四级 · 真题卷第2套 · 2025年12月

Part I

Writing

(30 minutes)

Directions: Suppose it is proposed that all university students should be required to learn academic writing. You are now to write a response by stating what you think of the proposal. You will have 30 minutes to write the essay. You should write at least 120 words but no more than 180 words.

Part II

Listening Comprehension

(25 minutes)

Section A

Directions: In this section, you will hear three news reports. At the end of each news report, you will hear two or three questions. Both the news report and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on **Answer Sheet 1** with a single line through the centre.

Questions 1 and 2 are based on the news report you have just heard.

1. A) It has gone up sharply.
B) It has been fluctuating.
C) It has risen because of bird flu.
D) It has been consumers' concern.
2. A) They don't want to abandon their eggs.
B) They don't know they will be heavily fined.
C) They don't know they are forbidden to bring eggs.
D) They don't declare their eggs during the inspection.

Questions 3 and 4 are based on the news report you have just heard.

3. A) It is no longer critical of younger customers.
B) It has banned kids under 10 from dining there.
C) It is no longer as noisy and crowded as before.
D) It has implemented a decision to expand business.
4. A) It is fully aware of frequent customers' feelings.
B) It caters to the tastes of different customers.
C) It is entitled to adopt any rules it wants.
D) It should announce its decisions online.

Questions 5 to 7 are based on the news report you have just heard.

5. A) A missing pet.
B) A grown-up snake.
C) A huge animal skin.
D) A snake specialist.
6. A) In a government office.
B) In a deserted house.
C) At a local zoo.
D) At a construction site.
7. A) Figuring out where it came from.
B) Curing it of any possible diseases.
C) Protecting its babies against harm.
D) Determining how to catch it safely.

Section B

Directions: *In this section, you will hear two long conversations. At the end of each conversation, you will hear four questions. Both the conversation and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on **Answer Sheet 1** with a single line through the centre.*

Questions 8 to 11 are based on the conversation you have just heard.

8. A) The man doesn't agree Hannah is poor.
B) The man doesn't believe what she says.
C) The man doesn't think she can be a millionaire.
D) The man doesn't consider her to be trustworthy.
9. A) She no longer has any money left.
B) She has been betrayed by her family.
C) She can no longer hold on to her job.
D) She has been robbed of 5 million Euros.
10. A) Fortune.
B) Family.
C) Harmony.
D) Happiness.
11. A) Divorce her.
B) Leave home.
C) Buy her a more expensive model.
D) Let the best thing happen to them.

Questions 12 to 15 are based on the conversation you have just heard.

12. A) He is not outstanding in Science and Math.
B) He does not have a strong academic record.
C) He is not yet mature enough to live on his own.
D) He does not like Westwood Elementary School.
13. A) It is too far away.
B) It is newly opened.
C) It lacks outdoor sports facilities.
D) It has too few first-class teachers.
14. A) It has a beautiful campus.
B) It is within walking distance.
C) It has a wonderful arts program.
D) It is helpful to Jake's breathing problems.
15. A) Asking Jake which school he himself prefers to enroll in.
B) Thinking twice about what is best for Jake's education next year.
C) Consulting her mother about which school Jake is to attend.
D) Sending Jake to the school near the home of the man's mother.

Section C

Directions: *In this section, you will hear three passages. At the end of each passage, you will hear three or four questions. Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on Answer Sheet 1 with a single line through the centre.*

Questions 16 to 18 are based on the passage you have just heard.

16. A) It is time consuming.
B) It is unfit for crucial issues.
C) It relies too much on solid data.
D) It dulls a leader's sense of urgency.
17. A) Depend on digital technology.
B) Make assumptions and guesses.
C) Ignore others' thoughts and ideas.
D) Lay emphasis on thinking flexibly.
18. A) Maximizing the advantage of available resources.
B) Minimizing the possibility of a wrong decision.
C) Discovering new potential markets.
D) Perfecting promotional strategies.

Questions 19 to 21 are based on the passage you have just heard.

19. A) She is one of the world's best-known pianists.
B) She celebrated her 110th birthday this April.
C) She moved to the U.S. at a young age.
D) She is the world's oldest individual.
20. A) Being always active on social media.
B) Doing regular and vigorous exercise.
C) Playing the piano from a young age.
D) Following a specific diet every day.
21. A) Eating as little as one can possibly manage.
B) Having the ability to forget things selectively.
C) Figuring out the positive properties of each food item.
D) Knowing how to remember major events in one's life.

Questions 22 to 25 are based on the passage you have just heard.

22. A) The ability to learn.
B) The first day of school.
C) How teachers perceive them.
D) Where they sit in the classroom.
23. A) They often received close attention from the instructors.
B) They obtained the highest grade average in their class.
C) They actually wanted a clear vision of the blackboard.
D) They scored higher than students sitting behind them.
24. A) A higher grade average among all students of a class.
B) A better connection between instructors and students.
C) A stronger support for a student-centered teaching approach.
D) A more favorable atmosphere for effective classroom learning.
25. A) They may experience some unwanted stress.
B) They may try hard to show their preparedness.
C) They may receive extra attention from the instructor.
D) They may feel helpless when called on by the instructor.

Part III

Reading Comprehension

(40 minutes)

Section A

Directions: *In this section, there is a passage with ten blanks. You are required to select one word for each blank from a list of choices given in a word bank following the passage. Read the passage through carefully before making your choices. Each choice in the bank is identified by a letter. Please mark the corresponding*

letter for each item on **Answer Sheet 2** with a single line through the centre. You may not use any of the words in the bank more than once.

Some music inspires you to move your feet, some inspires you to get out there and change the world. In any case, it's 26 to say that music moves people in special ways.

If you're especially into a piece of music, your brain does something called Autonomous Sensory Meridian Response (ASMR), which 27 to you like a sting in your brain.

It turns out that ASMR is pretty special. According to a 28 published study in The Journal of Prevention of Alzheimer's Disease, the part of your brain responsible for ASMR doesn't get lost to Alzheimer's. Alzheimer's 29 to put people into layers of confusion, and the study confirms that music can sometimes 30 lift people out of the Alzheimer's haze and bring them back to (at least a likeness of) normality ... if only for a short while. ASMR is powerful stuff!

This phenomenon has been 31 several times but rarely studied properly. One of the most famous examples of this is the story of 92-year-old Henry Dryer, who comes out of dementia(痴呆) while listening to songs from his youth.

Jeff Anderson, associate professor in Radiology at the University of Utah and 32 author on the study, says "In our society, the diagnoses of dementia are 33 resources to the maximum. No one says playing music will be a cure for Alzheimer's disease, but it might make the symptoms more 34 , decrease the cost of care and improve a patient's 35 of life."

- | | |
|-----------------|-------------|
| A) actually | I) phase |
| B) consequently | J) plotting |
| C) contributing | K) quality |
| D) fair | L) recently |
| E) feels | M) taxing |
| F) manageable | N) tends |
| G) mends | O) yielded |
| H) observed | |

Section B

Directions: In this section, you are going to read a passage with ten statements attached to it. Each statement contains information given in one of the paragraphs. Identify the paragraph from which the information is derived. You may choose a paragraph more than once. Each paragraph is marked with a letter. Answer the questions by marking the corresponding letter on **Answer Sheet 2**.

Can playing video games help you get a better job?

- A) The gaming industry is larger than films and music combined, yet few of us are likely to list our achievements in playing computer games as work experience in our résumé. But why not? Businesses are waking up to the skills gamers can bring to the workplace.
- B) One start-up is convinced that the skills learned by playing games — hard-won through years of training and battle — can be applied to real-life work situations. And Game Academy reckons its belief is backed up by hard data. Do you enjoy unusual puzzle games like Portal, or tower defence games like Defense Grid? The

team has found that IT workers play those more than average. But if you prefer Civilization, Total War, or X-Com, where strategy and resource management are key, then you might have more in common with managers.

- C) Game Academy's idea is simple: analyse gamers' habits from their online gaming profile, and offer courses in valuable skills that reflect their aptitudes — skills they can practise and refine in-game. And there is already a growing acceptance that gaming skills are transferable.
- D) Even the military is hiring gamers. "The ability to absorb information, react swiftly and coordinate actions whilst remaining calm under pressure are often attributes of people that are good at gaming," according to a Royal Air Force spokesperson. Those skills are part of what the Royal Air Force is looking for "in a variety of roles". "Skills acquired through gaming can be very relevant to certain areas."
- E) "There are plenty of soft skills that gamers can utilise in a professional setting, such as teamwork, problem solving and strategic planning," says Ryan Gardner, a regional director with Hays recruitment. But does that really mean your top 100 ranking in Overwatch should go down in your résumé? "It's about how you either make it relevant to the job you are applying for, or how it makes you more interesting as a potential employee," Mr Gardner says.
- F) Two years ago, a Glasgow University study made headlines for suggesting gaming could make students more successful. But "the research hasn't really changed minds, at least not yet," says one of the authors of the study, Dr Matthew Barr. He's now writing a book on the topic. "For now, I think the negative reputation around games means that telling someone you're a determined gamer is more likely to harm your chances of getting a job. But if someone can explain how they've led a team in an online game, for example, they may be able to persuade an employer that this is useful," says Dr Barr.
- G) Playing games casually is unlikely to help your career prospects. But part of Game Academy's suggestion is to transform casual gamers into "conscious" ones, applying critical thinking to developing their skills. "We see gameplay as a resource of talent," says co-founder David Barrie. "Why can't we put in our résumé our gaming victories and achievements?" he asks. "If they say they want leadership — why can't I point to my years of leading World of Warcraft raids?"
- H) There are already plenty of gamers out there who know that their hobby has made them who they are. Earlier this year, Matthew Ricci told gaming site Kotaku: "If you're playing EVE Online you basically already have an MBA." Often made fun of in gaming circles as a "spreadsheet simulator(电子表格模拟)", the economy of the fictional EVE universe is driven by real market principles. If you want to build a new spaceship, the raw material has to be mined by another player. Manufacturing costs come into effect, and commodities fluctuate in price based on demand and the distance to haul the commodity.
- I) Mr Ricci, who had always dreamed of being the boss of his own company, ran an in-game corporation comprising hundreds of players. Eventually, he realised he could transfer his skills to real-life business — instead of doing it for free. He restructured Zentech, once a taxation vehicle for his father's business, and it is now in its fourth year helping international brands enter the Canadian market. EVE teaches skills like creativity, leadership, organisation, and conflict resolution, he maintains. He credits his success to his family, his strong desire to run his own business — and "a damn good company in Iceland that made a damn good game".
- J) Digital entrepreneur and business consultant Mia Bennett says: "In more traditional settings, gaming is still imagined to be the pursuit of teenage boys — a waste of time." But there are some links to skills like

"decision-making, the ability to anticipate and future planning," she says. "It also helps with meta-skills — learning how to learn, experimentation, and creative thinking."

- K) Twelve years into his career, Mark Long, a radiotherapy physicist with the NHS in Surrey, doesn't get as much gaming time as he used to. "I would love to say that my gaming skills allow me to destroy cancer using linear accelerators like photon(光子) blasters, but that's not quite the reality." Instead, he credits old-school games like Palace of Magic with exposing him to computers. Every new gaming upgrade improved his knowledge of how they worked. Gaming also encouraged a competitive spirit — and that, he believes, translates. "When creating treatment plans, the aim is to optimise the radiation dose to the tumour and restrict it as much as possible to healthy surrounding tissues and organs," he says. It's about "repeating the process, but each time doing something slightly different to improve the result". Not unlike achieving a high score or a perfect run. "Most videogames are essentially puzzles to solve," he says. "And problem-solving is a big part of my job."
- L) "Over at Game Academy, Mr Barrie is aware they still have a mountain to climb. The employer community will need the science," he says, but confesses he only became a true believer when he started asking players about their biggest in-game achievements. "The scale and scope of their answers were amazing," he says. "But ask them the same about their work, and they don't know." "The engagement and powerful skills that people get playing a game — why can't work be like that?" he asks.
36. Certain gaming skills meet the requirements of the armed forces in Britain.
37. One veteran player has applied his gaming skills to his real-world business and owes his success partly to a game company.
38. According to a researcher, bad reputation about games will probably limit a gamer's chances of landing a job.
39. Businesses are beginning to realise gaming skills are applicable to their employees' work.
40. A physicist admits gaming has contributed to his computer knowledge and skills of solving problems.
41. Game Academy proposes to help gamers develop their skills using critical thinking.
42. One who enjoys playing games that require management skills to win might possess more qualities of a manager.
43. In more conventional views, gaming is a time-wasting activity pursued by young boys.
44. It is suggested that gaming skills be included in a résumé if they enhance a job applicant's appeal.
45. Many gamers know their passion for playing games has shaped their identity.

Section C

Directions: There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.

Passage One

Questions 46 to 50 are based on the following passage.

Junk food is now a staple of many Americans' diets. Advertising campaigns from the snack food companies, often featuring sports stars, send the message that we can neutralize any negative effects of consuming their products simply by getting more physical exercise. But recent studies show a lack of exercise is not to blame for rising obesity rates. Bad diets are.

Interventions(干预) to help reduce junk food consumption are especially important for children and teenagers. Prevention is better than cure because obesity is so difficult to treat. Unfortunately, while health education has shown some success among young children, teens have been harder to reach.

Now a large-scale study has tried an innovative approach to change teenagers' attitudes towards healthy eating, and the results are promising. The researchers argued that previous interventions have probably been unsuccessful because of a major flaw: they focused on a future, healthier you and assumed that this would be enough motivation for teenagers. In contrast, the new intervention cleverly exploits teenagers' instinct for rebelliousness and autonomy, and the value they place on social justice.

To do this, researchers had students read an article on the food industry. It revealed a secret about the manipulative and deceptive strategies used to make junk food more addictive and characterize the products as healthy. The article also explained how advertising campaigns specifically target very young and poor people, causing harm for these vulnerable groups. Afterwards, the participants read a fictional survey of teens who wanted to "fight back against the companies by buying and eating less processed food"

After the intervention, participants associated healthy eating with autonomy and social justice. The teenagers also rated healthy eating as being more appealing. Importantly, there were also some promising effects of the new intervention on actual behavior. A day later the students were offered a choice of snacks and drinks in a seemingly unrelated context. The teens chose healthy snacks and drinks (such as fruit or water) more often over unhealthy options (like biscuits and soda). Apparently associating a healthy diet with teenagers' own values seems to be a promising avenue to prevent obesity.

46. What do we learn about advertising campaigns from the snack food companies?

- A) They convey the idea that their products are ok if consumers exercise more.
- B) They send the message that bad diets are responsible for Americans' obesity.
- C) They usually feature sports stars to emphasize the benefits of their snack foods.
- D) They claim that lack of exercise is to blame for the increasing obesity rates.

47. What does the passage say about health education?

- A) It has shed light on teens' instinct for rebellion and autonomy.
- B) It has placed much more emphasis on cure than on prevention.
- C) It has contributed little to the campaigns against obesity.
- D) It has largely failed to turn teens away from junk food.

48. What is a major flaw in previous interventions to help reduce junk food consumption?

- A) They motivated teens to stay away from junk food only temporarily.
- B) They focused on the benefits young people would reap in the future.
- C) They were based on the assumption that motivation was the only key.
- D) They were incapable of appealing to teens' instinct for rebelliousness.

49. In what way is the new intervention innovative?

- A) It emphasizes people's sense of social responsibility.
- B) It cleverly exploits teenagers' personal weaknesses.
- C) It takes advantage of teenagers' natural inclination.
- D) It promises immediate rather than future benefits.

