacteria.

B) It enables people to build up endurance.

C) It accelerates people's blood circulation.

D) It provides people with extra energy.

【题目】 What is said to be a positive effect of sunshine?

【翻译】 阳光的积极作用是什么？

- A) 它保护人们免受细菌侵害。 B) 它使人们能够增强耐力。 C) 它加速人们的血液循环。
D) 它为人们提供额外的能量。

【答案】 D (细节题) It provides people with extra energy.

【定位】 However, the sun can have a positive influence on your body by raising your energy levels. You might feel like the sun is giving you extra energy for your day, which is actually happening.

然而，阳光可以通过提高你的能量水平对身体产生积极的影响。你可能感觉阳光在为你这一天提供额外的能量，而这其实是真的在发生。

【信号】 However 转折+ positive influence 极性词。 答案信号是双重的：However 把话题从前文负面反应扳向正面作用；紧接着 positive influence 与题干 positive effect 直接对应；再后面给出具体方式 raising your energy levels 和加倍说明 giving you extra energy——三处叠加锁死答案句。

【替换】 raising your energy levels ↔ provides people with extra energy

raise levels ≈ provide extra

the sun is giving you extra energy ↔ provides people with extra energy

give 与 provide 同义、extra energy 原词复现

【排除】 A) 原词陷阱

选项 It protects people against bacteria. 借用第三段 Bacteria accumulate because there isn't enough water in your mouth to wash it away 里的 bacteria 制造熟悉感, 但录音说的是"细菌会累积", 根本没说阳光保护人免受细菌侵害——把细菌的角色彻底搞反了。

借用原文: Bacteria accumulate because there isn't enough water in your mouth to wash it away

B) 未提及

选项 It enables people to build up endurance. 中的 endurance (耐力) 在录音里完全没有对应表述——既没说运动耐力, 也没说体力持久; 纯粹是凭"阳光对身体好"这种泛印象塞进来的诱选项。

C)

选项 It accelerates people's blood circulation. 的 blood circulation (血液循环) 听起来非常"科学", 但录音里从未出现 blood、circulation 或任何对应表达; 这是利用考生"阳光促进血液循环"的常识印象设计的陷阱。

Questions 22 to 25 are based on the passage you have just heard.

1 Left-handed people can find it inconvenient to do certain things, writing in a notebook for example, but there are a number of advantages of being left-handed. Research found that they were overrepresented among fighters in combat sports. Left-handed fighters also had higher chances to win. This confirms the fighter theory.

左撇子在做某些事情时可能会感到不便, 比如在笔记本上写字, 但左撇子也有许多优势。研究发现, 在格斗运动中, 左撇子的比例过高。左撇子选手获胜的机会也更高。这证实了战斗理论。

2 Left-handers may also be better at remembering events. The explanation is that the two brain spheres of left-handers are more strongly connected.

左撇子在记忆事件方面可能也更出色。解释是左撇子的两个大脑半球联系更紧密。

3 Being left-handed might be a factor in mathematical ability. An Italian study found that for simple arithmetic there was little difference between right- and left-handed performance, but for more difficult problem-solving, left-handers won out. No one understands the reason for this.

左撇子可能是数学能力的一个影响因素。一项意大利研究发现, 在简单算术方面, 左撇子和右撇子的表现差异不大, 但在更困难的问题解决方面, 左撇子胜出。没有人理解其中的原因。

4 Left-handed people may think differently. In one study, researchers showed the participants columns of abstract illustrations and asked them which ones they would prefer. Left-handed people were more likely to prefer the images on the left. Right-handed people preferred the ones on the right. Both groups disliked stuff on their opposite side.

左撇子的思维方式可能有所不同。在一项研究中, 研究人员向参与者展示了几列抽象插图, 并询问他们更喜欢哪些。左撇子更可能喜欢左边的图像。右撇子更喜欢右边的图像。两组人都不喜欢相反一侧的东西。

5 Left-handers are also overrepresented in professional, interactive sports. Researchers have looked at the influence of being left-handed on performance and interactive sports. Those that require the fastest

reaction give left-handers the biggest advantage. So if you have a left-handed child, you should encourage them to play table tennis, baseball and tennis. Being left-handed maximizes their chances of success in these sports.

左撇子在职业互动性运动中也占比过高。研究人员研究了左撇子对互动性运动表现的影响。那些需要最快反应的运动给左撇子带来最大优势。因此,如果你有一个左撇子孩子,你应该鼓励他们打乒乓球、棒球和网球。左撇子最大化了他们在这些运动中的成功机会。

22. A) They are more likely to win in combat sports.
B) They are in the minority among the population.
C) They have a higher chance of joining sports teams.
D) They have more disadvantages in getting ahead.

【题目】 What does the passage say about left-handed people?

【翻译】 文章关于左撇子说了什么?

- A) 他们更有可能在格斗运动中获胜。 B) 他们在人口中占少数。
C) 他们有更高的机会加入运动队。 D) 他们在取得成功方面有更多劣势。

【答案】 A (细节题) They are more likely to win in combat sports.

【定位】 Research found that they were overrepresented among fighters in combat sports. Left-handed fighters also had higher chances to win.

研究发现, 他们(左撇子)在搏击运动的拳手中占比偏高。左撇子拳手获胜的概率也更高。

【信号】 Research found 是研究结论信号。 Research found that 是非常典型的"研究结论"信号, 听力篇章一旦出现 Research found / Studies show / Scientists discovered, 紧跟的那句几乎一定是出题点; 这里跟着两句具体结论, 正好对应一个选项。

【替换】 Left-handed fighters also had higher chances to win ↔

They are more likely to win in combat sports.

had higher chances to win = more likely to win

【排除】 B) 未提及

B 项 They are in the minority among the population. 借了讲者 they were overrepresented among fighters in combat sports 里 overrepresented 涉及"人群占比"的话题, 但讲者说的是"在搏击拳手中占比偏高 (overrepresented)", 根本没说他们在总人口中是"少数 (in the minority)". 一个是"在某个子群里偏多", 一个是"在总人口里偏少", 方向完全不一样。

C) 原词陷阱

C 项 They have a higher chance of joining sports teams. 用 higher chance 这个原文里出现的搭配勾人, 但 Left-handed fighters also had higher chances to win 说的是"赢的概率更高", 不是"加入运动队的概率更高"。原词 higher chances 被留下, 宾语却从 win 被偷换成了 joining sports teams。

D) 与原文相反

D 项 They have more disadvantages in getting ahead. 借了讲者开头 Left-handed people can find it inconvenient to do certain things 里 inconvenient 的负面色彩, 但讲者紧接着用 but 转折说 there are a number of advantages of being left-handed——全文真正落点是"优势更多", 不是"不利更多"。

-
23. A) Their brain is more powerful than that of right-handed people.
B) The left side of their brain is more powerful than its right side.
C) They tend to be a lot more aggressive than right-handed people.
D) Their brain has a stronger connection between its two sides.

【题目】 What is said to be special about left-handed people?

【翻译】据说左撇子有什么特别之处?

- A) 他们的大脑比右撇子的大脑更强大。 B) 他们大脑的左侧比右侧更强大。
C) 他们往往比右撇子更具攻击性。 D) 他们大脑两侧之间的连接更强。

【答案】 D (细节题) Their brain has a stronger connection between its two sides.

【定位】 Left-handers may also be better at remembering events. The explanation is that the two brain spheres of left-handers are more strongly connected.

左撇子在记忆事件方面可能也更出色。原因是左撇子的两个脑半球之间联系更紧密。

【信号】 The explanation is 是因果信号。 The explanation is that 直接告诉考生"接下来这句是解释/原因", 是答案句典型路标; 并且这句正好给出大脑结构特征 the two brain spheres of left-handers are more strongly connected, 与选项群里 brain 相关那一项直接对位。

【替换】 the two brain spheres of left-handers are more strongly connected ↔

Their brain has a stronger connection between its two sides.

brain spheres = two sides; strongly connected = stronger connection

【排除】 A) 过度推断

A 项 Their brain is more powerful than that of right-handed people. 借了原文 brain 这个核心词，但讲者只说"两脑半球之间连接更强 (more strongly connected)", 并没有说"整个大脑都比右撇子强"。从"连接性"被扩大到了"整体性能"。

B) 偷换概念

B 项 The left side of their brain is more powerful than its right side. 借了原文 brain 与 spheres 这两个原词的话题，却把讲者"两个脑半球连接更强 (two brain spheres ... more strongly connected)"偷换成了"左半球比右半球更强"。一个讲"连接"，一个讲"哪一侧更强"，根本不在同一维度。

C) 未提及

C 项 They tend to be a lot more aggressive than right-handed people. 利用第 1 段 fighters in combat sports 这种暗示攻击性的话题做联想，但讲者全篇没有任何"左撇子更具攻击性 (aggressive)"的描述，更没有把它当作"特殊之处"提出。

24. A) They have a larger brain.

B) It still remains unknown.

C) It is related to their genes.

D) They are better at reasoning.

【题目】 Why are left-handed people better at solving more difficult problems?

【翻译】 为什么左撇子更擅长解决更困难的问题?

- A) 他们有更大的大脑。 B) 这仍然未知。 C) 这与他们的基因有关。
D) 他们更擅长推理。

【答案】 B (细节题) It still remains unknown.

【定位】 An Italian study found that for simple arithmetic there was little difference between right- and left-handed performance, but for more difficult problem-solving, left-handers won out. No one understands the reason for this.

一项意大利研究发现，在简单算术方面，左右撇子之间表现差别不大；但在更难的解题方面，左撇子胜出。然而没人弄清楚其中的原因。

【信号】 No one understands the reason 是"未知"信号。 No one understands the reason for this 是非常明确的"原因尚不清楚"型信号句，与选项 It still remains unknown. 的语义直接对应，是听力里最容易被忽视但出题率极高的句式之一。

【替换】 No one understands the reason for this ↔ It still remains unknown.

No one understands = remains unknown

【排除】 A) 未提及

A 项 They have a larger brain. 想借第 2 段 brain 这个原词诱选，但讲者全篇没有任何“左撇子大脑更大”的描述。

C) 未提及

C 项 It is related to their genes. 在常识上很像“科学解释”，但讲者在第 3 段明明说 No one understands the reason for this, 根本没有把原因归到基因。

D) 答非所问

D 项 They are better at reasoning. 借了第 3 段讲到的“在更难的问题里胜出 (for more difficult problem-solving, left-handers won out)”的话题，但 problem-solving (解题) ≠ reasoning (推理)；而且讲者从未把 reasoning 当作“为什么更擅长难题”的解释。

25. A) Teach them how to perform tasks with their right hand.

B) Help them fully develop their mathematical abilities.

C) Encourage them to play fast-paced interactive sports.

D) Advise them to choose jobs that require quick reactions.

【题目】 What should parents do about a left-handed child?

【翻译】 父母应该如何对待左撇子孩子？

A) 教他们如何用右手完成任务。 B) 帮助他们充分发展数学能力。

C) 鼓励他们参加快节奏的互动运动。 D) 建议他们选择需要快速反应的工作。

【答案】 C (细节题) Encourage them to play fast-paced interactive sports.

【定位】 So if you have a left-handed child, you should encourage them to play table tennis, baseball and tennis.

所以如果你的孩子是左撇子，就应该鼓励他们去打乒乓球、棒球和网球。

【信号】 you should encourage 是直给建议信号。 you should encourage them 几乎是听力里最干脆的建议信号——should + encourage 直接对位题干 should do，紧跟的动作就是答案句的内容。

【替换】 encourage them to play table tennis, baseball and tennis ↔

Encourage them to play fast-paced interactive sports.

三项具体运动 = fast-paced interactive sports

you should encourage them ↔ **Encourage them**

should encourage 与 encourage 动宾完全对位

【排除】A) 与原文相反

A 项 Teach them how to perform tasks with their right hand. 让父母教孩子"用右手做事", 与全文为左撇子鸣不平、最后还鼓励他们发展左撇子优势的基调相反——讲者从未要求父母把孩子扳成右撇子。

B) 原词陷阱

B 项 Help them fully develop their mathematical abilities. 借了第 3 段 Being left-handed might be a factor in mathematical ability 里 mathematical 这个原词, 但讲者从未让父母"帮孩子开发数学能力", 那一段只是描述现象、没给建议。

D) 偷换概念

D 项 Advise them to choose jobs that require quick reactions. 借了原文 Those that require the fastest reaction 里 reaction 这个高识别度词做诱饵, 但讲者说的是"需要最快反应的运动 (sports)", 根本不是"需要快速反应的职业 (jobs)"。修饰词 quick reactions 留下了, 对象却被偷换。

Operations at one of Australia's largest gold mines had to be temporarily suspended on Friday after a partial wall collapse at one of the mine's dams.

第1段, 第1句

简单句 + 被动语态 + 介词短语作状语是四六级和考研阅读中的高频句式, 尤其是新闻报道类文本常用此结构陈述事件, 典型性较高, 掌握后可大量复用。

The damage to the dam wall was noticed in the late afternoon on Friday when workers found a section of the northern dam wall had collapsed into the southern dam.

第3段, 第1句

主句包含主语、谓语、两个时间状语和一个状语从句, 成分丰富。状语从句内部又有主谓宾结构, 宾语本身是完整从句, 包含主谓和地点状语。句中涉及被动语态识别、完成时判断、从句嵌套分析、状语与宾语从句的区分, 是练习成分划分和从句识别的优质材料。

The company was unable to confirm whether the recent earthquakes had contributed to the dam's wall collapse, but said it was conducting a thorough investigation.

第6段，第1句

这句结构不算过分绕，但同时覆盖并列、宾语性内容和三种过去时间形式，训练收益高。对于想提升句子结构和时态判断的人，属于很值得优先练习的一类。

A company spokesperson said the operations at the site had been halted while the investigation is ongoing and that the break had posed no safety threat to workers.

