Section C

本部分与 2022年6月第1套 共用，[点此查看](#)

Part III Reading Comprehension (40 minutes)

Section A

Directions: In this section, there is a passage with ten blanks. You are required to select one word for each blank from a list of choices given in a word bank following the passage. Read the passage through carefully before making your choices. Each choice in the bank is identified by a letter. Please mark the corresponding letter for each item on **Answer Sheet 2** with a single line through the centre. You may not use any of the words in the bank more than once.

If you've ever looked at the ingredients list while grocery shopping, chances are you've seen the term "natural flavors". But have you taken a 26 to consider what these natural flavors actually are?

Most of us might think that "natural flavors" are, well, naturally good for us. A recent study in the journal *Appetite* found that when the word "natural" appears on packaging, people 27 that the food within is indeed healthier. In truth, natural flavors do not 28 much, at least chemically speaking, from their flavor-boosting 29 : artificial flavors. Both can be made in a lab by trained flavorists, but artificial flavors use chemicals to give a product a 30 smell or taste.

Natural flavors come from plant or animal 31 , like fruit, vegetable, meat, fish or milk that is then processed or refined in some way. In short, natural flavors are 32 from plants and animals to create specific flavors for processed foods. But that does not 33 make it easier to tell what is really in your food. Because the Food and Drug Administration (FDA) has not 34 the term, companies can use it to refer to pretty much anything derived from a plant or animal. And natural flavors can also include a variety of chemical additives, such as preservatives. The FDA doesn't require companies to reveal what additional chemicals a specific item 35 .

So if you want to know for certain what you're getting with your groceries, you might want to stick to the farmer's market.

| H) extracted | |

Section B

Directions: In this section, you are going to read a passage with ten statements attached to it. Each statement contains information given in one of the paragraphs. Identify the paragraph from which the information is derived. You may choose a paragraph more than once. Each paragraph is marked with a letter. Answer the questions by marking the corresponding letter on **Answer Sheet 2**.

Fake holiday villa websites prompt warning

- A) During the British winter, the thought of two weeks in a coastal villa(别墅) with soul-stirring views of the sea and a huge pool to enjoy is enough to offset(抵消) the labor until the holidays start. For a growing number of people, however, their yearly break is turning into a nightmare as they find that the property they have paid thousands for does not exist and the website through which they booked it has disappeared.
- B) Consumers have been warned to be aware of the potential for deception in this market, which is far from uncommon. In 2017 there were 1,632 cases of reported "villa fraud(诈骗)", with victims losing an average of £2,052, according to Action Fraud, the national center for reporting such frauds. "Millions of pounds are lost each year by defrauded holidaymakers," says Sean Tipton of the Association of British Travel Agents (ABTA).
- C) The problem has ballooned in the last 10 years, with frauds becoming more and more sophisticated. The fake websites have authentic-sounding names involving a mix of keywords, typically including the place name, "summer", "villas" or "rentals". Details of legitimate(合法的) villas are often stolen from other sites. "When the fraudsters first started it was unsophisticated—the websites looked amateur and there wasn't a lot of effort," says Tipton. "Now they are clever. They extensively rip off legitimate websites and use a different website name. They'll have pictures of a sales team and it might be a poor actor in New York that is down as their head of sales."
- D) Fraudsters target popular seaside destinations for British tourists visiting Spain where prices can soar if demand exceeds supply. Prices are kept within reasonable ranges to avoid arousing suspicion. "A villa might cost £5,000 elsewhere and they will offer it at say £3,500. But a bit of a giveaway is that the villa will be cheaper than on other websites and there's unlimited availability," says Tipton. Fraudsters also invest in pay-per-click advertising to feature at the top of search engines when people type in phrases such as "Spanish seaside villas".

- E) With such a degree of professionalism, how can consumers find out if the website they're looking to book with is trustworthy? "When people book holiday villas they are doing so through rose-colored glasses," says Tony Neate, chief executive of Get Safe Online, "They should be Googling the property, and looking on websites like Google Maps and StreetView to see if it's there. Also, speak to the person you're booking the villa with on a landline phone, as fraudsters tend to only use mobiles." He also suggests asking someone not going on the holiday to have a look at the website. "They might spot problems you don't spot." Another potential red flag is being asked to pay by bank transfer. "The problem is that when the money leaves your account it's in theirs straightaway and it's very hard to track it," says Barclays Bank head of digital safety, Jodie Gilbert. "We generally recommend other forms of payment, like credit card."
- F) Little seems to be known about these fraudsters, "There is no way to definitely know who they are," says Neate. "It could be anyone. It could be your next-door neighbor or organized crime in Russia." Action Fraud says people should ensure the company renting the villa is a member of a recognized trade body such as ABTA.
- G) "By working with industry partners such as ABTA and Get Safe Online, we are able to issue alerts about the latest threats they should be aware of. If you believe you have fallen victim to fraud or cyber-crime, please report it to Action Fraud," it adds. ABTA says it is trying to combat the issue by running public awareness campaigns. "It's a growing problem and people can't stop fraudsters being dishonest," says Tipton. "They're still going to do it. It's not impossible to stop but as it's internet-based it's harder to pursue."
- H) Nick Cooper, the founder and co-owner of villa booking company Villa Plus, estimates his company has uncovered more than 200 fake villa websites over the past two years, and doesn't believe enough is being done. "It is hopeless to report fake villa websites to the internet giants who host them," he says. "I found it impossible to speak to anyone. Also, once one bank account gets reported, they simply use another."
- I) For now the only way to stop fraudsters appears ultimately to lie in the hands of the consumer. "When people book their holidays they get so emotionally involved, and when they find that villa at a good price with availability in peak season, they are an easy target," says Cooper. "The public has to learn to be far more aware they are a target for these sort of frauds." But it's not just the financial cost. "A family will turn up at a villa and find out it doesn't exist or the owner doesn't know who you are," says Tipton. "The problem then is you have to find accommodation at short notice. It can be incredibly expensive but it's the emotional cost, too."
- J) Carla O'Shaughnessy from Sydenham was searching last year for a good deal to book a villa in Majorca for a summer break for the family. "I was comparing prices online and found one that came in a bit cheaper than others," says O'Shaughnessy. She emailed the company via its website, asking how far the villa was from the airport and about local restaurants. "They came back with believable answers; it was all very friendly and professional," she says. Happy with the responses, O'Shaughnessy paid the full amount of £ 3,000 via bank transfer into the travel agent's account and then forgot about it until a month before the booking.
- K) "I tried logging on to the website and couldn't," she recalls. "I Googled the agent's name and there were lots of complaints about him being a fraudster. If only I'd Googled before but I never thought of it." Although she found another villa in time for their holiday, she admits she was much more cautious. "I paid through a secure third-party site and had phone conversations with the agent. But I wasn't able to relax until we turned up and I had the keys."

36. Fraudsters often steal villa-booking information from authentic holiday websites.

37. Fraudsters keep changing their bank accounts to avoid being tracked.
38. It is suggested that people not going on the holiday might help detect website frauds.
39. More and more British holidaymakers find the seaside villas they booked online actually nonexistent.
40. By checking an agent's name online before booking a villa, holidaymakers can avoid falling into traps.
41. Fraudsters are difficult to identify, according to an online safety expert.
42. Holidaymakers have been alerted to the frequent occurrence of online villa-booking frauds.
43. It is holidaymakers that can protect themselves from falling victim to frauds.
44. Holidaymakers are advised not to make payments by bank transfer.
45. Fraudsters advertise their villas at reasonable prices so as not to be suspected.

Section C

Directions: *There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.*

Passage One

Questions 46 to 50 are based on the following passage.

Social media can be a powerful communication tool for employees, helping them to collaborate, share ideas and solve problems. Research has shown that 82% of employees think social media can improve work relationships and 60% believe it can support decision-making processes. These beliefs contribute to a majority of workers connecting with colleagues on social media, even during work hours.

Employers typically worry that social media is a productivity killer; more than half of U.S. employers reportedly block access to social media at work. In my research with 277 employees of a healthcare organization I found these concerns to be misguided. Social media doesn't reduce productivity nearly as much as it kills employee retention.

In the first part of the study I surveyed the employees about why and how they used platforms like Facebook, Twitter, or LinkedIn. Respondents were then asked about their work behaviors, including whether they felt motivated in their jobs and showed initiative at work. I found employees who engage in online social interactions with co-workers through social media blogs tend to be more motivated and come up with innovative ideas. But when employees interact with individuals outside the organization, they are less motivated and show less initiative.

In the second part of the study I found 76% of employees using social media for work took an interest in other organizations they found on social media. When I examined how respondents expressed openness to new careers and employers, I found that they engaged in some key activities including researching new organizations and making new work connections.

These findings present a dilemma for managers: employees using social media at work are more engaged and more productive, but they are also more likely to leave your company. Managers should implement solutions that neutralize the retention risk caused by social media.

They can create social media groups in which employees will be more likely to collaborate and less likely to share withdrawal intentions or discussions about external job opportunities. Managers can also use social media to directly reduce turnover(跳槽) intentions, by recognizing employees' accomplishments and giving visibility to employees' success stories.

46. What does previous research about social media reveal?
- A) Most employees think positively of it.
 - B) It improves employees' work efficiency.
 - C) It enables employees to form connections.
 - D) Employees spend much of their work time on it.
47. What did the author's own research find about social media?
- A) It influences employees' work negatively.
 - B) It does much harm to employee loyalty.
 - C) It kills employees' motivation for work
 - D) It affects employers' decision-making.
48. What did the author find in his study about the effect of online social interactions?
- A) It differs from employee to employee.
 - B) It tends to vary with the platform used.
 - C) It has much to do with whom employees interact with.
 - D) It is hard to measure when employees interact with outsiders.
49. What problem was found with employees using social media for work?
- A) They seldom expressed their inner thoughts.
 - B) Most of them explored new job opportunities.
 - C) They were reluctant to collaborate with others.
 - D) Many of them ended with lower productivity.
50. What does the author suggest managers do to neutralize the retention risk?
- A) Give promotions to employees for their accomplishments.
 - B) Create opportunities for employees to share success stories.
 - C) Acknowledge employees' achievements through social media.
 - D) Encourage employees to increase their visibility on social media.

Passage Two

Questions 51 to 55 are based on the following passage.

In the coming era of budget cuts to education, distance learning could become the norm.

The temptation for those in charge of education budgets to trade teachers for technology could be so strong that they ignore the disadvantages of distance learning. School facilities are expensive to build and maintain, and teachers are expensive to employ. Online classes do not require buildings and each class can host hundreds of people simultaneously, resulting in greater savings, thus increasing the temptation of distance education for those concerned more about budgets than learning. But moving away from a traditional classroom in which a living, breathing human being teaches and interacts with students daily would be a disaster. Physically attending school

has hidden benefits: getting up every morning, interacting with peers, and building relationships with teachers are essential skills to cultivate in young people. Moreover, schools should be more than simple institutions of traditional learning. They are now places that provide meals. They are places where students receive counseling and other support.

Those policy-makers are often fascinated by the latest technology in education and its potential to "transform" education overnight. But online education does not allow a teacher to keep a struggling student after class and offer help. Educational videos may deliver academic content, but they are unable to make eye contact or assess a student's level of engagement. Distance education will never match the personal teaching in a traditional classroom. In their first 18 years of life, American children spend only 9% of their time in school. Yet teachers are expected to prepare them to be responsible citizens, cultivate their social skills, encourage successful time management, and enhance their capacity to flourish in an increasingly harsh labor market. Given these expectations, schools should not become permanently "remote".

The power of the classroom is rooted in the humanity of the people gathered in the same place, at the same time. Personal teaching is about teachers showing students a higher path, and about young people going through the process together. Technology, no matter how advanced, should simply be a tool of a good teacher.

51. What mainly accounts for the possibility that distance learning could become the norm?

- A) Advances in education technology.
- B) Shrinking financial resources.
- C) Shortage of school facilities.
- D) Lack of qualified teachers.

52. What does the author say is one possible benefit of students attending school physically?

- A) Developing the habit of getting up early.
- B) Eating nutritionally well-balanced meals.
- C) Growing into living and breathing human beings.
- D) Cultivating relationships with peers and teachers.

53. What does the author think of the latest technology in education?

- A) It may have potential disadvantages.
- B) It may render many teachers jobless.
- C) It may add to students' financial burden.
- D) It may revolutionize classroom teaching

54. What does the author say teachers are expected to do?

- A) Enhance students' leadership capacity.
- B) Elevate students to managerial positions.
- C) Enable students to adapt to the changes in life.
- D) Prepare students to be competitive in the future.

55. Why couldn't technology replace a good teacher?

- A) It lacks humanity.
- B) It is still immature.
- C) It cannot track students' growth.
- D) It cannot cater to personal needs.

Part IV

Translation

(30 minutes)

Directions: *For this part, you are allowed 30 minutes to translate a passage from Chinese into English. You should write your answer on **Answer Sheet 2**.*

从前有个人养了一群羊。一天早上他准备出去放羊，发现少了一只。他仔细一看，看到羊栏 (sheepfold) 上有个窟窿。显然，夜间有狼钻进羊圈叼走了羊。邻居劝他修羊栏，可是他不听。第二天，他发现狼又通过窟窿叼走一只羊。他想起邻居的话，就赶快堵上窟窿,把羊栏补好。此后，他的羊再也没有被狼叼走。故事告诉我们:出了问题及时补救，可以防止蒙受更大损失。

2022年6月·第2套英语四级写作·题目、范文与解析

PROMPT & MODEL ESSAY • 写作题和范文

写作题和范文

本页写作题面、参考范文与逐段解析由懒笔记基于2022年6月·第2套 英语四级写作原卷整理。与试卷排版同一卷面：完整写作要求（Directions，含主题、文体、词数与署名约束）连续排印。写作是生产性任务、无 ABCD 标准答案——题面即整道题；卷面下方直接给出满足全部硬约束的参考范文、整篇中译与逐段拆解。

真题卷第2套(2022-06) • 四级

Part I

Directions: Suppose you are going to write a proposal to your student union for enriching students' extracurricular activities. You are to write about what activities to organize and why. You will have 30 minutes to write the proposal. You should write at least 120 words but no more than 180 words.

【参考范文·142词】 写作无唯一标准答案，以下为达标示范

A Proposal on Enriching Extracurricular Activities I am writing to propose a few extracurricular activities that our student union could organize, in the hope of making our campus life more colorful and rewarding.

To begin with, I would suggest holding a monthly book-sharing club. Since many of us read alone and seldom exchange thoughts, such a club would offer a regular chance to share insights, broaden our horizons and improve our critical thinking.

In addition, I recommend arranging weekend volunteer trips to nearby communities. These activities would not only allow us to apply what we learn in real life, but also cultivate a stronger sense of social responsibility and teamwork among students.