50. What conclusion can be drawn from the new research?

- A) A totally different approach could be adopted to combat advertising campaigns for snack food.
- B) An effective intervention has to be found to persuade teenagers to switch to a healthier lifestyle.
- C) Obesity can be hopefully prevented by building links between teenagers' values and healthy eating.
- D) An innovative way to beat obesity is to expose food companies' manipulative and deceptive practices.

Passage Two

Questions 51 to 55 are based on the following passage.

Adults dream during REM (rapid eye movement) sleep and infants have loads of REM. So, it might be fair to assume that babies have tons of dreams.

But scientists believe REM serves a completely different purpose for newborns and infants than dreaming. When babies are in REM, it allows their brain to develop pathways, connections, and eventually, learn languages.

Since your baby doesn't dream at this stage of brain development, it's safe to assume babies do not have nightmares, either. Nightmares stem from exposure to trauma(创伤), an overactive imagination, and the normal stresses of everyday life.

Are you wondering, what do babies dream about? Good question, but the answer is nothing! So, when do babies start dreaming? The general consensus is that they start dreaming around the age of two. Psychologist David Foulkes studies children (from very small kids to teens) to bring the secrets of their dreams to the light of day. In his lab, he lets kids fall asleep and then wakes them 3 times a night and asks them to describe what they recall.

Foulkes' findings are unsurprising. Basically, little kids have little dreams. But exactly what kids see while dreaming depends on their age. As children develop and grow, their dreams do too.

Dreams of very small kids are usually just snapshots(快照), looking much more like a slideshow than a movie, when compared to the dreams of adults. They heavily feature animals and other familiar sights, like images of people eating. According to Foulkes, "Children's dream life...seems to be similar to their waking imagination and narration." Kids ages 5 – 9 begin seeing moving images and characters in action. Dreams now include multiple events strung together, one after the other. They also start developing greater ability to remember dreams. Still, that's not always the case: When roused during REM sleep, 25% of the kids in Foulkes' studies had no recollection of dreaming, a trend that continues through age 9.

So, if your baby seems to be in a stressful state while sleeping or is upset upon waking, there may be other factors at play.

51. What do scientists think of REM?
- A) It is a sign of dreaming in adults and infants alike.
 - B) It is essential to human beings' language learning.
 - C) It determines the formation of connections in the brain.
 - D) It performs a different function in babies than in adults.
52. What can we infer about nightmares from the passage?
- A) They occur often in people with an active imagination.
 - B) They occur in people suffering from emotional stress.
 - C) They vary in different stages of brain development.
 - D) They appear in the sleep of both adults and infants.
53. What is the aim of psychologist David Foulkes' study?
- A) To reveal the secrets of children's dreams.
 - B) To see if children start dreaming at age two.
 - C) To solve the mystery of dreaming and brain growth.
 - D) To confirm the general consensus on when kids dream.
54. What are Foulkes' findings about kids' dreams?
- A) They feature strange animals.
 - B) They are unsurprising to adults.
 - C) They grow and evolve with age.
 - D) They reflect kids' waking life.
55. What can we assume about babies who appear upset upon waking?
- A) They have been roused against their will.
 - B) They have been disturbed by a nightmare.
 - C) They have trouble recollecting the images of their dreams.
 - D) They have been affected by something other than dreaming.

Part IV

Translation

(30 minutes)

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English. You should write your answer on **Answer Sheet 2**.

近年来, "城市漫步(city walk)"在中国的年轻人中悄然兴起, 已成为一种旅游新潮流。与传统旅游不同, 城市漫步不追求在短时间内游览尽可能多的景点。而是随意行走或按照主题路线漫步在城市的大街小巷。漫步者品尝地道小吃, 欣赏特色建筑, 了解当地生活方式。他们还用相机或手机记录城市的风景和人物。这种旅游方式能让城市漫步者更深入地了解城市的历史与文化。

2025年12月·第2套英语四级写作·题目、范文与解析

PROMPT & MODEL ESSAY • 写作题和范文

写作题和范文

本页写作题面、参考范文与逐段解析由懒笔记基于2025年12月·第2套 英语四级写作原卷整理。与试卷排版同一卷面：完整写作要求（Directions，含主题、文体、词数与署名约束）连续排印。写作是生产性任务、无 ABCD 标准答案——题面即整道题；卷面下方直接给出满足全部硬约束的参考范文、整篇中译与逐段拆解。

真题卷第2套(2025-12) • 英语四级

Part I

Directions: Suppose it is proposed that all university students should be required to learn academic writing. You are now to write a response by stating what you think of the proposal. You will have 30 minutes to write the essay. You should write at least 120 words but no more than 180 words.

【参考范文·156词】 写作无唯一标准答案，以下为达标示范

It has recently been proposed that all university students should be required to learn academic writing. In my view, this proposal deserves our full support, for such a skill is far more than an optional refinement.

For one thing, academic writing trains students to organize ideas logically and cite sources honestly. When I wrote my first term paper, I struggled to structure arguments and nearly copied online material by mistake; a writing course would have taught me both clear reasoning and academic integrity. For another, this ability pays off well beyond campus. Whether a graduate applies for a research position or drafts a report at work, the capacity to express thoughts precisely on paper often determines success.

Admittedly, mastering academic writing takes time and effort. Nevertheless, the long-term rewards clearly outweigh the cost. Therefore, I strongly believe universities should make this course compulsory, ideally starting from the first year so that students benefit throughout their studies.

【参考译文】

近来有人提议，所有大学生都应必修学术写作。在我看来，这一提议值得我们全力支持，因为这项技能远不只是锦上添花。

一方面，学术写作训练学生把思路组织得有条理，并如实引用资料来源。我第一次写学期论文时，就苦于难以搭建论证结构，还险些误抄了网上的材料；一门写作课本可以同时教会我清晰的逻辑与学术诚信。另一方面，这项能力在校园之外同样受用。无论毕业生是申请科研岗位，还是在职场撰写报告，把想法在纸面上精准表达的能力，往往决定着成败。

诚然，掌握学术写作需要时间和努力。然而，其长远回报显然远大于付出的成本。因此，我坚信大学应将这门课程设为必修，最好从大一就开设，让学生在整个学业期间都从中受益。

【第1段】复述加表态。首段落落实『复述加表态开篇』：It has recently been proposed that... 用同义改写复述提案、点题；紧接 In my view, this proposal deserves our full support 一句亮明支持立场，兑现 stating what you think of the proposal，开篇即拿任务分。

【第2段】分点加例证。第二段落实『分点理由配例证』：For one thing... for another... 两条理由并列；中间 When I wrote my first term paper... 用亲身场景把『论文规范与学术诚信』坐实，Whether a graduate... 把价值延伸到就业深造，两条都咬住学术写作本身，不空谈。

【第3段】让步加重申。第三段落落实『让步转折收尾』：Admittedly... 先认成本，Nevertheless... 转折抬高回报，Therefore, I strongly believe... 顺势重申应必修并补『从大一开设』的温和建议，立场首尾一致、毫不摇摆。

ANALYSIS • 审题与立意

这道题到底要写什么、立意是什么

动笔前先钉死本题的核心写作任务与读者语域，再定中心立意与要展开的要点——这些是本题特有的内容判断，不是通用套路。

核心任务

对提案亮明态度

本题的核心任务是：针对 it is proposed that all university students should be required to learn academic writing 这条提案，写一篇回应并 stating what you think of the proposal。一句话钉死——不是介绍学术写作是什么、也不是罗列它的好坏，而是必须明确说出你赞成还是反对（或有条件支持）。四级近年这类「就某提案表态」的命题很常见，任务分全压在「有没有站队」上。

读者 • 语域

面向阅卷人的正式议论

本题是纯议论文，没有具体收信人。写作要求只说 write a response，没有指定身份或对象，因此把读者默认为阅卷人即可：用正式书面语，不用 I wanna、gonna 这类口语缩略，也不用写称呼和落款。语域定成「客观、克制、有据的议论腔」，通过 In my view、Therefore 这类衔接词体现态度层次即可。

中心立意

全力支持必修学术写作

本篇立场：坚定支持 all university students should be required to learn academic writing。中心论点一句话——学术写作是每个大学生都该掌握的核心学术能力，理应设为必修。立场鲜明、不骑墙，正好回应任务要求的 stating what you think of the proposal。

要展开的要点

1. 打牢论文规范与学术诚信

理由一扣住学术写作的本职价值：它教学生把观点组织得有逻辑、并如实引用他人成果，直接关系到论文规范与学术诚信。这条能用『第一次写学期论文时结构混乱、险些误抄』的亲身场景撑起一整段，具体可感。

2. 为深造与就业铺路

理由二把价值延伸到校园之外：无论毕业后申请科研岗位还是在职场写报告，精准的书面表达往往决定成败。这一条紧扣『学术写作』迁移出的长远回报，避免写成『英语写作』或空泛的『写作有好处』。

3. 让步后重申立场

第三点作收束：承认掌握学术写作确实费时费力，但长远回报远大于成本，因此仍应必修，并温和补一句『最好从大一开始开设』作为补充建议。

STRUCTURE • 谋篇与逐段

怎么分段、每段写什么、能套哪些句架

按写作家族给出现成的段落框架（每段承担什么功能），并为每段配可直接套用的 功能句架（留出填本题内容的空位）。段序与上方参考范文——对应。

第 1 段 复述提案 + 亮立场

第一段：先一句话复述 it is proposed that all university students should be required to learn academic writing 这条提案，再立刻给出明确态度——支持，并埋下一句总起，引出后面的理由。

第 2 段 两条理由 + 例证

第二段是论证主体：用 For one thing / For another 分点摆两条理由（论文规范与诚信、深造与就业），每条各配一个具体场景或后果，把理由说实。

第 3 段 让步转折 + 重申建议

第三段收尾：先让步承认掌握学术写作费时费力，再转折强调回报更大，最后重申应必修并补一句温和建议（从大一开设）。

第 1 段 点题并宣布支持

落到本题：复述『有人提议所有大学生都应必修学术写作』，随即表态支持，理由是这项技能远不止是锦上添花，回应了 stating what you think of the proposal 的核心要求。

同义改写复述提案 · It has recently been proposed that ____（把写作要求里的提案换个说法引出，避免逐字照抄）。

一句话表明立场 · In my view, this proposal deserves ____（填 our full support / careful reconsideration 等，态度词决定站哪边）。

第 2 段 诚信规范 + 职业回报

本段两条理由：其一，学术写作训练逻辑组织与如实引用，用『初写学期论文结构混乱、险些误抄』的场景坐实论文规范与学术诚信；其二，这项能力校园外同样管用，无论申请科研岗还是职场写报告，精准表达常决定成败。

分点罗列理由 · For one thing, ____; for another, ____（两条并列理由的骨架，各填一条）。

亲身场景举例 · When I ____, I struggled to ____（用一个自己的经历把抽象理由变具体）。

把价值延伸到未来 · Whether a graduate ____ or ____, the capacity to ____ often determines success（把好处推到就业/深造场景）。

第3段 认成本后重申必修

本段承认掌握学术写作确需时间和努力，随即强调长远回报远大于成本，因此重申大学应将其设为必修，并补一句『最好从大一开设，让学生全程受益』的温和建议。

让步认成本 · Admittedly, ____ takes time and effort (先退一步，承认代价或顾虑)。

转折压过顾虑 · Nevertheless, the ____ clearly outweigh the ____ (用转折把回报抬到成本之上)。

顺势重申立场 · Therefore, I strongly believe ____ (收束回立场，把态度钉死并可带一句建议)。

REVIEW · 自检避坑

本题在四个评分维度怎样算达标、容易在哪丢分

按阅卷四维（内容切题 / 结构连贯 / 语言准确 / 字数格式）给出本题达标要点，并把最容易踩的低分写法摆出来 + 给改法 —— 这是写作版的「狠拆诱人错项」。

内容切题

必须真站队

本题达标线是全文有清晰立场，回应 stating what you think of the proposal；最易失分是只描述提案、只罗列利弊却不表态，那样即使语言好也丢核心任务分。

结构连贯

三段各司其职

本题按首段亮立场、主体段两条理由、尾段让步重申来分段，靠 For one thing / For another / Admittedly / Therefore 显出层次；忌一段到底或立场前后摇摆。

语言准确

态度词要用准

本题靠 In my view、Admittedly、Nevertheless、Therefore 这些表态与让步衔接词撑起层次，要用对位置；同时注意 cite sources、academic integrity 等词的拼写与搭配，别把 academic writing 写成泛泛的 English writing。

字数格式

卡死上下限

本题硬性要求 You should write at least 120 words but no more than 180 words, 低于下限或超过上限都扣分；三段紧凑议论正好落进区间，别为凑字重复啰嗦。

典型低分写法 • 反面示例与改法

只析利弊不表态

反面示例：Some people think academic writing is useful, while others think it is a waste of time. There are advantages and disadvantages. (通篇分析利弊、始终不说自己怎么想，丢掉任务分。)

改法：把它换成一句明确表态——In my view, academic writing should be a required course for all university students. (先站队，再展开理由。)

空谈写作好处

反面示例：Writing is very important. It can improve our life and make us successful. (空泛到换成任何技能都成立，且滑成了泛写作。)

改法：Academic writing teaches students to build arguments logically and cite sources honestly, which safeguards academic integrity. (具体扣住学术写作的本职价值。)

首尾自相矛盾

反面示例：首段写 I strongly support this proposal, 尾段却写 After all, maybe it is not necessary to make it compulsory. (立场摇摆，直接失分。)

改法：尾段保持同向——Therefore, I firmly believe this course should be made compulsory. (让步认成本后仍坚持原立场。)

PAPER & KEY · 听力题和解析

听力题和解析

本卷全部 25 题的标准答案与完整录音文字稿由懒笔记基于2025年12月·第2套 英语四级听力原卷逐题核对整理。与试卷排版同一卷面层级：Part/Section 标题与各节 Directions 照原卷排印——真实听力考卷只印选项，题干由录音念出。其下按录音篇目逐篇排印：每篇先给完整录音文字稿（逐段中译），再逐题给出卷面题目与该题解析（题目、翻译、答案、定位、信号、替换与排除）。

真题卷第2套(2025-12) · 英语四级

以下按录音篇目排印：每篇先给录音原文与逐段中译（考卷上没有，考试时录音只播一遍、卷面只印选项），再逐题给出卷面题目与解析。

Part II

Listening Comprehension

(25 minutes)

Section A

Directions: In this section, you will hear three news reports. At the end of each news report, you will hear two or three questions. Both the news report and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on **Answer Sheet 1** with a single line through the centre.

Questions 1 and 2 are based on the news report you have just heard.

1 Customs and Border Protection officials are seeing a rise in people illegally bringing eggs from Mexico into border states, such as Texas.

美国海关与边境保护局官员发现,从墨西哥非法携带鸡蛋进入得克萨斯州等边境州的人数正在增加。

2 The U.S. average price for a dozen large eggs last month hit \$4.25. That's more than double their \$1.78 price in December, 2023. Meanwhile, 30 eggs in Mexico sell for just \$3.4.

上个月美国一打大号鸡蛋的平均价格达到4.25美元。这是2023年12月1.78美元价格的两倍多。与此同时,墨西哥30个鸡蛋的售价仅为3.4美元。

3 Those bringing eggs into the U.S. risk fines of up to \$10,000. But officials say they usually seize and destroy the eggs. They also impose a \$300 penalty. The Department of Agriculture banned eggs from Mexico in 2012. This was due to the risk of bird flu. Officials said most people arriving at international

borders with eggs are truthful about their purchases. They simply don't know bringing eggs is not allowed.