第7段，第1句

主句加并列宾语从句加嵌套状语从句的结构,在新闻报道、学术文献、考试阅读中极为常见。尤其是 said 引导的间接引语包含多个并列从句的句式,是四六级和考研阅读的高频结构,掌握后可迁移到大量类似句型。

It caused damage too heavy to assess.

第2题，B

主谓宾加后置定语的结构在四六级和考研阅读中较为常见，"too ... to ..." 结构也是常考句式。学生掌握本句后可以迁移到其他类似的后置定语句型。虽不如复合句典型，但仍有一定代表性。

And then all of a sudden, it turned out there was another waiting to come out.

第3段，第2句

本句时态不难，但结构上同时包含形式主语、后置内容小句、存在句和后置修饰，训练收益较高。对于结构识别练习来说，值得优先学习。

When the island was put up for sale, it was offered to the local government but proved too expensive for the local authorities.

第3段，第2句

时间状语从句加主句的结构,以及主句中并列谓语通过"but"连接形成转折,是考试阅读中的典型句式。被动语态和系表结构的组合也常见。学生掌握这类句式后,可以应对大量类似的复合句

It is unclear whether the new owners have the power to ban tourists from the island.

第3段，第3句

"It is + 形容词 + whether/that 从句" 是四六级和考研阅读中的高频句式，形式主语 + 主语从句的组合也是常考结构。whether 引导主语从句表达 "是否" 的疑问，也是典型用法。掌握本句后可以迁移到大量类似句子。

W: No, I don't like giving my card details over the phone anyway.

第14段，第1句

"主语 + don't like + 动名词短语" 是口语和书面语中高频出现的表达偏好的句式，具有一定代表性；但作为简单句且无特殊结构，在考试中属于常见但不突出的句型，典型性中等。

She is entitled to a discount on all the gym exercises.

第8题，D

"be entitled to" 是四六级和考研阅读中偶尔出现的固定搭配，表示权利或资格的句式在法律、规则类文本中有一定代表性，但并非高频核心句式；简单句结构本身通用性强，但缺少从句等更典型的复杂结构，迁移价值适中。

She doesn't think it wise to pay before attending any class.

第11题，B

think/find/make it + 形容词 + to do 是四六级和考研阅读、翻译中的高频句式，本句完整展示了该结构在否定句中的用法，具有很强的代表性和迁移价值，掌握后可快速识别同类句型。

She prefers to have the fee added to her monthly bill.

第11题，D

涉及主语、谓语、不定式宾语三个基本成分，宾语内部还包含使役结构 "have + 宾语 + 过去分词"，有一定练习价值，但成分种类不算丰富，无定状补等其他成分，中等偏下。

I want to see if I can get one of those rental bicycles and ride to the office just for fun.

第7段，第4句

"want to do" 结构和 "see if" 引导的宾语从句都是英语中非常常见的句式，在四六级和考研真题中频繁出现。掌握这种结构后可以迁移到大量类似句子，具有较高的实用性和代表性。

Help him prepare his presentation.

第14题，C

涵盖谓语、宾语、宾语补足语三种成分，其中宾语补足语（动词原形短语）是值得练习的考点，但成分种类相对单一，无定语、状语等其他丰富成分，训练价值中等。

Thus, they wanted to determine if there was a link between protection of women's rights and public health.

第1段，第3句

本句的 "主句 + 不定式宾语 + 宾语从句" 结构以及 "there be" 句型都是考试中常见的句式。特别是 "determine/wonder/ask + if/whether" 引导的宾语从句,以及 "there be + 名词 + 介词短语" 的存在句,在真题中频繁出现,掌握后可大量复用。

Furthermore, in countries where women's rights were most respected, but where access to hospitals and doctors was below average, health outcomes were still better than in countries rated as moderate or poor.

第6段，第1句

本句结构在四六级和考研阅读中高度典型:主句 + 并列定语从句修饰关键词 + 比较结构。这种用定语从句限定讨论对象、再通过比较引出结论的句式,是学术类文章和说明文的常见模式。掌握本句的拆解方法,可以直接迁移到大量真题长难句的分析中,实用性很强。

Thus, the researchers argued that gender equality is not just a women's rights issue.

第7段，第1句

"主句 + that 引导的宾语从句" 是四六级和考研阅读中的高频结构，尤其在学术类文本中常见。本句句式简洁、典型，学生掌握后可迁移到大量类似句子的理解中。

This is because better health aids economic development.

第7段，第3句

This is because 引导表语从句的结构在四六级和考研阅读中较为常见，用于解释原因或说明事实。掌握此结构后，可迁移到类似的 This is why / The reason is that 等句型，实用性较高。

What does the passage say about countries lacking in medical resources?

第17题题干

具有一定典型性。特殊疑问句是四六级和考研阅读理解中常见的提问句式，本句结构 "What does ... say about ..." 是典型的询问文章内容的问句模式，学习后可在阅读理解题目中迁移应用。但因其结构过于简单，不如复杂长句的典型性高。

Their people tend to attach importance to women's rights.

第17题，C

本句为"主语 + 谓语（动词短语） + 宾语 + 介词短语状语"的简单句结构，符合四六级和考研阅读中常见的陈述句句式。"tend to do"和"attach importance to"都是高频搭配，在真题中经常出现。但简单句本身变化较少，学习迁移价值不如复杂句式明显，因此典型性处于中等偏上水平。

First, sunshine can actually affect your breath.

第2段，第1句

简单句的主谓宾结构配合情态动词是英语中极为常见的基础句式，情态动词表达可能性或能力的用法在四六级和考研阅读中频繁出现。句首状语和谓语中副词修饰也是典型的修饰手法，掌握后可广泛复用，具有较高的代表性。

Bacteria accumulate because there isn't enough water in your mouth to wash it away, Sunshine can stop you from sweating, too.

第3段，第2句

第一个主句包含主语、谓语、原因状语从句；从句内部有 there be 句型、表语、后置定语（不定式）。第二个主句包含主语、谓语（情态动词结构）、宾语、宾语补足语（介词短语）、状语（副词"too"）。成分种类较丰富，涵盖了从句、不定式定语、宾语补足语等多个考点，适合作为成分划分的练习材料。

However, the sun can have a positive influence on your body by raising your energy levels.

第4段，第1句

情态动词加动词原形的结构在考试中较为常见，by 引导方式状语也是典型用法，具有一定代表性。但整体句式较为基础，缺少四六级或考研真题中常考的复杂从句、倒装、强调等高频句式特征，迁移价值有限。

Therefore, I suggest you spend more time in the park with your friends, but make sure you apply lots of skin protection and fill up those water bottles, too.

第5段，第2句

并列谓语加宾语从句是常见的句式结构，suggest 和 make sure 后接虚拟语气也是四六级和考研中的常考语法点，具有较高的学习迁移价值。

It turns parks into picnic sites.

第19题，C

"turn A into B" 是考试中常见的动词搭配模式，具有一定代表性。但本句过于简短，缺少修饰成分和复杂结构，作为考试句式的典型性中等，学习后可在一定程度上迁移到类似搭配。

It provides people with extra energy.

第21题，D

"provide sb with sth" 是四六级和考研阅读中的常见搭配，但本句整体结构过于基础，不涉及从句或复杂修饰，作为真题句式代表性一般，学习迁移价值有限。

Left-handed people can find it inconvenient to do certain things, writing in a notebook for example, but there are a number of advantages of being left-handed.

第1段，第1句

形式宾语结构（find/make/think + it + 形容词/名词 + to do/that从句）在四六级和考研阅读写作中频繁出现，是典型的重点句式。there be句型也是基础常考结构。两个主句通过"but"转折并列的模式符合议论文常见句式。掌握后可在多种语境中复用。

Left-handed people were more likely to prefer the images on the left.

第4段，第3句

主系表结构配合 "be likely to do" 这一常见表达，在考试阅读中较为常见，具有一定代表性，但句式本身过于简单，缺少从句嵌套或复杂修饰等真题中更典型的难点结构，作为句式范本的迁移价值中等。

They are more likely to win in combat sports.

第22题，A

主系表结构配合形容词比较级和不定式是常见句式，在四六级阅读中频繁出现，具有一定代表性，但本句过于简短，缺少修饰成分，典型性中等。

Their brain is more powerful than that of right-handed people.

第23题，A

比较级结构配合 than 引导的比较从句是四六级和考研阅读中的高频句式，典型且实用。主系表结构也是基础句型。掌握这种比较结构后，可以迁移到大量类似句子的理解中。

Help them fully develop their mathematical abilities.

第25题，B

祈使句在英语中非常常见，尤其在教育类、建议类、指令类语境中频繁出现。help + 宾语 + 宾补结构也是高频句型，在四六级和考研阅读中经常遇到。掌握这个句式后可以迁移到大量类似场景。

Part III Section A

Directions: In this section, there is a passage with ten blanks. You are required to select one word for each blank from a list of choices given in a word bank following the passage. Read the passage through carefully before making your choices. Each choice in the bank is identified by a letter. Please mark the corresponding letter for each item on **Answer Sheet 2** with a single line through the centre. You may not use any of the words in the bank more than once.

Researchers, writing in the journal *Heart*, pooled data from 23 studies and found that social isolation or feelings of loneliness were tied to an increased risk of coronary heart disease(冠心病) and strokes.

研究人员在《心脏》杂志上撰文指出，他们汇总了23项研究的数据，发现社会孤立或孤独感与冠心病和中风风险增加有关。

The studies included data from 181,006 men and women ages 18 and over. There were 4,628 coronary events and 3,002 strokes in follow-up periods 26 from three to 21 years. Three of the papers 27 loneliness, 18 looked at social isolation and two included both. Social isolation and loneliness were determined with questionnaires; the researchers depended on medical records and death 28 for determining coronary events and strokes.

这些研究包含了181,006名18岁及以上男性和女性的数据。在3至21年的随访期内，共发生了4,628起冠心病事件和3,002起中风事件。其中3篇论文测量了孤独感，18篇研究了社会孤立，2篇同时包含两者。社会孤立和孤独感通过问卷调查确定，研究人员依靠医疗记录和死亡证明来确定冠心病事件和中风。

The scientists found that loneliness and social isolation increased the 29 risk of having a heart attack or a death from heart disease by 29 percent, and the risk of stroke by 32 percent. There were no 30 between men and women.

科学家们发现，孤独感和社会孤立使心脏病发作或因心脏病死亡的相对风险增加了29%，中风风险增加了32%。男性和女性之间没有差异。

"People have tended to focus from a policy point of view on 31 lonely people to make them more 32," said the lead author, Nicole K. Valtorta, a research fellow at the University of York in

England. "Our study 33 that if this is a risk factor, then we should be trying to prevent the risk factor in the first place."

主要作者、英国约克大学研究员Nicole K. Valtorta说:"从政策角度来看,人们往往倾向于关注孤独的人,让他们建立更多联系。我们的研究表明,如果这是一个风险因素,那么我们首先应该努力预防这个风险因素。"

The authors 34 that this was a review of observational studies and did not 35 cause and effect.

作者承认这是一项观察性研究的综述,并未确立因果关系。

26. follow-up periods (26) from three to 21 years

【答案】 **L) ranging** (动词)

【词性槽】 follow-up periods 后接非谓语, 需现在分词引出范围

【依据】 **ranging from...to...** 表"随访期为 3 到 21 年", 搭配天然成立

代回即 follow-up periods (26) from three to 21 years → 随访期"范围从 3 年到 21 年", ranging from A to B 是描述区间的固定说法, 语义与语法都严丝合缝。

27. Three of the papers __(27)__ loneliness

【答案】 **H) measured** (动词)

【词性槽】 Three of the papers + 空 + loneliness, 主语后缺谓语, 需动词 (过去式)

【依据】 **measured loneliness = 测量 / 衡量孤独, 与并列句 looked at social isolation 对仗**

整句 Three of the papers __(27)__ loneliness, 18 looked at social isolation and two included both 在说"各研究分别考察了什么": 3 篇"测量"孤独、18 篇"考察"社交孤立、2 篇两者都含。measured (过去式) 既满足时态, 又与 looked at、included 语义平行, 自然贴切。

【竞争词】 **A) acknowledge 形态 + 语义双不合: 原形且"承认孤独"不通**

acknowledge 是原形 (本空需过去式), 且"论文承认孤独"不符"研究考察某变量"的语境, 已被本空时态与语义双双排除 (它真正归宿在第 34 空)。

D) demonstrates 形态错: 三单现在时, 且"论文证明孤独"语义不通

demonstrates 是三单一般现在时, 与本段过去时不符; "3 篇论文证明孤独"也讲不通 (孤独不是被证明的命题), 它真正属于第 33 空。

F) establish 形态 + 语义不合: 原形且"确立孤独"不通

establish 是原形, 且"确立 / 证实孤独"不符此处"考察了孤独这一变量"的意思, 归宿在第 35 空 establish cause and effect。

K) produces 形态 + 语义不合: 三单且"产生孤独"偏题

produces 是三单现在时 (时态不符), "论文产生孤独"也不符"研究测量某变量"的语境, 纯属同词性干扰。

【易错】最具迷惑性的错误词是 **A)** —— acknowledge 词性也对、又是研究类动词, 极易误填 27。第 27 空 Three of the papers __(27)__ loneliness 有 5 个动词候选, acknowledge"承认"看着也像研究行为; 但它是原形 (本空需过去式)、且"论文承认孤独"不通。防坑: 先用并列句 looked at 锁定过去式形态, 再看"考察 / 测量某变量"的语义, measured 才对。