I sincerely hope the student union will take these suggestions into consideration. Your support would mean a great deal to all of us. Thank you for your time and attention.

【参考译文】

一份关于丰富课外活动的建议书 我写这封信，是想向学生会提出几项课外活动的建议，希望能让我们的校园生活更加丰富多彩、更有收获。

首先，我建议每月举办一次读书分享会。由于许多同学都是独自阅读、很少交流想法，这样的活动能提供一个固定的场合，让大家分享见解、开阔视野、提升思辨能力。

此外，我建议在周末组织前往附近社区的志愿服务活动。这类活动不仅能让我们的所学用于现实生活，还能培养更强的社会责任感和同学之间的团队精神。

我真诚地希望学生会能考虑采纳这些建议。你们的支持对我们所有人来说都意义重大。感谢你们的时间与关注。

【第1段】标题+目的句。首行用标题 A Proposal on Enriching Extracurricular Activities 点题，正文以 I am writing to propose... 落实'开门见山提目的'，一句话交代来意与大方向。

【第2段】建议一配理由。To begin with, I would suggest holding a monthly book-sharing club 抛出活动，Since many of us read alone... would offer a regular chance to share insights 紧跟理由，落实'主张+理由'两步。

【第3段】建议二双重益处。In addition, I recommend arranging weekend volunteer trips 追加第二项，用 not only allow us to apply what we learn... but also cultivate a stronger sense of social responsibility 把'为什么办'说得立体。

【第4段】呼吁并致谢。I sincerely hope the student union will take these suggestions into consideration 请求采纳，末句 Thank you for your time and attention 致谢收束，稳住 proposal 的语气。

ANALYSIS • 审题与立意

这道题到底要写什么、立意是什么

动笔前先钉死本题的核心写作任务与读者语域，再定中心立意与要展开的要点——这些是本题特有的内容判断，不是通用套路。

核心任务

荐活动并说理由

一句话钉死本题：给学生会写一封建议书，建议开展哪些课外活动、并说明为什么要办。

Directions 要求 write a proposal to your student union，交际目的是让对方采纳你的建议，所以既要落到具体、可操作的活动，又要给出组织它们的理由，二者缺一不可。

读者 • 语域

写给学生会的建议

读者是学生会（Directions 说 enriching students' extracurricular activities 的建议对象是 your student union），你的身份是普通学生。语域取正式但礼貌的协商书面语：多用 I would suggest / I sincerely hope 这类商量口吻，结尾礼貌致谢，避免命令式或口语化表达。

中心立意

丰富课外活动的建议

本篇交际目的：说服学生会采纳‘组织若干课外活动以丰富学生课余生活’的建议。紧扣 what activities to organize and why，中心句落在‘我建议组织哪些活动 + 它们为何值得办’上，而非泛泛评论课外活动的意义。

要展开的要点

1. 点明建议目的

开篇直接说明来意：为丰富同学的课余生活而向学生会提建议，引出 enriching students' extracurricular activities。

2. 活动一读书分享会

建议每月举办读书分享会；理由：许多同学独自阅读、缺少交流，此活动能促进思想碰撞、开阔视野。这一条同时落实了 what activities to organize and why 中‘活动 + 理由’的双重要求。

3. 活动二社区志愿

建议周末组织社区志愿服务；理由：让同学把课堂所学用于实践，培养社会责任感与团队协作。

4. 呼吁采纳并致谢

结尾礼貌请学生会考虑采纳这些建议并致谢，保住 proposal 的协商语气。

STRUCTURE • 谋篇与逐段

怎么分段、每段写什么、能套哪些句架

按写作家族给出现成的段落框架（每段承担什么功能），并为每段配可直接套用的 功能句架（留出填本题内容的空位）。段序与上方参考范文一一对应。

第 1 段 标题与开篇目的

加标题点题，正文首段开门见山说明写建议书的目的——为丰富课外活动而向学生会提建议。

第 2 段 活动一及理由

提出第一项活动（每月读书分享会）并说明它为什么值得组织。

第 3 段 活动二及理由

提出第二项活动（周末社区志愿服务）并说明其益处。

第 4 段 呼吁采纳与致谢

礼貌请求学生会采纳建议，表达感谢收束全文。

第 1 段 点明写作目的

写一句核心目的句：为丰富校园课余生活，向学生会提出若干活动建议，呼应 write a proposal to your student union.

表明写作目的 · I am writing to propose ____, in the hope of _____. (前一空填建议内容，后一空填目的)

第 2 段 读书分享会及理由

建议每月办读书分享会；理由是许多同学独自阅读、缺少交流，该活动能促进思想交流、开阔视野。对应 what activities to organize and why.

提出具体建议 · To begin with, I would suggest ____ing _____. (填要办的活动)

衔接理由益处 · Since ____, such an activity would _____. (前空填现状，后空填益处)

第 3 段 社区志愿及理由

建议周末组织社区志愿服务；理由是能让同学学以致用、培养社会责任感与团队精神。

追加第二项建议 · In addition, I recommend ____ing _____. (填第二项活动)

双重益处并列 · These activities would not only ____, but also _____. (填两层益处)

第 4 段 呼吁采纳与致谢

请学生会考虑采纳这些建议，并感谢对方的时间与关注，语气谦和收束。

礼貌呼吁采纳 · I sincerely hope you will take these suggestions into consideration. (可整句套用，把 suggestions 换成本题建议名词)

致谢收束 · Thank you for your ____ and _____. (填 time / attention 等)

REVIEW · 自检避坑

本题在四个评分维度怎样算达标、容易在哪丢分

按阅卷四维（内容切题 / 结构连贯 / 语言准确 / 字数格式）给出本题达标要点，并把最容易踩的低分写法摆出来 + 给改法 —— 这是写作版的「狠拆诱人错项」。

内容切题

双任务点全覆盖

本题必须同时答 what activities to organize and why——只列活动不给理由，或只谈理由不落到具体活动，都算内容缺失。

结构连贯

四块清晰有衔接

本题建议书四段各司其职，靠 To begin with、In addition、I sincerely hope 串联，避免两项活动之间生硬并列。

语言准确

提议句式用对

本题多用 I would suggest / recommend ____ing、which would ___, 核对建议动词后是否用了正确的 -ing 形式或从句。

字数格式

达标区间 + proposal 格式

Directions 明确 You should write at least 120 words but no more than 180 words, 且体裁是建议书——要有标题与‘提出建议 + 请采纳’的格式，别写成纯议论文。

典型低分写法 · 反面示例与改法

只列活动无理由

反面示例：We can organize a book club, a sports meeting and a singing contest. 只报菜名没说为什么。改成：We can organize a monthly book club, which would give students a regular chance to exchange ideas and broaden their horizons.

写成纯议论文

反面示例：通篇 Extracurricular activities are very important because they help students grow. 像论说文。改成开篇 I am writing to propose several activities...、结尾 I sincerely hope you will take these suggestions into consideration. 把它拉回 proposal。

活动空泛跑题

反面示例：Students should study harder and love our country. 与课外活动无关。改成具体可办的：The student union could hold weekend volunteer trips to nearby communities.

真题卷第2套(2022-06) • 四级

Part III Section A

Directions: In this section, there is a passage with ten blanks. You are required to select one word for each blank from a list of choices given in a word bank following the passage. Read the passage through carefully before making your choices. Each choice in the bank is identified by a letter. Please mark the corresponding letter for each item on **Answer Sheet 2** with a single line through the centre. You may not use any of the words in the bank more than once.

If you've ever looked at the ingredients list while grocery shopping, chances are you've seen the term "natural flavors". But have you taken a 26 to consider what these natural flavors actually are?

如果你在购物时曾经看过配料表,你很可能见过"天然香料"这个术语。但你是否停下来想过这些天然香料究竟是什么?

Most of us might think that "natural flavors" are, well, naturally good for us. A recent study in the journal *Appetite* found that when the word "natural" appears on packaging, people 27 that the food within is indeed healthier. In truth, natural flavors do not 28 much, at least chemically speaking, from their flavor-boosting 29: artificial flavors. Both can be made in a lab by trained flavorists, but artificial flavors use chemicals to give a product a 30 smell or taste.

我们大多数人可能认为"天然香料"自然对我们有益。最近发表在《食欲》期刊上的一项研究发现,当"天然"一词出现在包装上时,人们会认为其中的食物确实更健康。事实上,天然香料与其增味对应物人工香料在化学成分上并无太大差异。两者都可以由训练有素的调味师在实验室制造,但人工香料使用化学物质赋予产品特定的气味或味道。

Natural flavors come from plant or animal 31, like fruit, vegetable, meat, fish or milk that is then processed or refined in some way. In short, natural flavors are 32 from plants and animals to create specific flavors for processed foods. But that does not 33 make it easier to tell what is really in your food. Because the Food and Drug Administration (FDA) has not 34 the term, companies can use it to refer to pretty much anything derived from a plant or animal. And natural

flavors can also include a variety of chemical additives, such as preservatives. The FDA doesn't require companies to reveal what additional chemicals a specific item 35 .

天然香料来自植物或动物来源,如水果、蔬菜、肉类、鱼类或牛奶,然后以某种方式加工或提炼。简而言之,天然香料是从植物和动物中提取的,用于为加工食品制造特定风味。但这并不一定能让你更容易知道食物中到底有什么。因为食品药品监督管理局(FDA)没有对该术语进行定义,公司可以用它来指代几乎任何源自植物或动物的物质。而且天然香料还可以包含多种化学添加剂,如防腐剂。FDA不要求公司披露特定产品含有哪些额外化学物质。

So if you want to know for certain what you're getting with your groceries, you might want to stick to the farmer's market.

所以,如果你想确切知道你购买的食物里有什么,你可能需要去农贸市场购物。

- | | |
|-----------------|----------------|
| A) acknowledge | I) implies |
| B) chance | J) necessarily |
| C) contains | K) particular |
| D) counterparts | L) perceive |
| E) defined | M) second |
| F) differ | N) sources |
| G) especially | O) strange |
| H) extracted | |

26. have you taken a __(26)__ to consider what these natural flavors actually are

【答案】 **M) second** (名词)

【词性槽】 动词 take + 不定冠词 a 后, 要填名词作宾语

【依据】 **take a second = 花点时间, 固定搭配**

have you taken a __(26)__ to consider 意为"你有没有花点时间去想想", take a second (second 此处指"片刻、一会儿") 是地道搭配, 单数可数也吻合 "a"。

【竞争词】 B) chance 搭配指向不对

take a chance 意为"冒险、碰运气", 放进 taken a __(26)__ to consider 成了"冒险去考虑", 与"花时间思考"的语境不符。

D) counterparts 复数, 与 a 冲突

counterparts 是复数形式, 前面却是单数冠词 a, 语法上就过不去; 词义"对应物"也接不上。

N) sources 复数且词义不符

sources 同样是复数, 与 a 不配; "来源"也无法和 "to consider" 构成通顺意思。

27. people __(27)__ that the food within is indeed healthier

【答案】 **L) perceive** (动词)

【词性槽】 主语 people 后缺谓语，要填动词

【依据】 "人们认为食物更健康"是主观感知

people __(27)__ that the food within is indeed healthier, 承接前句 "natural" 带来的错觉，这里说人们"认为/觉得"里面的食物更健康，perceive (主观认为、感知) 正贴这层"误以为"的语境。

【竞争词】 A) acknowledge "承认"含已确认事实，与误解语境反

acknowledge 是"承认(某事属实)"，暗示那是被证实的事实；但本文恰恰要说"更健康"只是人们的错觉、并非事实，用 acknowledge 逻辑指向反了。

F) differ 不接 that 从句，搭配不成立

differ 表"不同"，固定接 differ from，不能接 that 从句；语法上就接不上 that the food within is indeed healthier。

【易错】 最具迷惑性的错误词是 A) —— acknowledge 词性对、能接 that，最易误填。它和 perceive 一样是动词、能接 that 从句，但表"承认事实"，而本文讲的是"人们误以为更健康"。防坑：判断语境是客观事实还是主观感知——讲误解就选 perceive。

28. natural flavors do not __(28)__ much ... from their flavor-boosting __(29)___

【答案】 **F) differ** (动词)

【词性槽】 助动词 do not 后接动词原形

【依据】 differ from = 与.....不同，搭配定死

natural flavors do not __(28)__ much, at least chemically speaking, from their flavor-boosting __(29)__: artificial flavors, 意为"天然香精与人工香精差别不大", differ from 是固定搭配，且呼应全文"两者其实差不多"的主旨。

29. from their flavor-boosting __(29)__: artificial flavors

【答案】 **D) counterparts** (名词)

【词性槽】 形容词 flavor-boosting 后、their 之后作名词中心词

【依据】 人工香精是天然香精的"对应物"

natural flavors do not differ much ... from their flavor-boosting __(29)__: artificial flavors, 把 artificial flavors 称作 natural flavors 的 counterparts (对应物/对等物), 正是两类香精互为对照的关系, 词义最贴。

【竞争词】 N) sources "来源"指向错, 且后文要用

sources 意为"来源", 但 artificial flavors 是与天然香精"并列对照"的另一类, 不是它的来源; 且 sources 在 31 题指"植物动物来源"才真正贴切, 此处用掉会顶掉后面的空。

【易错】 最具迷惑性的错误词是 N) —— sources 词性也对、义看着也沾边, 易抢答。sources 是复数名词、配 their, "来源"似乎也通; 但 artificial flavors 与天然香精是"对照"而非"来源"关系, 应选 counterparts, 并把 sources 留给 31 题。防坑: 前瞻哪个词在别处更对口。

30. artificial flavors use chemicals to give a product a __(30)__ smell or taste

【答案】 **K) particular** (形容词)

【词性槽】 空在名词 smell/taste 前作定语, 要填形容词

【依据】 "给产品某种特定气味"逻辑顺

use chemicals to give a product a __(30)__ smell or taste, 人工香精用化学物质赋予产品一种"特定的"气味或味道, particular (特定的) 正契合"定制某种风味"的语境。

【竞争词】 O) strange 感情色彩偏负面, 与语境冲突

strange 意为"奇怪的、古怪的", 带贬义; 本句在客观说明香精"赋予特定风味", 并无"气味古怪"之意, 色彩对不上。

31. Natural flavors come from plant or animal __(31)__, like fruit, vegetable, meat, fish or milk

【答案】 **N) sources** (名词)

【词性槽】 from plant or animal 后作介词宾语中心词

【依据】 "来自植物或动物来源"

Natural flavors come from plant or animal __(31)__, like fruit, vegetable, meat, fish or milk, sources (来源) 指天然香精的"植物或动物来源", 后面列举的水果、蔬菜、肉、鱼、奶正是这些来源的具体例子。

32. natural flavors are __(32)__ from plants and animals to create specific flavors

【答案】 **H) extracted** (动词)