将鸡蛋带入美国的人面临最高1万美元的罚款。但官员表示,他们通常会没收并销毁鸡蛋。他们还会处以300美元的罚金。农业部于2012年禁止从墨西哥进口鸡蛋。这是由于禽流感的风险。官员表示,大多数携带鸡蛋抵达国际边境的人对其购买行为如实申报。他们只是不知道携带鸡蛋是不被允许的。

4 "Generally, the items are declared during the first inspection. Then the person can abandon the eggs without consequence," a Customs and Border Protection spokesperson said.

美国海关与边境保护局发言人表示:"通常情况下,这些物品在首次检查时就会申报。然后当事人可以放弃这些鸡蛋而不会产生后果。"

5 Even so, there have been a very small number of cases recently when authorities discovered eggs during further inspections.

即便如此,最近仍有极少数情况是当局在进一步检查时发现了鸡蛋。

1. A) It has gone up sharply.
- B) It has been fluctuating.
- C) It has risen because of bird flu.
- D) It has been consumers' concern.

【题目】 What do we learn from the news report about the egg price in the U.S.?

【翻译】 从新闻报道中我们了解到美国鸡蛋价格的什么情况?

- A) 价格大幅上涨。 B) 价格一直在波动。 C) 价格因禽流感而上涨。
D) 价格一直是消费者关注的问题。

【答案】 A (细节题) It has gone up sharply.

【定位】 The U.S. average price for a dozen large eggs last month hit \$4.25. That's more than double their \$1.78 price in December, 2023.

上个月美国一打大号鸡蛋的平均价格达到了 4.25 美元, 这比 2023 年 12 月的 1.78 美元还高出一倍多。

【信号】 数字对比+more than double。答案句的信号是数字加比较: hit \$4.25 与 more than double their \$1.78 price——从 1.78 涨到 4.25、还『翻了不少一倍』, 是明确的大幅上涨。新闻里出现两个价格数字相比较, 往往就是答案句。

【替换】 more than double their \$1.78 price ↔ gone up sharply

倍数=大幅

【排除】 B) 未提及

It has been fluctuating. 说价格『来回波动』，但录音只给了从 1.78 到 4.25 的单向上涨，没有任何下跌或反复，方向不符。

C) 原词陷阱

It has risen because of bird flu. 把上涨原因归给禽流感。录音确实念到 bird flu，但那是解释 The Department of Agriculture banned eggs from Mexico（为何禁止从墨西哥带蛋）的原因，不是涨价的原因——盗用了原词却接错了因果。

借用原文：This was due to the risk of bird flu.

D) 未提及

It has been consumers' concern. 说蛋价成了消费者的担忧。录音通篇没提消费者的态度或担忧，只客观报了价格数字，属无中生有。

-
2. A) They don't want to abandon their eggs.
B) They don't know they will be heavily fined.
C) They don't know they are forbidden to bring eggs.
D) They don't declare their eggs during the inspection.

【题目】 What does the news report say about most people arriving at American borders with eggs?

【翻译】 新闻报道关于携带鸡蛋抵达美国边境的大多数人说了什么？

- A) 他们不想放弃自己的鸡蛋。 B) 他们不知道会被处以重罚。
C) 他们不知道禁止携带鸡蛋。 D) 他们在检查时没有申报自己的鸡蛋。

【答案】 C（细节题） They don't know they are forbidden to bring eggs.

【定位】 Officials said most people arriving at international borders with eggs are truthful about their purchases. They simply don't know bringing eggs is not allowed.

官员说，多数带着鸡蛋到达国际边境的人对自己买的东西是如实交代的。他们只是不知道带鸡蛋是不被允许的。

【信号】 题干同词组+紧跟解释句。 答案句信号是题干原词组在录音里复现：most people arriving at international borders with eggs 几乎照搬了题干，它后面紧跟的 They simply don't know bringing eggs is not allowed 就是对这群人的正面交代，正是答案落点。

【替换】 They simply don't know bringing eggs is not allowed ↔

They don't know they are forbidden to bring eggs.

not allowed=forbidden

【排除】 A) 原词陷阱

They don't want to abandon their eggs. 说他们不愿放弃鸡蛋。录音里确有 abandon the eggs 这个词，但原文是说『在第一次检查时申报、然后可以无后果地放弃鸡蛋』，根本没说他们『不愿放弃』——盗用 abandon 一词，意思却恰相反。

借用原文：Then the person can abandon the eggs without consequence

B) 偷换概念

They don't know they will be heavily fined. 说他们不知会被重罚。录音里 risk fines of up to \$10,000、a \$300 penalty 确实提到罚款，但原文说这群人不知道的是『带蛋被禁止』，不是『不知会被罚款』——把『不知禁令』偷换成了『不知罚款』。

借用原文：Those bringing eggs into the U.S. risk fines of up to \$10,000.

D) 与原文相反

They don't declare their eggs during the inspection. 说他们检查时不申报。录音里 declared during the first inspection 确实有 declare 和 inspection，但原文是说『物品一般会在第一次检查时被申报』，即多数人是申报的，与选项的『不申报』正好相反。

借用原文：Generally, the items are declared during the first inspection.

Questions 3 and 4 are based on the news report you have just heard.

1 Nettie's House, a restaurant in America, has been hit with criticism after announcing on the website that children under the age of 10 are no longer welcome.

美国一家名为Nettie's House的餐厅在其网站上宣布不再欢迎10岁以下儿童后遭到批评。

2 Among the reasons given for the decision, the restaurant cited "noise levels, lack of space for high chairs, cleaning up crazy messes, and the liability of kids running around the restaurant". They decided that it was time to take control. The decision wasn't made lightly, but some recent events pushed them to implement this new policy.

餐厅给出的决定理由包括"噪音水平、高脚椅空间不足、清理混乱不堪的场面以及孩子在餐厅跑来跑去的责任问题"。他们决定是时候采取管控措施了。这个决定并非轻率做出,但最近发生的一些事件促使他们实施这项新政策。

3 Responding to the post, one person commented that "It is messed up beyond another level. Children are children. Mums are tired and don't have time to cook. Not welcoming children under 10 is a complete slap in the face to families." He felt so disappointed in the establishment.

针对这篇帖子,有人评论说"这简直乱得不成样子。孩子就是孩子。妈妈们很累,没有时间做饭。不欢迎10岁以下儿童完全是对家庭的一记耳光。"他对这家餐厅感到非常失望。

4 There are others, however, who showed support for the restaurant's decision. They said it has the right to implement any rules it wants.

然而,也有其他人对餐厅的决定表示支持。他们说餐厅有权实施任何它想要的规定。

3. A) It is no longer critical of younger customers.
B) It has banned kids under 10 from dining there.
C) It is no longer as noisy and crowded as before.
D) It has implemented a decision to expand business.

【题目】 What do we learn from the news report about the restaurant Nettie's House?

【翻译】 从新闻报道中我们了解到关于 Nettie's House 餐厅的什么信息?

- A) 它不再对年轻顾客持批评态度。 B) 它已禁止10岁以下儿童在那里就餐。
C) 它不再像以前那样嘈杂和拥挤。 D) 它已实施了一项扩大业务的决定。

【答案】 B (细节题) It has banned kids under 10 from dining there.

【定位】 Nettie's House, a restaurant in America, has been hit with criticism after announcing on the website that children under the age of 10 are no longer welcome.

美国一家名叫 Nettie's House 的餐厅在网站上宣布不再欢迎 10 岁以下儿童后，遭到了批评。

【信号】 新闻首句点题，机构名后紧跟核心事件。短篇新闻第一句通常就把核心事件说清。这里店名之后紧跟 announcing on the website that children under the age of 10 are no longer welcome，这正是“该餐厅做了什么”的答案句，顺着开头第一句就能抓到。

【替换】 children under the age of 10 are no longer welcome ↔ banned kids under 10 from dining there
“不再欢迎”=“禁止用餐”的同义改写

【排除】 A) 与原文相反

It is no longer critical of younger customers. 借了原文“针对低龄顾客”这层意思，却说餐厅“不再挑剔年轻顾客”——恰恰相反，餐厅是收紧了对儿童的限制；而且 no longer critical 的是公众对餐厅的批评，不是餐厅对顾客的态度，方向反了。

借用原文：children under the age of 10 are no longer welcome

C) 原词陷阱

It is no longer as noisy and crowded as before. 抓住了原文提到的 noise levels (吵闹) 来勾人，但原文只是把吵闹列为出台新规的“理由”，从没说餐厅现在已经变得不吵不挤了。听到 noise 就选 C 就中了原词陷阱。

借用原文：noise levels

D) 原词陷阱

It has implemented a decision to expand business. 蹭了原文里 implement this new policy 的 implement 一词，但原文实施的是“谢绝儿童”的新政策，根本没提扩张生意，expand business 是无中生有。

借用原文：implement this new policy

4. A) It is fully aware of frequent customers' feelings.
B) It caters to the tastes of different customers.
C) It is entitled to adopt any rules it wants.
D) It should announce its decisions online.

【题目】 What do supporters say in response to the restaurant's new policy?

【翻译】 支持者对餐厅的新政策作何回应?

- A) 它充分了解常客的感受。 B) 它迎合不同顾客的口味。
C) 它有权采用任何它想要的规则。 D) 它应该在网上公布其决定。

【答案】 C (态度观点题) It is entitled to adopt any rules it wants.

【定位】 There are others, however, who showed support for the restaurant's decision. They said it has the right to implement any rules it wants.

不过也有另一些人对餐厅的决定表示支持。他们说餐厅有权实施它想要的任何规定。

【信号】 转折 **however** 引出支持方，应答句紧随。第4段以 There are others, however, who showed support 用转折词 however 把镜头从前文反对者切到支持者，紧接着 They said it has the right to implement any rules it wants 就是支持者的原话——题问 supporters，落点正是这句应答。

【替换】 it has the right to implement any rules it wants ↔ **It is entitled to adopt any rules it wants**
has the right=is entitled, implement=adopt

【排除】 A) **未提及**

It is fully aware of frequent customers' feelings. 说餐厅"充分了解常客的感受"，但支持者原话只讲"餐厅有权定规矩"，从没提常客 (frequent customers) 也没说店家了解谁的感受，这层意思原文整个没出现。

B) **原词陷阱**

It caters to the tastes of different customers. 蹭了全篇反复出现的 customers 一词，但支持者说的是"店家有权定规矩"，不是说它"迎合不同顾客的口味"——caters to tastes 在原文没有依据，是借熟词编的好听话。

借用原文：Children are children

D) **原词陷阱**

It should announce its decisions online. 蹭了原文 announcing on the website 的"网上宣布"，但那只是叙述餐厅当初怎么发的公告，支持者根本没说"店家应该在网上公布决定"，且 should 是建议口吻、与本题问的支持表态不符。

借用原文：announcing on the website

Questions 5 to 7 are based on the news report you have just heard.

- 1 Security officers were searching a suburb in Australia where an adult snake was believed to be

wandering after the discovery of a huge, "freshly shed" snake skin.

在澳大利亚一个郊区发现了一张巨大的"新脱落"蛇皮后,安全官员正在搜寻该地区,据信有一条成年蛇在游荡。

2 The skin was found at a construction site, and the government wrote to residents to warn them. They were told to observe and, if possible, photograph the animal. If it was moving, watch where it went. It was recommended not to make contact with the animal.

这张蛇皮是在一处建筑工地发现的,政府向居民发出书面警告。他们被告知要观察这条蛇,如有可能对其拍照。如果它在移动,要观察它去了哪里。建议不要与该动物接触。

3 The type of snake was determined to be one of the world's largest snake species. It is not poisonous, but can still attack and kill its victims. This type of snake is classified as a threat to humans, especially small children, as well as pets. They may carry viruses that are fatal to native snakes, which do not have resistance.

经确定,这种蛇是世界上最大的蛇类物种之一。它没有毒性,但仍然可以攻击并杀死猎物。这种蛇被归类为对人类构成威胁,特别是对幼儿以及宠物。它们可能携带对本地蛇类致命的病毒,而本地蛇类对这些病毒没有抵抗力。

4 If officers found the snake, they would employ a licensed snake catcher to catch it and transport it to a specialist animal doctor, the government said. If caught, the snake would be examined to determine where it came from, how long it had been in the area, what it had been eating, whether it was carrying any diseases of concern and whether it had produced babies.

政府表示,如果官员找到这条蛇,他们将雇用有执照的捕蛇人将其捕获并运送到专业动物医生处。如果被捕,将对这条蛇进行检查,以确定它来自哪里、在该地区待了多长时间、吃了什么、是否携带任何令人担忧的疾病以及是否产下了幼蛇。

5. A) A missing pet.

B) A grown-up snake.

C) A huge animal skin.

D) A snake specialist.

【题目】 What does the report say security officers were searching for?

【翻译】 报道称安全人员在搜寻什么?

A) 一只走失的宠物。 B) 一条成年蛇。 C) 一张巨大的动物皮。 D) 一位蛇类专家。

【答案】 B (细节题) A grown-up snake.

【定位】 Security officers were searching a suburb in Australia where an adult snake was believed to be wandering after the discovery of a huge, "freshly shed" snake skin.

安保人员正在搜查澳大利亚的一处郊区,据信有一条成年蛇在那里游荡,此前那里发现了一张巨大的、刚蜕下的蛇皮。

【信号】 搜寻主语句直接点对象。答案句是新闻第一句，把『谁在搜+搜什么』一并说清：an adult snake was believed to be wandering（一条成年蛇据信在游荡），这才是被搜寻的活物；蛇皮 snake skin 只是引出搜寻的线索，不是搜寻目标。

【替换】 an adult snake ↔ A grown-up snake.

adult=grown-up 同义改写

【排除】 c) 原词陷阱

选项盗用了录音里真实出现的 a huge, "freshly shed" snake skin（巨大的刚蜕的蛇皮），听到 huge 和 skin 很想选 A huge animal skin.。但蛇皮只是引发搜寻的线索，搜寻的对象是活蛇本身，故 C 答非所问。

借用原文：a huge, "freshly shed" snake skin

A) 未提及

录音通篇说的是一条野生大蛇，从未提到这是谁走失的宠物。A missing pet. 在原文中没有依据，属凭常识臆测（『蛇会不会是谁养的跑了』），录音没说就不能选。

D) 张冠李戴

A snake specialist.（捕蛇/治蛇专家）盗用了录音后文 a licensed snake catcher 与 a specialist animal doctor 的概念，但这些人抓到蛇之后才会请的，不是此刻搜寻的对象。把『搜寻蛇』偷换成『搜寻专家』，张冠李戴。

借用原文：a specialist animal doctor

6. A) In a government office.

B) In a deserted house.

C) At a local zoo.

D) At a construction site.

【题目】 Where does the report say the discovery was made?

【翻译】 报道称在哪里有了这一发现？

A) 在一个政府办公室。 B) 在一座废弃的房子里。 c) 在当地一家动物园。

D) 在一处建筑工地。

【答案】 D（细节题） At a construction site.

【定位】 The skin was found at a construction site, and the government wrote to residents to warn them.

那张蛇皮是在一处建筑工地发现的，政府随后致信居民提醒他们。

【信号】 地点状语 at 直接给地点。答案句里 The skin was found at a construction site 的 at a construction site 是典型的地点状语，正面回答了『发现在哪』。问 where 就抓这种 at/in + 场所的结构。

【替换】 found at a construction site ↔ At a construction site.