28. depended on medical records and death __(28)__ for determining

【答案】 **B) certificates** (名词)

【词性槽】 death + 空 作 for 的宾语，需名词

【依据】 **death certificates = 死亡证明，与 medical records 并列、是判定死亡的依据**

上下文 the researchers depended on medical records and death __(28)__ for determining coronary events and strokes: 研究者靠"病历"和"死亡——"来判定冠心病事件与中风。death certificates (死亡证明) 正是与 medical records 并列的官方记录来源，搭配地道、语义贴切。

【竞争词】 **E) differences 义不通: death differences 不成搭配**

differences 是"差异"，death differences 既非固定搭配也讲不通"靠死亡差异来判定事件"，与 medical records 并列在语义上对不上。

G) formats 义不通: death formats (死亡格式) 荒谬

formats 指"格式 / 版式"，death formats 无此说法，也无法作为"判定死亡事件的依据"，纯属凑词性的干扰。

29. increased the __(29)__ risk of having a heart attack

【答案】 **M) relative** (形容词)

【词性槽】 the + 空 + risk, 名词前作定语，需形容词

【依据】 **relative risk = 相对风险，是医学统计术语，紧扣"增加 29%"**

下文 by 29 percent, and the risk of stroke by 32 percent 给的是百分比增幅，这正是流行病学里 relative risk (相对风险) 的典型表述。relative 修饰 risk 构成专业术语，与本文医学研究语境高度契合。

【竞争词】 **I) narrow 搭配 / 语义不当: narrow risk 不成立**

narrow 是"狭窄的"，narrow risk 既非固定搭配，也无"狭窄的风险"这种讲法，与下文百分比增幅毫无关系。

J) permanent 语义偏: permanent risk 强调"永久"，与上下文"增幅百分比"不对应

permanent"永久的"虽语法上能修饰 risk，但文中讨论的是风险"增加了多少百分比"，并未谈风险是否"永久"，语义指向跑偏，不如 relative 精准。

【易错】 最具迷惑性的错误词是 **J)** —— permanent 修饰 risk 语法上通，易盖过术语词 relative。

第 29 空 the __(29)__ risk ... by 29 percent, permanent"永久的风险"语法挑不出错，考生若不识 relative risk 这一术语很容易误选；但下文给的是百分比增幅，对应的是 relative risk (相对风险)。防坑：医学语境优先认"专业术语搭配"。

30. There were no __(30)__ between men and women

【答案】 E) differences (名词)

【词性槽】 There were no + 空, 需复数名词

【依据】 no differences between men and women = 男女之间无差异

结合上一句风险数据 increased the __(29)__ risk ... by 29 percent, and the risk of stroke by 32 percent, 紧跟一句 There were no __(30)__ between men and women 自然是说"男女之间没有差异"。difference between A and B 是高频固定搭配, 语义与上下文完全咬合。

【竞争词】 G) formats 义不通: 男女之间无"格式"差讲不通

formats 指"格式", "男女之间没有格式"毫无意义, 也不与 between ... and ... 构成讨论"两者异同"的语义, 只是同为名词的干扰项。

31. focus from a policy point of view on __(31)__ lonely people

【答案】 O) targeting (动词)

【词性槽】 介词 on 后 + 空 + lonely people, 需动名词 (-ing)

【依据】 targeting lonely people = 针对孤独人群 (采取政策), 与后文呼应

整句 People have tended to focus from a policy point of view on __(31)__ lonely people to make them more __(32)__: 政策一向"针对"孤独人群、好让他们更有联结。target (针对、以.....为目标) 接 lonely people 语义自然, 且与后文 we should be trying to prevent the risk factor in the first place 形成"针对个体 vs 从源头预防"的对照。

【竞争词】 N) submitting 语义不通: submitting lonely people 不成立

submitting "提交 / 使屈服"接 lonely people 既无固定搭配也讲不通"提交孤独的人", 与"政策针对某人群"的语境完全不沾, 纯属同为 -ing 的形态干扰。

32. to make them more __(32)___

【答案】 **C) connected** (形容词)

【词性槽】 make them more + 空, make sb more + 形容词

【依据】 **make them more connected = 让他们更有联结, 正对"孤独"的反面**

上下文 focus ... on __(31)___ lonely people to make them more __(32)___: 针对孤独者, 目的当然是让他们"更有连接 / 更合群"。connected (有联系的) 正是 loneliness (孤独) 的反面, 与全文 social isolation or feelings of loneliness 的主题首尾呼应。

【竞争词】 I) narrow 语义反 / 不通: **make people more narrow 不合逻辑**

narrow"狭窄的", "让孤独者更狭窄"既无逻辑也违背"帮助孤独者"的善意目的, 方向完全反, 只是凑形容词的干扰。

J) permanent 语义不通: **make them more permanent 对象错位**

permanent"永久的"用来形容"人"不通——"让人更永久"没有意义, 与"缓解孤独"的语境不搭, 属同词性干扰。

33. Our study __(33)___ that if this is a risk factor

【答案】 **D) demonstrates** (动词)

【词性槽】 Our study + 空 + that 从句, 主语后缺谓语、需三单动词

【依据】 **study demonstrates that ... = 研究表明....., 引出研究结论**

下文是研究者的观点 if this is a risk factor, then we should be trying to prevent the risk factor, 前面用 demonstrates that (表明 / 说明) 来引出这一论断最自然。study demonstrates / shows that 是表达研究结论的高频搭配。

【竞争词】 K) produces 语义不通: **study produces that 不成立**

produces"生产 / 产生"是及物动词但不接 that 从句, "研究产生 (that 从句)"语法 + 语义都不通, 只是同为三单的形态干扰。

34. The authors __(34)___ that this was a review of observational studies

【答案】 **A) acknowledge** (动词)

【词性槽】 The authors + 空 + that 从句, 复数主语后缺谓语, 需动词原形

【依据】 **authors acknowledge that ... = 作者们承认 / 坦言 (局限性)**

that 从句的内容 this was a review of observational studies——研究者坦承本文只是"观察性研究综述", 这是在主动承认研究局限。acknowledge that (承认) 正贴这种"自陈不足"的语气。

【竞争词】 F) establish 语义反: **establish 是"确立 / 证实", 与"坦承局限"语气相反**

establish"确立 / 证实"语法上也能接 that, 但"作者确立这是观察性研究综述"不合自陈局限的语气; 况且 establish 正是下一空 did not __(35)___ cause and effect 的答案, 用过即划后这里更不会选它。

35. did not __(35)__ cause and effect

【答案】 **F) establish** (动词)

【词性槽】 did not + 空 + cause and effect, 助动词 did 后需动词原形

【依据】 **establish cause and effect = 确立 / 证实因果关系, 是固定搭配**

结合 34 空整句 this was a review of observational studies and did not __(35)__ cause and effect——观察性研究"无法证实因果关系", establish cause and effect 是讨论因果时的地道搭配, 语义与"观察性研究"的局限完全咬合。

全文主旨

孤独与社交孤立会升高心脏病和中风风险

开篇就定了调: social isolation or feelings of loneliness were tied to an increased risk of coronary heart disease(冠心病) and strokes。全文是一篇医学研究综述: 研究者汇总 23 项研究、统计冠心病与中风事件, 得出孤独 / 社交孤立与心血管风险升高相关的结论。读懂这条主线, 后面每个空往"研究方法 / 风险数据 / 因果措辞"上靠就不会跑偏。

DISTRACTORS · 干扰词复盘

这 5 个词始终没被任何空选用

词库 15 词里有 5 个是命题人埋的干扰词——它们词性看着也对、词义也沾点边, 却不该填进任何一个空。下面逐个剖析它们最像哪个空的答案、为什么是陷阱。

G) **formats** 最像第 28 / 30 空的名词答案，但语义全不通

formats 是名词，恰好顶在 28 (death __)、30 (no __ between) 这两个名词空的候选里冒充答案；但 death formats、formats between men and women 都讲不通。识破法：名词空别只看词性对不对，要把它拼进“前置定语 + 空”或“介词搭配”里读读是否成话。

I) **narrow** 最像第 29 / 32 空的形容词答案，靠词性混入

narrow“狭窄的”是形容词，会混进 29 (the __ risk) 和 32 (make them more __) 的候选；但 narrow risk 不成搭配、make people more narrow 不合逻辑。识破法：形容词代进“形容词 + 名词”看是否成常见搭配 / 术语。

J) **permanent** 最像第 29 / 32 空的形容词答案，语义偏离

permanent“永久的”同为形容词，可冒充 29 (risk)、32 (make them more __) 的答案；但文中谈的是风险“增幅”与让人“更有联结”，都与“永久”无关。识破法：盯住上下文真正在讨论的维度（增幅 / 改善目的），与之无关的形容词即排除。

K) **produces** 最像第 33 空的三单动词答案，与 demonstrates 撞形态

produces 是三单动词，正好与 demonstrates 一起卡在第 33 空 (Our study __ that...)；但 produces 不接 that 从句、“研究产生 that...”不通。识破法：空后是 that 从句时，只留“表明 / 显示”类能接从句的动词。

N) **submitting** 最像第 31 空的 -ing 动名词答案，与 targeting 撞形态

submitting 是 -ing 动名词，会与 targeting 一同争第 31 空 (on __ lonely people)；但 submitting lonely people 既无搭配也无意义。识破法：动名词带宾语时，把“动作 + 宾语”连读一遍，不成话的立即淘汰。

Part III Section B

Directions: In this section, you are going to read a passage with ten statements attached to it. Each statement contains information given in one of the paragraphs. Identify the paragraph from which the information is derived. You may choose a paragraph more than once. Each paragraph is marked with a letter. Answer the questions by marking the corresponding letter on **Answer Sheet 2**.

The hidden costs colleges don't want you to know about

A) This fall, thousands of college students from across the country will begin their undergraduate studies at colleges around the nation. They will inevitably pack too much to fit in their tiny dorm rooms. They will also carry with them a huge student loan debt, in addition to countless "hidden" out-of-pocket costs paid for by their bank accounts and the bank accounts of their families.

今年秋天,来自全国各地的数千名大学生将在全国各地的大学开始他们的本科学习。他们将不可避免地打包过多行李以至于无法塞进狭小的宿舍房间。除了数不清的由他们的银行账户和家人的银行账户支付的"隐性"自付费用之外,他们还将背负巨额学生贷款债务。

B) At my well-respected, private, four-year university in Washington, D.C., which boasts a yearly tuition of \$44,046 not including room and board, I receive over \$57,000 yearly in financial aid. As a student from a family that is struggling to make ends meet, my financial aid package is a combination of federal grants and federal work study, university merit scholarships and financial aid awards, and about \$8,000 yearly in federally subsidized(有补贴的) and unsubsidized loans. On paper, my expenses and my financial aid just about even out. Off paper, they don't.

在我就读的位于华盛顿特区的这所备受尊敬的私立四年制大学,每年学费为44,046美元,不包括住宿费,我每年获得超过57,000美元的经济资助。作为一个来自勉强维持生计的家庭的学生,我的经济资助包括联邦助学金和联邦勤工俭学、大学优异奖学金和经济资助奖励,以及每年约8,000美元的联邦有补贴和无补贴贷款。在账面上,我的开支和经济资助基本持平。但在账面之外,它们并不相符。

C) Universities today are in the business of making money, and mine is no exception. They hit me right out of the gate with a \$160 fee to attend my freshman orientation, a price which does not include

the cost of travel to and from the District. Almost every class has an associated fee not included in the cost of tuition, most between \$40 and \$100. Fees for lab science classes are the highest, and all students at my university are required to take at least one lab before they graduate. Buying a laptop proved a necessity and, thankfully, a relative bought me one as a gift. Renting a mini-fridge for my dorm room costs my roommates and me about \$140 a year.

如今的大学都在经营赚钱的生意,我的大学也不例外。他们一开始就向我收取160美元的新生入学指导费,这个价格还不包括往返华盛顿特区的交通费用。几乎每门课程都有一笔不包含在学费中的相关费用,大多在40美元到100美元之间。实验科学课的费用最高,而我所在大学的所有学生在毕业前都必须至少修一门实验课。购买笔记本电脑被证明是必需的,幸运的是,一位亲戚送给我一台作为礼物。为宿舍房间租用小冰箱每年要花费我和室友约140美元。

- D) Schools will charge you whatever they can. The costs of any damage to the dorm, including elevators, bathrooms, and common areas, are billed to every person on a dorm floor, or even the entire building if they do not know who caused the damage. After I fell out of my bed twice during my freshman year, the university installed a railing—for \$20, billed to my student account. My financial aid did not anticipate any of these costs, and so it did not cover them.

学校会向你收取任何他们能收的费用。对宿舍的任何损坏费用,包括电梯、浴室和公共区域,都会向宿舍楼层的每个人收费,如果他们不知道是谁造成的损坏,甚至会向整栋楼收费。在我大一那年两次从床上摔下来之后,学校安装了护栏——收费20美元,计入我的学生账户。我的经济资助没有预料到这些费用,因此没有覆盖它们。

- E) An Internet search of "hidden costs" of college turns up a host of articles on parent-centered websites on the college application process. These articles are almost always geared towards upper- and middle-class families. For students already struggling to pay tuition, these costs may be the least of their worries.

在互联网上搜索大学的"隐性费用"会出现大量以家长为中心的大学申请过程网站上的文章。这些文章几乎总是面向中上层阶级家庭。对于已经在努力支付学费的学生来说,这些费用可能是他们最不担心的事情。

- F) So what hidden costs should low-income students really be paying attention to? My college experience offers a few examples.