【词性槽】 be 动词 are 后接过去分词构成被动

【依据】 "从动植物中被提取出来"

natural flavors are __(32)__ from plants and animals to create specific flavors for processed foods, be extracted from (从.....中被提取) 正是天然香精的制取方式, 搭配与语义双双吻合。

33. But that does not __(33)__ make it easier to tell what is really in your food

【答案】 **J) necessarily** (副词)

【词性槽】 does not 与实义动词 make 之间, 要填副词

【依据】 not necessarily = 未必, 固定搭配

But that does not __(33)__ make it easier to tell what is really in your food, 意为"但这未必就让你更容易弄清食物里到底有什么", not necessarily (未必、不一定) 是地道搭配, 且与转折 But 及后文"FDA 没定义"的语境吻合。

【竞争词】 G) especially "尤其"不与 not 构成此意, 逻辑不顺

especially 意为"尤其、特别", does not especially make 读作"不特别使.....", 既不地道也接不上"了解成分其实没变容易"的转折语气。

34. the Food and Drug Administration (FDA) has not __(34)__ the term

【答案】 **E) defined** (动词)

【词性槽】 has not + 空 + the term, 要填过去分词

【依据】 FDA 没有"定义"这个术语

Because the Food and Drug Administration (FDA) has not __(34)__ the term, companies can use it to refer to pretty much anything, 正因 FDA 没给"natural flavors"这个术语下定义, 企业才能随便用——define the term (给术语下定义) 逻辑严丝合缝。

【竞争词】 H) extracted "提取术语"搭配讲不通

extracted 是"提取、萃取", 宾语应是物质(如从植物 extracted 出香精), 与 the term (术语) 搭配成"提取术语"不成立; 且 extracted 该留给 32 题。

35. reveal what additional chemicals a specific item __ (35) __

【答案】 **C) contains** (动词)

【词性槽】 what 从句里 a specific item 后缺谓语

【依据】 某产品“含有”哪些额外化学物

The FDA doesn't require companies to reveal what additional chemicals a specific item __ (35) __, 意为“FDA 不要求企业披露某个产品含有哪些额外化学物”, contains (含有) 正对应“产品里有什么成分”, 且单三与 a specific item 一致。

WORD BANK • 词库分类表

15 个候选词 · 词性与词义

选词填空文后的共享词库共 **15** 个词 (A-O), 为 10 个空各选一个、每词最多用一次。
下面给出每个词的词性与中文词义; 标注「用于第 N 空」的 10 个为答案, 其余 5 个为干扰词。

A) **acknowledge** (动词)

承认, 认可

N) **sources** 名词 动词

来源，源头（复数）

用于第 31 空

O) **strange** 形容词

奇怪的，陌生的

干扰词 · 未选用

全文主旨

"天然香精"其实和人工香精差不多

全文围绕食品配料表上的 "natural flavors" 展开，先点出大众的误解——以为带 "natural" 字样就更健康，再揭示真相：natural flavors do not __(28)__ much, at least chemically speaking, from their flavor-boosting __(29)__ artificial flavors，天然香精与人工香精在化学上差别不大，且 FDA 并未给该词下定义，配料并不透明。把握这个"先误解、后纠正"的语境，是后面辨义代入的工作台。

DISTRACTORS · 干扰词复盘

这 5 个词始终没被任何空选用

词库 15 词里有 5 个是命题人埋的干扰词——它们词性看着也对、词义也沾点边，却不该填进任何一个空。下面逐个剖析它们最像哪个空的答案、为什么是陷阱。

A) **acknowledge** 最像 27 题，但指向"承认事实"与误解语境相反

acknowledge 词性是动词、能接 that 从句，极像 people __(27)__ that the food within is indeed healthier 的答案；但它表"承认（属实）"，而本文说"更健康"只是错觉，故选 perceive。识破点：盯住语境是"事实"还是"主观以为"。

B) **chance** 最像 26 题, take a chance 搭配迷惑

chance 是单数名词, 能配 taken a __(26)_, 且 take a chance 是熟搭配; 但其义为"冒险", 与"花点时间思考"不符。识破点: take a second 才是"花点时间"。

G) **especially** 最像 33 题的副词, 但与 not 连用逻辑不顺

especially 是词库仅有的两个副词之一, 看着可填 does not __(33)_ make it easier 的副词槽; 但 does not especially 读作"不特别地使.....", 既不地道也接不上"了解成分其实未变容易"的转折语气, 应选 not necessarily。识破点: 记住 not necessarily=未必 这一高频否定搭配。

I) **implies** 最像 27 或 33 处的动词, 单三形态正确

implies 是单三动词、能接 that, 看着可填 27 题; 但 27 的主语是复数 people, 要用原形, implies 形态对不上; 其"暗示"义也不如 perceive 贴"人们认为"。识破点: 先核对主语单复数与动词形态。

O) **strange** 最像 30 题的形容词, 但带贬义

strange 词性是形容词, 可填 a __(30)_ smell or taste; 但"奇怪的气味"带贬义, 与客观说明"赋予特定风味"冲突。识破点: 客观陈述选中性 particular。

SENTENCE INSIGHTS • 句子精讲

4 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

If you've ever looked at the ingredients list while grocery shopping, chances are you've seen the term "natural flavors".

第1段, 第1句

"If" 条件状语从句 + 主句是四六级和考研阅读中的高频句式; "chances are + 从句" 是常见的可能性表达; 表语从句也是名词性从句的典型代表。本句结构在真题中反复出现, 学习后可直接迁移到大量类似句子的理解中, 具有很强的代表性。

A recent study in the journal Appetite found that when the word "natural" appears on packaging, people perceive that the food within is indeed healthier.

第2段，第2句

句中涵盖主语、谓语、宾语、宾语从句、时间状语从句、表语、定语(前置和后置)、地点状语、程度状语等多种成分,且宾语从句的双重嵌套提供了较好的练习点,适合作为成分划分的综合练习材料

In short, natural flavors are extracted from plants and animals to create specific flavors for processed foods.

第3段，第2句

简单句配被动语态加不定式作目的状语，是四六级和考研阅读中常见的基础句式；虽无复杂从句，但被动语态和不定式状语的搭配具有一定代表性，掌握后可迁移到类似句型。

But that does not necessarily make it easier to tell what is really in your food.

第3段，第3句

本句涵盖主谓宾补、形式宾语与真正宾语、宾语从句、不定式短语、地点状语、程度状语等多种成分,结构丰富;形式宾语 "it" 与真正宾语后置是典型易错点,宾补中嵌套宾语从句也是值得练习的结构,训练价值较高

Part III Section B

Directions: In this section, you are going to read a passage with ten statements attached to it. Each statement contains information given in one of the paragraphs. Identify the paragraph from which the information is derived. You may choose a paragraph more than once. Each paragraph is marked with a letter. Answer the questions by marking the corresponding letter on **Answer Sheet 2**.

Fake holiday villa websites prompt warning

A) During the British winter, the thought of two weeks in a coastal villa(别墅) with soul-stirring views of the sea and a huge pool to enjoy is enough to offset(抵消) the labor until the holidays start. For a growing number of people, however, their yearly break is turning into a nightmare as they find that the property they have paid thousands for does not exist and the website through which they booked it has disappeared.

在英国的冬季,想到能在海滨别墅度过两周,欣赏震撼心灵的海景,享受巨大的泳池,足以抵消假期开始前的劳累。然而,对于越来越多的人来说,他们的年度假期正在变成一场噩梦,因为他们发现自己花费数千英镑预订的房产并不存在,而且预订时使用的网站也消失了。

B) Consumers have been warned to be aware of the potential for deception in this market, which is far from uncommon. In 2017 there were 1,632 cases of reported "villa fraud(诈骗)", with victims losing an average of £2,052, according to Action Fraud, the national center for reporting such frauds. "Millions of pounds are lost each year by defrauded holidaymakers," says Sean Tipton of the Association of British Travel Agents (ABTA).

消费者被警告要注意这个市场中潜在的欺诈行为,这种情况远非罕见。据国家诈骗报告中心Action Fraud统计,2017年共有1,632起"别墅诈骗"案件被报告,受害者平均损失2,052英镑。英国旅行社协会(ABTA)的Sean Tipton说:"每年有数百万英镑被受骗的度假者损失。"

C) The problem has ballooned in the last 10 years, with frauds becoming more and more sophisticated. The fake websites have authentic-sounding names involving a mix of keywords, typically including the place name, "summer", "villas" or "rentals". Details of legitimate(合法的) villas are often stolen

from other sites. "When the fraudsters first started it was unsophisticated—the websites looked amateur and there wasn't a lot of effort," says Tipton. "Now they are clever. They extensively rip off legitimate websites and use a different website name. They'll have pictures of a sales team and it might be a poor actor in New York that is down as their head of sales."

这个问题在过去10年中急剧增长,诈骗手段变得越来越复杂。虚假网站拥有听起来真实可信的名称,混合使用关键词,通常包括地名、"summer"、"villas"或"rentals"。合法别墅的详细信息经常从其他网站盗取。Tipton说:"诈骗者刚开始时手法并不复杂——网站看起来很业余,也没有投入太多精力。现在他们变得聪明了。他们大量抄袭合法网站,然后使用不同的网站名称。他们会放上销售团队的照片,而那可能是纽约的一个蹩脚演员被标注为他们的销售主管。"

- D) Fraudsters target popular seaside destinations for British tourists visiting Spain where prices can soar if demand exceeds supply. Prices are kept within reasonable ranges to avoid arousing suspicion. "A villa might cost £5,000 elsewhere and they will offer it at say £3,500. But a bit of a giveaway is that the villa will be cheaper than on other websites and there's unlimited availability," says Tipton. Fraudsters also invest in pay-per-click advertising to feature at the top of search engines when people type in phrases such as "Spanish seaside villas".

诈骗者瞄准英国游客前往西班牙的热门海滨目的地,那里的价格会在需求超过供应时飙升。价格被保持在合理范围内以避免引起怀疑。Tipton说:"一套别墅在其他地方可能要5,000英镑,而他们会以3,500英镑左右的价格提供。但一个明显的迹象是,这套别墅比其他网站上的便宜,而且有无限的可预订性。"诈骗者还投资按点击付费的广告,当人们输入"西班牙海滨别墅"等短语时,会出现在搜索引擎的顶部。

- E) With such a degree of professionalism, how can consumers find out if the website they're looking to book with is trustworthy? "When people book holiday villas they are doing so through rose-colored glasses," says Tony Neate, chief executive of Get Safe Online, "They should be Googling the property, and looking on websites like Google Maps and StreetView to see if it's there. Also, speak to the person you're booking the villa with on a landline phone, as fraudsters tend to only use mobiles." He also suggests asking someone not going on the holiday to have a look at the website. "They might spot problems you don't spot." Another potential red flag is being asked to pay by bank transfer. "The problem is that when the money leaves your account it's in theirs straightaway and it's very hard to track it," says Barclays Bank head of digital safety, Jodie Gilbert. "We generally recommend other forms of payment, like credit card."

面对如此专业的手法,消费者如何才能确定他们准备预订的网站是否值得信赖?Get Safe Online首席执行官Tony Neate说:"人们预订度假别墅时是戴着玫瑰色眼镜的。他们应该在Google上搜索该房产,并在Google Maps和StreetView等网站上查看它是否存在。此外,要通过座机电话与预订别墅的人交谈,因为诈骗者往往只使用手机。"他还建议请一个不去度假的人来查看网站。"他们可能会发现你没发现的问题。"另一个潜在的危险信号是被要求通过银行转账付款。巴克莱银行数字安全主管Jodie Gilbert说:"问题在于,当钱离开你的账户时,它就立即进入了他们的账户,很难追踪。我们通常推荐其他付款方式,比如信用卡。"

- F) Little seems to be known about these fraudsters, "There is no way to definitely know who they are," says Neate. "It could be anyone. It could be your next-door neighbor or organized crime in Russia." Action Fraud says people should ensure the company renting the villa is a member of a recognized trade body such as ABTA.

关于这些诈骗者似乎知之甚少。Neate说:"没有办法确切知道他们是谁。可能是任何人。可能是你的隔壁邻居或俄罗斯的有组织犯罪。"Action Fraud表示,人们应该确保出租别墅的公司是ABTA等公认行业

组织的成员。

- G) "By working with industry partners such as ABTA and Get Safe Online, we are able to issue alerts about the latest threats they should be aware of. If you believe you have fallen victim to fraud or cyber-crime, please report it to Action Fraud," it adds. ABTA says it is trying to combat the issue by running public awareness campaigns. "It's a growing problem and people can't stop fraudsters being dishonest," says Tipton. "They're still going to do it. It's not impossible to stop but as it's internet-based it's harder to pursue."

它补充说:"通过与ABTA和Get Safe Online等行业合作伙伴合作,我们能够发布有关他们应该注意的最新威胁的警报。如果你认为自己已成为诈骗或网络犯罪的受害者,请向Action Fraud报告。"ABTA表示,它正试图通过开展公众意识宣传活动来应对这个问题。Tipton说:"这是一个日益严重的问题,人们无法阻止诈骗者的不诚实行为。他们仍然会这样做。阻止并非不可能,但因为是基于互联网的,追查起来更加困难。"

- H) Nick Cooper, the founder and co-owner of villa booking company Villa Plus, estimates his company has uncovered more than 200 fake villa websites over the past two years, and doesn't believe enough is being done. "It is hopeless to report fake villa websites to the internet giants who host them," he says. "I found it impossible to speak to anyone. Also, once one bank account gets reported, they simply use another."

别墅预订公司Villa Plus的创始人兼共同所有者Nick Cooper估计,他的公司在过去两年中发现了200多个虚假别墅网站,他认为做得还不够。他说:"向托管这些虚假别墅网站的互联网巨头报告是没有希望的。我发现根本无法与任何人交谈。而且,一旦一个银行账户被举报,他们就会简单地使用另一个。"

- I) For now the only way to stop fraudsters appears ultimately to lie in the hands of the consumer. "When people book their holidays they get so emotionally involved, and when they find that villa at a good price with availability in peak season, they are an easy target," says Cooper. "The public has to learn to be far more aware they are a target for these sort of frauds." But it's not just the financial cost. "A family will turn up at a villa and find out it doesn't exist or the owner doesn't know who you are," says Tipton. "The problem then is you have to find accommodation at short notice. It can be incredibly expensive but it's the emotional cost, too."