地点词原样对应

【排除】 A) 原词陷阱

选项盗用了同句里的 the government 一词，听到 government 就想选 In a government office.。但录音里政府是『写信提醒居民』的施动方，并非发现蛇皮的地点，二者无关，属答非所问。

借用原文：the government wrote to residents

B) 未提及

In a deserted house. (废弃房屋) 录音从未提到，可能是考生凭『蛇出没=破旧荒地』的常识脑补出来的。原文只说工地，没说废屋，无依据。

C) 未提及

At a local zoo. (本地动物园) 也是常识联想 (『蛇=动物=动物园』)，录音里完全没有出现 zoo。原文发现地是工地，不是动物园，排除。

-
7. A) Figuring out where it came from.
B) Curing it of any possible diseases.
C) Protecting its babies against harm.
D) Determining how to catch it safely.

【题目】 What did the government say would be done if security officers found what they were searching for?

【翻译】 政府表示如果安全人员找到了他们搜寻的目标，将会采取什么措施？

- A) 查明它来自哪里。 B) 治疗它可能患有的疾病。 C) 保护它的幼崽免受伤害。
D) 确定如何安全地捕捉它。

【答案】 A (细节题) Figuring out where it came from.

【定位】 If caught, the snake would be examined to determine where it came from, how long it had been in the area, what it had been eating, whether it was carrying any diseases of concern and whether it had produced babies.

一旦抓获，这条蛇将接受检查，以确定它从哪里来、在该区域待了多久、一直在吃什么、是否携带值得关注的疾病，以及是否已经产下幼蛇。

【信号】 If caught 引出后续措施。 答案句以 If caught (一旦抓获) 开头，正对题干的 if...found 假设条件，后面 would be examined to determine where it came from 列出抓到后要做的事，是本题答案落点。

【替换】 examined to determine where it came from ↔ **Figuring out where it came from.**
determine=figure out 同义

【排除】 B) 偷换概念

选项盗用了录音 whether it was carrying any diseases of concern 里的 diseases 一词，听到『病』就想选 Curing it of any possible diseases.。但原文只是『检查它是否携带疾病』，并非『治好它的病』，把『检查』偷换成『治疗』，故错。

借用原文：whether it was carrying any diseases of concern

C) 偷换概念

选项盗用了 whether it had produced babies 里的 babies，让人误选 Protecting its babies against harm.。但原文是『查清它是否产过幼蛇』，根本不是『保护幼蛇不受伤害』，方向完全不同，属偷换概念。

借用原文：whether it had produced babies

D) 原词陷阱

Determining how to catch it safely. 盗用了 catch (抓)。录音里抓蛇是 employ a licensed snake catcher to catch it (雇持证捕蛇人去抓)，是直接安排人去抓，并不是『研究怎样安全地抓』，故 D 答非所问。

借用原文：employ a licensed snake catcher to catch it

Section B

Directions: In this section, you will hear two long conversations. At the end of each conversation, you will hear four questions. Both the conversation and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on **Answer Sheet 1** with a single line through the centre.

Questions 8 to 11 are based on the conversation you have just heard.

1 W: Poor Hannah!

W: 可怜的Hannah!

2 M: Why? What happened?

M: 怎么了?发生什么事了?

3 W: Didn't you hear? She won a TV competition and became a millionaire overnight.

W: 你没听说吗?她赢了一个电视竞赛,一夜之间成了百万富翁。

4 M: No way. That's incredible. Are you kidding?

M: 不会吧。太不可思议了。你在开玩笑吗?

5 W: No, I'm serious. I swear it. She went on a TV show where they quiz on general knowledge, and she won first prize.

W: 没有,我是认真的。我发誓。她参加了一个电视节目,那种考常识问答的,然后她赢得了头奖。

6 M: Wow. That's so lucky of her. How much did she win?

M: 哇。她太幸运了。她赢了多少钱?

7 W: I'm not sure of the exact figure, but it's a few million Euros, maybe five million Euros after tax.

W: 我不确定具体数字,但有几百万欧元,税后大概五百万欧元。

8 M: I can't believe it. You're really not joking, are you?

M: 我真不敢相信。你真的不是在开玩笑,对吧?

9 W: Honestly, look at my face. Our friend Hannah won a ton of money.

W: 真的,你看我的表情。咱们的朋友Hannah赢了一大笔钱。

10 M: Unbelievable. Then why were you saying "poor Hannah"?

M: 难以置信。那你为什么说"可怜的Hannah"?

11 W: Well, it turns out that she's spent it all already.

W: 嗯,结果她已经把钱全花光了。

12 M: Five million Euros? How is that even possible?

M: 五百万欧元?这怎么可能?

13 W: She bought a house for herself and her husband, a house for her parents, and then a house for each of her four brothers and sisters. And then she bought her husband a ridiculously expensive sports car.

W: 她给自己和丈夫买了一套房子,给她父母买了一套房子,然后又给她四个兄弟姐妹每人买了一套房子。之后她又给她丈夫买了一辆贵得离谱的跑车。

14 M: Wow. Are they all happy? Because that's what matters, isn't it?

M: 哇。他们都开心吗?因为这才是最重要的,不是吗?

15 W: I know for a fact Hannah isn't. You see, she was planning to quit the job she hates and retire early. But now that she ran out of money, she can't. Basically, she miscalculated how fast she was burning through the money, and she's now full of regret.

W: 我确定Hannah不开心。你看,她本来计划辞掉她讨厌的工作,提前退休。但现在她钱花光了,做不到了。基本上,她错误估计了花钱的速度,现在她满心懊悔。

16 M: Why don't they sell that flashy new car?

M: 他们为什么不把那辆炫酷的新车卖掉?

17 W: She wants to, but her husband refuses to get rid of it. He says the car is the best thing that has ever happened to him, and if she sells it, he will divorce her.

W: 她想卖,但她丈夫拒绝放弃那辆车。他说那辆车是他这辈子遇到的最好的东西,如果她把它卖了,他就跟她离婚。

8. A) The man doesn't agree Hannah is poor.

B) The man doesn't believe what she says.

C) The man doesn't think she can be a millionaire.

D) The man doesn't consider her to be trustworthy.

【题目】 Why does the woman say she swears it?

【翻译】为什么女人说她发誓？

- A) 男人不同意Hannah很穷。 B) 男人不相信她说的话。
C) 男人不认为她能成为百万富翁。 D) 男人不认为她值得信任。

【答案】B (推断题) The man doesn't believe what she says.

【定位】M: I can't believe it. You're really not joking, are you?

男：我真不敢相信。你真的不是在开玩笑吧？

【信号】发誓是对男士『不信』的回应。女士反复发誓的触发点，是男士这句 I can't believe it.

You're really not joking, are you?——男士先表态不信、追问是否开玩笑，女士才被迫发誓。这句男士的怀疑就是答案信号，前面 No way. That's incredible. Are you kidding? 也铺垫了同样的不信。

【替换】I can't believe it. ↔ doesn't believe what she says

I can't believe=doesn't believe

【排除】A) 原词陷阱

选项 The man doesn't agree Hannah is poor. 借了录音开头 Poor Hannah! 的 poor 来勾人，但男士从没就『Hannah 穷不穷』表过态，他不信的是『中了大奖』这件事，与穷不穷无关。

借用原文：Poor Hannah!

C) 偷换概念

选项 The man doesn't think she can be a millionaire. 抓了录音 became a millionaire overnight 里的 millionaire，但男士震惊的是『这事是不是真的』，并非质疑『她有没有能力成为富翁』——把『不信事实』偷换成了『不信她的能力』。

借用原文：became a millionaire overnight

D) 过度推断

选项 The man doesn't consider her to be trustworthy. 听着和『不信』近似，但 trustworthy 指『这个人不可信、人品有问题』，男士只是惊讶于消息太离奇、问对方是否开玩笑，并没有否定女士的人品，属过度引申。

9. A) She no longer has any money left.

B) She has been betrayed by her family.

C) She can no longer hold on to her job.

D) She has been robbed of 5 million Euros.

【题目】What do we learn about Hannah from the conversation?

【翻译】从对话中我们了解到关于Hannah的什么情况？

- A) 她已经没有任何钱了。 B) 她被家人背叛了。 C) 她不能再保住她的工作了。
D) 她被抢劫了500万欧元。

【答案】A (细节题) She no longer has any money left.

【定位】 W: Well, it turns out that she's spent it all already.

女：嗯，原来她已经把钱全花光了。

【信号】 **转折后交代真实结局**。前文一直在讲 Hannah 中了大奖、好运连连，直到女士这句 it turns out that she's spent it all already 才点出真相——钱花光了。it turns out(原来)是语气转折信号，转折之后才是这道题要的事实。she ran out of money 再次确认了这一点。

【替换】 she's spent it all already ↔ **no longer has any money left**

全花光=不再有钱

【排除】 B) **未提及**

选项 She has been betrayed by her family. 在录音里找不到任何依据——对话提到她给家人买房，是付出而非被背叛，『被家人背叛』纯属编造。

C) **与原文相反**

选项 She can no longer hold on to her job. 抓了录音 quit the job she hates 里的 job，但录音是说她原想辞掉讨厌的工作却辞不成、只能继续干，恰恰是『保得住/必须保住』工作，选项却说成『保不住』，把意思反了。

借用原文：she was planning to quit the job she hates and retire early. But now that she ran out of money, she can't

D) **原词陷阱**

选项 She has been robbed of 5 million Euros. 用了录音里真念到的钱数 maybe five million Euros after tax 来制造熟悉感，但钱是她自己花光的(买房买车)，不是被人抢走，robbed 完全没有依据。

借用原文：maybe five million Euros after tax

10. A) Fortune.

B) Family.

C) Harmony.

D) Happiness.

【题目】 **What does the man think really matters to people?**

【翻译】 男人认为对人们来说真正重要的是什么？

A) 财富。 B) 家庭。 C) 和睦。 D) 幸福。

【答案】 **D** (细节题) Happiness.

【定位】 M: Wow. Are they all happy? Because that's what matters, isn't it?

男：哇，他们都开心吗？因为那才是最要紧的，不是吗？

【信号】 **matters 原词点名 + 反问强调**。男士直接说 that's what matters, isn't it?, 其中 matters 与题干 really matters 对得上；而 that 指的正是前半句的 Are they all happy?——所以他认为最要紧的是『开心/幸福』。反问句 isn't it 是加重语气的强调信号。

【替换】 Are they all happy? ↔ **Happiness.**

happy→Happiness 形转名

【排除】 A) **原词陷阱**

选项 Fortune. 和整段『中大奖、五百万』的话题最贴，最易顺手误选，但通篇没有任何人说『财富才是最要紧的』，男士点名的是开心，不是钱。

借用原文：maybe five million Euros after tax

B) **原词陷阱**

选项 Family. 借了录音里反复出现的家人(给 her parents、四个兄弟姐妹买房)，但男士说『要紧』时指的是大家开不开心，不是『家庭』这个概念本身。

借用原文：a house for her parents, and then a house for each of her four brothers and sisters

C) **未提及**

选项 Harmony.(和睦)看似和『家人开心』沾点边，但录音里既没念到 harmony 这个词，也没人表达『和睦才最重要』，纯属凭话题臆造。

11. A) Divorce her.

B) Leave home.

C) Buy her a more expensive model.

D) Let the best thing happen to them.

【题目】 What does Hannah's husband say he'll do if she sells the new car?

【翻译】 如果她卖掉新车,Hannah的丈夫说他会做什么?

A) 和她离婚。 B) 离开家。 C) 给她买一辆更贵的车。

D) 让最好的事情发生在他们身上。

【答案】 **A** (细节题) Divorce her.

【定位】 W: She wants to, but her husband refuses to get rid of it. He says the car is the best thing that has ever happened to him, and if she sells it, he will divorce her.

女：她想卖，但她丈夫拒绝处理掉它。他说这辆车是他这辈子遇到的最好的东西，如果她卖了，他就跟她离婚。

【信号】 **if...he will... 条件句直给答案。** 答案句就是 if she sells it, he will divorce her——题干的条件 if she sells 在这里原样出现，紧跟的主句 he will divorce her 就是丈夫扬言要做的事。if 引导的条件主句是这道题的答案信号。

【替换】 he will divorce her ↔ **Divorce her.**

原句动作直接照搬

【排除】 B) 偷换概念

选项 Leave home. 听着和『离婚』情绪相近，但录音里丈夫说的是 divorce(离婚)，从没提『离家出走』，属凭联想替换。

C) 原词陷阱

选项 Buy her a more expensive model. 抓了录音 a ridiculously expensive sports car 的 expensive，但录音里丈夫是『拒绝卖掉现有的车』，根本不是要再买更贵的，方向相反。

借用原文：a ridiculously expensive sports car

D) 原词陷阱

选项 Let the best thing happen to them. 改自录音 the car is the best thing that has ever happened to him，但那是丈夫形容车好、是已经发生的事，并非他在『卖车后要做』的动作，把一句描述硬塞成了答案。

借用原文：the car is the best thing that has ever happened to him

Questions 12 to 15 are based on the conversation you have just heard.

1 W: If you have time right now, I think we need to sit down and discuss what exactly we are going to do for Jake's education next year. I've been thinking it over, and I'd like to send him to Westwood Elementary.

W: 如果你现在有时间的话,我觉得我们需要坐下来讨论一下明年Jake的教育问题。我一直在考虑这件事,我想把他送到Westwood小学。

2 M: You mean that boarding school? I thought we agreed that we would not be sending him away at such a young age. I admit that their academic record is very strong with many outstanding awards for achievements in Science and Math, but he is just not mature enough to live on his own at this point. What about enrolling him in Lakeview School?

M: 你是说那所寄宿学校?我以为我们说好了不会在他这么小的年纪就把他送走。我承认他们的学术成绩非常优秀,在科学和数学方面获得了许多杰出的奖项,但他现在还不够成熟,不能独自生活。把他送到Lakeview学校怎么样?

3 W: They do have a great outdoor campus where he could finally learn all those outdoor sports you have been wanting him to try. With so much greenery and fresh air, I think his current breathing problems would probably disappear. They did just open, though, so I don't think I feel comfortable having our son in the first class of a brand-new school.

W: 他们确实有一个很棒的户外校园,在那里他终于可以学习你一直想让他尝试的那些户外运动了。有这么多的绿化和新鲜空气,我想他目前的呼吸问题可能会消失。不过他们刚开办,所以我不太放心让我们的儿子成为一所全新学校的第一届学生。

4 M: Yeah, the classrooms would probably smell like paint, making the air in the school all stuffy. What about our local school then? They have a wonderful arts program that would really challenge Jake in

terms of creativity and imagination. Being practically next door, one of us could take him to school every day before going to work.

M: 是啊,教室里可能还有油漆味,让学校里的空气都很闷。那我们本地的学校呢?他们有一个很棒的艺术课程,能真正在创造力和想象力方面挑战Jake。就在家门口,我们其中一个人每天上班前都可以送他去学校。

5 W: I don't know. They have a reputation of being overly strict with the students, not to mention the overwhelming amount of homework they assign, which would lead to a lot of pressure for Jake and me. What if we send him to the place near your mother's house?

W: 我不知道。他们以对学生过于严格而闻名,更不用说布置的作业量大得惊人,这会给Jake和我带来很大压力。要不我们把他送到你妈妈家附近的那所学校?

12. A) He is not outstanding in Science and Math.
B) He does not have a strong academic record.
C) He is not yet mature enough to live on his own.
D) He does not like Westwood Elementary School.

【题目】 What does the man say about Jake?

【翻译】 男士对Jake有什么评价?