那么低收入学生真正应该关注哪些隐性费用呢?我的大学经历提供了一些例子。

- G) If you are a low-income student who will be attending school out-of-state, make sure you know if you can use your state benefits, such as the Supplemental Nutrition Assistance Program, or SNAP. It wasn't until after I had accepted admission to an out-of-state school that I learned that I could not use my Ohio Medicaid on campus for anything other than emergency care. My benefits became invalid the second I moved out of Ohio. After my freshman year, I had to opt for the school's insurance plan, which costs around \$2,000 a year. Even if your school offers a flat-rate fee for a doctor's appointment at the student health center (mine is \$20 a visit), these fees often do not include extra fees for lab tests or prescription medications(药物).

如果你是一名将要到外州上学的低收入学生,请确保你知道是否可以使用你所在州的福利,例如补充营养援助计划(SNAP)。直到我接受了一所外州学校的录取通知后,我才得知除了紧急医疗之外,我不能在校园内使用我的俄亥俄州医疗补助。我的福利在我搬出俄亥俄州的那一刻就失效了。大一之后,我不得不

选择学校的保险计划,每年费用约为2,000美元。即使你的学校为学生健康中心的医生就诊提供统一费率(我的学校是每次就诊20美元),这些费用通常也不包括实验室检查或处方药物的额外费用。

- H) If you plan on paying off bills in your student account with a credit card, be aware of any additional costs. My school charges an additional fee for the use of a credit card to settle outstanding charges, which can add upwards of 3% of the balance to your bill.

如果你计划用信用卡支付学生账户中的账单,请注意任何额外费用。我的学校对使用信用卡结算未付费收取额外费用,这可能会使你的账单增加高达余额的3%。

- I) There is another depressing reality hidden within even the largest financial aid packages: Colleges often offer the most generous packages during freshman year as a way to attract new students. My family was careful to ask about the chances of financial aid being taken away after my freshman year. We were assured that, except for low grades or a raise in family income, no money would be taken away. We did not know to ask—and the school did not readily point out—that even if tuition rises, my financial aid package will stay the same. So when my university voted to raise tuition costs 3% at the end of my freshman year, my financial aid package remained the same and I was suddenly responsible for an additional \$1,200 for the next year. The university administration will likely vote to raise costs at least once more before my graduation.

即使在最慷慨的经济资助包中也隐藏着另一个令人沮丧的现实:大学通常在大一期间提供最慷慨的资助包,作为吸引新生的一种方式。我的家人谨慎地询问了大一之后经济资助被取消的可能性。我们得到保证,除了成绩不佳或家庭收入增加之外,不会取消任何资助。我们不知道要问——学校也没有主动指出——即使学费上涨,我的经济资助包也将保持不变。因此,当我的大学在我大一结束时投票决定将学费提高3%时,我的经济资助包保持不变,我突然要为下一年额外负担1,200美元。在我毕业之前,大学行政部门很可能至少还会再投票提高一次费用。

- J) Yes, I chose to attend an expensive university far from my hometown. Yes, there were cheaper options. But there are promising students from struggling families across the nation who should not rule out their dream schools entirely. All things considered, I am paying significantly less than the ticket price of my university, and having an educational experience in Washington, D.C., that I would not have had anywhere else. As a low-income student from a down-and-out Rust Belt community, these educational experiences have enormous potential to brighten my future—and my family's future.

是的,我选择就读一所远离家乡的昂贵大学。是的,有更便宜的选择。但全国各地来自困难家庭的有前途的学生不应该完全排除他们梦想中的学校。综合考虑,我支付的费用大大低于我所在大学的标价,而且我在华盛顿特区获得了在其他任何地方都无法获得的教育体验。作为一个来自衰落的锈带社区的低收入学生,这些教育经历具有照亮我的未来——以及我家人的未来——的巨大潜力。

- K) The key is to make sure that students and their families understand that hidden costs exist, and that they may prove problematic. Fill out a more comprehensive checklist, and be wary of listed prices that seem too low. Understand just how complicated the financial aid process is.

关键是要确保学生和他们的家人明白隐性费用的存在,并且它们可能会造成问题。填写更全面的清单,并对看起来过低的标价保持警惕。要理解经济资助过程有多么复杂。

- L) Students and families must also understand their ability to self-advocate. They should not pay student bills or excess fees blindly. If something does not look right, ask about it. If it still doesn't look right, negotiate it. In cases where parents are working multiple jobs, are less knowledgeable about college bureaucracies, have limited English language skills, or are not contributing financially to their

child's education, the burden of self-advocacy will fall on the student. I understand the difficulty, and the embarrassment. But it is necessary.

学生和家庭还必须了解他们自我维权的能力。他们不应该盲目地支付学生账单或额外费用。如果有什么看起来不对劲,就询问它。如果仍然看起来不对劲,就协商它。在父母从事多份工作、对大学官僚机构了解较少、英语语言能力有限或没有在经济上资助孩子教育的情况下,自我维权的负担将落在学生身上。我理解其中的困难和尴尬。但这是必要的。

M) In the grand scheme of things, however, colleges also must come to understand that the hidden fees they ask for may prove unmanageable for the very kinds of low-income or first-generation students they are trying desperately to attract.

然而,从大局来看,大学也必须认识到,他们要求的隐性费用对于他们正在拼命吸引的低收入或第一代大学生来说可能难以负担。

陈述句与逐句解析

36. Students' financial aid remains unchanged even when tuition rises.

即使学费上涨,学生的经济资助也保持不变。

【答案】 I 段 (强锚点)

【锚点】 学费涨而财援不变

【定位】 We did not know to ask—and the school did not readily point out—that even if tuition rises, my financial aid package will stay the same.

我们不懂得去问——学校也没有主动指出——即便学费上涨,我的财援方案也会保持不变。

【改写】 financial aid remains unchanged ↔ my financial aid package will stay the same

同义替换: remains unchanged = stay the same

even when tuition rises ↔ even if tuition rises

近乎原样: when = if 让步

【辨邻】 B B 段落点是 On paper, my expenses and my financial aid just about even out. Off paper, they don't., 谈的是当下平衡,与题干「学费上涨触发的不变」无关。

On paper, my expenses and my financial aid just about even out. Off paper, they don't.

37. Students may not be able to enjoy their state benefits when they go to college out of the state.

学生去外州上大学时可能无法享受本州福利。

【答案】 G 段 (强锚点)

【锚点】 出州后州福利享受不了

【定位】 It wasn't until after I had accepted admission to an out-of-state school that I learned that I could not use my Ohio Medicaid on campus for anything other than emergency care. My benefits became invalid the second I moved out of Ohio.

直到接受了外州学校的录取之后，我才得知除急诊外我在校园里无法使用俄亥俄的 Medicaid。我一搬出俄亥俄，我的福利就失效了。

【改写】 enjoy their state benefits ↔ use my Ohio Medicaid

上位概括对下位实例

may not be able to enjoy ↔ My benefits became invalid

同义改写：享受不了 = 失效

when they go to college out of the state ↔ the second I moved out of Ohio

出州的同义表述

38. The financial aid the author receives is supposed to cover all her college expenses.

作者获得的经济资助应该涵盖她所有的大学费用。

【答案】 B 段（弱锚点）

【锚点】 财援理应覆盖全部开支

【定位】 On paper, my expenses and my financial aid just about even out. Off paper, they don't.

在纸面上，我的开支和财援大致持平；脱离纸面，则并非如此。

【改写】 supposed to cover all her college expenses ↔

On paper, my expenses and my financial aid just about even out

理应覆盖 = 纸面上正好抵平

The financial aid the author receives ↔ **I receive over \$57,000 yearly in financial aid**

作者所获财援的同指

【辨邻】 I I 段焦点是 my financial aid package will stay the same 这类变动规则，没有「财援抵平全部开支」的陈述。

Colleges often offer the most generous packages during freshman year as a way to attract new students.

39. When the person who damages dorm facilities is not identified, students are required to share the cost.

当损坏宿舍设施的人身份不明时，学生需要分摊费用。

【答案】 D 段（强锚点）

【锚点】 查不出肇事者就分摊损坏费

【定位】 The costs of any damage to the dorm, including elevators, bathrooms, and common areas, are billed to every person on a dorm floor, or even the entire building if they do not know who caused the damage.

宿舍任何损坏（包括电梯、卫生间和公共区域）的费用，若查不出是谁造成的，就摊派给整层楼的每个人，甚至整栋楼。

【改写】 the person who damages dorm facilities is not identified ↔

they do not know who caused the damage

同义改写：查不出肇事者

students are required to share the cost ↔

billed to every person on a dorm floor, or even the entire building

分摊 = 按人头计费给整层

40. Though it is difficult and embarrassing, students should make inquiries about what fees they have to pay and why.

尽管困难且令人尴尬,学生应该询问他们必须支付什么费用以及原因。

【答案】 L 段（强锚点）

【锚点】 虽难堪也要追问该交哪些费

【定位】 If something does not look right, ask about it. If it still doesn't look right, negotiate it. ... I understand the difficulty, and the embarrassment. But it is necessary.

如果某项看着不对，就去问；如果问了还不对，就去交涉。.....我理解其中的难处与难堪，但这是必要的。

【改写】 Though it is difficult and embarrassing ↔ **I understand the difficulty, and the embarrassment**

形容词↔名词的同义转换

make inquiries about what fees they have to pay and why ↔ **ask about it**

概括上位：make inquiries = ask

【辨邻】 K K 段落点是 Fill out a more comprehensive checklist, and be wary of listed prices that seem too low, 与题干的「ask / negotiate」无关。

Fill out a more comprehensive checklist, and be wary of listed prices that seem too low.

41. Today, many Americans have to go to college on student loans.

如今,许多美国人不得不依靠学生贷款上大学。

【答案】 A 段（强锚点）

【锚点】 靠助学贷款上大学

【定位】 They will also carry with them a huge student loan debt, in addition to countless "hidden" out-of-pocket costs paid for by their bank accounts and the bank accounts of their families.

他们还会背上巨额的助学贷款债务，外加无数由本人及家庭账户支付的「隐藏」自付花费。

【改写】 go to college on student loans ↔ **carry with them a huge student loan debt**

靠贷款上学 = 背着助学贷款入学

many Americans ↔ **thousands of college students from across the country**

many = thousands ... across the country

【辨邻】 **B** B 段 loans 出现在个人财援构成里 about \$8,000 yearly in federally subsidized(有补贴的) and unsubsidized loans, 范围是作者一人, 与 many Americans 不符。

about \$8,000 yearly in federally subsidized(有补贴的) and unsubsidized loans

42. Receiving education in a private university in the nation's capital may change the author's future life and that of her family's.

在国家首都的一所私立大学接受教育可能会改变作者的未来生活以及她家人的生活。

【答案】 **J** 段 (强锚点)

【锚点】 首都私立大学改变作者及家庭未来

【定位】 As a low-income student from a down-and-out Rust Belt community, these educational experiences have enormous potential to brighten my future—and my family's future.

作为一名来自衰败「铁锈地带」社区的低收入学生, 这些教育经历极有可能照亮我的未来——以及我家庭的未来。

【改写】 a private university in the nation's capital ↔ **an educational experience in Washington, D.C.**

首都的别称替换

may change the author's future life and that of her family's ↔

brighten my future—and my family's future

改变未来 = 照亮未来

【辨邻】 **B** B 段 my well-respected, private, four-year university in Washington, D.C. 只描述学校与费用, 缺少 may change the author's future life 这层。

my well-respected, private, four-year university in Washington, D.C., which boasts a yearly tuition of \$44,046

43. Students may no longer be qualified for financial aid if they perform poorly in school or if their family income has increased.

如果学生在校表现不佳或家庭收入增加, 他们可能不再有资格获得经济资助。

【答案】 **I** 段 (强锚点)

【锚点】 成绩差或家庭收入升则失财援

【定位】 We were assured that, except for low grades or a raise in family income, no money would be taken away.

我们得到保证: 除非成绩差或家庭收入提高, 否则不会有钱被收回。

【改写】 perform poorly in school ↔ **low grades**

同义改写：成绩差

their family income has increased ↔ **a raise in family income**

动词化与名词化的同义

may no longer be qualified for financial aid ↔ **no money would be taken away**

失去资格 = 钱被收回（正反同义）

【辨邻】 **B** B 段 my financial aid package is a combination of federal grants and federal work study 谈的是财援由什么组成，与扣援条件无关。

my financial aid package is a combination of federal grants and federal work study, university merit scholarships and financial aid awards

44. In addition to tuition, college students have to pay extra fees for the courses they take.

除了学费,大学生还必须为他们所修的课程支付额外费用。

【答案】 **C** 段（强锚点）

【锚点】 学费之外还为所修课程付费

【定位】 Almost every class has an associated fee not included in the cost of tuition, most between \$40 and \$100.

几乎每门课都有一笔不含在学费里的附加费，大多在 40 到 100 美元之间。

【改写】 extra fees for the courses they take ↔ **every class has an associated fee**

extra fee = associated fee, course = class

In addition to tuition ↔ **not included in the cost of tuition**

学费之外 = 不含在学费里

【辨邻】 **D** D 段收费针对 any damage to the dorm，与题干「为所修课程付的费」不是一回事。

The costs of any damage to the dorm, including elevators, bathrooms, and common areas, are billed to every person on a dorm floor

45. Some schools charge students a fee to their student accounts for using credit cards to pay bills.

一些学校向学生账户收取使用信用卡支付账单的手续费。

【答案】 **H** 段（强锚点）

【锚点】 刷信用卡付账被收费

【定位】 My school charges an additional fee for the use of a credit card to settle outstanding charges, which can add upwards of 3% of the balance to your bill.