目前,阻止诈骗者的唯一方法似乎最终掌握在消费者手中。Cooper说:"当人们预订度假时,他们会投入太多情感;当他们在旺季以优惠价格找到有空房的别墅时,他们就成了容易攻击的目标。公众必须学会更加意识到自己是这类诈骗的目标。"但这不仅仅是经济损失。Tipton说:"一家人会到达别墅,却发现它不存在或房主不知道你是谁。那时的问题是你必须在短时间内找到住宿。这可能非常昂贵,但还有情感上的代价。"

- J) Carla O'Shaughnessy from Sydenham was searching last year for a good deal to book a villa in Majorca for a summer break for the family. "I was comparing prices online and found one that came in a bit cheaper than others," says O'Shaughnessy. She emailed the company via its website, asking how far the villa was from the airport and about local restaurants. "They came back with believable answers; it was all very friendly and professional," she says. Happy with the responses, O'Shaughnessy paid the full amount of £ 3,000 via bank transfer into the travel agent's account and then forgot about it until a month before the booking.

来自Sydenham的Carla O'Shaughnessy去年在寻找优惠,想为全家预订马略卡岛的别墅度过暑假。

O'Shaughnessy说:"我在网上比较价格,发现有一个比其他的便宜一点。"她通过网站给该公司发电子邮

件,询问别墅离机场有多远以及当地餐馆的情况。她说:"他们回复了可信的答案;一切都非常友好和专业。"对回复感到满意后,O'Shaughnessy通过银行转账向旅行社账户支付了3,000英镑的全额费用,然后就把这事忘了,直到预订前一个月。

- K) "I tried logging on to the website and couldn't," she recalls. "I Googled the agent's name and there were lots of complaints about him being a fraudster. If only I'd Googled before but I never thought of it." Although she found another villa in time for their holiday, she admits she was much more cautious. "I paid through a secure third-party site and had phone conversations with the agent. But I wasn't able to relax until we turned up and I had the keys."

她回忆说:"我试图登录网站却登不上。我在Google上搜索代理商的名字,发现有很多关于他是诈骗者的投诉。要是我之前Google一下就好了,但我从没想过这样做。"虽然她及时为他们的假期找到了另一套别墅,但她承认自己更加谨慎了。"我通过一个安全的第三方网站付款,并与代理商进行了电话交谈。但直到我们到达并拿到钥匙,我才能放松下来。"

陈述句与逐句解析

36. Fraudsters often steal villa-booking information from authentic holiday websites.

诈骗者经常从真实的度假网站上窃取别墅预订信息。

【答案】 C 段 (强锚点)

【锚点】 从合法度假网站偷别墅信息

【定位】 Details of legitimate(合法的) villas are often stolen from other sites.

合法别墅的资料常常被从其他网站盗取。

【改写】 steal villa-booking information from authentic holiday websites ↔

Details of legitimate(合法的) villas are often stolen from other sites

authentic↔legitimate 同义+动作 steal↔stolen 原样复现

【辨邻】 H H 谈的是 more than 200 fake villa websites over the past two years 与 once one bank account gets reported, they simply use another, 主题是举报无门和换账户, 并未涉及 steal villa-booking information from authentic holiday websites 这一动作。

uncovered more than 200 fake villa websites over the past two years

37. Fraudsters keep changing their bank accounts to avoid being tracked.

诈骗者不断更换银行账户以避免被追踪。

【答案】 H 段 (强锚点)

【锚点】 换银行账户躲追查

【定位】 Also, once one bank account gets reported, they simply use another.

而且, 一个银行账户一旦被举报, 他们就直接换另一个。

【改写】 keep changing their bank accounts ↔

once one bank account gets reported, they simply use another

句式重构——把'举报一个就用另一个'概括为'不停地换'

to avoid being tracked ↔

It is hopeless to report fake villa websites to the internet giants who host them

上下文暗示——换账户的目的就是不被追到

【辨邻】 J 讲的是 paid the full amount of £ 3,000 via bank transfer into the travel agent's account, 焦点在受害者的支付动作, 并未涉及 keep changing their bank accounts 这种骗子方的循环行为。

paid the full amount of £ 3,000 via bank transfer into the travel agent's account

38. It is suggested that people not going on the holiday might help detect website frauds.

有人建议不去度假的人可能有助于发现网站诈骗。

【答案】 E 段 (强锚点)

【锚点】 没参加旅行的人也帮忙看网站

【定位】 He also suggests asking someone not going on the holiday to have a look at the website.
他还建议让没有要参加这次旅行的人帮忙看一看那个网站。

【改写】 people not going on the holiday might help detect website frauds ↔

asking someone not going on the holiday to have a look at the website

短语原样复现+'帮看网站'与'识破骗局'语义吻合

help detect website frauds ↔ **They might spot problems you don't spot**
'帮看出问题'就是'帮识破骗局'

39. More and more British holidaymakers find the seaside villas they booked online actually nonexistent.

越来越多的英国度假者发现他们在网上预订的海滨别墅实际上并不存在。

【答案】 A 段 (强锚点)

【锚点】 海滨别墅根本不存在

【定位】 For a growing number of people, however, their yearly break is turning into a nightmare as they find that the property they have paid thousands for does not exist and the website through which they booked it has disappeared.

然而, 对越来越多的人来说, 他们一年一度的假期正变成噩梦——他们发现自己花了数千英镑订下的房产根本不存在, 而当初订房时用的网站也消失了。

【改写】 More and more British holidaymakers ↔ **For a growing number of people**

数量增长的同义替换

the seaside villas they booked online actually nonexistent ↔

the property they have paid thousands for does not exist

nonexistent ↔ does not exist 形容词与动词短语同义

【辨邻】 I I 讲的是 A family will turn up at a villa and find out it doesn't exist or the owner doesn't know who you are, 描述的是一种典型遭遇场景, 并不是 More and more British holidaymakers find... 那种数量增长的总体性事实陈述。

A family will turn up at a villa and find out it doesn't exist or the owner doesn't know who you are

40. By checking an agent's name online before booking a villa, holidaymakers can avoid falling into traps.

通过在预订别墅前在网上查询代理商的名字,度假者可以避免落入陷阱。

【答案】 K 段 (强锚点)

【锚点】 订房前 Google 代理人的名字

【定位】 I I Googled the agent's name and there were lots of complaints about him being a fraudster. If only I'd Googled before but I never thought of it.

我 Google 了一下那个代理人的名字,发现有很多投诉说他是骗子。要是订之前就 Google 一下就好了,可我从来没想到要那么做。

【改写】 checking an agent's name online before booking a villa ↔ **I Googled the agent's name**

'Google 代理人姓名'就是'在网上查代理人姓名'

before booking a villa ↔ **If only I'd Googled before but I never thought of it**

虚拟语气的反向暗示——'订前没做'='订前该做'

can avoid falling into traps ↔ **there were lots of complaints about him being a fraudster**

'本可发现一堆投诉'='本可躲开陷阱'

【辨邻】 E E 的建议是 They should be Googling the property, 对象是 the property (别墅本身), 并未明指 checking an agent's name 中的代理人姓名, 焦点与陈述句不匹配。

They should be Googling the property

41. Fraudsters are difficult to identify, according to an online safety expert.

据一位网络安全专家称,诈骗者很难识别。

【答案】 F 段 (强锚点)

【锚点】 在线安全专家说骗子难辨认

【定位】 Little seems to be known about these fraudsters, "There is no way to definitely know who they are," says Neate.

关于这些骗子,人们似乎所知甚少。Neate 说: '没办法真正确定他们是谁。'

【改写】 Fraudsters are difficult to identify ↔ **Little seems to be known about these fraudsters**
'知之甚少'就是'难以辨认'

Fraudsters are difficult to identify ↔ **There is no way to definitely know who they are**
'没办法确定他们是谁'='难以辨认'

according to an online safety expert ↔ **says Neate**

Neate=Get Safe Online 的 CEO=在线安全专家

【辨邻】 **E** E 中 Neate 说的是 They should be Googling the property, and looking on websites like Google Maps and StreetView to see if it's there, 焦点是具体防骗动作, 并未触及 Fraudsters are difficult to identify 这个判断。

chief executive of Get Safe Online

42. Holidaymakers have been alerted to the frequent occurrence of online villa-booking frauds.

度假者已被提醒警惕频繁发生的网上别墅预订诈骗。

【答案】 **B** 段 (弱锚点)

【锚点】 提醒度假者警惕骗局频发

【定位】 Consumers have been warned to be aware of the potential for deception in this market, which is far from uncommon.

消费者已经被警告要警惕这一市场中可能存在的欺诈行为, 这种欺诈绝非少见。

【改写】 Holidaymakers have been alerted ↔ **Consumers have been warned**
alerted ↔ warned 同义+被动结构同形

to the frequent occurrence of online villa-booking frauds ↔ **which is far from uncommon**
'far from uncommon' 双重否定='frequent occurrence'

【辨邻】 **G** G 说 we are able to issue alerts about the latest threats they should be aware of 与 running public awareness campaigns, 焦点是机构层面的行动, 并未像 Consumers have been warned 那样把'消费者被警告'作为主句陈述出来。

we are able to issue alerts about the latest threats they should be aware of

43. It is holidaymakers that can protect themselves from falling victim to frauds.

正是度假者自己可以保护自己免于成为诈骗的受害者。

【答案】 **I** 段 (弱锚点)

【锚点】 防骗最终靠度假者自己

【定位】 For now the only way to stop fraudsters appears ultimately to lie in the hands of the consumer.

就目前而言, 阻止骗子的唯一办法似乎最终落在消费者自己手中。

【改写】 It is holidaymakers that can protect themselves from falling victim to frauds ↔

the only way to stop fraudsters appears ultimately to lie in the hands of the consumer

'最终落在消费者手中' = '度假者自己保护自己'

from falling victim to frauds ↔

The public has to learn to be far more aware they are a target for these sort of frauds

'公众需提高警觉避免成为骗局目标' = '避免上当受骗'

【辨邻】 E E 列举了 They should be Googling the property 等具体动作，是'操作层'的防骗方法，并未做出 It is holidaymakers that... 这种'最终责任归属'的判断。

They should be Googling the property, and looking on websites like Google Maps and StreetView to see if it's there

44. Holidaymakers are advised not to make payments by bank transfer.

建议度假者不要通过银行转账方式付款。

【答案】 E 段 (强锚点)

【锚点】 不建议用银行转账付款

【定位】 Another potential red flag is being asked to pay by bank transfer.

另一个可能的危险信号，是对方要求你用银行转账付款。

【改写】 Holidaymakers are advised not to make payments by bank transfer ↔

Another potential red flag is being asked to pay by bank transfer

'红旗' = '危险信号' = '不建议'

Holidaymakers are advised not to make payments by bank transfer ↔

We generally recommend other forms of payment, like credit card

'建议其他支付方式' = '建议不要银行转账'

【辨邻】 J J 中 paid the full amount of £ 3,000 via bank transfer 只是描述受害者 Carla 的实际付款行为，并未给出 advised not to 这一警示性建议。

paid the full amount of £ 3,000 via bank transfer into the travel agent's account

45. Fraudsters advertise their villas at reasonable prices so as not to be suspected.

诈骗者以合理的价格宣传他们的别墅，以免引起怀疑。

【答案】 D 段 (强锚点)

【锚点】 定价合理以免被怀疑

【定位】 Prices are kept within reasonable ranges to avoid arousing suspicion.

价格被控制在合理范围内，以避免引起怀疑。

【改写】 advertise their villas at reasonable prices ↔ Prices are kept within reasonable ranges

'合理价格'同词复现+'打广告'与'定价'语义吻合

so as not to be suspected ↔ to avoid arousing suspicion

目的状语句式转换

【辨邻】 C 谈的是 When the fraudsters first started it was unsophisticated 与 They extensively rip off legitimate websites, 重点是手法升级与盗资料, 并未陈述 reasonable prices 这一定价策略。

Now they are clever. They extensively rip off legitimate websites and use a different website name

PARAGRAPH MAP • 段落主旨图

11 个段落各讲了什么

逐段一句主旨 + 该段最具区分度的「信息指纹」, 是逐句回扫定位的工作台。

A 用英国冬日里对海边别墅与泳池的憧憬作引子, 指出越来越多人发现自己花了几千英镑订的房产并不存在、订房网站也消失了, 把假别墅网站这一现象搬上台面。

信息指纹 英国冬季憧憬+房产不存在+网站消失

B 用 Action Fraud 的数据和 ABTA 的话告诉读者: 这类骗局并不少见, 2017 年有 1632 起报案, 人均损失 2052 英镑, 并已向消费者发出警示。

信息指纹 2017 年 1632 起+人均损失 2052 英镑+ABTA 表态

C 讲过去十年骗术越来越精良: 假网站名字像模像样、合法别墅的资料被偷用、甚至雇人扮销售总监。

信息指纹 十年间手法升级+从合法网站偷资料+假销售团队

D 讲骗子怎样精挑作案目标和定价: 盯英国人爱去的西班牙海滨、把价格压在合理区间不引怀疑, 还买搜索引擎的竞价广告冲到首位。

信息指纹 西班牙海滨+定价合理避免起疑+竞价排名

E 给出一连串具体防骗动作: 先 Google 房产、查地图街景; 用座机而非手机沟通; 让没参加这次旅行的人也看看网站; 警惕银行转账, 建议改用信用卡。

信息指纹 Google/街景核查+座机沟通+让旁观者帮看+别用银行转账

F 在线安全专家 Tony Neate 说，关于骗子身份几乎一无所知，可能是任何人；Action Fraud 建议确认租房公司是 ABTA 等行业组织成员。

信息指纹 Get Safe Online 专家说骗子身份难辨+核查 ABTA 会员资格

G Action Fraud 与 ABTA 联手发警报、做公众宣传；ABTA 承认这是个不断扩大的、基于网络的难题，难以根除。

信息指纹 Action Fraud+ABTA 联合发警报+公众宣传活动

H Villa Plus 创始人 Nick Cooper 称两年内挖出 200 多个假网站，并指出向托管的互联网巨头举报根本无效，骗子的银行账户一旦被举报立刻换一个。

信息指纹 Villa Plus 两年发现 200+假网站+换银行账户

I 最终防线在消费者自己；订房时人情绪上头、低价旺季空房就上钩；损失不只是钱，还要应付临时找住宿、家庭情绪受挫。

信息指纹 最终防骗责任落在消费者+情绪化与代价不止于钱

J 讲受害者 Carla O'Shaughnessy 的经历前半段：在网上比价、邮件问询、回复友好专业，于是用银行转账付了 3000 英镑全款。

信息指纹 Carla 的故事+£3,000 全款银行转账

K Carla 故事后半段：临行前一个月登不进网站，Google 了代理人的名字发现满是投诉；事后她改用安全的第三方支付、并坚持电话沟通。

信息指纹 事后 Google 代理人名字+早 Google 就不会上当+第三方支付

SENTENCE INSIGHTS • 句子精讲

19 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

For a growing number of people, however, their yearly break is turning into a nightmare as they find that the property they have paid thousands for does not exist and the website through which they booked it has disappeared.