- A) 他在科学和数学方面不突出。 B) 他没有优秀的学业成绩。
C) 他还不够成熟,无法独立生活。 D) 他不喜欢Westwood小学。

【答案】 C (细节题) He is not yet mature enough to live on his own.

【定位】 I admit that their academic record is very strong with many outstanding awards for achievements in Science and Math, but he is just not mature enough to live on his own at this point.

我承认他们的学术成绩很强,在科学和数学方面拿过很多杰出的奖项,但他现在还不够成熟,没法独立生活。

【信号】 转折 but 之后才是男方真意。这句前半是 I admit...让步夸学校,真正的态度落在 but he is just not mature enough to live on his own at this point 之后。听力里 but 之后才是落点,前半的赞扬是铺垫,不能当答案。

【替换】 he is just not mature enough to live on his own ↔

He is not yet mature enough to live on his own.

几乎原句, just→yet 同义

【排除】 A) 原词陷阱

选项说 not outstanding in Science and Math, 而录音 outstanding awards for achievements in Science and Math 恰恰是说学校在科学数学上很突出。它盗用了原词 Science and Math, 却把"突出"反说成"不突出"。

借用原文: outstanding awards for achievements in Science and Math

B) 偷换概念

录音明说 their academic record is very strong, 指的还是学校的学术记录强; 选项 He does not have a strong academic record. 既把对象从学校换成 Jake, 又把"强"反成"不强"。

借用原文: their academic record is very strong

D) 未提及

Westwood 是女方想送的 boarding school, 男方的顾虑是孩子"不够成熟", 全程没说 Jake 喜不喜欢这所学校, He does not like Westwood Elementary School. 属凭空添加。

-
13. A) It is too far away.
B) It is newly opened.
C) It lacks outdoor sports facilities.
D) It has too few first-class teachers.

【题目】 Why does the woman feel uncomfortable about sending Jake to Lakeview School?

【翻译】 女士为什么对把Jake送到Lakeview学校感到不安?

A) 太远了。 B) 刚开办不久。 C) 缺少户外运动设施。 D) 一流教师太少。

【答案】 B (细节题) It is newly opened.

【定位】 They did just open, though, so I don't think I feel comfortable having our son in the first class of a brand-new school.

不过他们才刚开学, 所以我不太放心让我们的儿子去一所全新学校的第一届。

【信号】 though 转折 + 不安的直接陈述。前文女方先夸 Lakeview 校园好、空气好, though 一转才道出顾虑, 紧接 I don't think I feel comfortable having our son in the first class of a brand-new school, 与题干 feel uncomfortable 直接呼应, 是答案句。

【替换】 They did just open ↔ **It is newly opened.**

did just open = newly opened

the first class of a brand-new school ↔ **It is newly opened.**

brand-new school 印证"新开"

【排除】 A) 张冠李戴

It is too far away. 谈的是距离，但女方对 Lakeview 的顾虑是"太新"，文中没说 Lakeview 远；"近"反而是后面本地学校的优点。距离话题被张冠李戴到了 Lakeview 头上。

借用原文：Being practically next door

C) 与原文相反

录音说 Lakeview a great outdoor campus where he could finally learn all those outdoor sports, 户外运动是它的优点；选项 It lacks outdoor sports facilities. 把"有大操场练户外运动"反说成"缺户外运动设施"。

借用原文：a great outdoor campus where he could finally learn all those outdoor sports

D) 未提及

It has too few first-class teachers. 谈师资，但整段讲 Lakeview 只提了校园、空气、刚开学，从没提教师数量或质量，属凭空添加。

14. A) It has a beautiful campus.

B) It is within walking distance.

C) It has a wonderful arts program.

D) It is helpful to Jake's breathing problems.

【题目】 What does the man say about their local school?

【翻译】 男士对他们当地学校有什么评价？

A) 它有美丽的校园。 B) 步行就能到。 C) 它有出色的艺术课程。

D) 它对Jake的呼吸问题有帮助。

【答案】 C (细节题) It has a wonderful arts program.

【定位】 What about our local school then? They have a wonderful arts program that would really challenge Jake in terms of creativity and imagination.

那我们本地的学校呢？他们有一个很棒的艺术项目，能在创造力和想象力方面真正挑战 Jake。

【信号】 男方主动提议本校时主推的卖点。 男方用 What about our local school then? 把话题转到本地学校，紧接给出的第一条理由 a wonderful arts program 就是他主推的卖点，是答案句。

【替换】 a wonderful arts program ↔ **It has a wonderful arts program.**

几乎原句复现

【排除】 A) 张冠李戴

It has a beautiful campus. 谈校园，但漂亮校园说的是 Lakeview (a great outdoor campus、so much greenery and fresh air)，不是本地学校，属张冠李戴。

借用原文：a great outdoor campus

B) 原词陷阱

本地学校确实近，Being practically next door，但题干问 man 关于本校"说了什么"，他主推的是艺术项目；It is within walking distance. 虽是事实细节，却非他强调的卖点，且与正解只能取其一时，原文用 wonderful 着重的是 arts program。

借用原文：Being practically next door

D) 张冠李戴

It is helpful to Jake's breathing problems. 谈呼吸，但能改善呼吸的是 Lakeview 的清新空气 (his current breathing problems would probably disappear)，与本地学校无关，属张冠李戴。

借用原文：his current breathing problems would probably disappear

-
15. A) Asking Jake which school he himself prefers to enroll in.
B) Thinking twice about what is best for Jake's education next year.
C) Consulting her mother about which school Jake is to attend.
D) Sending Jake to the school near the home of the man's mother.

【题目】 What does the woman suggest at the end of the conversation?

【翻译】 女士在对话结尾建议什么？

- A) 询问Jake本人更愿意就读哪所学校。 B) 再三考虑什么对Jake明年的教育最有利。
C) 咨询她母亲关于Jake该上哪所学校。 D) 把Jake送到男士母亲家附近的学校。

【答案】 D (细节题) Sending Jake to the school near the home of the man's mother.

【定位】 What if we send him to the place near your mother's house?

要不我们把他送到你妈妈家附近的那所学校怎么样？

【信号】 建议句式 What if 在结尾出现。 对话最后一句 What if we send him to the place near your mother's house? 用 What if 提出新方案，是女方对男方说的，your mother 指男方的母亲，正是结尾建议，为答案句。

【替换】 the place near your mother's house ↔

Sending Jake to the school near the home of the man's mother.

your mother = the man's mother

send him to the place ↔ **Sending Jake to the school**

send him = sending Jake, place=school

【排除】 A) 未提及

Asking Jake which school he himself prefers to enroll in. 让 Jake 自己选, 但结尾女方提的是送到男方母亲家附近, 全程没说征求 Jake 意愿, 属凭空添加。

B) 答非所问

Thinking twice about what is best for Jake's education next year. 把 what exactly we are going to do for Jake's education next year 这句开头的话改写过来, 但那是对话开端女方提出讨论的引子, 不是结尾给出的具体建议。

借用原文: what exactly we are going to do for Jake's education next year

C) 张冠李戴

Consulting her mother about which school Jake is to attend. 盗用结尾的 mother, 却把人物彻底换了: 原文是"送到你(男方)妈妈家附近的学校", 选项变成"去咨询她(女方)自己的妈妈", 既改了是谁的母亲, 又把"送去就读"换成"征求意见"。

借用原文: the place near your mother's house

Section C

Directions: In this section, you will hear three passages. At the end of each passage, you will hear three or four questions. Both the passage and the questions will be spoken only once. After you hear a question, you must choose the best answer from the four choices marked A), B), C) and D). Then mark the corresponding letter on **Answer Sheet 1** with a single line through the centre.

Questions 16 to 18 are based on the passage you have just heard.

1 Analytical decision-making is a decision-making approach where a manager makes important business decisions only with solid data. This style contrasts with more instinctive leadership styles where managers make many decisions using instinct or opinion. While analytical decision-makers benefit from a deliberate, thoughtful approach, this style also has some shortcomings.

分析型决策是一种决策方法,管理者仅凭可靠数据做出重要商业决策。这种风格与更依赖直觉的领导风格形成对比,后者的管理者运用本能或观点做出许多决策。虽然分析型决策者受益于审慎、深思的方法,但这种风格也存在一些缺陷。

2 A key flaw with analytical decision-making is that it takes time. While this approach is beneficial when you have the time and the decision is important, it is problematic when time is crucial. Analytical decision-makers struggle with deadlines and a sense of urgency with decisions. In situations where you need more timely action, decisions based on some information and instinct may work better.

分析型决策的一个关键缺陷是耗费时间。虽然当你有时间且决策重要时这种方法是有益的,但当时间紧迫时就会产生问题。分析型决策者难以应对截止日期和决策的紧迫感。在需要更及时行动的情况下,基于部分信息和直觉的决策可能效果更好。

3 The desire to be right is a major driver of analytical decision-making. Leaders who use this style don't want to make mistakes. This commitment, one right way of thinking or doing things, hinders the

manager's flexibility. Inflexibility causes you to ignore or avoid listening to the thoughts and ideas of others. You only want to utilize hard data or facts.

追求正确是分析型决策的主要驱动力。采用这种风格的领导者不想犯错。这种对唯一正确思维或做事方式的执着,妨碍了管理者的灵活性。缺乏灵活性导致你忽视或避免倾听他人的想法和观点。你只想利用硬数据或事实。

4 Despite its restrictions, analytical decision-making does have several key strengths. By relying on facts and data, you minimize your potential for a wrong decision. You also get away from the habit of making guesses or following instincts. Database technology enables business leaders to look to hard evidence in analyzing target markets and promotional strategies, rather than making assumptions or guesses on what works.

尽管存在局限性,分析型决策确实具有几个关键优势。通过依赖事实和数据,你将做出错误决策的可能性降至最低。你也摆脱了猜测或遵循直觉的习惯。数据库技术使商业领导者能够依靠确凿证据来分析目标市场和促销策略,而不是对有效方法进行假设或猜测。

16. A) It is time consuming.
B) It is unfit for crucial issues.
C) It relies too much on solid data.
D) It dulls a leader's sense of urgency.

【题目】 What does the passage say is a major flaw of analytical decision-making?

【翻译】 文章认为分析式决策的一个主要缺陷是什么?

- A) 它耗费时间。 B) 它不适合关键问题。 C) 它过于依赖可靠数据。
D) 它削弱了领导者的紧迫感。

【答案】 A (细节题) It is time consuming.

【定位】 A key flaw with analytical decision-making is that it takes time.

分析型决策的一个关键缺陷是它很费时间。

【信号】 关键词 **key flaw** 直接亮出缺点。录音第 2 段开头 A key flaw with analytical decision-making is that it takes time 用 A key flaw 这个"明示缺点"信号词领出答案句——耳朵一抓到 flaw 就该锁定其后内容,这正是预读时守的信号。

【替换】 it takes time ↔ **It is time consuming**

takes time = time consuming 同义改写

【排除】 B) 原词陷阱

录音说的是 it is problematic when time is crucial——"当时间紧迫时它才成问题", B 却把 crucial 搬来说成 It is unfit for crucial issues (不适合关键"问题"), 把"时间紧迫"偷换成"关键议题", 听到 crucial 就选会中招。

借用原文: it is problematic when time is crucial

C) 偷换概念

It relies too much on solid data 把"靠 solid data"说成缺点, 但录音里 makes important business decisions only with solid data 是在客观描述这种风格、第 4 段更把"靠数据"算作优点, C 把中性/优点歪曲成缺陷, 与题干问的 flaw 不符。

借用原文: makes important business decisions only with solid data

D) 过度推断

录音只说分析型决策者 struggle with deadlines and a sense of urgency (应付不来紧迫感), 并未说它"钝化/削弱"领导的紧迫感; D 的 dulls a leader's sense of urgency 是借 urgency 一词反向引申, 原文无此意。

借用原文: struggle with deadlines and a sense of urgency

-
17. A) Depend on digital technology.
B) Make assumptions and guesses.
C) Ignore others' thoughts and ideas.
D) Lay emphasis on thinking flexibly.

【题目】 What does a leader tend to do when they are committed to analytical decision-making?

【翻译】 当领导者致力于分析式决策时,他们往往会做什么?

- A) 依赖数字技术。 B) 做出假设和猜测。 C) 忽视他人的想法和意见。
D) 强调灵活思考。

【答案】 C (细节题) Ignore others' thoughts and ideas.

【定位】 Inflexibility causes you to ignore or avoid listening to the thoughts and ideas of others.

这种僵化会使你忽视或回避去倾听他人的想法和主意。

【信号】 因果信号 causes 引出结果行为。 录音第 3 段 Inflexibility causes you to ignore or avoid listening to the thoughts and ideas of others 用因果词 causes 把"僵化"导向具体行为"忽视他人想法"——因果信号后面的结果句往往就是"会去做什么"的答案。

【替换】 ignore or avoid listening to the thoughts and ideas of others ↔ **Ignore others' thoughts and ideas**
原句压缩成短语, 意思不变

【排除】 A) 张冠李戴

Depend on digital technology 像是从第 4 段 Database technology enables business leaders 摘来的——那是讲"优点"的语境，与第 17 题问的"僵化导致的行为"不是一回事，且原文用的是 database technology 而非泛指 digital technology。

借用原文：Database technology enables business leaders

B) 与原文相反

录音里 get away from the habit of making guesses 说的是分析型决策者"摆脱猜测"，B 的 Make assumptions and guesses 恰恰相反——这类人不会去做假设猜测，B 取了原词 guesses 却把极性反了。

借用原文：get away from the habit of making guesses

D) 与原文相反

录音明说 hinders the manager's flexibility、Inflexibility——这类领导是"妨碍灵活、僵化"，D 的 Lay emphasis on thinking flexibly 把它说成"强调灵活思考"，与原文意思正好相反。

借用原文：hinders the manager's flexibility

18. A) Maximizing the advantage of available resources.

B) Minimizing the possibility of a wrong decision.

C) Discovering new potential markets.

D) Perfecting promotional strategies.

【题目】 What is a key strength of analytical decision-making?

【翻译】 分析式决策的一个关键优势是什么？

A) 最大化可用资源的优势。 B) 最小化错误决策的可能性。 C) 发现新的潜在市场。

D) 完善推广策略。

【答案】 B (细节题) Minimizing the possibility of a wrong decision.

【定位】 By relying on facts and data, you minimize your potential for a wrong decision.

通过依靠事实和数据，你把做出错误决策的可能性降到最低。

【信号】 段首 strengths 转好 + minimize 点优点。 第 4 段以 does have several key strengths 由弊转利，紧接 you minimize your potential for a wrong decision 给出具体优点——"转好"信号词 strengths 后面那句就是答案句。

【替换】 minimize your potential for a wrong decision ↔ Minimizing the possibility of a wrong decision
potential ≈ possibility 近义替换

【排除】 A) 未提及

Maximizing the advantage of available resources (最大化资源优势) 听来很像个优点, 但录音讲优点处只说 minimize your potential for a wrong decision 和摆脱猜测, 从未提"资源优势", 属凭常识硬安。

C) 原词陷阱

录音第 4 段确有 markets: analyzing target markets and promotional strategies, 但那是说"用数据分析现有目标市场", C 却说成 Discovering new potential markets (发现新市场), 听到 markets 就选会中招。

借用原文: analyzing target markets and promotional strategies

D) 原词陷阱

D 的 Perfecting promotional strategies 直接搬走录音里的 promotional strategies, 但原文是说"用数据去分析促销策略", 并非"完善促销策略"是它的优点, 词对了、意思却错了。

借用原文: analyzing target markets and promotional strategies

Questions 19 to 21 are based on the passage you have just heard.