我的学校对使用信用卡结清欠款收取额外费用，可能给账单加上高达余额 3% 的金额。

【改写】 charge students a fee ... for using credit cards ↔

charges an additional fee for the use of a credit card

信用卡收费的近乎原样复现

to pay bills ↔ to settle outstanding charges

付账单 = 结清欠款

A 开篇总起：每年成千上万大学新生入学，除了背上巨额助学贷款，还要承担无数自付的「隐藏」花费。

信息指纹 助学贷款 + 隐藏自付花费的总起

B 作者自述：就读华盛顿特区一所私立四年制大学，年学费 44046 美元，她每年获 5.7 万多财援；纸面上开支与财援大致持平，实际并非如此。

信息指纹 44046 学费与「纸面持平」的数字指纹

C 列举校方巧立的各项收费：160 美元的迎新费、几乎每门课都有不含在学费里的附加费（实验课最贵）、租迷你冰箱约 140 美元。

信息指纹 课程附加费与迎新费、冰箱费

D 校方会按一切名目收费：宿舍公共区域的损坏若查不出是谁干的，就摊派给整层甚至整栋楼的每个人；作者摔下床后校方装栏杆也收她 20 美元。

信息指纹 查不出肇事者就全楼层分摊损坏费

E 网上搜「大学隐藏花费」搜到的多是面向家长、面向中上层家庭的文章；对已为学费挣扎的学生而言，那些花费反倒是最不该操心的。

F 过渡设问：那么低收入学生真正该留意哪些隐藏花费？作者用自身经历举例。

G 出州上学要弄清州福利能否带走：作者接受外州录取后才知道俄亥俄的 Medicaid 出州即失效，被迫买每年约 2000 美元的校方保险。

H 用信用卡偿付学生账户欠费要当心额外费用：作者学校对刷信用卡结清欠费另收最高约余额 3% 的手续费。

I 财援的隐藏现实：大一财援最慷慨以吸引新生；作者一家问过财援会否被撤，被告知除非成绩差或家庭收入上升才会减；但学费上涨财援却不变——大一末学校涨 3% 学费，她次年要多担 1200 美元。

信息指纹 学费涨财援不变 + 成绩差或收入升才撤援

J 作者权衡：是她自己选了远离家乡的贵校，但来自困难家庭的好学生不该完全排除梦校；身处华盛顿特区的求学经历有望照亮她和家庭的未来。

信息指纹 特区求学经历照亮我和家庭的未来

K 对策一：关键是让学生和家庭明白隐藏花费的存在且可能成麻烦；要列更全面的核对清单，警惕过低的标价，理解财援流程之复杂。

信息指纹 列全清单、警惕过低标价

L 对策二：学生和家庭要懂得为自己维权，不要盲目缴费；不对就问、问了还不对就交涉。父母打多份工、不懂门道或英语有限时，维权重担落在学生身上——虽难堪但必要。

信息指纹 学会自我维权：不对就问、就交涉

M 对校方的呼吁：从大局看，大学也必须认识到，它们索取的隐藏费用，对其极力想招揽的低收入或第一代大学生而言可能根本承受不起。

信息指纹 呼吁校方正视隐藏费用难承受

17 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

They will inevitably pack too much to fit in their tiny dorm rooms.

A段，第2句

too...to 结构是四六级和考研阅读中的高频句式，表示程度与结果的逻辑关系。简单句 + 不定式短语作状语的组合也很常见。掌握后可迁移到大量类似句子，典型性较强。

They will also carry with them a huge student loan debt, in addition to countless "hidden" out-of-pocket costs paid for by their bank accounts and the bank accounts of their families.

A段，第3句

简单句加复杂状语的结构在四六级和考研阅读中非常常见，特别是 "in addition to" 引导的补充说明以及名词后接过去分词作后置定语的用法，都是典型的书面语句式，掌握后可大量复用。

Fees for lab science classes are the highest, and all students at my university are required to take at least one lab before they graduate.

C段，第4句

并列句加时间状语从句是四六级和考研阅读中的常见句式。被动语态 "be required to do" 结构在学术写作和说明文中高频出现，主系表结构也是基础句型。掌握本句的分析方法可以迁移到大量类似句子，典型性较高。

An Internet search of "hidden costs" of college turns up a host of articles on parent-centered websites on the college application process.

E段，第1句

"主语 + 及物动词 + 宾语 + 后置定语" 这一简单句式在四六级和考研阅读中较为常见，尤其是描述客观现象或研究结果时。主语和宾语带多个介词短语作定语的叠加模式（如 of、on 连用）也是典型的书面语特征，学习后可迁移至其他长句分析。但因无从句结构，代表性略逊于包含定语从句或状语从句的复合句。

If you are a low-income student who will be attending school out-of-state, make sure you know if you can use your state benefits, such as the Supplemental Nutrition Assistance Program, or SNAP.

G段，第1句

本句结构为条件状语从句加祈使主句加多层宾语从句嵌套,这是四六级和考研阅读中高频出现的句式,条件假设加行动建议的逻辑模式在说明性文本中极为常见,且定语从句修饰名词、宾语从句充当动词宾语的用法都是典型考点,掌握后可大量复用。

It wasn't until after I had accepted admission to an out-of-state school that I learned that I could not use my Ohio Medicaid on campus for anything other than emergency care.

G段，第2句

覆盖强调句识别、时间状语从句、宾语从句、情态动词谓语、地点状语、目的状语等多种成分,且强调句中的形式主语 "It" 与真正主语的区分是重要易错点,适合作为综合性练习句训练成分划分能力。

If you plan on paying off bills in your student account with a credit card, be aware of any additional costs.

H段，第1句

"If 从句 + 祈使句主句" 是四六级和考研写作、阅读中的高频句式,用于提出假设并给出建议。掌握该结构可直接迁移到大量类似表达中,实用性强。

There is another depressing reality hidden within even the largest financial aid packages: Colleges often offer the most generous packages during freshman year as a way to attract new students.

I段，第1句

同位语从句用冒号引出的结构在四六级和考研阅读中高频出现,是典型的解释说明句式。存在句和后置定语也是常考点。掌握本句的分析方法可迁移到大量真题句子。

We were assured that, except for low grades or a raise in family income, no money would be taken away.

I段，第3句

本句是典型的“主句 + 宾语从句”结构，且从句中包含插入状语和情态被动语态，这种结构在四六级和考研阅读中非常常见，掌握后可迁移到大量类似句子。

We did not know to ask—and the school did not readily point out—that even if tuition rises, my financial aid package will stay the same.

I段，第4句

句子成分丰富且包含多个训练价值点：主句并列谓语共用宾语从句、宾语从句内部嵌套状语从句、系表结构的识别、不及物动词的判断；特别是破折号插入的并列结构和从句嵌套的层次划分，是成分划分练习中的典型难点，适合强化训练

So when my university voted to raise tuition costs 3% at the end of my freshman year, my financial aid package remained the same and I was suddenly responsible for an additional \$1,200 for the next year.

I段，第5句

时间状语从句 + 并列主句的结构在四六级和考研阅读中十分常见，尤其是用when引导时间背景、后续陈述事实或结果的句式。本句结构具有较高代表性，掌握后可迁移到大量类似句子。

But there are promising students from struggling families across the nation who should not rule out their dream schools entirely.

J段，第3句

there be 句型加后置定语从句是四六级和考研阅读中的常见结构，用于描述某类人或事物的存在及其特征，这种句式在学术文章和新闻报道中频繁出现，掌握后可以迁移到大量类似句子的理解和写作中

All things considered, I am paying significantly less than the ticket price of my university, and having an educational experience in Washington, D.C., that I would not have had anywhere else.

J段，第4句

本句覆盖了并列谓语、双宾语结构、独立主格状语、限制性定语从句、关系代词充当宾语等多种成分类型，且定语从句中关系代词“that”既引导从句又在从句内充当宾语，是典型易错点；句首独立主格也是值得练习的特殊结构，整体作为划分练习句收益较高。

In cases where parents are working multiple jobs, are less knowledgeable about college bureaucracies, have limited English language skills, or are not contributing financially to their child's education, the burden of self-advocacy will fall on the student.

L段，第5句

句子覆盖主谓宾、主系表、状语、定语从句等多种成分，定语从句内有并列谓语、不同类型宾语和表语，适合练习成分识别。介词短语作状语和定语的双重角色、并列结构的梳理都是有价值的训练点。

The financial aid the author receives is supposed to cover all her college expenses.

第38题 题干

省略关系代词的限制性定语从句是四六级和考研阅读中的高频句式，"be supposed to" 结构也常出现；这种主语带定语从句的复合句在真题中具有较强代表性，掌握后可迁移到大量类似句子。

Students may no longer be qualified for financial aid if they perform poorly in school or if their family income has increased.

第43题 题干

本句结构高度典型：主句加并列条件状语从句是四六级和考研阅读中的常见句式，情态动词加被动语态、一般现在时表将来、现在完成时表结果等用法都是高频考点。掌握本句的分析方法可以迁移到大量类似的复杂句中，复用价值很高。

In addition to tuition, college students have to pay extra fees for the courses they take.

第44题 题干

句式结构在四六级和考研真题中高度典型：主句 + 限制性定语从句修饰宾语，且关系代词省略。"have to do" 表示义务、介词短语作定语、定语从句紧贴名词等都是高频考点，掌握后可应用于大量类似句型。

Part III Section C (1)

Directions: There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.

Passage One

Questions 46 to 50 are based on the following passage.

P1 To write his 2010 book, The 5-Factor World Diet, nutritionist Harley Pasternak traveled to the healthiest countries around the world to learn more about what made their meals extra nourishing.

为了撰写他2010年的著作《五因素世界饮食》，营养学家Harley Pasternak走访了世界上最健康的国家，以深入了解是什么让这些国家的饮食格外营养丰富。

P2 He noted that Japanese people ate a wonderful variety of seaweeds, and that Chinese people tried to include at least five different colors in every meal. Pasternak also came away with some valuable observations about how different the North American way of life was, compared with many other countries.

他注意到日本人食用种类丰富的海藻，而中国人则力求在每餐中至少包含五种不同的颜色。Pasternak还获得了一些有价值的观察，即与许多其他国家相比，北美的生活方式有多么不同。

P3 For starters, Americans eat much bigger portions than people in other countries. "We don't prioritize eating seasonally or locally, and we also add lots of salt, sugar and thickening agents to our foods," explained Pasternak. Contrast that to the healthy Mediterranean, Nordic and Okinawan diets listed in Pasternak's book. They all seem to stick to the ethos(特质) of regional, seasonal produce.

首先，美国人的食物分量比其他国家的人大得多。Pasternak解释说：“我们不重视食用时令食物或本地食物，而且我们还在食物中添加大量的盐、糖和增稠剂。”将此与Pasternak书中列出的健康的地中海饮食、北欧饮食和冲绳饮食进行对比。它们似乎都坚持地域性、时令性农产品的特质。

P4 For example, a traditional Mediterranean diet includes fruits, vegetables, whole grains, nuts and olive oil as the main components of nutritional intake. Fish, chicken and red wine make moderate appearances, while red meat, salt and sugar are used much less often. The benefits of a traditional Mediterranean diet have been studied since the 1970s, and researchers have found that living that olive oil life can help people lose weight, lower their heart disease risk and reverse diabetes.

例如,传统的地中海饮食包括水果、蔬菜、全谷物、坚果和橄榄油作为营养摄入的主要成分。鱼类、鸡肉和红酒适量出现,而红肉、盐和糖的使用频率则要低得多。传统地中海饮食的益处自20世纪70年代以来一直受到研究,研究人员发现,过橄榄油式的生活可以帮助人们减轻体重、降低患心脏病的风险并逆转糖尿病。

P5 Most other healthy eating cultures also make meals an event—say, multiple courses around the family table, or a glass or two of red wine at a long lunch—as opposed to hastily wolfing down handfuls of cereal above the kitchen sink and calling it dinner.

大多数其他健康饮食文化也将进餐变成一种仪式——比如围坐在家庭餐桌旁享用多道菜肴,或在漫长的午餐中喝一两杯红酒——而不是在厨房水槽上方匆忙吞下几把谷物就称之为晚餐。

P6 Each of the healthy eating cultures has its own unique feature. But Pasternak did take note of one unifying factor in all of the healthy societies he observed. "The only overlapping feature in most of these healthy countries is that they all walk way more than the average American," said Pasternak, "So really, regardless of what you're eating, if someone's walking four miles more than you each day, they're going to be a lot thinner and live a lot longer than you."

每种健康饮食文化都有其独特之处。但Pasternak确实注意到他所观察到的所有健康社会中存在一个共同因素。Pasternak说:"这些健康国家中大多数的唯一重叠特征是,它们的人都比普通美国人走路多得多。所以实际上,无论你吃什么,如果有人每天比你多走四英里,他们就会比你瘦得多,也会比你活得长久得多。

题目与逐题解析

46. What characterizes Japanese and Chinese foods?

- A) Variety.
- B) Flavor.
- C) Color.
- D) Naturalness.

日本和中国食物的特点是什么?

A) 多样性。 B) 风味。 C) 色泽。 D) 天然性。

【答案】 A (细节题)

【判型】 题干 What characterizes Japanese and Chinese foods? 是 what 直接询问客观特征, 没有 infer/suggest/imply 之类的推断信号, 要的就是原文写明的事实。

【拆句】 题干 What characterizes Japanese and Chinese foods? 是标准的 what 主语疑问句: what 作主语, characterizes 作谓语, Japanese and Chinese foods 是宾语, 结构平铺直叙, 无陷阱。

【定位】 He noted that Japanese people ate a wonderful variety of seaweeds, and that Chinese people tried to include at least five different colors in every meal.