A段，第2句

本句成分丰富且有典型易错点:主句包含介词短语状语和系表结构,宾语从句内部有并列主谓结构,两个定语从句分别采用关系代词省略和"介词+which"两种形式,覆盖了主谓宾表状定等多种成分,且定语从句插入位置和关系代词省略都是学生常混淆的考点,训练价值高。

Consumers have been warned to be aware of the potential for deception in this market, which is far from uncommon.

B段，第1句

本句覆盖主语、谓语、宾语补足语、定语从句等多种成分，宾语补足语中嵌套不定式和介词短语，定语从句中关系代词充当主语，成分类型丰富。特别是被动语态中宾语补足语的保留形式以及非限制性定语从句的识别，都是重要练习点。

In 2017 there were 1,632 cases of reported "villa fraud(诈骗)", with victims losing an average of £2,052, according to Action Fraud, the national center for reporting such frauds.

B段，第2句

本句涵盖时间状语、there be 存在句的主谓识别、独立主格结构作方式状语、介词短语作一般状语、同位语解释等多种成分，特别是独立主格结构 with victims losing 和同位语 the national center for reporting such frauds 是易错点，适合作为成分划分的练习句

The problem has ballooned in the last 10 years, with frauds becoming more and more sophisticated.

C段，第1句

现在完成时 + 时间状语的组合是四六级和考研阅读中的高频句式，用于描述过去到现在的变化趋势，具有较强的代表性。简单句结构虽基础，但 "has ballooned" 这类动词的完成时用法在真题中常见，学生掌握后可迁移到类似表达（如 has increased、has evolved）。

Fraudsters target popular seaside destinations for British tourists visiting Spain where prices can soar if demand exceeds supply.

D段，第1句

定语从句修饰地点名词、条件状语从句说明前提,这两种结构在四六级和考研阅读中频繁出现,且本句的嵌套方式(定语从句内含状语从句)也是真题常见句式,掌握后可迁移到大量类似长句,典型性很强。

With such a degree of professionalism, how can consumers find out if the website they're looking to book with is trustworthy?

E段，第1句

本句包含丰富的成分类型:主句有主语、情态动词谓语、宾语从句、两个方式状语,宾语从句内有主系表结构,定语从句内有省略关系代词和介词后置等易错点,非常适合作为成分划分的综合练习

"When people book holiday villas they are doing so through rose-colored glasses," says Tony Neate, chief executive of Get Safe Online, "They should be Googling the property, and looking on websites like Google Maps and StreetView to see if it's there. Also, speak to the person you're booking the villa with on a landline phone, as fraudsters tend to only use mobiles."

E段，第2句

这种“现状+专家建议+理由”的结构是考试阅读理解中极常见的段落形式，非常具有迁移意义。

"They might spot problems you don't spot." Another potential red flag is being asked to pay by bank transfer.

E段，第4句

覆盖主谓宾、主系表两种基本句型，包含情态动词谓语、省略关系代词的定语从句、动名词被动式作表语等多种成分形式；定语从句省略关系代词和动名词被动结构是常见易错点，有一定练习价值

"They're still going to do it. It's not impossible to stop but as it's internet-based it's harder to pursue."

G段，第4句

并列句加状语从句的组合在考试中常见，“It's ... to”形式主语句型和“as”引导的原因状语从句都是高频结构，典型性较高，学习后可大量复用。

Nick Cooper, the founder and co-owner of villa booking company Villa Plus, estimates his company has uncovered more than 200 fake villa websites over the past two years, and doesn't believe enough is being done.

H段，第1句

成分划分训练价值较高。句中涵盖同位语（the founder and co-owner of villa booking company Villa Plus）、宾语从句（两个省略 that 的从句）、时间状语（over the past two years）、主语承前省略等多种成分和现象。同位语的识别、省略 that 的宾语从句的判定、被动语态中主语的确定、承前省略主语的还原，都是容易出错且需要反复练习的知识点。句子长度适中，适合作为成分划分的综合练习。

"I found it impossible to speak to anyone. Also, once one bank account gets reported, they simply use another."

H段，第3句

本句涵盖了形式宾语（'it'）、宾语补足语（'impossible'）、真正宾语后置（'to speak to anyone'）、被动语态（'gets reported'）、条件状语从句等多个语法点，成分种类较为丰富。形式宾语和宾语补足语的组合是常见易错点，值得练习。状语从句的识别和被动语态的理解也是基础阶段的重要训练内容。句子提供了一定的练习价值，但整体结构并不特别复杂，属于中等训练价值。

For now the only way to stop fraudsters appears ultimately to lie in the hands of the consumer.

I段，第1句

本句的 "appear + to do" 系动词结构在四六级和考研阅读中较为常见，属于表达观点或推测的典型句式。主语带不定式定语修饰、表语为不定式短语的搭配也是学术文本和新闻报道中的常规写法。掌握此类结构后可迁移至大量类似句子，具有较高的典型性和复用价值。

"A family will turn up at a villa and find out it doesn't exist or the owner doesn't know who you are," says Tipton.

I段，第4句

本句结构典型、成分丰富、嵌套清晰但不过分复杂，时态相对简单，主干识别难度适中；整体上是适合中等水平学生进行句子结构和从句嵌套训练的优质例句，值得优先练习，因此综合推荐度较高。

Happy with the responses, O'Shaughnessy paid the full amount of £ 3,000 via bank transfer into the travel agent's account and then forgot about it until a month before the booking.

J段，第5句

本句涵盖并列谓语、宾语、方式状语、方向状语、时间状语、句首伴随状语等多种成分,且存在"paid"后多个介词短语并列、"until"引导时间界限等易混淆点,作为划分练习句有一定训练价值,但成分种类和坑点密度中等,不算特别丰富。

"I Googled the agent's name and there were lots of complaints about him being a fraudster. If only I'd Googled before but I never thought of it."

K段，第2句

覆盖了主语、谓语、宾语、状语等基础成分，也包含"there be"存在句和短语动词"think of"两个实用句型。第二句的后置定语"about him being a fraudster"涉及动名词复合结构，有一定练习价值。但成分种类相对单一，缺少定语从句、宾补、同位语等更丰富的结构，整体训练收益中等偏下。

Although she found another villa in time for their holiday, she admits she was much more cautious.

K段，第3句

让步状语从句 + 主句 + 宾语从句的组合是四六级和考研阅读中的常见句式，尤其是 although 引导让步从句的用法和 that 省略的宾语从句都是高频考点。结构具有较强的典型性和迁移价值。

"I paid through a secure third-party site and had phone conversations with the agent. But I wasn't able to relax until we turned up and I had the keys."

K段，第4句

本句展示的结构模式非常典型:"主句 + But + 主句(含until状语从句)"是四六级和考研阅读中的高频句式,时间状语从句的嵌套、"be able to"的使用、并列谓语和并列从句的组合,都是考试中反复出现的常见模式。学习者掌握本句后可大量迁移到类似结构的句子。

More and more British holidaymakers find the seaside villas they booked online actually nonexistent.

第39题题干

"find + 宾语 + 宾补"结构和省略关系代词的定语从句都是四六级和考研阅读中的高频句式，掌握后可大量复用。句子长度和复杂度也符合真题中等难度句的特征。

It is holidaymakers that can protect themselves from falling victim to frauds.

第43题 题干

强调句是四六级和考研英语阅读中的高频句式，"It is ... that ..."结构反复出现。本句被强调的是主语，是强调句中最常见的类型，掌握后可直接迁移到大量真题句中。

QUESTIONS & ANALYSIS • 阅读理解题和解析

阅读理解题和解析·46–50 题

本页 46–50 题的答案与逐题解析由懒笔记基于2022年6月·第2套 英语四级阅读理解（四选一）原卷逐题核对整理。与试卷排版同一卷面：先是 Directions 与 6 段原文（段首标 P1–P6 段号、逐段附中文翻译）；之后 5 道题逐题排列，每题英文题干与选项后紧接本题解析——题干与选项中译、答案、题型判定、题干拆句、定位句中英对照与逐选项对错归因。

真题卷第2套(2022-06) • 四级

Part III Section C (1)

Directions: There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.

Passage One

Questions 46 to 50 are based on the following passage.

P1 Social media can be a powerful communication tool for employees, helping them to collaborate, share ideas and solve problems. Research has shown that 82% of employees think social media can improve work relationships and 60% believe it can support decision-making processes. These beliefs contribute to a majority of workers connecting with colleagues on social media, even during work hours. 社交媒体对员工来说可以是一种强大的沟通工具,帮助他们协作、分享想法和解决问题。研究表明,82%的员工认为社交媒体可以改善工作关系,60%的员工相信它可以支持决策过程。这些信念促使大多数员工在社交媒体上与同事建立联系,甚至在工作时间也是如此。

P2 Employers typically worry that social media is a productivity killer; more than half of U.S. employers reportedly block access to social media at work. In my research with 277 employees of a healthcare organization I found these concerns to be misguided. Social media doesn't reduce productivity nearly as much as it kills employee retention.

雇主通常担心社交媒体会扼杀生产力;据报道,超过半数的美国雇主在工作场所屏蔽社交媒体访问。在我对一家医疗机构277名员工的研究中,我发现这些担忧是误导性的。社交媒体对生产力的削弱远不及它对员工留存率的损害。

P3 In the first part of the study I surveyed the employees about why and how they used platforms like Facebook, Twitter, or LinkedIn. Respondents were then asked about their work behaviors, including whether they felt motivated in their jobs and showed initiative at work. I found employees who engage in online social interactions with co-workers through social media blogs tend to be more motivated and

come up with innovative ideas. But when employees interact with individuals outside the organization, they are less motivated and show less initiative.

在研究的第一部分,我调查了员工使用Facebook、Twitter或LinkedIn等平台的原因和方式。然后要求受访者回答他们的工作行为,包括他们是否在工作中感到有动力并表现出主动性。我发现通过社交媒体博客与同事进行在线社交互动的员工往往更有动力并提出创新想法。但当员工与组织外部的个人互动时,他们的动力较弱,主动性也较差。

P4 In the second part of the study I found 76% of employees using social media for work took an interest in other organizations they found on social media. When I examined how respondents expressed openness to new careers and employers, I found that they engaged in some key activities including researching new organizations and making new work connections.

在研究的第二部分,我发现76%在工作中使用社交媒体的员工对他们在社交媒体上发现的其他组织产生了兴趣。当我考察受访者如何表达对新职业和雇主的开放态度时,我发现他们参与了一些关键活动,包括研究新组织和建立新的工作联系。

P5 These findings present a dilemma for managers: employees using social media at work are more engaged and more productive, but they are also more likely to leave your company. Managers should implement solutions that neutralize the retention risk caused by social media.

这些发现给管理者带来了一个两难困境:在工作中使用社交媒体的员工更投入、更高效,但他们也更有可能会离开你的公司。管理者应该实施能够消除社交媒体造成的留任风险的解决方案。

P6 They can create social media groups in which employees will be more likely to collaborate and less likely to share withdrawal intentions or discussions about external job opportunities. Managers can also use social media to directly reduce turnover(跳槽) intentions, by recognizing employees' accomplishments and giving visibility to employees' success stories.

他们可以创建社交媒体群组,在这些群组中员工更有可能协作,而不太可能分享离职意向或讨论外部工作机会。管理者还可以利用社交媒体直接降低跳槽意向,通过认可员工的成就并让员工的成功故事获得关注。

题目与逐题解析

46. What does previous research about social media reveal?

- A) Most employees think positively of it.
- B) It improves employees' work efficiency.
- C) It enables employees to form connections.
- D) Employees spend much of their work time on it.

先前关于社交媒体的研究揭示了什么?

- A) 大多数员工对其持积极看法。 B) 它提高了员工的工作效率。 C) 它使员工能够建立联系。
- D) 员工在工作时间花费大量时间使用它。

【答案】 A (细节题)

【判型】 What does previous research about social media reveal? 用 what...reveal 直接问研究揭示的事实, 没有 infer/imply 等推断信号, 是典型细节题。

【拆句】 题干主干 What does previous research about social media reveal? 结构平铺：what 作 reveal 的宾语前置，about social media 是修饰 research 的介词短语。无陷阱。

【定位】 Research has shown that 82% of employees think social media can improve work relationships and 60% believe it can support decision-making processes.

已有研究表明：82% 的员工认为社交媒体能改善工作关系，60% 的员工相信它有助于决策过程。

【选项】 A) ✓ 正确

82% of employees think social media can improve work relationships and 60% believe it can support decision-making processes

↔ **Most employees think positively of it**

原文两条数据都是正面态度的多数比例，恰好对应预判中的"多数员工肯定它"，整段不含工作效率提升或工作时间被占用的客观数据，故锁定选项首字母为 A。

B) 偷换概念

原文只说员工"认为"社交媒体能改善关系和决策，是主观看法；It improves employees' work efficiency 把这种看法说成了已被证明的客观事实，且把 work relationships 偷换成 efficiency。

C) 以偏概全

It enables employees to form connections 把原文 improve work relationships 改成"建立联系"，并把"员工的看法"偷换成"它实际能够"，只触及关系一项却丢了决策，且把主观信念伪装成已证事实。

D) 无中生有

原文只说员工 connecting with colleagues on social media, even during work hours，并没有给出"花费大量工作时间在上面"的程度判断；Employees spend much of their work time on it 凭空加上了"花费大量时间"的数量评估。

47. What did the author's own research find about social media?

- A) It influences employees' work negatively.
- B) It does much harm to employee loyalty.
- C) It kills employees' motivation for work
- D) It affects employers' decision-making.

作者自己的研究发现社交媒体有什么影响？

- A) 它对员工的工作产生负面影响。
- B) 它对员工忠诚度造成很大损害。
- C) 它扼杀了员工的工作动力。
- D) 它影响雇主的决策。

【答案】 B (细节题)

【判型】 What did the author's own research find about social media? 用 what...find 问研究的客观发现，是典型细节题。

【拆句】 题干 What did the author's own research find about social media? 主语 the author's own research, 谓语 find, about social media 是 find 后的话题状语。结构清楚, 无陷阱。

【定位】 Social media doesn't reduce productivity nearly as much as it kills employee retention.
社交媒体降低生产力的程度, 远远比不上它对员工留任的杀伤力。

【选项】 A) **以偏概全**

原文 Social media doesn't reduce productivity nearly as much as it kills employee retention 已点明社交媒体并不显著降低生产力, 所以"对工作产生负面影响"过于宽泛——它只在留任这一面有显著负面, 工作本身(生产力、动力)并没有受到普遍负面影响。

B) **✓ 正确**

Social media doesn't reduce productivity nearly as much as it kills employee retention ↔

It does much harm to employee loyalty

not...as much as... 句式的语义重心在后半句"as much as"之后, 定位句的论点核心是"对员工留任的杀伤更大", 恰好对应预判与首字母 B 的选项。

C) **张冠李戴**

原文第 2 段并未谈及对员工动力(motivation)的杀伤——动力一词出现在第 3 段, 且第 3 段中社交媒体反而是"使员工 more motivated"。本选项把作者研究的核心结论说成"扼杀动力", 与原文位置和方向都不符。

D) **答非所问**

原文第 1 段提及社交媒体被员工认为 can support decision-making processes, 主语是"员工的决策", 而非"雇主的决策"; 本选项把"对雇主决策的影响"放进作者已研结论里, 既错位也答非所问。

48. What did the author find in his study about the effect of online social interactions?

- A) It differs from employee to employee.
- B) It tends to vary with the platform used.
- C) It has much to do with whom employees interact with.
- D) It is hard to measure when employees interact with outsiders.