1 What is the secret to living past 100? Playing the piano is among the things the world's oldest person believes has contributed to her long life. Branyas Morera is now 115 years and 320 days old. That means she's been alive longer than any other living individual.

活过100岁的秘诀是什么?弹钢琴是世界上最长寿的人认为有助于她长寿的事情之一。Branyas Morera现在已经在115岁零320天了。这意味着她比任何其他在世的人活得都久。

2 Branyas was born in the United States on April 4th, 1907. But her family moved to Spain, where they were originally from, when she was a young child. She has lived there ever since.

Branyas于1907年4月4日出生在美国。但她的家人在她还是小孩时搬回了他们原来所在的西班牙。从那以后她就一直住在那里。

3 The 115-year-old is active on social media, regularly sharing aspects of her life. She also shares some of her secrets to living so long. These include playing the piano from a young age. Unfortunately, she had to give up the practice seven years ago at 108.

这位115岁的老人活跃在社交媒体上,经常分享她生活的方方面面。她还分享了一些长寿的秘诀。其中包括从小弹钢琴。不幸的是,她在七年前108岁时不得不放弃了这个练习。

4 Her other secrets for living a long life? She led an active lifestyle until her later years, but has never followed a specific diet. "Many people ask me what diet I follow to live so many years," Branyas wrote. "I have always eaten little, but everything, and I have never followed any plan." But she does eat yogurt every day, which she said has "an infinite number of positive properties" for the body. She has also said that the secret to a long life is "knowing how to choose" what to forget.

她长寿的其他秘诀?她在晚年之前保持着积极的生活方式,但从未遵循过特定的饮食。"很多人问我遵循什么饮食才能活这么多年,"Branyas写道。"我一直吃得很少,但什么都吃,从未遵循过任何计划。"但她确实每天吃酸奶,她说酸奶对身体有"无数积极的作用"。她还说过长寿的秘诀是"知道如何选择"要忘记什么。

5 "Life would be impossible if we remembered everything," she said.

"如果我们记住一切,生活将是不可能的,"她说。

19. A) She is one of the world's best-known pianists.

B) She celebrated her 110th birthday this April.

C) She moved to the U.S. at a young age.

D) She is the world's oldest individual.

【题目】 What do we learn about Branyas Morera?

【翻译】 我们对Branyas Morera有什么了解?

A) 她是世界上最著名的钢琴家之一。 B) 她在今年四月庆祝了她的110岁生日。

C) 她在年轻时移居美国。 D) 她是世界上最年长的个人。

【答案】 D (细节题) She is the world's oldest individual.

【定位】 Branyas Morera is now 115 years and 320 days old. That means she's been alive longer than any other living individual.

布兰亚斯·莫雷拉现在 115 岁零 320 天。这意味着她比任何其他在世的人都活得更久。

【信号】 longer than 任何人即最年长。 答案信号是比较结构 longer than any other living individual——“比任何其他在世者都活得久”就等于“世上最年长”，这种“er than any other”的极限表述是定位最高级类信息的标志。

【替换】 longer than any other living individual ↔ **the world's oldest individual**

比较级换最高级

【排除】 A) 过度推断

原文确实提到她弹钢琴，但只说弹琴是她长寿秘诀之一，从未说她是“世界知名钢琴家”；one of the world's best-known pianists把“会弹琴”拔高成“知名钢琴家”，是过度推断。

借用原文：playing the piano from a young age

B) 原词陷阱

原文说她现在 115 years and 320 days old，是 115 岁，本选项却说她四月庆祝“110 岁生日”；它盗用了原文真实存在的出生日期“April 4th”的月份与年龄数字来拼凑，数字被偷换，听到“April”就选会中招。

借用原文：115 years and 320 days old

C) 与原文相反

原文说她出生在美国，后来 her family moved to Spain——是搬去西班牙；本选项却说她“年幼时搬到美国”，把方向彻底说反了。它盗用“moved”“young child”等原词，只把目的地颠倒，专坑没听清方向的人。

借用原文：her family moved to Spain

20. A) Being always active on social media.
B) Doing regular and vigorous exercise.
C) Playing the piano from a young age.
D) Following a specific diet every day.

【题目】 What is one of Branyas Morera's secrets to living a long life?

【翻译】 Branyas Morera长寿的秘诀之一是什么？

- A) 在社交媒体上始终保持活跃。 B) 进行规律且高强度的运动。 C) 从小弹钢琴。
D) 每天遵循特定的饮食。

【答案】 C (细节题) Playing the piano from a young age.

【定位】 She also shares some of her secrets to living so long. These include playing the piano from a young age.

她还分享了一些自己长寿的秘诀。这些秘诀包括从小弹钢琴。

【信号】 These include 引出秘诀清单。答案信号是列举句 These include playing the piano from a young age——“These include”紧跟在“her secrets”之后，明确把弹琴列入秘诀清单，这种“include/such as”的列举信号是细节题的金标定位点。

【替换】 playing the piano from a young age ↔ **Playing the piano from a young age**

列举项原样对应

【排除】 A) **原词陷阱**

原文确实说她 active on social media，但这只是描述她的日常状态，紧接其后“These include”列举秘诀时并没有把“活跃于社交媒体”列进去；本选项盗用“active on social media”原词，却答非所问。

借用原文：active on social media

B) **偷换概念**

原文只说她 led an active lifestyle（生活方式活跃），并没说她做“regular and vigorous exercise（规律而剧烈的运动）”；本选项把“active lifestyle”偷换成程度更重的“vigorous exercise”，程度被拔高。

借用原文：led an active lifestyle

D) **与原文相反**

原文明确说她 has never followed a specific diet——从不遵循特定饮食；本选项却说她“每天遵循特定饮食”，与原文相反。它盗用“specific diet”原词，把否定听成肯定就会误选。

借用原文：never followed a specific diet

21. A) Eating as little as one can possibly manage.
B) Having the ability to forget things selectively.
C) Figuring out the positive properties of each food item.
D) Knowing how to remember major events in one's life.

【题目】 What does Branyas Morera think also contributes to a long life?

【翻译】 Branyas Morera认为还有什么有助于长寿?

- A) 尽可能少吃。 B) 有选择性地忘记事情的能力。 C) 弄清每种食物的有益特性。
D) 知道如何记住人生中的重大事件。

【答案】 B (态度观点题) Having the ability to forget things selectively.

【定位】 She has also said that the secret to a long life is "knowing how to choose" what to forget.
她还说过，长寿的秘诀是“懂得选择”要忘掉什么。

【信号】 she has also said 引出本人观点。答案信号是引述句 She has also said that the secret to a long life is——“she has also said”直接标记这是她本人的另一条观点，加上“also”正对应题干的“also contributes”，是态度观点题最可靠的定位信号。

【替换】 knowing how to choose what to forget ↔ the ability to forget things selectively
选择遗忘换选择性遗忘

【排除】 A) 过度推断

原文说她 always eaten little, but everything——吃得少但什么都吃；本选项却说“尽可能少吃”，把“eaten little”拔高到极端，还丢了“但什么都吃”的另一半。它盗用“eaten little”原词，制造“听到 little 就选”的诱惑。

借用原文：always eaten little, but everything

C) 偷换概念

原文说酸奶对身体有 an infinite number of positive properties，是夸酸奶本身；本选项却说“弄清每种食物的有益属性”，把“酸奶有有益属性”偷换成“她认为要研究每种食物的属性”。它盗用“positive properties”原词，所指对象被偷换。

借用原文：an infinite number of positive properties

D) 与原文相反

原文强调的是“懂得选择忘掉什么”，还说 Life would be impossible if we remembered everything——记住一切反而不行；本选项却说“懂得记住人生大事”，方向与原文相反。它盗用 remember/forget 同一话题词，把遗忘说成记忆。

借用原文：Life would be impossible if we remembered everything

Questions 22 to 25 are based on the passage you have just heard.

1 It's the first day of school, and your teacher tells you to find a seat in the classroom. Where do you sit? Does it matter? Yes. It does matter where you sit in your classroom, so choose and choose carefully.

Studies report that where you sit in the classroom can impact your ability to learn and the way your teacher perceives you. Guess what else? Your grade.

这是开学第一天,老师让你在教室里找个座位。你会坐在哪里?这重要吗?是的。你坐在教室的哪个位置确实很重要,所以要慎重选择。研究表明,你在教室里的座位会影响你的学习能力以及老师对你的看法。你猜还有什么?你的成绩。

2 Then what is the best seat in the classroom?

那么教室里最好的座位是哪里呢?

3 In one study, students who sat in the front and center of the classroom received a higher grade average and scored higher on tests than those sitting towards the back of the classroom. Get this. Students sitting in the middle of the classroom also outscored students sitting behind them. This study gathered that students had a clearer vision of the blackboard and were able to focus more attention on the instructor. By sitting front and center, students were able to hear better too.

在一项研究中,坐在教室前排和中间位置的学生比坐在教室后排的学生获得了更高的平均成绩,考试分数也更高。还有一点。坐在教室中间的学生的成绩也超过了坐在他们后面的学生。这项研究发现,学生们对黑板有更清晰的视野,能够将更多注意力集中在授课教师身上。坐在前排和中间位置,学生们也能听得更清楚。

4 The instructors said that they also formed a better connection with the students who sat in front. Perhaps the connection is made because of eye contact and visibility and more interaction. But when you sit in the front row, you may be called on more by your teacher, mainly due to the fact that you are easier to see. So for students who are not prepared and for those who are extremely shy, the attention could cause some unwanted stress.

授课教师表示,他们与坐在前排的学生建立了更好的联系。也许这种联系是由于眼神交流、可见度以及更多互动而形成的。但是当你坐在前排时,你可能会更多地被老师提问,主要是因为老师更容易看到你。所以对于没有准备好的学生以及极度害羞的学生来说,这种关注可能会带来一些不必要的压力。

22. A) The ability to learn.

B) The first day of school.

C) How teachers perceive them.

D) Where they sit in the classroom.

【题目】 What is of great importance to students according to the speaker?

【翻译】 根据讲话者的观点,什么对学生来说非常重要?

A) 学习能力。 B) 开学第一天。 C) 教师如何看待他们。 D) 他们在教室里坐在哪里。

【答案】 D (细节题) Where they sit in the classroom.

【定位】 It does matter where you sit in your classroom, so choose and choose carefully. Studies report that where you sit in the classroom can impact your ability to learn and the way your teacher perceives you.

你坐在教室的哪个位置,确实有影响,所以要慎重选座。研究表明,你在教室里的座位会影响你的学习能力以及老师对你的看法。

【信号】**加重强调 It does matter.** 说话人先自问 Where do you sit? Does it matter? 紧接着用加重语气的 It does matter where you sit in your classroom 自答, does 的强调正是答案信号——被反复强调的"坐在哪"就是说话人认定的重点。

【替换】where you sit in your classroom ↔ **Where they sit in the classroom.**
人称转换, 意思不变

【排除】A) **原词陷阱**

原文确实念到 your ability to learn, 但那是"座位"带来的"影响之一", 并非说话人说的"对学生重要的东西"本身。把"被影响的结果"当成"重要的东西", 是典型的听到原词就想选。

借用原文: can impact your ability to learn

B) **原词陷阱**

原文开头说 It's the first day of school, 但那只是用来引出话题的场景背景, 说话人从没说"开学第一天"对学生重要, 属于借开头原词设的陷阱。

借用原文: It's the first day of school

C) **答非所问**

原文 the way your teacher perceives you 确被念到, 但它和"学习能力"一样, 是座位带来的"影响", 不是说话人认定"重要"的那样东西, 张冠李戴。

借用原文: the way your teacher perceives you

-
23. A) They often received close attention from the instructors.
B) They obtained the highest grade average in their class.
C) They actually wanted a clear vision of the blackboard.
D) They scored higher than students sitting behind them.

【题目】**What did one study find about students seated in the middle of the classroom?**

【翻译】一项研究发现坐在教室中间的学生有什么特点?

- A) 他们经常受到教师的密切关注。 B) 他们获得了班级中最高平均成绩。
C) 他们实际上想要清楚地看到黑板。 D) 他们的分数高于坐在他们后面的学生。

【答案】**D** (细节题) They scored higher than students sitting behind them.

【定位】Get this. Students sitting in the middle of the classroom also outscored students sitting behind them.

注意了: 坐在教室中间的学生, 成绩也超过了坐在他们后面的学生。

【信号】**提示语 Get this 引出关键发现。**说话人用 Get this ("注意听这个") 专门提醒, 随后给出 Students sitting in the middle of the classroom also outscored students sitting behind them, 这种"提示语+发现"正是答案信号, 直接对准"中间座位学生"的结论。

【替换】outscored students sitting behind them ↔ **They scored higher than students sitting behind them.**
outscore = scored higher than

【排除】 A) 张冠李戴

原文 formed a better connection with the students who sat in front 讲的是"前排"学生与老师的关系，受关注的是前排不是"中间"。把前排学生的待遇安到"中间座位学生"头上，是张冠李戴。

借用原文：formed a better connection with the students who sat in front

B) 偷换概念

原文只说前排/中间学生 received a higher grade average（比后排更高），选项却说成 obtained the highest grade average in their class（全班最高），把"比较高"偷换成"最高"，程度被夸大。

借用原文：received a higher grade average

C) 偷换概念

原文 students had a clearer vision of the blackboard 说的是前排中间学生"看黑板更清楚"这一既成事实（成绩高的原因），并非选项所谓"他们其实想要看清黑板（wanted）"，既改了意思又不是本题问的发现。

借用原文：students had a clearer vision of the blackboard

-
24. A) A higher grade average among all students of a class.
B) A better connection between instructors and students.
C) A stronger support for a student-centered teaching approach.
D) A more favorable atmosphere for effective classroom learning.

【题目】 What can eye contact, visibility and more interaction probably bring about?

【翻译】 眼神接触、可见度和更多互动可能会带来什么？

- A) 一个班级所有学生的平均成绩更高。 B) 教师与学生之间更好的联系。
C) 对以学生为中心的教学方法更有力的支持。 D) 更有利于有效课堂学习的氛围。

【答案】 B（细节题） A better connection between instructors and students.

【定位】 The instructors said that they also formed a better connection with the students who sat in front. Perhaps the connection is made because of eye contact and visibility and more interaction.

老师们说，他们和坐在前排的学生还建立了更好的联系。也许这种联系正是因为眼神交流、容易被看到以及更多的互动而形成的。

【信号】 因果倒装 because of 揭示因果。 原文先给结果 formed a better connection，再用 because of eye contact and visibility and more interaction 点出原因。题干把"因"列出来反问"带来什么果"，沿 because of 这条因果线，对应的"果"正是"更好的联系"。

【替换】 formed a better connection with the students who sat in front ↔

A better connection between instructors and students.

近乎原义概括，主体补全

【排除】 A) 答非所问

a higher grade average 是上一段讲座位与成绩的内容，与本题问的"眼神交流等带来什么"不是同一个因果；选项还把范围扩成 among all students of a class（全班所有人），既答非所问又以偏概全。

借用原文：received a higher grade average

C) 未提及

A stronger support for a student-centered teaching approach. 里"以学生为中心的教学法"原文从未提及，是凭"师生互动"硬联想出来的，属未提及。

D) 过度推断

A more favorable atmosphere for effective classroom learning. 听上去与"课堂学习"很搭，但原文讲的是"师生联系（connection）"，从没说"更有利的课堂学习氛围"，属未提及的合理推测项。

25. A) They may experience some unwanted stress.

B) They may try hard to show their preparedness.