他注意到日本人吃种类繁多的海藻，中国人则努力让每餐都包含至少五种不同的颜色。

【选项】 A) ✓ 正确

a wonderful variety of seaweeds ↔ **Variety**

at least five different colors in every meal ↔ **Variety**

预判核心是"多样性", Variety 既能覆盖 variety of seaweeds, 也能覆盖 five different colors, 是把两条并列事实的最大公约数提炼出来的上位词, 与预判一致。

B) 无中生有

定位句 He noted that Japanese people ate a wonderful variety of seaweeds, and that Chinese people tried to include at least five different colors in every meal. 通篇讲海藻种类和颜色, 没有任何 flavor/taste 的描述; 选项 Flavor 在原文里没有对应。

C) 以偏概全

选项 Color 只对应 at least five different colors in every meal 这一半, 根本不能解释 a wonderful variety of seaweeds——日本人吃海藻种类多与颜色无关; 以局部冒充整体。

D) 无中生有

Naturalness 意为"天然性、未加工", 原文定位句没有 natural/unprocessed/raw 之类的词; 海藻和颜色多样不等于"自然"。

47. What is typical of Americans in the way of eating?

- A) They emphasize nutrition.
- B) They tend to eat quite a lot.
- C) They prioritize convenience.
- D) They care about flavors.

美国人在饮食方式上的典型特点是什么?

A) 他们强调营养。 B) 他们往往吃得相当多。 C) 他们优先考虑便利性。 D) 他们在意味道。

【答案】 B (细节题)

【判型】 题干 What is typical of Americans in the way of eating? 用 typical 直接问"典型", 要求原文里被作者明确点出的美国人吃饭特征。

【拆句】 题干主干是 what is typical of Americans, in the way of eating 是修饰 typical 的范围介词短语; 结构平铺直叙, 无陷阱。

【定位】 For starters, Americans eat much bigger portions than people in other countries.

首先, 美国人吃的分量比其他国家的人要大得多。

【选项】 A) 与原文相反

原文 We don't prioritize eating seasonally or locally, and we also add lots of salt, sugar and thickening agents to our foods 说的是美国人"不"重视当季当地、还要加大量盐糖增稠剂——明显是不健康、不重营养的做法, emphasize nutrition 与原文方向相反。

B) ✓ 正确

eat much bigger portions ↔ tend to eat quite a lot
than people in other countries ↔ tend to

预判核心是"美国人吃得多", They tend to eat quite a lot. 把定位句的数量比较结论直接保留下来, 没做引申, 与预判完全一致。

C) 无中生有

原文讲的是分量大、不重视当季当地、爱加盐糖——没出现 convenience/quick/fast/easy 等"便利"语义的词; 选项 prioritize convenience 在原文中无依据。

D) 无中生有

原文谈份量、当季当地、盐糖增稠剂, 未涉及 flavor/taste; care about flavors 在原文中没有对应表述。

48. What features are in Mediterranean, Nordic and Okinawan diets?

- A) Fruits and vegetables.
- B) Olive oil and red wine.
- C) Seasonal local produce.
- D) Unprocessed ingredients.

地中海、北欧和冲绳饮食的特征是什么?

A) 水果和蔬菜。 B) 橄榄油和红酒。 C) 时令本地农产品。 D) 未加工的食材。

【答案】 C (细节题)

【判型】 题干 What features are in Mediterranean, Nordic and Okinawan diets? 直接询问几种饮食"具备什么特征", 答案应是原文明写的共同特征。

【拆句】 题干 What features are in Mediterranean, Nordic and Okinawan diets?: what features 作主语、are 系动词、in Mediterranean, Nordic and Okinawan diets 是表语介词短语, 把范围限定在这三种饮食里; 结构清晰, 无陷阱。

【定位】 Contrast that to the healthy Mediterranean, Nordic and Okinawan diets listed in Pasternak's book. They all seem to stick to the ethos(特质) of regional, seasonal produce.

把这一点(指美国人的饮食习惯)与 Pasternak 书中列出的健康的地中海、北欧和冲绳饮食对比一下。它们似乎都坚守着"当地、当季食材"这一特质。

【选项】 A) 以偏概全

fruits, vegetables 出现在 P4 段对地中海饮食的展开里；但题目问的是三种饮食的共有特征，Fruits and vegetables 只是地中海饮食的成分，不能说北欧和冲绳饮食也以这两样为主——选项错把局部例证当全局共性。

B) 以偏概全

olive oil 与 red wine 同样出现在 P4 段对地中海饮食的描写里，是地中海饮食的特色，但不是北欧和冲绳饮食的特征；选项把地中海饮食的标志当成三地共同点。

C) ✓ 正确

regional, seasonal produce ↔ Seasonal local produce

预判核心"当地、当季、食材"三层在 Seasonal local produce 中——对应，无遗漏；这是细节题正确项最干净的样子——预判几个要素，选项几乎逐词对接。

D) 无中生有

原文中谈到三地饮食的共同点只有 regional, seasonal produce（当地当季食材），并未出现 unprocessed/raw/whole 之类强调"未加工"的语义；Unprocessed ingredients 是凭健康饮食的常识印象生造的特征。

49. What do people in most healthy eating cultures have in common?

- A) They get the whole family to eat at a table.
- B) They eat their meals regularly and punctually.
- C) They consume plenty of cereal for breakfast.
- D) They attach great importance to their meals.

大多数健康饮食文化中的人们有什么共同点？

- A) 他们让全家人在餐桌旁用餐。
- B) 他们定时定点地进餐。
- C) 他们早餐食用大量谷物。
- D) 他们非常重视用餐。

【答案】 D （细节题）

【判型】 题干 What do people in most healthy eating cultures have in common? 直问"共同之处"，不含推断信号词，只要找原文的归纳句即可。

【拆句】 题干 What do people in most healthy eating cultures have in common?: what 作 have 的宾语前置，主语是 people in most healthy eating cultures; have...in common 是固定搭配"有共同点"，结构无陷阱。

【定位】 Most other healthy eating cultures also make meals an event—say, multiple courses around the family table, or a glass or two of red wine at a long lunch—as opposed to hastily wolfing down handfuls of cereal above the kitchen sink and calling it dinner.

大多数其他健康饮食文化都把吃饭当作一件"大事"——例如全家围桌吃几道菜，或者午餐时悠悠喝上一两杯红酒——而不是匆匆抓把麦片站在水槽边解决一顿。

【选项】 A) 以偏概全

get the whole family to eat at a table 只对应 multiple courses around the family table 这一个例子，没覆盖另一例 a glass or two of red wine at a long lunch，更没覆盖"重视用餐"这个主旨；以一个例子冒充整段共性。

B) 无中生有

原文 P5 只说 long lunch（漫长的午餐），完全没有 regularly/punctually/on time 这类"规律/守时"的语义；选项 eat their meals regularly and punctually 在原文里无对应。

C) 与原文相反

原文中 handfuls of cereal above the kitchen sink 是用来作"反例"的——讽刺美国人草率吃法的——而选项 consume plenty of cereal for breakfast 反而把这条反例当成健康文化的优点，方向南辕北辙。

D) ✓ 正确

make meals an event ↔ attach great importance to their meals

预判核心"重视用餐"与 attach great importance to their meals 字字对应；同时这一表达覆盖了原文后面三个例证（围桌、几道菜、长午餐），是所有例证背后的统一主旨。

50. Compared with the average American, people in healthy societies _____.

- A) walk at least 4 miles a day
- B) do considerably more walking
- C) pay more attention to body shape
- D) consume a lot more organic food

与普通美国人相比,健康社会中的人们_____。

A) 每天至少步行4英里 B) 步行明显更多 C) 更注重体型 D) 食用多得多的有机食品

【答案】 B (细节题)

【判型】 题干 Compared with the average American, people in healthy societies _____. 是补全句、内容来自原文的事实性对比陈述，不要求做推断，按细节题走。

【拆句】 题干 Compared with the average American, people in healthy societies _____. 是不完整陈述句：Compared with the average American 是过去分词短语作状语，逻辑主语是后面的 people in healthy societies；选项是句子谓语的延续，需保证主谓搭配自然。

【定位】 The only overlapping feature in most of these healthy countries is that they all walk way more than the average American.

这些健康国家唯一的共同特征是：他们走路都远远多于普通美国人。

【选项】 A) 偷换概念

原文 if someone's walking four miles more than you each day 中的 four miles 是 Pasternak 的进一步举例性数字，且是"多走 4 英里"（每天比对方多 4 英里），不是"至少走 4 英里"；选项 walk at least 4 miles a day 把"多走的差值"偷换成"日行的总数"，并加了原文没有的 at least。

B) ✓ 正确

walk way more than the average American ↔ **do considerably more walking**

预判核心"走路远多于美国人"被 do considerably more walking 完整保留——比较级 more、程度副词 considerably (= 原文 way)、活动 walking，三层信息——对应。

C) 偷换概念

原文 they're going to be a lot thinner 是"会瘦很多"——这是走路多带来的结果，不是健康社会的人"在意身材"这一主观倾向；选项 pay more attention to body shape 是把客观结果错读成主观态度。

D) 无中生有

整篇文章谈份量、海藻、五色、当地当季食材、用餐重视度、走路——通篇没出现 organic (有机的) 这个词；选项 consume a lot more organic food 在原文中完全无对应。

Pasternak also came away with some valuable observations about how different the North American way of life was, compared with many other countries.

第2段，第2句

本句包含主谓宾、介词短语状语、宾语从句、分词短语状语等多种成分，且宾语从句使用 how 引导的特殊结构，语序调整后容易混淆主语和表语。适合训练介词短语内嵌从句的识别，以及特殊疑问词引导从句时的成分划分。

For example, a traditional Mediterranean diet includes fruits, vegetables, whole grains, nuts and olive oil as the main components of nutritional intake.

第4段，第1句

本句包含主语、谓语、宾语、宾语补足语四种核心成分，且宾语部分有较长的并列结构，适合练习识别并列成分和宾补。但整体成分种类不够丰富，缺少定语从句、状语从句等常见易错点。

Fish, chicken and red wine make moderate appearances, while red meat, salt and sugar are used much less often.

第4段，第2句

while 引导对比状语从句在考试中较为常见，主句与从句对照的结构也是典型考点。被动语态的使用符合四六级常见句式。但整体结构较简单，缺少长难句的层次感，典型性中等。

But Pasternak did take note of one unifying factor in all of the healthy societies he observed.

第6段，第2句

主句加限制性定语从句的组合是四六级和考研阅读中的高频句式，宾语后接长修饰成分(介词短语加定语从句)的结构非常典型。关系代词省略也是常考点。did 强调结构虽不如其它特征常见，但整体句式代表性强，学会后可迁移到大量类似长难句。

"The only overlapping feature in most of these healthy countries is that they all walk way more than the average American," said Pasternak, "So really, regardless of what you're eating, if someone's walking four miles more than you each day, they're going to be a lot thinner and live a lot longer than you."

第6段，第3句

这种“直接引语 + 专家点评 + 逻辑推导”的结构在四六级和外刊阅读中极为常见，具有极高的复用价值。

What is typical of Americans in the way of eating?

第47题 题干

特殊疑问句中 What 作主语且后接系表结构是常见句型，类似的提问方式（What is + 形容词/名词 + 介词短语）在四六级阅读和写作中频繁出现，具有较高的典型性和复用价值。

They tend to eat quite a lot.

第47题, B

简单句结构在考试中很常见, 但本句过于简短且不涉及任何从句或特殊结构, 作为典型句式的代表性一般。

They attach great importance to their meals.

第49题, D

"attach importance to" 是四六级和考研阅读中常见的固定搭配, 句式本身 (主谓宾 + 后置定语) 也属于基础常考结构, 具有一定代表性, 但整体复杂度偏低, 不如含从句或特殊句式的句子更具典型性。

Part III Section C (2)

Directions: There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.

Passage Two

Questions 51 to 55 are based on the following passage.

P1 Recognizing when a friend or colleague feels sad, angry or surprised is key to getting along with others. But a new study suggests that being sensitive to people's feelings may sometimes come with an extra dose of stress. This and other research challenge the prevailing view that emotional intelligence is uniformly beneficial to its bearer.

识别朋友或同事何时感到悲伤、愤怒或惊讶是与他人相处的关键。但一项新研究表明，对他人情感的敏感有时可能伴随着额外的压力。这项研究和其他研究挑战了情商对其拥有者始终有益的普遍观点。

P2 In a study, psychologist Myriam Bechtoldt of the Frankfurt School of Finance and Management in Germany asked 166 male university students a series of questions to measure their emotional intelligence. For example, they showed the students photographs of people's faces and asked them to what extent feelings such as happiness or disgust were being expressed. The students then had to give job talks in front of judges who displayed serious facial expressions. The scientists measured concentrations of stress hormones in the students' saliva(唾液) before and after the talk.

在一项研究中，德国法兰克福财经管理学院的心理学家Myriam Bechtoldt向166名男性大学生提出了一系列问题来测量他们的情商。例如，他们向学生展示人脸照片，并询问他们这些照片在多大程度上表达了快乐或厌恶等情感。然后学生们必须在表情严肃的评委面前进行求职演讲。科学家们测量了学生唾液中压力激素在演讲前后的浓度。

P3 In students who were rated more emotionally intelligent, the stress measures increased more during the experiment and took longer to go back to baseline. The findings suggest that some people

may be too emotionally clever for their own good, says Bechtoldt. "Sometimes you can be so good at something that it causes trouble," she notes.

在被评为情商较高的学生中,压力指标在实验期间增加得更多,恢复到基线水平所需的时间也更长。

Bechtoldt说,研究表明,有些人可能在情感方面过于聪明,反而对自己不利。她指出:"有时你可能在某方面太擅长了,以至于它会带来麻烦。"

P4 Indeed, the study adds to previous research hinting at a dark side of emotional intelligence. A study published in 2002 in Personality and Individual Differences suggested that emotionally perceptive people might be particularly influenced by feelings of depression and hopelessness. Furthermore, several studies have implied that emotional intelligence can be used to manipulate others for personal gains.