作者在研究中发现在线社交互动有什么影响?

- A) 它因员工而异。 B) 它往往随使用的平台而变化。 C) 它与员工与谁互动有很大关系。
- D) 当员工与外部人员互动时很难衡量。

【答案】 C (细节题)

【判型】 What did the author find in his study about the effect of online social interactions?
同样是 what...find 句式, 问研究中的具体发现。

【拆句】 题干主干是 What did the author find, in his study 是状语, about the effect of online social interactions 是 find 的宾语介词短语, 进一步限定要找的发现内容。结构略长, 但层层并列, 无陷阱。

【定位】 I found employees who engage in online social interactions with co-workers through social media blogs tend to be more motivated and come up with innovative ideas. But when employees interact with individuals outside the organization, they are less motivated and show less initiative.

我发现: 通过社交媒体博客与同事进行在线社交互动的员工, 往往更有动力、能想出更多新点子; 但当员工与组织外的人互动时, 他们反而动力下降、缺少主动性。

【选项】 A) **偷换概念**

原文并未说"因人而异"或"每个员工不一样", 而是把员工按互动对象分成两类得出两种结果; It differs from employee to employee 把分类标准偷换成"员工个体差异"。

B) **无中生有**

原文 platforms like Facebook, Twitter, or LinkedIn 仅作为研究背景, 没有把不同平台作为造成结果差异的原因; It tends to vary with the platform used 把背景信息硬升级成变量来源。

C) **✓ 正确**

employees who engage in online social interactions with co-workers ... tend to be more motivated / when employees interact with individuals outside the organization, they are less motivated

↔ **It has much to do with whom employees interact with**

原文两个分句除了对象不同(同事 vs. 外部人士)几乎所有别的条件都相同, 结果却完全相反——这正是"效果取决于互动对象"的最直接证据, 故锁定首字母 C。

D) **与原文相反**

原文恰恰已经测量出员工与外部人士互动会导致 less motivated and show less initiative, 研究是给出了明确结果的, 并不"难以衡量"。本选项与原文方向相反。

49. What problem was found with employees using social media for work?

- A) They seldom expressed their inner thoughts.
- B) Most of them explored new job opportunities.
- C) They were reluctant to collaborate with others.
- D) Many of them ended with lower productivity.

员工使用社交媒体工作发现了什么问题?

- A) 他们很少表达内心想法。
- B) 他们中的大多数探索新的工作机会。
- C) 他们不愿意与他人合作。
- D) 他们中的许多人最终生产力下降。

【答案】 B (细节题)

【判型】 What problem was found with employees using social media for work? 用 what...found 问研究中发现的问题, 仍是问客观事实。

【拆句】 题干 What problem was found with employees using social media for work? 是 what 作主语的被动疑问句：problem 与 what 共同作主语，be found 是谓语，with employees using social media for work 是介词短语修饰 problem。读不顺时把它倒过来想成 "researchers found what problem with these employees" 即可。

【定位】 I found 76% of employees using social media for work took an interest in other organizations they found on social media. When I examined how respondents expressed openness to new careers and employers, I found that they engaged in some key activities including researching new organizations and making new work connections.

我发现：76% 用社交媒体办公的员工会关注他们在社交媒体上看到的其他组织。当我考察这些受访者如何表达对新职业、新雇主的开放态度时，我发现他们会从事几项关键活动，包括研究新公司、建立新的工作联系。

【选项】 A) 无中生有

原文第 4 段没有提到员工"是否表达内心想法"——只说他们关注其他组织、研究新公司、建立新人脉，这些都是外向行为；They seldom expressed their inner thoughts 把不存在的话题拉进来。

B) ✓ 正确

76% of employees using social media for work took an interest in other organizations they found on social media

↔ Most of them explored new job opportunities

openness to new careers and employers ↔ explored new job opportunities

76% 的覆盖面+关注新公司、研究新公司、建立新人脉、对新职业开放等多项行为同向叠加，正对应"多数人在物色新工作"，故锁定首字母 B。

C) 与原文相反

原文第 3 段已说与同事互动会让员工 more motivated and come up with innovative ideas，本身就是合作意愿强；They were reluctant to collaborate with others 与之方向相反。

D) 与原文相反

原文第 2 段已经否定 Social media doesn't reduce productivity nearly as much as it kills employee retention，社交媒体并未明显降低生产力；本选项却说"很多人最终生产力降低"，是把作者明确否定的结论又重新放回来。

50. What does the author suggest managers do to neutralize the retention risk?

- A) Give promotions to employees for their accomplishments.
- B) Create opportunities for employees to share success stories.
- C) Acknowledge employees' achievements through social media.
- D) Encourage employees to increase their visibility on social media.

作者建议管理者做什么来消除留任风险？

A) 因员工的成就而给予晋升。 B) 为员工创造分享成功故事的机会。

c) 通过社交媒体认可员工的成就。 d) 鼓励员工提高在社交媒体上的知名度。

【答案】 C (细节题)

【判型】 What does the author suggest managers do to neutralize the retention risk? 虽含 suggest, 但问的是作者明文给出的建议方案, 原文必有对应句, 仍属细节题。

【拆句】 题干主干 What does the author suggest managers do, managers do 是 suggest 后省略 that 的虚拟语气从句 (suggest sb. do), to neutralize the retention risk 是表目的的不定式。难点在虚拟语气省略 that 的结构, 主体考生易把 managers 看成全句主语。

【定位】 Managers can also use social media to directly reduce turnover(跳槽) intentions, by recognizing employees' accomplishments and giving visibility to employees' success stories. 管理者还可以利用社交媒体直接降低跳槽意向: 方法是表彰员工取得的成就、让员工的成功故事更被看见。

【选项】 A) 偷换概念

原文动作是 recognizing employees' accomplishments (公开承认成就), 不是"提拔"; Give promotions to employees for their accomplishments 把"承认"偷换成"提拔", 并丢掉了"通过社交媒体"这一关键媒介。

B) 张冠李戴

原文是管理者借社交媒体 giving visibility to employees' success stories——动作发起者是管理者; Create opportunities for employees to share success stories 把动作主体换成员工自己分享, 与原文恰好对调, 且回避了"用社交媒体"这一关键媒介。

C) ✓ 正确

Managers can also use social media to directly reduce turnover(跳槽) intentions, by recognizing employees' accomplishments and giving visibility to employees' success stories

↔ **Acknowledge employees' achievements through social media**

预判要求"用社交媒体表彰成就"中的动作与媒介两要素同时对齐, 只有首字母 C 把"承认成就"与"借助社交媒体"都准确保留, 其余选项要么换错动作、要么丢掉媒介。

D) 偷换概念

原文是管理者 giving visibility to employees' success stories——是"让员工的事迹可见", 主导者是管理者; Encourage employees to increase their visibility on social media 把"被表彰的事迹"偷换成"员工的曝光度", 且把管理者的动作变成鼓励员工自己增加曝光, 正好是文章想抑制的"个人外向行为"。

SENTENCE INSIGHTS • 句子精讲

4 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

Social media doesn't reduce productivity nearly as much as it kills employee retention.

第2段，第3句

"not as much as" 比较结构在四六级和考研阅读中频繁出现,用于对比两个事物的程度差异。掌握这种比较结构的识别和理解,对应对考试中的对比论证段落很有帮助,具有较高的迁移价值。

I found employees who engage in online social interactions with co-workers through social media blogs tend to be more motivated and come up with innovative ideas.

第3段，第3句

综合来看,本句在主干识别和嵌套复杂度上有一定难度但不算极端,时态语态较为基础,同时成分种类丰富、结构典型性高,既能训练学生处理嵌套和分隔的能力,又与真题常见句式接轨,作为结构和时态训练材料有较高的优先推荐度,适合用于强化从句识别和成分划分练习。

They can create social media groups in which employees will be more likely to collaborate and less likely to share withdrawal intentions or discussions about external job opportunities.

第6段，第1句

主句加限制性定语从句的结构在四六级和考研阅读中非常常见, in which 引导定语从句也是高频考点。句中的并列表语结构 more likely to...and less likely to... 也是学术英语中的典型表达方式,具有很强的代表性和迁移价值。

They were reluctant to collaborate with others.

第49题，C

"be + 形容词 + to do" 是四六级和考研中常见的表达态度或意愿的句式,具有一定代表性,掌握后可迁移到类似结构如 be eager to、be willing to 等

真题卷第2套(2022-06) · 四级

Part III Section C (2)

Directions: There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.

Passage Two

Questions 51 to 55 are based on the following passage.

P1 In the coming era of budget cuts to education, distance learning could become the norm.

在即将到来的教育预算削减时代,远程教学可能会成为常态。

P2 The temptation for those in charge of education budgets to trade teachers for technology could be so strong that they ignore the disadvantages of distance learning. School facilities are expensive to build and maintain, and teachers are expensive to employ. Online classes do not require buildings and each class can host hundreds of people simultaneously, resulting in greater savings, thus increasing the temptation of distance education for those concerned more about budgets than learning. But moving away from a traditional classroom in which a living, breathing human being teaches and interacts with students daily would be a disaster. Physically attending school has hidden benefits: getting up every morning, interacting with peers, and building relationships with teachers are essential skills to cultivate in young people. Moreover, schools should be more than simple institutions of traditional learning. They are now places that provide meals. They are places where students receive counseling and other support.

对于那些负责教育预算的人来说,用技术取代教师的诱惑可能会如此强烈,以至于他们忽视了远程学习的弊端。学校设施的建设和维护成本高昂,而雇用教师也很昂贵。在线课程不需要建筑物,每个班级可以同时容纳数百人,从而节省更多开支,这增加了那些更关心预算而非学习的人对远程教育的诱惑。但是,抛弃传统课堂——在那里有一个活生生的人每天教学并与学生互动——将是一场灾难。实际到校上学有着隐藏的益处:每天早上起床、与同龄人互动以及与教师建立关系,这些都是年轻人需要培养的基本技能。此外,学校应该不仅仅是传统学习的简单机构。它们现在是提供餐食的地方,是学生接受咨询和其他支持的地方。

P3 Those policy-makers are often fascinated by the latest technology in education and its potential to "transform" education overnight. But online education does not allow a teacher to keep a struggling student after class and offer help. Educational videos may deliver academic content, but they are unable to make eye contact or assess a student's level of engagement. Distance education will never match the personal teaching in a traditional classroom. In their first 18 years of life, American children spend only 9% of their time in school. Yet teachers are expected to prepare them to be responsible citizens, cultivate their social skills, encourage successful time management, and enhance their capacity to flourish in an increasingly harsh labor market. Given these expectations, schools should not become permanently "remote".

这些政策制定者往往痴迷于教育领域的最新技术及其一夜之间“改变”教育的潜力。但在线教育无法让教师在课后留住一个有困难的学生并提供帮助。教育视频可能传递学术内容,但它们无法进行眼神交流或评估学生的参与程度。远程教育永远无法匹敌传统课堂中的个人化教学。在生命的前18年里,美国儿童只有9%的时间在学校度过。然而,教师却被期望让他们做好成为负责任公民的准备,培养他们的社交技能,鼓励成功的时间管理,并增强他们在日益严酷的劳动力市场中蓬勃发展的能力。鉴于这些期望,学校不应该永久地变成“远程”的。

P4 The power of the classroom is rooted in the humanity of the people gathered in the same place, at the same time. Personal teaching is about teachers showing students a higher path, and about young people going through the process together. Technology, no matter how advanced, should simply be a tool of a good teacher.

课堂的力量植根于在同一地点、同一时间聚集在一起的人们的人性。个人化教学是关于教师向学生展示一条更高的道路,也是关于年轻人共同经历这一过程。技术无论多么先进,都应该只是一位好教师的工具。

题目与逐题解析

51. What mainly accounts for the possibility that distance learning could become the norm?

- A) Advances in education technology.
- B) Shrinking financial resources.
- C) Shortage of school facilities.
- D) Lack of qualified teachers.

远程学习有可能成为常态,这主要是什么原因造成的?

A) 教育技术的进步。 B) 财政资源缩减。 C) 学校设施短缺。 D) 缺乏合格的教师。

【答案】 B (细节题)

【判型】 What mainly accounts for the possibility that distance learning could become the norm?问「是什么导致」, 是对文本中明确陈述事实的提取, 不是态度也不是推断。

【拆句】 题干主干是What mainly accounts for the possibility, that引导同位语从句解释possibility的内容; that distance learning could become the norm整体作possibility的同位语; 副词mainly限定account for, 提示要找「主要」原因而非次要原因。结构清晰、无陷阱。

【定位】 In the coming era of budget cuts to education, distance learning could become the norm.
在即将到来的教育预算削减时代, 远程教育可能成为常态。

【选项】 A) 无中生有

原文未提及教育技术本身的进步是导致远程教育常态化的原因；P1只字未提技术进步，只谈预算。

B) ✓ 正确

budget cuts to education ↔ **Shrinking financial resources**

预判「教育预算削减」与Shrinking financial resources「财政资源缩水」是同一概念的不同表述，是细节题最典型的同义替换。

C) 偷换概念

Shortage of school facilities是「校舍短缺」，而原文School facilities are expensive to build and maintain说的是校舍「造价高、维护贵」，是「贵」不是「缺」；且这是第二段提到的，并非第一段中远程教育常态化的原因。

D) 无中生有

原文从未提及「合格教师短缺」是远程教育常态化的原因；teachers are expensive to employ说的是教师「贵」，不是「缺」或「不合格」。

52. What does the author say is one possible benefit of students attending school physically?

- A) Developing the habit of getting up early.
- B) Eating nutritionally well-balanced meals.
- C) Growing into living and breathing human beings.
- D) Cultivating relationships with peers and teachers.

作者认为学生实地到校上学可能带来的一个好处是什么？

- A) 养成早起的习惯。 B) 吃营养均衡的饭菜。 C) 成长为有生命、会呼吸的人。
- D) 培养与同龄人和教师的关系。

【答案】 D (细节题)

【判型】 What does the author say is one possible benefit问「作者说了什么好处」，是对作者明示信息的提取。

【拆句】 题干主干是What does the author say is one possible benefit，省略了关系代词的宾语从句结构「the author say (that) [what] is one possible benefit」；介词of短语of students attending school physically作benefit的定语，其中students是动名词attending的逻辑主语。结构无陷阱，注意one possible暗示文中可能列了多个好处，选项里只要有一个对得上即可。

【定位】 Physically attending school has hidden benefits: getting up every morning, interacting with peers, and building relationships with teachers are essential skills to cultivate in young people.