C) They may receive extra attention from the instructor.

D) They may feel helpless when called on by the instructor.

【题目】 What do we learn about extremely shy students sitting in the front row of the classroom?

【翻译】 关于坐在教室前排的极度害羞的学生,我们了解到什么?

- A) 他们可能会经历一些不必要的压力。 B) 他们可能会努力展示自己的准备情况。
C) 他们可能会受到教师的额外关注。 D) 他们在被教师点名时可能会感到无助。

【答案】 A（细节题） They may experience some unwanted stress.

【定位】 So for students who are not prepared and for those who are extremely shy, the attention could cause some unwanted stress.

所以，对于那些没准备好的学生以及那些极为害羞的学生来说，这种关注可能会带来一些不想要的压力。

【信号】 结尾 So 收束 + 转折隐含。前句还在说前排"被老师叫到更多"，结尾用 So for...those who are extremely shy, the attention could cause some unwanted stress 笔锋一转点出负面后果。So 引出的收束句正是针对"害羞学生"的答案落点。

【替换】 the attention could cause some unwanted stress ↔ **They may experience some unwanted stress.**
cause→experience，因果换视角

【排除】 B) 与原文相反

They may try hard to show their preparedness. 原文未提；原文恰恰说的是"没准备好"的学生 students who are not prepared，与"努力表现自己准备好了"方向相反。

借用原文：students who are not prepared

C) 原词陷阱

the attention 确被念到，但原文说这关注对害羞学生造成的是"压力"；选项 They may receive extra attention from the instructor. 只截取"被额外关注"这个中性事实，回避了问的"后果"，是听到 attention 就想选的原词陷阱。

借用原文：you may be called on more by your teacher

D) 过度推断

原文说前排学生 may be called on more（更可能被点名），但只说会带来"压力"，并未说他们"被点到时感到无助（feel helpless）"，是顺着"被点名"多推了一步。

借用原文：you may be called on more by your teacher

SENTENCE INSIGHTS • 句子精讲

51 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

That's more than double their \$1.78 price in December, 2023.

第2段，第2句

主系表结构加比较级是常见句式，"more than" 引导的比较表达在真题中频繁出现，具有一定代表性，但本句结构过于简单，缺少从句或复杂修饰，典型性中等

This was due to the risk of bird flu.

第3段，第5句

主系表结构 + 表原因的 "due to" 介词短语在考试中较常见，属于基础句式，但本句过于简短、无扩展成分，代表性一般。

Even so, there have been a very small number of cases recently when authorities discovered eggs during further inspections.

第5段，第1句

there be 句型结合定语从句是四六级和考研阅读中的高频结构，尤其是用关系副词 "when" 引导定语从句修饰表示时间或事件的名词（如 cases、situations）的句式非常典型。掌握这种结构对理解新闻报道、学术文章等文体有较强的迁移价值。

What do we learn from the news report about the egg price in the U.S.?

第1题题干

结构典型性较高。特殊疑问句"疑问词 + 助动词 + 主语 + 动词原形"是四六级听力和阅读理解题中的常见句式，掌握后可迁移至大量类似问句的理解和成分分析。

It has risen because of bird flu.

第1题，C

"主语 + 现在完成时谓语 + 原因状语" 是常见句式，在四六级和考研阅读中经常出现，具有一定代表性，但结构过于简单，不足以覆盖复杂句式的典型特征。

Among the reasons given for the decision, the restaurant cited "noise levels, lack of space for high chairs, cleaning up crazy messes, and the liability of kids running around the restaurant".

第2段，第1句

涵盖主语、谓语、宾语、状语四种核心成分；宾语为并列的名词性短语且包含动名词，状语为含过去分词后置定语的介词短语，成分种类较丰富；过去分词 "given" 作定语、动名词 "cleaning" 作宾语、现在分词 "running" 作定语的区分，以及并列宾语的识别，都是值得练习的点

There are others, however, who showed support for the restaurant's decision.

第4段，第1句

there be 句型搭配限制性定语从句修饰主语的结构在四六级和考研阅读中频繁出现,是典型的长难句基础模式,掌握后可迁移到大量类似句式的理解中,代表性较强。

What do we learn from the news report about the restaurant Nettie's House?

第3题 题干

特殊疑问句在四六级听力和阅读理解题干中常见，"learn from" 搭配和介词短语后置定语也属高频句式，具有一定复用价值。

It has banned kids under 10 from dining there.

第3题，B

本句采用 "主语 + 现在完成时谓语 + 宾语 + 介词短语状语" 的结构，在四六级和考研阅读中较为常见，且 "ban ... from doing" 是高频搭配，具备一定代表性，但简单句结构本身迁移价值有限。

What do supporters say in response to the restaurant's new policy?

第4题 题干

特殊疑问句在四六级和考研阅读、听力中属于常见句式，本句的 "疑问词 + do/does + 主语 + 动词原形" 结构是标准提问模式，具有一定代表性，但作为独立简单句，句式偏短，缺少从句等更复杂的典型考点。

They may carry viruses that are fatal to native snakes, which do not have resistance.

第3段，第4句

本句展示了定语从句修饰名词的典型用法，尤其是限制性和非限制性定语从句的区别，这是四六级和考研阅读中的高频句式。情态动词表可能性的用法也很常见，结构具有较强的代表性和迁移价值。

If officers found the snake, they would employ a licensed snake catcher to catch it and transport it to a specialist animal doctor, the government said.

第4段，第1句

间接引语 + 条件状语从句的组合是新闻报道和考试阅读中的高频句式，典型且实用性强

If caught, the snake would be examined to determine where it came from, how long it had been in the area, what it had been eating, whether it was carrying any diseases of concern and whether it had produced babies.

第4段，第2句

这种“主句 + 目的状语 + 多个并列宾语从句”的结构在学术报告和长难句真题中极其常见，具有很强的迁移价值。

What does the report say security officers were searching for?

第5题题干

特殊疑问句嵌套宾语从句、疑问词在从句中充当成分并提前到句首，这是四六级和考研英语阅读理解中的高频句式。掌握这种结构后，可以迁移到大量类似的复杂疑问句，具有很强的典型性和实用性。

What did the government say would be done if security officers found what they were searching for?

第7题题干

成分划分训练价值高。涵盖了多个易错点：疑问句中主谓宾的倒装识别、从句整体充当宾语的判定、条件状语从句的定位、关系代词what的双重成分归属（引导词+从句内宾语）、以及多层嵌套中各层主谓宾的准确划分。特别适合训练学生在复杂句中逐层剥离、准确定位成分的能力

W: Well, it turns out that she's spent it all already.

第11段，第1句

"it turns out that" 结构在四六级和考研真题中频繁出现，属于高度典型的主语从句句式。掌握本句结构后，学习者可以迁移到 "it happens that"、"it seems that" 等大量类似句型，实用性强。

You see, she was planning to quit the job she hates and retire early.

第15段，第2句

限制性定语从句省略关系代词、不定式并列作宾语、过去进行时表达过去计划，这些都是四六级和考研真题中高频出现的句式特征，典型性较强，掌握后可广泛迁移

But now that she ran out of money, she can't.

第15段，第3句

"now that" 引导原因状语从句的结构在四六级和考研阅读中较为常见,且主句谓语省略的现象也频繁出现,掌握后可复用到类似句式

W: She wants to, but her husband refuses to get rid of it.

第17段，第1句

"but" 连接的并列转折句是四六级和考研中的高频句式,两个对立观点的表达方式非常典型,掌握后可大量复用于理解类似对话和短文。

He says the car is the best thing that has ever happened to him, and if she sells it, he will divorce her.

第17段，第2句

全句结构在四六级和考研真题中高度典型：并列主句结构、宾语从句省略引导词、限制性定语从句修饰先行词、条件状语从句与主句搭配，都是考试中的常见句式。第一个主句"says"后接宾语从句且省略"that"，以及定语从句用"that"引导并充当从句主语，都是高频考点。掌握本句的结构分析方法可以直接应用于大量类似真题句子，迁移性很强。

What do we learn about Hannah from the conversation?

第9题 题干

特殊疑问句在四六级听力、阅读理解中频繁出现，尤其是询问 "从材料中了解到什么" 这类题型非常典型，掌握后可大量复用于理解类似题目。

She no longer has any money left.

第9题，A

本句涵盖主语、谓语、宾语、宾语补足语、时间状语五种成分，成分种类相对丰富。宾语补足语"left" 的识别是一个有价值的训练点，因为学习者容易将其误判为定语或与 "has" 构成完成时。时间状语 "no longer" 插入主谓之间也是值得练习的位置变化。但句子整体结构较简单，缺少从句等更复杂成分，训练价值中等偏上。

She can no longer hold on to her job.

第9题，C

本句体现 "情态动词 + 否定副词 + 动词短语 + 宾语" 的典型结构，在四六级和考研阅读中频繁出现。短语动词 "hold on to" 和否定副词 "no longer" 的搭配是常考句式，掌握后可复用于类似表达能力或状态变化的句子。

She has been robbed of 5 million Euros.

第9题，D

被动语态加介词短语状语的结构在四六级和考研阅读中较为常见，尤其是涉及 "be + 过去分词 + of" 这类固定搭配的句型。学习者掌握后可以迁移到类似的被动句型中。但本句过于简短，缺少更复杂的修饰或从句，代表性不如那些包含多重修饰或从句的典型长难句。

What does Hannah's husband say he'll do if she sells the new car?

第11题 题干

疑问句 + 省略 that 的宾语从句 + 条件状语从句,是四六级和考研阅读中常见的组合句式。宾语从句省略引导词、条件从句嵌套在宾语从句内,都是高频考点。掌握这个结构可以迁移到大量类似句子,典型性很高。

I thought we agreed that we would not be sending him away at such a young age.

第2段，第2句

"think/believe/say等+宾语从句"以及"agree+宾语从句"都是四六级和考研阅读中的高频句式;两层宾语从句嵌套的结构也很典型,学生掌握后可大量复用到其他认知动词和陈述动词的句子中,迁移性强。

W: They do have a great outdoor campus where he could finally learn all those outdoor sports you have been wanting him to try.

第3段，第1句

本句成分丰富,涵盖主谓宾基本结构、定语从句的关系副词 where 和省略关系代词两种引导方式、宾语补足语 to try、程度状语 finally,以及完整的双宾语从句嵌套。省略关系代词的定语从句和 try 的宾语前置是两个重要的易错点,适合作为定语从句和成分划分的综合练习句,训练价值较高

M: Yeah, the classrooms would probably smell like paint, making the air in the school all stuffy.

第4段，第1句

涵盖主语、谓语、方式状语和结果状语四种成分，特别是现在分词引导的结果状语是常见易错点，适合练习分词短语的识别和成分划分

They have a wonderful arts program that would really challenge Jake in terms of creativity and imagination.

第4段，第3句

主句+限制性定语从句是四六级和考研英语阅读中的高频句式，that引导定语从句修饰宾语的结构极为常见，掌握后可大量复用到其他句子的分析中。

Being practically next door, one of us could take him to school every day before going to work.

第4段，第4句

本句体现了简单句中常见的句首状语（分词短语）+ 主谓宾 + 多个状语的典型结构，是四六级和考研英语阅读中高频出现的句式。情态动词的使用以及多个状语的排列也符合真题中的常见模式，掌握后可迁移到大量类似句子。

They have a reputation of being overly strict with the students, not to mention the overwhelming amount of homework they assign, which would lead to a lot of pressure for Jake and me.

第5段，第2句

本句覆盖主谓宾、定语从句（限制性和非限制性）、介词短语作定语和状语、关系代词省略等多种成分和结构，涉及的语法点较为丰富，适合练习定语从句的识别和成分划分，训练价值较高

He is not yet mature enough to live on his own.

第12题，C

"主语 + be + 形容词 + enough + to do" 是考试中较常见的句型，用于表达某人或某物达到某种程度以至于能够做某事，这种结构在四六级和考研英语阅读中经常出现，具有较好的典型性和复用价值，掌握后可迁移到类似句型的理解。

Analytical decision-making is a decision-making approach where a manager makes important business decisions only with solid data.

第1段，第1句

主系表结构加 where 引导的定语从句是四六级和考研阅读中的高频句式,常用于给专业术语下定义或描述事物特征,学习者掌握后可迁移至大量同类定义句和说明句,具有较强的代表性

While this approach is beneficial when you have the time and the decision is important, it is problematic when time is crucial.

第2段，第2句

本句涵盖主系表和主谓宾两种基本句型，包含让步状语从句、时间状语从句、并列结构等多种成分，且存在嵌套关系。对于练习状语从句的识别、嵌套结构的分析、并列与从属的区分，有较高价值。

This commitment, one right way of thinking or doing things, hinders the manager's flexibility.

第3段，第3句

本句覆盖主语、谓语、宾语、同位语四种成分,同位语的识别(依靠逗号隔离和语义解释关系)是一个有一定训练价值的考点,且同位语内部嵌套介词短语 "of thinking or doing things",可练习后置定语的识别。但缺少定语从句、状语从句等更复杂的成分类型,整体训练收益中等。

Despite its restrictions, analytical decision-making does have several key strengths.

第4段，第1句

"Despite + 名词短语" 作让步状语修饰主句是四六级和考研常见句式，具有一定代表性；助动词强调结构也偶有出现，掌握后可迁移到类似的对比或转折语境中。

By relying on facts and data, you minimize your potential for a wrong decision.

第4段，第2句

句首介词短语 + 主谓宾核心结构是四六级和考研阅读中常见的句式，尤其是 by doing 引导方式状语的用法出现频率高，掌握后有较好的迁移性。

What does the passage say is a major flaw of analytical decision-making?

第16题 题干

特殊疑问句中嵌套宾语从句、疑问词在从句中充当成分,这是四六级和考研阅读理解题干的高频句式。掌握这种结构后,可以直接迁移到大量类似的题目中,实用性极强。

Lay emphasis on thinking flexibly.

第17题, D

祈使句是四六级和考研写作中常用句式,尤其在建议类、说明文中频繁出现,具有较好的迁移性,但本句结构过于简单,未涉及复杂修饰或从句,代表性中等。

Playing the piano is among the things the world's oldest person believes has contributed to her long life.

第1段, 第2句

本句涵盖了动名词短语作主语、系动词、介词短语作表语、省略关系代词的限制性定语从句、省略连接词的宾语从句、现在完成时作谓语等多种成分和结构。特别是定语从句省略关系代词、宾语从句省略that、以及从句嵌套这些点,都是学生容易混淆或忽略的地方,很适合用来训练对句子成分的精细划分和层级关系的理解能力。

That means she's been alive longer than any other living individual.

第1段, 第4句

"动词 + 省略 that 的宾语从句" 和 "现在完成时 + 比较状语" 都是四六级和考研常考结构。句式简洁且实用性强,学习者掌握后可大量迁移到类似 "研究表明、数据显示、这意味着" 等常见表达,典型性较高。

But her family moved to Spain, where they were originally from, when she was a young child.

第2段, 第2句

主句加非限制性定语从句加时间状语从句的组合是四六级和考研阅读中的常见句式,非限制性定语从句补充背景信息、时间状语从句提供时间背景的用法非常典型,掌握后可广泛迁移到类似句子。

Unfortunately, she had to give up the practice seven years ago at 108.

第3段，第4句

简单句结构在真题中常见,"had to do" 情态表达和时间状语的配置也具有一定代表性,但因结构过于简单,作为典型句式的学习迁移价值有限。

But she does eat yogurt every day, which she said has "an infinite number of positive properties" for the body.