事实上,这项研究为先前暗示情商阴暗面的研究增添了新证据。2002年发表在《个性与个体差异》上的一项研究表明,情感感知力强的人可能特别容易受到抑郁和绝望情绪的影响。此外,多项研究表明,情商可以被用来操纵他人以获取个人利益。

P5 More research is needed to see how exactly the relation between emotional intelligence and stress would play out in women and in people of different ages and education levels. Nevertheless, emotional intelligence is a useful skill to have, as long as you learn to also properly cope with emotions—both others' and your own, says Bechtoldt. For example, some sensitive individuals may assume responsibility for other people's sadness or anger, which ultimately stresses them out. Remember, as Bechtoldt says, "you are not responsible for how other people feel."

需要更多研究来了解情商与压力之间的关系如何在女性以及不同年龄和教育水平的人群中发挥作用。尽管如此,Bechtoldt说,情商是一项有用的技能,只要你也学会正确应对情绪——无论是他人的还是你自己的。例如,一些敏感的人可能会为他人的悲伤或愤怒承担责任,这最终会给他们带来压力。记住,正如Bechtoldt所说,"你不必为他人的感受负责。"

题目与逐题解析

51. What is the finding of the new study?

- A) Emotional intelligence helps people get along with others.
- B) Emotional intelligence is generally beneficial to its bearer.
- C) People who are aware of others' feelings may experience more stress.
- D) People who are emotionally stressed may have trouble making friends.

这项新研究的发现是什么?

- A) 情商帮助人们与他人相处。 B) 情商通常对其拥有者有益。
- C) 能觉察他人感受的人可能承受更多压力。 D) 情绪紧张的人可能难以交友。

【答案】 C (细节题)

【判型】 What is the finding of the new study?直接问研究的发现,没有 infer/imply/suggest 等推断信号词,答案应能在原文中找到客观对应。

【拆句】 Q51是一个简单 What is + 主语 + of 短语的疑问句,主干是the finding of the new study, of 引导的介宾短语限定 finding 的归属,无从句、无否定,结构平铺直叙,无陷阱。

【定位】 But a new study suggests that being sensitive to people's feelings may sometimes come with an extra dose of stress.

但一项新研究指出，对他人情绪敏感，有时会带来额外的压力。

【选项】 A) 答非所问

Emotional intelligence helps people get along with others.说的是「情商有助于与人相处」，这是Recognizing when a friend or colleague feels sad, angry or surprised is key to getting along with others.这句旧常识，而不是题干问的the new study的发现。

B) 与原文相反

Emotional intelligence is generally beneficial to its bearer.恰恰是新研究要challenge的主流观点，原文用This and other research challenge the prevailing view that emotional intelligence is uniformly beneficial to its bearer.明确反对它，把它当 finding 是把靶子当结论。

C) ✓ 正确

being sensitive to people's feelings ↔ **People who are aware of others' feelings**
come with an extra dose of stress ↔ **may experience more stress**

预判的「敏锐感知他人情绪的人会承受更多压力」与People who are aware of others' feelings may experience more stress.从主语到谓语完全对应，且程度词 sometimes 与 may 等值，无超译。

D) 无中生有

People who are emotionally stressed may have trouble making friends.说的是「情绪压力大→交不到朋友」——原文谈的方向恰好相反：「敏锐感知情绪→压力更大」，且原文根本没提「交不到朋友」。

52. What was the purpose of psychologist Myriam Bechtoldt's experiment?

- A) To define different types of human feelings.
- B) To assess the impacts of being emotionally clever.
- C) To demonstrate how to distinguish different feelings.
- D) To identify gender differences in emotional intelligence.

心理学家Myriam Bechtoldt实验的目的是什么？

- A) 定义不同类型的人类情感。
- B) 评估情感敏锐的影响。
- C) 演示如何区分不同的情感。
- D) 识别情商方面的性别差异。

【答案】 B (细节题)

【判型】 What was the purpose of psychologist Myriam Bechtoldt's experiment?问的是实验目的，是可在原文中找到客观依据的事实信息，不是推断或主旨。

【拆句】 Q52主干是What was the purpose ... experiment?, of 后面跟一长串名词同位修饰psychologist Myriam Bechtoldt's experiment, 结构是简单的 What + be + 主语，没有从句和否定，无陷阱。

【定位】 In a study, psychologist Myriam Bechtoldt of the Frankfurt School of Finance and Management in Germany asked 166 male university students a series of questions to measure their emotional intelligence.

在一项研究中，德国法兰克福金融与管理学院的心理学家 Myriam Bechtoldt 向 166 名男大学生提了一系列问题，以测量他们的情商。

【选项】 A) 偷换概念

To define different types of human feelings.意为「定义不同类型的人类情绪」，但原文they showed the students photographs of people's faces and asked them to what extent feelings such as happiness or disgust were being expressed.中「看脸辨情绪」是测量情商的手段细节，不是研究目的。

B) ✓ 正确

to measure their emotional intelligence ↔ **To assess the impacts of being emotionally clever**

The findings suggest that some people may be too emotionally clever for their own good ↔

the impacts of being emotionally clever

定位句给出的是研究手段（测量情商加测压力激素），而P1与P3共同指明，这一手段服务于「评估情商高带来的影响」这一目的，与B完全对应。

C) 无中生有

To demonstrate how to distinguish different feelings.意为「演示如何区分不同情绪」，但实验是测量学生情商，不是教学生区分情绪；原文没有 demonstrate / teach 类动词。

D) 无中生有

To identify gender differences in emotional intelligence.说研究目的是识别性别差异，但实验对象是166 male university students——全是男生，根本没设性别对照；末段还提到More research is needed to see how exactly the relation between emotional intelligence and stress would play out in women——女性差异是「待研究」，不是本研究的目的。

53. What does the finding of Myriam Bechtoldt's study indicate?

- A) Greater emotional cleverness means less trouble in one's life.
- B) Emotional intelligence helps people succeed in job interviews.
- C) People's psychological wellbeing is related to various factors.
- D) People may suffer from having a high emotional intelligence

Myriam Bechtoldt的研究发现表明了什么？

- A) 情感敏锐度越高意味着生活中的麻烦越少。
- B) 情商帮助人们在求职面试中取得成功。
- C) 人们的心理健康与多种因素有关。
- D) 人们可能因拥有高情商而遭受痛苦。

【答案】 D （细节题）

【判型】 What does the finding of Myriam Bechtoldt's study indicate?问的是研究结果所「表明」的内容，原文有研究者亲口下的结论句作为依据，仍属细节题，不需要超出原文做推断。

【拆句】 Q53结构是 What does + 主语 + indicate? 主语the finding of Myriam Bechtoldt's study由 of 介宾限定，全句是简单宾语从句式提问，无否定无比较，无陷阱。

【定位】 The findings suggest that some people may be too emotionally clever for their own good, says Bechtoldt.

研究者 Bechtoldt 说，研究结果表明，有些人的情商可能高过头反害了自己。

【选项】 A) 与原文相反

Greater emotional cleverness means less trouble in one's life.说情商越高麻烦越少，与原文Sometimes you can be so good at something that it causes trouble完全相反。

B) 无中生有

Emotional intelligence helps people succeed in job interviews.说情商帮人在求职面试中成功——但原文里give job talks in front of judges只是实验任务场景（求职演讲），原文从未说情商高能让人面试成功；恰恰相反，情商高的人压力更大。

C) 答非所问

People's psychological wellbeing is related to various factors.「心理健康与多种因素有关」在常识上无可指摘，但原文研究只讲情商与压力的关系，没有讨论「多种因素」，是模糊化的万能选项。

D) ✓ 正确

some people may be too emotionally clever for their own good ↔

People may suffer from having a high emotional intelligence

Sometimes you can be so good at something that it causes trouble ↔

suffer from having a high emotional intelligence

预判「情商高反受其害」与People may suffer from having a high emotional intelligence在主语、谓语、宾语三层完全咬合，且都保留 may 的不确定语气，是定位句的标准同义改写。

54. What do we learn about emotional intelligence from a number of studies?

- A) People suffering from depression are emotionally immature.
- B) People who look at the dark side of life often feel depressed.
- C) Some people may take advantage of it and benefit themselves.
- D) Some people may lack it and are easily manipulated by others.

从许多研究中我们对情商了解到什么？

- a) 患有抑郁症的人在情感上不成熟。 b) 看待生活消极面的人往往感到抑郁。
- c) 有些人可能利用它并使自己受益。 d) 有些人可能缺乏它并容易被他人操纵。

【答案】 C (细节题)

【判型】 What do we learn about emotional intelligence from a number of studies?问的是「从多项研究我们得知什么」，对应原文综述段的事实罗列，不是推断或主旨。

【拆句】 Q54主干是 What do we learn? 后接 about + 话题 + from + 来源两个介宾短语限定 learn 的范围；about 限定话题、from 限定信息来源，两个限定都不能丢，结构清晰、无陷阱。

【定位】 Furthermore, several studies have implied that emotional intelligence can be used to manipulate others for personal gains.

此外，多项研究还暗示，情商可被用来操纵他人以谋取私利。

【选项】 A) 张冠李戴

People suffering from depression are emotionally immature.说抑郁者情绪不成熟——但原文emotionally perceptive people might be particularly influenced by feelings of depression and hopelessness说的是「情绪敏锐者更易受抑郁影响」，主语和因果都被改了。

B) 偷换概念

People who look at the dark side of life often feel depressed.说「看人生消极面的人常抑郁」——这是日常常识，但原文谈的是「情绪敏锐者易受抑郁情绪影响」，主语错配、因果也错。

C) ✓ 正确

emotional intelligence can be used to manipulate others for personal gains ↔

Some people may take advantage of it and benefit themselves

预判的「情商可被用来操纵他人谋私」与Some people may take advantage of it and benefit themselves在主语、动词短语、目的三段完全对位，且 may 与 can 都是表「可能性」的弱情态，无超译。

D) 与原文相反

Some people may lack it and are easily manipulated by others.说「有些人缺乏情商，因此易被他人操纵」——但原文谈的是「情商高的人可以操纵别人」，而不是「缺情商的人被人操纵」，施事与受事正好反过来。

55. What does the author suggest sensitive individuals do?

- A) Avoid burdening themselves with others' feelings.
- B) Rid themselves of worries over worldly affairs.
- C) Learn to cope with people's negative feelings.
- D) Help people to deal with their troubles in life.

作者建议敏感的人做什么？

- A) 避免让自己承担他人的感受。 B) 摆脱对世俗事务的担忧。 C) 学会应对人们的负面情绪。
- D) 帮助人们处理生活中的烦恼。

【答案】 **A** (细节题)

【判型】 What does the author suggest sensitive individuals do?问作者给敏感者的具体建议，原文应有明示的建议句作为依据。

【拆句】 Q55是 What does + 主语 + suggest + 宾语从句的疑问句；宾语从句省略 that，形式为 sensitive individuals do——主语 sensitive individuals + 动词原形 do，是 suggest sb. (should) do 的虚拟语气省略式，do 表「做（什么）」，对应选项里的动词短语。

【定位】 For example, some sensitive individuals may assume responsibility for other people's sadness or anger, which ultimately stresses them out. Remember, as Bechtoldt says, "you are not responsible for how other people feel."

举例来说，一些敏感的人可能会替别人的悲伤或愤怒揽责任，结果反而把自己压垮。记住 Bechtoldt 的话：你不必为别人的感受负责。

【选项】 **A) ✓ 正确**

you are not responsible for how other people feel ↔

Avoid burdening themselves with others' feelings

some sensitive individuals may assume responsibility for other people's sadness or anger, which ultimately stresses them out

↔ **burdening themselves with others' feelings**

预判的「别替别人的情绪扛锅」与 Avoid burdening themselves with others' feelings 在动词、宾语、隐含主语三层完全对位，且都保留「避免、不要」的建议口吻。

B) 无中生有

Rid themselves of worries over worldly affairs.说「摆脱对世俗琐事的忧虑」——但原文谈的是「别人的情绪」，不是「世俗琐事」；worldly affairs 在原文完全没有对应。

C) 偷换概念

Learn to cope with people's negative feelings.建议敏感者去「应对他人的负面情绪」——但原文 you are not responsible for how other people feel 给的建议恰恰相反：「不必为别人感受负责」，根本不主张主动去处理别人的情绪。要注意原文确实有 learn to also properly cope with emotions—both others' and your own，但那是给所有人的总建议、且强调「包括自己的」；针对 sensitive individuals 的针对性建议是 not responsible 这一句。

D) 与原文相反

Help people to deal with their troubles in life.建议敏感者去「帮别人解决生活中的麻烦」——这与作者的建议方向完全相反，作者明示 you are not responsible for how other people feel。

第2段，第2句

本句覆盖并列谓语、双宾语结构（两次）、宾语从句、插入语状语、介词短语定语等多种成分，且宾语从句内部包含被动语态和程度状语，成分种类丰富。双宾语结构和宾语从句的识别是常见易错点，训练价值较高。

"Sometimes you can be so good at something that it causes trouble," she notes.

第3段，第3句

本句包含引述动词 + 宾语从句、so...that 结果状语从句、主系表结构等高频考点句式，是四六级和考研英语阅读中常见的复合句类型，典型性很高，掌握后可广泛迁移。

Indeed, the study adds to previous research hinting at a dark side of emotional intelligence.

第4段，第1句

简单句中包含副词强调 + 不及物动词 + 介词短语状语 + 现在分词作后置定语，这种结构在学术写作和四六级阅读中较为常见。学会分析此类句子（特别是识别不及物动词的介词搭配和分词定语）有一定迁移价值，但不如含从句的复杂句式那么典型。

Furthermore, several studies have implied that emotional intelligence can be used to manipulate others for personal gains.