实地上学有隐性的好处：每天早起、与同伴互动、与老师建立关系，这些都是年轻人需要培养的关键能力。

【选项】 A) 以偏概全

Developing the habit of getting up early虽然对应原文getting up every morning, 但原文这只是三项并列好处之一, 且作者强调的核心是skills to cultivate, 而getting up属于日常生活动作; 将「早起」提炼为「养成早起的习惯」是把动作误读成了一种习惯养成训练, 与原文核心语义有偏差。

B) 张冠李戴

原文末尾They are now places that provide meals提到学校提供餐食, 但作者并未说「营养均衡的餐食」是attending school physically的benefit; nutritionally well-balanced属于无中生有的修饰语, 且provide meals被原文归入「学校的社会职能」而非「实地上学的好处」——主体不同。

C) 偷换概念

原文a living, breathing human being teaches and interacts with students中living, breathing是修饰teacher的形容词, 强调「活生生的」教师; 选项Growing into living and breathing human beings把「形容老师的状态词」偷换成「学生成长的目标」, 且growing into是「成长为」的方向性动词, 原文完全没有这层意思。

D) ✓ 正确

interacting with peers, and building relationships with teachers ↔

Cultivating relationships with peers and teachers

选项Cultivating relationships with peers and teachers精准合并了预判中的第二、三部分内容, 且与原文cultivate呼应。

53. What does the author think of the latest technology in education?

- A) It may have potential disadvantages.
- B) It may render many teachers jobless.
- C) It may add to students' financial burden.
- D) It may revolutionize classroom teaching

作者如何看待教育领域的最新技术?

- A) 它可能有潜在的弊端。
- B) 它可能使许多教师失业。
- C) 它可能增加学生的经济负担。
- D) 它可能彻底改变课堂教学。

【答案】 A (态度题)

【判型】 What does the author think of直问作者对某事物的看法, 是典型态度类信号。

【拆句】 题干主干是What does the author think of the latest technology in education, think of是固定搭配「对.....怎么看」; the latest是形容词最高级作定语。结构平铺直叙, 无陷阱。

【定位】 Those policy-makers are often fascinated by the latest technology in education and its potential to "transform" education overnight. But online education does not allow a teacher to keep a struggling student after class and offer help.

那些政策制定者常常被教育领域最新技术及其「一夜变革」教育的潜力所迷住。但在线教育不允许教师把学习吃力的学生留下来课后辅导。

【选项】 A) ✓ 正确

online education does not allow a teacher to keep a struggling student after class and offer help

↔ **It may have potential disadvantages**

Distance education will never match the personal teaching in a traditional classroom ↔

It may have potential disadvantages

预判得出作者对新技术持质疑或保留态度，It may have potential disadvantages恰好用「可能有不足」概括了这种保留立场，与原文极性一致。

B) 无中生有

原文未提及新技术会「让教师失业」；作者讨论的是技术替代教师在功能上的局限，不是技术造成教师失业的社会后果。

C) 张冠李戴

原文谈的是节约预算者的成本动机resulting in greater savings，从未提及学生的财务负担会因此增加；把「学校省钱」误读为「学生多花钱」，方向完全相反。

D) 与原文相反

It may revolutionize classroom teaching即「可能彻底变革课堂教学」是政策制定者的看法，不是作者的；原文用"transform"加引号、用But转折、用Distance education will never match the personal teaching in a traditional classroom反驳，明确否定了这种乐观看法。考生若把fascinated误读成作者本人也「被迷住」，就会反选此项。

54. What does the author say teachers are expected to do?

- A) Enhance students' leadership capacity.
- B) Elevate students to managerial positions.
- C) Enable students to adapt to the changes in life.
- D) Prepare students to be competitive in the future.

作者说教师被期望做什么？

- A) 增强学生的领导能力。 B) 提升学生到管理岗位。 C) 使学生能够适应生活中的变化。
- D) 让学生为未来的竞争做好准备。

【答案】 D (细节题)

【判型】 What does the author say teachers are expected to do?问「教师被期望做什么」，是对原文明示信息的客观提取。

【拆句】 题干主干是What does the author say teachers are expected to do, author say后省略了that引导的宾语从句；从句主干是「teachers are expected to do (what)」, be expected to do是固定结构「被期望做」。结构无陷阱。

【定位】 Yet teachers are expected to prepare them to be responsible citizens, cultivate their social skills, encourage successful time management, and enhance their capacity to flourish in an increasingly harsh labor market.

然而，教师却被期望让他们成为有责任感的公民，培养他们的社交能力，鼓励他们成功管理时间，并增强他们在日益严酷的劳动力市场上立足发展的能力。

【选项】 A) 无中生有

原文四项期望中没有提到培养「领导力」(leadership capacity)；社交能力不等于领导力，二者不可等同。

B) 偷换概念

原文没有任何「把学生提升到管理岗位」的内容；该项利用原文management一词(time management)做望文生义的偷换——time management是「时间管理」，managerial positions是「管理职位」，二者只是共享management词根，语义完全不同。

C) 无中生有

原文四项期望中没有「让学生适应生活变化」(adapt to the changes in life)这一项；adapt to changes是常见教育鸡汤，但原文未提及。

D) ✓ 正确

enhance their capacity to flourish in an increasingly harsh labor market ↔

Prepare students to be competitive in the future

预判得出最后一项enhance their capacity to flourish in an increasingly harsh labor market，选项Prepare students to be competitive in the future恰是此项的抽象提炼。

55. Why couldn't technology replace a good teacher?

- A) It lacks humanity.
- B) It is still immature.
- C) It cannot track students' growth.
- D) It cannot cater to personal needs.

为什么技术不能取代一位好教师？

A) 它缺乏人性。 B) 它尚不成熟。 C) 它无法追踪学生的成长。 D) 它无法满足个人需求。

【答案】 A (细节题)

【判型】 Why couldn't technology replace a good teacher?问「为什么不能」，是对原文中给出的明确原因的提取；末段P4给出了直接答案句，不需推断。

【拆句】 题干主干是Why couldn't technology replace a good teacher?, 否定情态动词couldn't与why连用, 表达「为何不能」, 注意这不是疑问句的常规反问, 而是给定「不能取代」的前提下追问原因。结构无陷阱, 重点抓couldn't的否定意味。

【定位】 The power of the classroom is rooted in the humanity of the people gathered in the same place, at the same time.

课堂的力量根植于聚集在同一地点、同一时间的人们身上的人性。

【选项】 A) ✓ 正确

The power of the classroom is rooted in the humanity of the people gathered in the same place, at the same time

↔ It lacks humanity

Technology, no matter how advanced, should simply be a tool of a good teacher ↔

It lacks humanity

预判得出原因为「技术缺乏人性」, 选项It lacks humanity使用与原文同一个抽象名词humanity, 是同根词的正反极性替换, 匹配度最高。

B) 与原文相反

原文未提及技术「尚不成熟」(still immature); 作者用no matter how advanced反而承认了技术可以非常先进, 否定的是技术的本质属性(非人性), 不是技术的发展阶段。

C) 无中生有

原文没有任何关于「技术无法追踪学生成长」的表述; track students' growth这一说法是作者批评教育技术时未涉及的另一个方向。

D) 以偏概全

It cannot cater to personal needs即「不能满足个性化需求」听起来很对, 且与第三段online education does not allow a teacher to keep a struggling student after class and offer help有局部对应, 但题目55题问的是技术为何不能取代好教师, 根本原因应回末段P4的humanity, 而不是第三段的某个具体功能局限; 选It cannot cater to personal needs是把局部理由当作根本理由, 犯以偏概全的错误。这是本题最有迷惑性的干扰项。

SENTENCE INSIGHTS • 句子精讲

7 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

The temptation for those in charge of education budgets to trade teachers for technology could be so strong that they ignore the disadvantages of distance learning.

第2段，第1句

该句使用"so ... that ..."结果状语从句结构，这是四六级和考研阅读中的高频句式。主语带后置定语修饰也是常见的复杂主语形式，具有较强的代表性，学习者掌握后可迁移到大量类似句子。

Physically attending school has hidden benefits: getting up every morning, interacting with peers, and building relationships with teachers are essential skills to cultivate in young people.

第2段，第5句

本句覆盖了动名词短语作主语、动名词并列结构、同位语、不定式作定语、主系表结构等多种成分类型；同位语的识别（冒号引出）和并列主语的判定（三个动名词短语共用一个谓语）都是典型的易错点，训练价值较高。

Moreover, schools should be more than simple institutions of traditional learning.

第2段，第6句

"主语 + 情态动词 + 系动词 + 表语"是四六级、考研阅读中常见的议论句式，尤其在讨论教育、社会议题时频繁出现。"more than"比较结构也是典型考点。但本句结构过于简单，缺少从句或复杂修饰，典型性中等。

The power of the classroom is rooted in the humanity of the people gathered in the same place, at the same time.

第4段，第1句

本句覆盖主语、谓语、状语三个核心成分，状语内部嵌套多层定语修饰（介词短语作定语、过去分词短语作定语），适合练习后置定语的识别。同时谓语为被动语态，可训练被动结构的辨析。成分种类较丰富，有一定练习价值。

Personal teaching is about teachers showing students a higher path, and about young people going through the process together.

第4段，第2句

主系表结构配并列表语是常见句式，动名词复合结构(名词 + 动名词短语)在四六级阅读中频繁出现，具有一定代表性。

Technology, no matter how advanced, should simply be a tool of a good teacher.

第4段，第3句

"no matter how/what/who" 引导的让步状语从句是四六级和考研中的高频句式，且插入语的使用也是常见的书面语表达方式。情态动词 "should" 表达观点和建议也是典型用法。整体结构具有较强的代表性和可迁移性。

What mainly accounts for the possibility that distance learning could become the norm?

第51题题干

本句涵盖主谓宾完整结构、状语、同位语从句、系表结构等多种成分,特别是同位语从句与定语从句的区分是常见易错点,且疑问句中主语的识别也有训练价值,成分类型丰富

2022年6月·第2套英语四级汉译英（段落翻译）·寓言故事·叙述过去事件 参考译文与解析

PASSAGE & TRANSLATION • 题和解析

汉译英真题、参考译文与逐句解析

本页整篇参考英译与逐句解析由懒笔记基于2022年6月·第2套 英语四级汉译英（段落翻译）原卷题干译审整理。与试卷排版同一卷面：Directions 与一整段中文原文连续排印——整段连排、无段落标记无题号，把它切成一句句翻译单元本身就是解题动作。卷面之后先给整篇参考英译定稿，再按自切句序逐句拆分：定英文主干、降级修饰成分、逐项落实语法点、句内定稿英译，答案直显。

真题卷第2套(2022-06) • 四级

Part IV

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English. You should write your answer on **Answer Sheet 2**.

从前有个人养了一群羊。一天早上他准备出去放羊，发现少了一只。他仔细一看，看到羊栏 (sheepfold) 上有个窟窿。显然，夜间有狼钻进羊圈叼走了羊。邻居劝他修羊栏，可是他不听。第二天，他发现狼又通过窟窿叼走一只羊。他想起邻居的话，就赶快堵上窟窿，把羊栏补好。此后，他的羊再也没有被狼叼走。故事告诉我们：出了问题及时补救，可以防止蒙受更大损失。

参考译文

整篇参考英译是复盘资产，考卷上只印中文原文——四六级 Part IV 翻译按整篇「表达通顺连贯、用词准确、语法正确」四档评分。

Long long ago, there was a man who raised a flock of sheep. One morning, when he was about to take the sheep out to graze, he found that one of them was missing. On a closer look, he saw that there was a hole in the sheepfold. Obviously, during the night a wolf had got into the sheepfold and carried off a sheep. His neighbour advised him to mend the sheepfold, but he would not listen. The next day, he found that another sheep had been carried off by the wolf through the hole. Remembering what his neighbour had said, he quickly blocked up the hole and mended the sheepfold. From then on, his sheep were never carried off by wolves again. The story tells us that fixing problems in time can prevent us from suffering greater losses.

【衔接】句 2 与句 3 之间——补 closer look 顺接「发现少了一只→走近看清楚」

发现少了一只。与 他仔细一看 之间是「先察觉异常→再凑近查看」的紧接动作。译文里用句 3 句首的 On a closer look 显式衔接，告诉读者这是同一动作链的下一步；不要让两个独立句子彼此孤立。

句 3 与句 4 之间——用 Obviously 标出由观察到判断

看到羊栏 (sheepfold) 上有个窟窿。是客观观察，显然，夜间有狼钻进羊圈叼走了羊。是据此作出的合理推断。译文句 4 用 Obviously 句首独立提出，把「观察→推断」的逻辑显化，比仅用句号断开更连贯。

句 5 与句 6 之间——用 but / however 隐含的转折承接到 The next day 引出后果

可是他不听。与 第二天，他发现狼又通过窟窿叼走一只羊。在逻辑上是「不听劝→次日就出事」。英文里 but 已在句 5 内体现转折，句 6 用 The next day 紧贴句 5，无需再加 however，避免双重转折；时间词 The next day 自身就承担起后续衔接。

句 6 与句 7 之间——用 Remembering 分词开头实现「丢了第二只→才回想起劝告」的因果衔接

第二天，他发现狼又通过窟窿叼走一只羊。之后接 他想起邻居的话，就赶快堵上窟窿，把羊栏补好。是「再次损失→幡然醒悟」的因果。译文句 7 用 Remembering what his neighbour had said 现在分词起句，紧贴句 6 形成原因—结果链。

句 7 与句 8 之间——用 From then on 标出时间界线

把羊栏补好。与 此后，他的羊再也没有被狼叼走。之间需要一个时间分隔标志。译文句 8 用 From then on 句首前置，明确「补好之后 = 从这一刻起」，事件分段清楚。

句 8 与句 9 之间——用句号断开 + 句 9 切回现在时显示「跳出故事谈道理」

此后，他的羊再也没有被狼叼走。是故事终点，故事告诉我们：... 是评论收束。除了换段 / 句号断开外，最关键的衔接信号是句 9 时态由过去时切回一般现在时 (tells / can prevent)，让读者一眼分辨「叙事结束、评论开始」。

逐句解析

一整段连排中文、无段落标记无题号——把它切成一句句翻译单元本身就是解题动作，句前 N. 为逐句解析自切的句序号（非考卷题号），与卷面中文逐字对应。

【主旨】寓言故事·叙述过去事件

本段是一则典型的中文寓言故事，开篇 从前有个人养了一群羊。用「从前」直接交代这是一段已经发生、流传下来的旧事，全文记叙「这个人发现羊丢→不听劝→再丢羊→才补栏→此后再没丢」的完整时间线，最后以 故事告诉我们：出了问题及时补救，可以防止蒙受更大损失。收束出教训。语体属叙事 + 末句议论点题，并非客观介绍现状。