第4段，第3句

主句带宾语从句的结构在四六级和考研英语阅读中非常常见，特别是“研究表明/暗示/显示 + that 从句”这类学术表达是典型的议论文句式。从句内的情态被动语态“can be used to do”也是高频结构。掌握本句可以迁移到大量类似的学术陈述句。

Nevertheless, emotional intelligence is a useful skill to have, as long as you learn to also properly cope with emotions—both others' and your own, says Bechtoldt.

第5段，第2句

本句包含条件状语从句，这是四六级和考研阅读中常见的句式。主句使用主系表结构，从句使用主谓宾结构，都是典型的基础句型。句首副词 "Nevertheless" 和句末插入语 "says Bechtoldt" 也是学术或正式文体中常见的表达方式。整体结构具有一定的代表性，但并非特别复杂或高频的难点句式，典型性中等偏上。

Remember, as Bechtoldt says, "you are not responsible for how other people feel."

第5段，第4句

祈使句 + 引述插入语 + 宾语从句是英语演讲、写作中常见的劝说或强调句式，宾语从句嵌套也是四六级和考研阅读中的高频结构，掌握后可迁移到大量类似句子，典型性较高

Emotional intelligence is generally beneficial to its bearer.

第51题，B

主系表结构是英语基本句型之一，在真题中常见，但本句过于简单、没有从句或修饰语的复杂嵌套，无法代表真题中常考的复杂句式，典型性一般。

People who are aware of others' feelings may experience more stress.

第51题，C

主句主语后置定语从句是四六级和考研阅读中的高频句式，限制性定语从句用于限定名词范围的用法极为常见。情态动词 "may" 表推测也是典型考点。本句结构简洁规范，是 "名词 + 定语从句 + 情态动词谓语 + 宾语" 这一经典模式的标准范例，掌握后可广泛迁移到其他类似句子的理解中。

Some people may take advantage of it and benefit themselves.

第54题，C

情态动词 "may" 加并列动词原形的结构在四六级和考研真题中较为常见，代表了情态动词的基本用法和并列谓语的典型形式。固定搭配 "take advantage of" 也是高频表达。整体结构具有一定代表性，掌握后可在类似句式中复用。

PASSAGE & TRANSLATION • 题和解析

汉译英真题、参考译文与逐句解析

本页整篇参考英译与逐句解析由懒笔记基于2022年12月·第1套 英语四级汉译英（段落翻译）原卷题干译审整理。与试卷排版同一卷面：Directions 与一整段中文原文连续排印——整段连排、无段落标记无题号，把它切成一句句翻译单元本身就是解题动作。卷面之后先给整篇参考英译定稿，再按自切句序逐句拆分：定英文主干、降级修饰成分、逐项落实语法点、句内定稿英译，答案直显。

真题卷第1套(2022-12) • 四级

Part IV

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English. You should write your answer on **Answer Sheet 2**.

在中国农历中，立秋 (Start of Autumn)意味着夏天的结束和秋天的开始。立秋带来的首先是天气的变化，气温逐渐下降。人们看到树叶开始变黄飘落时，知道秋天已经来临，这就是所谓的"一叶知秋"。但此时酷热的天气并未完全结束，高温通常还会持续一段时间，被称为"秋老虎"。立秋对农民意义重大，这时各种秋季作物迅速生长、开始成熟，收获的季节即将到来。

参考译文

整篇参考英译是复盘资产，考卷上只印中文原文——四六级 Part IV 翻译按整篇「表达通顺连贯、用词准确、语法正确」四档评分。

In the Chinese lunar calendar, the Start of Autumn marks the end of summer and the beginning of autumn. It first brings a change in the weather, as temperatures gradually drop. When people see the leaves begin to turn yellow and fall, they know that autumn has arrived; this is the so-called principle that "one falling leaf heralds the coming of autumn." However, the hot weather has not completely ended at this time; high temperatures usually continue for a while, a period known as the "Autumn Tiger." The Start of Autumn is of great significance to farmers, as various autumn crops grow rapidly and begin to ripen at this time, and the harvest season is approaching.

【衔接】句1到句2：避免重复主语

第一句主语已是 the Start of Autumn，第二句中文又以"立秋"开头。整篇里若每句都重复 the Start of Autumn 会显啰嗦，可让第二句改用代词 It 承接：It first brings a change in the weather，读起来更连贯。

句3到句4：补转折显逻辑

第三句讲"叶落知秋"，第四句 但此时酷热的天气并未完全结束 是明显转折。中文的"但"必须在英文里显化成 However 放句首，否则两句逻辑断裂，读者会觉得"既然秋天来了怎么又说酷热没结束"。

句4内部：用上下文兜住秋老虎

the "Autumn Tiger" 对英文读者是陌生意象，靠紧邻的 high temperatures usually continue 把"它指的是持续高温"这层意思兜住，known as 紧贴其后，读者就能从语境理解，无需另加长注解。

逐句解析

一整段连排中文、无段落标记无题号——把它切成一句句翻译单元本身就是解题动作，句前 N. 为逐句解析自切的句序号（非考卷题号），与卷面中文逐字对应。

【主旨】客观介绍节气立秋

全篇围绕中国农历节气"立秋"展开，介绍它的含义、带来的天气变化以及对农事的意义，属于典型的中国文化/常识介绍类语体。开篇 在中国农历中，立秋(Start of Autumn)意味着夏天的结束和秋天的开始 就是下定义、陈述客观事实的口吻，没有讲一个发生在过去的故事，因此全篇基调是客观陈述当前的普遍事实。

【时态】一般现在时

全篇是在客观介绍立秋这个节气"通常是什么、会发生什么"的恒常规律,而非叙述某一次过去的事件。立秋带来的首先是天气的变化，气温逐渐下降 说的是每年立秋都成立的普遍现象,这类"客观事实/普遍规律"在英文里默认用一般现在时。

【译法】立秋

立秋(Start of Autumn) 的英文译法原文已给出，直接沿用 Start of Autumn，首次出现时用括号补出原中文/拼音不必，但全篇必须只用这一种译法，不要一会儿写 Beginning of Autumn、一会儿写 Start of Autumn。

中国农历

在中国农历中的"农历"是文化负载词，统一译为 the Chinese lunar calendar（约定俗成译名），不要写成 the Chinese calendar 或 the agricultural calendar 以免歧义。

一叶知秋

一叶知秋 是成语，没有现成对应英文，采取"直译 + 点明含义"：one falling leaf heralds the coming of autumn，或保留为带引号的意译短语。全篇此处仅出现一次，重在把"看到一片叶子就知道秋天到了"的意思译清楚。

秋老虎

秋老虎 是中国民俗说法，指立秋后短期回热的高温天气。采取"直译加引号"的处理：the "Autumn Tiger"，并靠前文的"高温持续"把含义带出，让英文读者能从上下文理解，而不是孤零零冒出一个 tiger。

1. 在中国农历中，立秋(Start of Autumn)意味着夏天的结束和秋天的开始。

【主干】 **立秋意味着结束与开始** (主语策略：原句主语)

中文主语很明确就是"立秋"，谓语核心动词是 意味着，宾语是"夏天的结束和秋天的开始"。英文主干立成 Start of Autumn marks the end of summer and the beginning of autumn。开头 在中国农历中 是状语，不进主干。

【降级】 **状语前置 + 名词化宾语**

在中国农历中 降级成介词短语 In the Chinese lunar calendar 放句首作状语；"夏天的结束和秋天的开始"用 the end of summer and the beginning of autumn 两个并列名词短语作宾语，比硬译成从句更简洁地道。

【语法】 **时态**

回指全篇基调，用一般现在时 marks，因为这是在陈述立秋恒常的含义。

主谓一致

主语 Start of Autumn 视作单数概念，谓语用第三人称单数 marks，不要写成 mark。

冠词

特指中国的这一部农历，用定冠词 the Chinese lunar calendar；the end of summer / the beginning of autumn 中的 summer、autumn 表季节泛指，前面不加冠词。

【译文】 **In the Chinese lunar calendar, the Start of Autumn marks the end of summer and the beginning of autumn.**

2. 立秋带来的首先是天气的变化，气温逐渐下降。

【主干】 **立秋首先带来天气变化** (主语策略：原句主语)

把 立秋带来的首先是天气的变化 理顺成"立秋首先带来天气的变化"，主语是"立秋"，谓语"带来"用 brings，宾语"天气的变化"用 a change in the weather。后半句"气温逐渐下降"另立一个小主干"气温"+"下降"。

【降级】 **副词 first 点序 + 分号承接说明**

"首先"译成副词 first 嵌进主干 first brings；"气温逐渐下降" 气温逐渐下降 是对"天气变化"的具体说明，可用分号或破折号连接，写成独立小句 temperatures gradually drop，避免硬用 and 平铺成松散流水句。

【语法】 **时态**

仍是普遍现象，回指基调用一般现在时 brings、drop。

单复数

"气温"指总体气温水平的逐渐变化，英文习惯用复数 temperatures (与 drop 搭配)，不要写成 the temperature is dropping 那样具体某一刻。

冠词

"天气的变化"译 a change in the weather: change 可数、此处泛指一种变化用不定冠词 a；weather 特指当下的天气状况，习惯搭 the weather。

【译文】 **The Start of Autumn first brings a change in the weather; temperatures gradually drop.**

3. 人们看到树叶开始变黄飘落时，知道秋天已经来临，这就是所谓的"一叶知秋"。

【主干】 人们看到便知秋至（主语策略：原句主语）

主干取 人们.....知道秋天已经来临：主语 people，谓语 know，宾语是一个 that 从句 that autumn has arrived。开头"看到树叶变黄飘落时"是时间状语，结尾"这就是所谓的一叶知秋"另立一句点明成语。

【降级】 When 状语从句 + that 宾语从句 + 独立点题句

"看到树叶开始变黄飘落时"降级成 When 引导的时间状语从句 When people see the leaves begin to turn yellow and fall；"秋天已经来临"作 know 的宾语从句 that autumn has arrived；最后 这就是所谓的"一叶知秋" 单独成句 this is what is called...，把成语点出来。

【语法】 时态

主句与 When 从句都是普遍现象，用一般现在时 see、know；但"已经来临"强调"到说话时已经到了"，用现在完成时 has arrived，这是回指基调时"确有需要才偏离"的典型一处。

单复数

"树叶"不止一片，用复数 the leaves；与之搭配的动词 begin、turn、fall 都用复数形式。

动词搭配

"开始变黄飘落"译 begin to turn yellow and fall：turn + 形容词表"变成某颜色"；see somebody/something do 是感官动词接动词原形结构（the leaves begin）。

【译文】 When people see the leaves begin to turn yellow and fall, they know that autumn has arrived; this is the so-called principle that "one falling leaf heralds the coming of autumn."

4. 但此时酷热的天气并未完全结束，高温通常还会持续一段时间，被称为"秋老虎"。

【主干】 酷热未尽高温续（主语策略：原句主语）

本句含两个小主干：前半 此时酷热的天气并未完全结束，主语 the hot weather，谓语 has not ended；后半 高温通常还会持续一段时间，主语 high temperatures，谓语 continue / last。"被称为秋老虎"是对"高温持续"现象的命名，降级处理。

【降级】 转折词 However 起句 + 过去分词命名定语

句首"但"译成 However 起转折；"被称为秋老虎" 被称为"秋老虎" 降级成过去分词短语 known as the "Autumn Tiger" 作后置定语，挂在"高温持续"这一现象之后，避免再起一个被动句。

【语法】 时态语态

"并未完全结束"强调"到现在还没结束"，用现在完成时否定 has not completely ended；"通常还会持续"是普遍规律，回基调用一般现在时 usually continue。

单复数主谓一致

the hot weather 不可数作单数，配 has；high temperatures 用复数表整体高温，配复数动词 continue。两处主谓单复数各自对齐，别混。

含蓄否定

"并未完全结束"是部分否定，用 has not completely ended（not + completely）准确传达"还没彻底结束"，不要漏译"完全"而写成 has not ended（语气过强）。

【译文】 However, the hot weather has not completely ended at this time; high temperatures usually continue for a while, known as the "Autumn Tiger."

5. 立秋对农民意义重大，这时各种秋季作物迅速生长、开始成熟，收获的季节即将到来。

【主干】 立秋对农民很重要（主语策略：原句主语）

主干取 立秋对农民意义重大：主语 the Start of Autumn，系动词 is，表语 of great significance to farmers（或 very important to farmers）。后面“各种秋季作物迅速生长成熟”“收获季即将到来”是对“为何重大”的展开，另组小句。

【降级】 as 状语从句 + 并列谓语 + 收束小句

“这时各种秋季作物迅速生长、开始成熟” 各种秋季作物迅速生长、开始成熟“生长”“开始成熟”两个动作并列谓语 grow rapidly and begin to ripen；整句作 as / when 引导的原因状语从句说明“为何重大”；收获的季节即将到来 用 the harvest season is approaching 收尾。

【语法】 时态

全句陈述每年立秋的普遍意义，回基调用一般现在时 is、grow、begin；“即将到来”用 is approaching（现在进行表临近的将来）或 is coming，自然贴切。

单复数

“各种秋季作物”种类不止一种，用复数 various autumn crops，配复数动词 grow、begin；“农民”泛指这一群体，用复数 farmers。

介词搭配

“对农民意义重大”用 of great significance to farmers / important to farmers——“对（某人）重要”固定搭 to，不要写成 for 或 of。

【译文】 The Start of Autumn is of great significance to farmers, as various autumn crops grow rapidly and begin to ripen at this time, and the harvest season is approaching.