【时态】一般过去时

由语体反推：寓言开篇 从前有个人养了一群羊。中「从前」「养了」明确把整件事压在过去时间轴上，后面所有「发现」「劝」「不听」「叼走」「想起」「堵上」「补好」都属过去发生的连续动作，故全篇主时态默认一般过去时。仅末句 故事告诉我们：出了问题及时补救，可以防止蒙受更大损失。属于跳出故事讲普遍道理，可偏离用一般现在时。

【译法】羊栏

原文已在 羊栏 (sheepfold) 处用括注给出官方对照译法 sheepfold，全篇凡指这个圈羊用的栏 / 圈，统一用 sheepfold，不要时而 sheep pen、时而 fence，保持专名一致。

羊圈

夜间有狼钻进羊圈叼走了羊 中的「羊圈」与前文「羊栏」是同一处，避免换词造成指代漂移，统一沿用 sheepfold；后文 堵上窟窿，把羊栏补好 中的「羊栏」同样译 sheepfold。

窟窿

羊栏 (sheepfold) 上有个窟窿 与后文 狼又通过窟窿叼走一只羊、赶快堵上窟窿 反复出现的「窟窿」是同一个洞，全篇统一译 a hole / the hole（首次出现用 a hole 引入，之后用 the hole 回指），不要换成 gap、opening 等不同词。

狼叼走羊

夜间有狼钻进羊圈叼走了羊、狼又通过窟窿叼走一只羊、他的羊再也没有被狼叼走 中的「叼走」反复出现，全篇统一用动词 carry off（或 take away），保持同一动作同一译法。

1. 从前有个人养了一群羊。

【主干】用 There be 引入新角色（主语策略：There be）

从前有个人养了一群羊。是寓言开篇引入主人公，「有个人」是典型的「引入新事物存在」的句式，英文最对应 There be 句型：There was a man（一般过去时呼应 globalPlan.tenseBaseline.tense）。「养了一群羊」是这个 man 的附加信息，不再另起主谓，而是用 who 引导的定语从句挂上去：who raised a flock of sheep。

【降级】「养了一群羊」降级为定语从句

中文一句里其实有两个动作：「（从前）有」和「养了一群羊」。英文只把「有」留作主干谓语（There was），把「养了一群羊」降级成 who raised a flock of sheep 作 a man 的后置定语；时间状语 Long long ago / Once 前置。这样避免照中文写成 *Long ago, a man had a group of sheep, he raised them 这种流水句。

【语法】时态

回指 globalPlan.tenseBaseline.tense 用一般过去时：There was（不是 There is），定语从句里 raised 也用过去式，整句时间锚定过去。

单复数与量词

「一群羊」要落两件事：① sheep 单复数同形，但这里指多只，谓语和代词后续都按复数处理；② 「一群」用 a flock of sheep（flock 是羊 / 鸟的专用量词），不要写 a group of sheeps（sheep 无 -s 形）。

冠词

首次引入主人公用不定冠词 a man（读者尚不知是谁），后文再提这个人才用 he / the man。

【译文】Long long ago, there was a man who raised a flock of sheep.

2. 一天早上他准备出去放羊，发现少了一只。

【主干】「他」作主谓主语（主语策略：原句主语）

一天早上他准备出去放羊，发现少了一只。中主语「他」明确，沿用作英文主语 he；核心动词是「发现」(found)，「少了一只」是发现的内容，用 that 宾语从句承接：he found that one was missing。「准备出去放羊」是发现之前的伴随 / 背景动作，降级处理。

【降级】「准备出去放羊」降级为时间状语从句

中文「他准备出去放羊，发现少了一只」实际是「在他准备去放羊时」发生了「发现少了一只」。把「准备出去放羊」改造成 When he was about to take the sheep out to graze 时间状语从句前置，主句留给真正的核心动作 he found that one was missing。避免照中文译成 He prepared to graze the sheep and found one missing 这种因果不明的并列。

【语法】时态

回指过去时基调：found 过去式，one was missing 用过去时；从句里「准备出去」用过去进行 was about to / was going to / was preparing to，体现「正要做某事时被打断」。

单复数

「少了一只」中的「一只」回指上句的 sheep，写成 one (sheep) was missing，sheep 复数同形，作单数用 was 即可；不要写 one sheeps。

搭配

「放羊」译 take the sheep out to graze / drive the sheep out to pasture，graze 是「(动物) 吃草」的专用动词；「少了一只」用 one was missing (be missing 表示「不见了」) 比 lost one 更准确——羊没死，是不见。

【译文】One morning, when he was about to take the sheep out to graze, he found that one of them was missing.

3. 他仔细一看，看到羊栏 (sheepfold) 上有个窟窿。

【主干】「他」继续作主语，核心动词为「看到」（主语策略：原句主语）

他仔细一看，看到羊栏 (sheepfold) 上有个窟窿。中两个动作「仔细一看」和「看到」其实是一个事件的两个层次——「仔细地看」是方式状语，「看到」才是结果。主语沿用 he，主干谓语用 saw / noticed；「羊栏上有个窟窿」是看到的内容，用 that 宾语从句 there was a hole in the sheepfold。

【降级】「仔细一看」→ 副词；「上有个窟窿」→ that + there be

「仔细一看」降级为状语 On a closer look 或副词 carefully 修饰 saw；「羊栏上有个窟窿」按 glossary 用 sheepfold，套 there be 结构作 saw 的宾语从句：that there was a hole in the sheepfold。整体一个主句 + 一个宾语从句，干净不流水。

【语法】时态

回指过去时基调：saw 过去式，宾语从句中按时态一致也用 was，不用 is。

冠词

「一个窟窿」首次出现用不定冠词 a hole（按 glossary，后文回指改用 the hole）；「羊栏」是上文已暗指的那一个特定羊栏，用定冠词 the sheepfold。

介词搭配

「羊栏上有个窟窿」的「上」实指「在栏壁里 / 里」，介词用 in the sheepfold（hole in the wall 是固定搭配），不要写成 on the sheepfold（on 会变成「在羊栏顶上」）。

【译文】 On a closer look, he saw that there was a hole in the sheepfold.

4. 显然，夜间有狼钻进羊圈叼走了羊。

【主干】「狼」作主语；「钻进 + 叼走」并列谓语（主语策略：原句主语）

显然，夜间有狼钻进羊圈叼走了羊。主语是「狼」，做了两件事：钻进羊圈 + 叼走了一只羊。英文主语 a wolf，谓语用 had got into ... and carried off ...。「显然」作评论副词 Obviously 提前；「夜间」作时间状语 at night / during the night。

【降级】「显然」→ 评注副词；时间状语 + 主干并列谓语

「显然」用评注副词 Obviously / Apparently 句首独立；「夜间」前置或后置作时间状语；主干 a wolf had got into the sheepfold and carried off the sheep。这里用过去完成时 had got into / had carried off 表「在他发现之前已经发生」，凸显时间先后。

【语法】时态

动作发生在「他发现」之前，用过去完成时 had got into / had carried off，与全篇过去时基调一致但体现「过去的过去」；这是叙事英语里少数有必要偏离基调的位置之一。

单复数

「有狼」译为 a wolf（一只狼）；「叼走了羊」回指上文丢的那一只羊，写成 had carried off a sheep / one of the sheep，sheep 单数同形不要加 s。

搭配

「钻进」用 get into / sneak into（sneak 多一层「偷偷地」语义，更贴狼的动作）；「叼走」按 glossary 统一用 carry off / take away，不要随便换 bite away、bring away。

【译文】 Obviously, during the night a wolf had got into the sheepfold and carried off a sheep.

5. 邻居劝他修羊栏，可是他不听。

【主干】前后分句各有主语，连词 but 衔接（主语策略：原句主语）

邻居劝他修羊栏，可是他不听。是两个并列分句：① 邻居（主语）劝他修羊栏 → His neighbour advised him to mend the sheepfold；② 他（主语）不听 → but he refused / would not listen。「可是」直接对译为 but / however。

【降级】「劝他修」用 advise sb. to do; 「不听」用 refused to do / would not do

「劝他修羊栏」套固定句型 advise sb. to do sth.: advised him to mend the sheepfold; 「不听」翻成 refused to listen / would not listen, would 在此表过去固执的拒绝, 比 didn't listen 更传神。

【语法】时态

回指过去时基调: advised 过去式; 「不听」用 refused to listen 或 would not listen, 都是过去时形态。

搭配

「修羊栏」按 glossary 用 mend the sheepfold (mend 专指「修补破损」, 比 repair / fix 更贴「补窟窿」语义)。

冠词

「邻居」是特指养羊人隔壁的那位, 用 His neighbour (his 限定); 「羊栏」承前唯一指代用 the sheepfold。

【译文】His neighbour advised him to mend the sheepfold, but he would not listen.

6. 第二天, 他发现狼又通过窟窿叼走一只羊。

【主干】「他」作主语, 「发现」为核心动词 (主语策略: 原句主语)

第二天, 他发现狼又通过窟窿叼走一只羊。主语「他」沿用 he, 核心动词「发现」found; 「狼又通过窟窿叼走一只羊」整段作 found 的宾语从句: that another sheep had been carried off by the wolf through the hole (被动凸显羊的去向; 也可保留主动 that the wolf had carried off another sheep through the hole)。

【降级】「第二天」→ 时间状语; 从句内含两个状语

「第二天」前置作时间状语 The next day; 从句主干「狼叼走一只羊」译 the wolf had carried off another sheep, 「又」用 again 或 another 体现, 「通过窟窿」作方式状语 through the hole。整句一个主句 + 一个宾语从句, 结构整齐。

【语法】时态

主句「发现」用一般过去时 found; 宾语从句中「叼走」发生在「发现」之前, 用过去完成时 had carried off, 与第 4 句保持同一逻辑 (先发生用 had done)。

复现表达

「又叼走一只」要把「再一次」译出来: 用 another sheep (另一只) + again, 或只用 another (已含「再」义)。不要漏译「又」, 否则读者看不出这是第二次丢羊。

冠词

「窟窿」按 glossary 已在上文引入, 回指用定冠词 the hole; 「狼」此处可用 the wolf (同一只 / 同一类作案者), 与首次出现的 a wolf 形成首次一回指对照。

【译文】The next day, he found that another sheep had been carried off by the wolf through the hole.

7. 他想起邻居的话，就赶快堵上窟窿，把羊栏补好。

【主干】「他」作主语，三个动词并列处理（主语策略：原句主语）

他想起邻居的话，就赶快堵上窟窿，把羊栏补好。主语「他」沿用 he；三个动作「想起」「堵上」「补好」按时间先后处理：「想起」可前置为 -ing 分词或 when 时间从句；「堵上窟窿」「补好羊栏」是同一动作的两个侧面，用 and 并列作主干谓语。

【降级】「想起邻居的话」→ Remembering / When he recalled...；主干「堵 + 补」

「想起邻居的话」改造为分词 Remembering what his neighbour had said 或时间从句 When he recalled his neighbour's words，作主句的时间 / 原因背景；主句 he quickly blocked up the hole and mended the sheepfold。「赶快」用副词 quickly 修饰主谓。

【语法】时态

回指过去时基调：blocked / mended 用过去式；分词所代表的「想起」与主句动作同时 / 略早，用 Remembering 现在分词即可（若用从句，then had recalled 也可表更早）。

搭配

「堵上窟窿」用 block up the hole / plug the hole（block up 是固定动词短语，表示「彻底堵住」）；「补好羊栏」按 glossary 用 mend the sheepfold，与第 5 句邻居劝告里的 mend 保持同一个词。

宾语回指

「窟窿」「羊栏」均承前指代，加定冠词 the the hole / the sheepfold，与首次出现时的 a hole / a sheepfold 形成清晰的「引入—回指」链条。

【译文】Remembering what his neighbour had said, he quickly blocked up the hole and mended the sheepfold.

8. 此后，他的羊再也没有被狼叼走。

【主干】「羊」作主语，使用被动（主语策略：转被动）

此后，他的羊再也没有被狼叼走。中文已经出现「被」字，明示动作的承受者是羊。英文顺势把 sheep 提作主语用被动：His sheep were never carried off by wolves again。「此后」译 From then on 句首作时间状语，「再也没...」用 never ... again 表达。

【降级】时间状语 + 被动主干

「此后」前置 From then on / After that；主干 his sheep were never carried off by wolves again。整句保持一个主谓结构，是篇章收尾用得最稳的形式。

【语法】时态与语态

回指过去时基调用一般过去时被动 were carried off（被动 = be + 过去分词；时态体现在 be 上：were）。

主谓一致

主语 his sheep 此处指多只羊（一群里剩下的），谓语用 were 而不是 was；sheep 复数同形，靠谓语 were 判断它是复数。

否定与频率

「再也没...」用 never ... again（never 已含「从未」，再加 again 强调「再没有」），不要写成 not ... never again 这种双重否定；by wolves 表示「（任何）狼」用复数泛指更稳。

【译文】 From then on, his sheep were never carried off by wolves again.

9. 故事告诉我们:出了问题及时补救, 可以防止蒙受更大损失。

【主干】 「故事」作主语, 「告诉我们」+ 宾语从句 (主语策略: 原句主语)

故事告诉我们: 出了问题及时补救, 可以防止蒙受更大损失。是寓言结尾的普遍道理。主语「(这个) 故事」the story, 谓语 tells us, 冒号后的内容作 that 引导的宾语从句: that timely remedy when problems arise can prevent greater losses.

【降级】 「出了问题及时补救」改造为动名词短语作主语; 「可以防止...」作谓语

从句内部用动名词短语作主语更地道: fixing problems in time / taking timely measures when problems arise / promptly remedying problems; 谓语 can prevent us from suffering greater losses. 把中文「(人) 做某事, 可以防止...」改成「做某事 + can prevent + 损失」的句型, 主语统一为「做某事」这件事, 逻辑紧凑。

【语法】 时态

此句跳出故事讲普遍道理, 偏离过去时基调, 改用一般现在时 tells / can prevent——这是 globalPlan.tenseBaseline.tense 允许的偏离场景。

搭配

「防止某事发生」用 prevent sth. / prevent sb. from doing; 「蒙受损失」用 suffer (from) losses 或 incur losses; 「更大损失」greater losses (loss 表「损失」时常可用可数复数)。

动名词作主语

主语 Fixing problems in time / Taking timely measures 这类动名词短语作主语, 谓语动词按单数处理 (can prevent 用情态动词不变形), 符合英语「-ing 短语作主语视作单数」的规则。

【译文】 The story tells us that fixing problems in time can prevent us from suffering greater losses.