第4段，第5句

本句涵盖主谓宾、时间状语、非限制性定语从句、插入语等多种成分，且强调结构 does eat 和关系代词 which 在从句中充当主语都是值得练习的考点。适合训练学生识别复杂修饰关系和插入成分的能力。

"Life would be impossible if we remembered everything," she said.

第5段，第1句

结构高度典型。直接引语 + 引述动词是写作和考试中的常见句式,虚拟语气的 if 条件句(if + 过去式, 主句 would + 原形)是语法考点的经典结构。掌握后可大量迁移到类似的引述句和虚拟条件句中。

What does Branyas Morera think also contributes to a long life?

第21题题干

"特殊疑问句 + 宾语从句"的结构在四六级和考研阅读中非常常见,尤其是间接疑问句作宾语的用法是高频考点;本句的疑问句语序和间接疑问句结构都是标准句式,掌握后可直接迁移到大量类似句子,典型性很高

It's the first day of school, and your teacher tells you to find a seat in the classroom.

第1段，第1句

并列句是四六级和考研阅读中的常见结构,"tell sb to do sth" 句型也很典型,但本句过于简单,缺少考试中常见的修饰成分或复杂从句,代表性中等。

It does matter where you sit in your classroom, so choose and choose carefully.

第1段，第5句

"It + 谓语 + 主语从句"的形式主语结构、主句并列用"so"表因果、祈使句省略主语，这三类结构在四六级和考研真题中均为高频句式；特别是形式主语结构和因果并列句是阅读和写作的常见考点，掌握后可大量复用。

Students sitting in the middle of the classroom also outscored students sitting behind them.

第3段，第3句

涵盖了主语、谓语、宾语、状语、定语五种成分，其中两个后置定语的识别是典型练习点——需要区分现在分词短语作定语和作谓语的区别，这对基础较弱的学生是有价值的易错点；但缺少补语、从句等更复杂成分，训练广度有限。

What can eye contact, visibility and more interaction probably bring about?

第24题 题干

本句为典型的特殊疑问句结构，疑问词 "What" 作宾语提前，主语为并列名词短语，谓语为情态动词加动词原形。这类疑问句在四六级和考研阅读理解、翻译中频繁出现，掌握后可直接迁移至大量类似句式，代表性较强。

What do we learn about extremely shy students sitting in the front row of the classroom?

第25题 题干

结构典型性较高。特殊疑问句是考试中的高频句式，"What do we learn about..." 这种询问信息或观点的表达在阅读理解和听力材料中经常出现。现在分词短语作后置定语修饰名词也是常考语法点。掌握本句结构可以迁移到大量类似疑问句的分析中。

选词填空题和解析 · 26-35 题

本页 26-35 题的正确答案词与逐空解析由懒笔记按2025年12月·第2套 英语四级完形填空（选词填空）原卷词库逐空核对整理。与试卷排版同一卷面：Directions、5 段带空短文（每段之后紧随中文翻译）与 15 词共享词库连续排印；卷面下方逐空紧跟解析——该空词性、原文定位句、正确词与锁定依据，以及同词性被淘汰竞争词的逐个归因。

真题卷第2套(2025-12) · 英语四级

Part III Section A

Directions: In this section, there is a passage with ten blanks. You are required to select one word for each blank from a list of choices given in a word bank following the passage. Read the passage through carefully before making your choices. Each choice in the bank is identified by a letter. Please mark the corresponding letter for each item on **Answer Sheet 2** with a single line through the centre. You may not use any of the words in the bank more than once.

Some music inspires you to move your feet, some inspires you to get out there and change the world. In any case, it's 26 to say that music moves people in special ways.

有些音乐激励你舞动双脚,有些音乐激励你走出去改变世界。无论如何,可以说音乐以特殊的方式打动人们。

If you're especially into a piece of music, your brain does something called Autonomous Sensory Meridian Response (ASMR), which 27 to you like a sting in your brain.

如果你特别喜欢一段音乐,你的大脑会做一种叫做自发性知觉经络反应(ASMR)的事情,对你来说感觉就像大脑中的一阵刺痛。

It turns out that ASMR is pretty special. According to a 28 published study in The Journal of Prevention of Alzheimer's Disease, the part of your brain responsible for ASMR doesn't get lost to Alzheimer's. Alzheimer's 29 to put people into layers of confusion, and the study confirms that music can sometimes 30 lift people out of the Alzheimer's haze and bring them back to (at least a likeness of) normality ... if only for a short while. ASMR is powerful stuff!

事实证明ASMR是相当特别的。根据最近发表在《阿尔茨海默病预防杂志》上的一项研究,你大脑中负责ASMR的部分不会因阿尔茨海默病而丧失。阿尔茨海默病往往使人陷入层层困惑之中,而该研究证实音乐有时实际上可以将人们从阿尔茨海默病的迷雾中解救出来,使他们恢复到(至少类似于)正常状态.....即使只是短暂的一会儿。ASMR是很强大的东西!

This phenomenon has been 31 several times but rarely studied properly. One of the most famous examples of this is the story of 92-year-old Henry Dryer, who comes out of dementia(痴呆)

while listening to songs from his youth.

这种现象已被多次观察到,但很少得到适当的研究。其中最著名的例子之一是92岁的Henry Dryer的故事,他在聆听自己年轻时的歌曲时从痴呆中清醒过来。

Jeff Anderson, associate professor in Radiology at the University of Utah and 32 author on the study, says "In our society, the diagnoses of dementia are 33 resources to the maximum. No one says playing music will be a cure for Alzheimer's disease, but it might make the symptoms more 34 , decrease the cost of care and improve a patient's 35 of life."

犹他大学放射学副教授、该研究的合著者Jeff Anderson说:"在我们的社会中,痴呆症的诊断正在最大限度地消耗资源。没有人说播放音乐将是治愈阿尔茨海默病的方法,但它可能使症状更易于控制,降低护理成本并改善患者的生活质量。"

- | | |
|-----------------|-------------|
| A) actually | I) phase |
| B) consequently | J) plotting |
| C) contributing | K) quality |
| D) fair | L) recently |
| E) feels | M) taxing |
| F) manageable | N) tends |
| G) mends | O) yielded |
| H) observed | |

26. it's (26) to say that music moves people in special ways.

【答案】 **D) fair** 形容词

【词性槽】 it's to say that ..., 形式主语 it 后系动词 + 表语

【依据】 **It's fair to say** 是英语高频习语「可以这样说、说.....不为过」

it's (26) to say that music moves people in special ways. 前文用「有些音乐让你想跳舞,有些激励你改变世界」铺陈,再来一句「可以说音乐以特别的方式打动人心」做总结,正是 it's fair to say 的标准用法。

【竞争词】 **F) manageable** manageable 修饰「可控、可处理」,和 to say 接不上

manageable 通常修饰任务、症状 (make symptoms more manageable), 用来说一件事「可控」; 说一句话「可控」语义荒谬。

M) taxing taxing 是「费神的」, 说一句话费神在语境里不通

taxing 多修饰任务、工作量; it's taxing to say 字面虽通, 但与前文铺陈「音乐打动人」的语气完全相反, 开篇就泼冷水不合逻辑。

27. your brain does something called Autonomous Sensory Meridian Response (ASMR), which ___(27)___ to you like a sting in your brain.

【答案】 **E) feels** (动词)

【词性槽】 your brain does ... which ___ to you like a sting, which 引导的定语从句缺谓语

【依据】 **feel like 是固定搭配「感觉像」**

which ___(27)___ to you like a sting in your brain 后面跟 like a sting (像针刺), feels (to you) like ... 正是「(对你来说) 感觉像.....」的标准表达, 对人称 sb. 用 feels to sb. like 也通。

【竞争词】 **G) mends mend 是「修补」, 与 like a sting 不搭**

mend 通常修补衣服、关系, 无法「mend to you like a sting」, 搭配和语义都不成立。

N) tends tend 后接 to do, 不接 to you like

tends 常见结构是 tends to do sth. (往往做某事), 后面接动词原形; 这里后面是介词 to you + like + 名词, 结构对不上。

28. According to a ___(28)___ published study in The Journal of Prevention of Alzheimer's Disease

【答案】 **L) recently** (副词)

【词性槽】 a ___ published study, 冠词与过去分词之间填副词修饰 published

【依据】 **recently published「最近发表」是学术文献标配搭配**

According to a ___(28)___ published study, 引用研究时强调「最近发表的一项研究」是英语中极高频的表达 a recently published study; 时间副词 recently 与 published 在意义上紧密呼应。

【竞争词】 **A) actually actually 表「实际上」, 修饰 published 语义空洞**

actually published「实际上发表的」在英语里几乎不用——研究要么发表了要么没有, 没有「实际上发表」这种说法, 搭配不自然。

B) consequently consequently 表因果, 前文无因, 逻辑不接

consequently 用来连接前因后果, 这里 According to a ... published study 是引出依据, 并非承接因果; 且 a consequently published study 不是英语习惯搭配。

【易错】最具迷惑性的错误词是 **A)** —— L 还是 A? 三个副词都「看着能用」。a ___(28)___

published study 中考生可能凭直觉填 actually 表「实际上发表」, 但英语习惯是 recently published; 防坑点: a + 时间副词 + V-ed 名词是学术语境的强搭配模板, 时间副词优先于强调副词。

29. Alzheimer's __(29)__ to put people into layers of confusion

【答案】 **N) tends** (动词)

【词性槽】 Alzheimer's __ to put people ..., 主语后缺谓语, 第三人称单数

【依据】 **tends to do** 表「倾向于、往往」, 契合阿尔茨海默症常见症状

Alzheimer's __(29)__ to put people into layers of confusion, 「阿尔茨海默症往往让人陷入层层困惑」, tends to 表常发性、规律性, 符合医学论述的口吻。

【竞争词】 **G) mends mend** 不接 to do, 且语义反向

mend 是「修补、痊愈」, 不接 to do; 而且 Alzheimer's mends people 意思是「阿尔茨海默症治愈人」, 与下文「陷入困惑」完全矛盾。

30. music can sometimes __(30)__ lift people out of the Alzheimer's haze

【答案】 **A) actually** (副词)

【词性槽】 music can sometimes __ lift people out of ..., 情态动词 + 副词 + 实义动词

【依据】 **actually** 强调「真的、的确」, 呼应前文研究证实

the study confirms that music can sometimes __(30)__ lift people out of the Alzheimer's haze, 研究「证实」音乐有时确实能把患者从混沌中拉出来, actually 强调这种效果是真实存在的, 与 confirms 的语气一致。

【竞争词】 **B) consequently consequently** 是因果连接副词, 本句无因果链

consequently 通常放句首/分句首引出结果 (...; consequently, ...); 这里没有「因为某事 → 所以 lift」的因果, 硬塞进 can sometimes consequently lift 既不合习惯也不合逻辑。

31. This phenomenon has been __(31)__ several times but rarely studied properly.

【答案】 **H) observed** (动词)

【词性槽】 This phenomenon has been __ several times, 被动语态, has been + 过去分词

【依据】 **observed** 「被观察到」与并列的 **studied** 同属研究动作

This phenomenon has been __(31)__ several times but rarely studied properly. 中 but 连接转折, 前后都讲科研动作: 「被观察到多次, 却很少被认真研究」, observed 与 studied 是天然的近义并列。

【竞争词】 **O) yielded yield** 不及物或表「产生/屈服」, 与 **phenomenon** 主语不搭

yield 表「产生(结果)」时用法是 A yielded B; 表「屈服」时是 yield to。This phenomenon has been yielded 字面意思「这种现象被产生了」语义荒谬, 主被动语义都对不上。

32. Jeff Anderson, associate professor in Radiology at the University of Utah and __(32)__ author on the study

【答案】 **C) contributing** (形容词)

【词性槽】 __ author on the study, 冠词位 + 名词 author 前作定语

【依据】 **contributing author** 是学术文献固定身份「参与撰写的作者」

associate professor in Radiology at the University of Utah and __(32)__ author on the study, 介绍 Jeff Anderson 的双重身份, 「副教授」+「该研究的参与撰写作者」逻辑自然; contributing author 是学术论文署名中的标准说法。

【竞争词】 J) plotting plotting 是「密谋/绘图」, 修饰 author 语义荒诞

plotting author 字面是「正在密谋的作者」或「在画图的作者」, 作为学术身份描述完全不通; 学术场合无此搭配。

M) taxing taxing 形容「繁重的」, 不能用来形容人的身份

taxing 通常修饰任务、工作 (a taxing job), 用来形容 author (人) 逻辑不通, 且语义偏负面, 与正面介绍学者的语境冲突。

33. the diagnoses of dementia are __(33)__ resources to the maximum.

【答案】 **M) taxing** (动词)

【词性槽】 the diagnoses of dementia are __ resources, be 动词后缺谓语成分, 与后面 resources 形成动宾

【依据】 **tax resources** 「使资源吃紧」是固定搭配, 与 to the maximum 呼应

the diagnoses of dementia are __(33)__ resources to the maximum, 「痴呆诊断正在最大限度地消耗资源」; tax 作动词意为「使.....负担沉重」, tax resources 在医疗/财政语境是标准说法, to the maximum 「到极限」直接强化这种「榨干资源」的意味。

【竞争词】 J) plotting plot resources 不是搭配, 且语义对不上「占用资源」

plot 表「策划/绘制」, plot resources 字面像「策划资源、绘制资源」, 与「消耗社会资源」的语境完全错位。

【易错】最具迷惑性的错误词是 J) —— M 还是 J? 「熟词僻义」盲区。are __(33)__ resources to the maximum 中考生若不知 tax 还有动词义「使吃紧」, 会怀疑 taxing, 转去试 plotting; 防坑点: 看到 resources、energy、patience 等被「耗」对象, taxing 比 plotting 自然得多, 平时多积累一词多义。

34. it might make the symptoms more __(34)__, decrease the cost of care

【答案】 **F) manageable** (形容词)

【词性槽】 make the symptoms more __, make + 宾语 + 形容词比较级, 空填形容词

【依据】 **make symptoms more manageable** 「让症状更可控」医学语境标配

it might make the symptoms more __(34)__, decrease the cost of care and improve a patient's __(35)__ of life., 三件好事并列: 症状更可控、护理成本下降、生活质量提升; manageable 与「降低成本、改善质量」语气完全一致。

35. improve a patient's __(35)__ of life

【答案】 **K) quality** (名词)

【词性槽】 improve a patient's __ of life, 所有格+of 锁定名词

【依据】 **quality of life** 是英语固定搭配

improve a patient's __(35)__ of life 中, quality of life 「生活质量」是医学/社科语境里的高频固定表达, 与前文 decrease the cost of care 并列, 逻辑顺。

【竞争词】 **I) phase** phase of life 偏「人生阶段」, 与「改善」不搭

phase of life 表示「人生的某个阶段」, 可以「进入」一个 phase 但谈不上 improve a phase of life; 这里要的是生活的「品质」可以被提升, phase 在搭配上和语义上都对不上。

WORD BANK · 词库分类表

15 个候选词 · 词性与词义

选词填空文后的共享词库共 **15** 个词 (A-O), 为 10 个空各选一个、每词最多用一次。下面给出每个词的词性与中文词义; 标注「用于第 N 空」的 10 个为答案, 其余 5 个为干扰词。

A) **actually** (副词)

实际上、真的

用于第 30 空

B) **consequently** (副词)

因此、结果

干扰词 · 未选用

C) **contributing** (动词) (形容词)

做贡献的; (作定语) 共同署名的、参与撰写的

用于第 32 空

D) **fair** (形容词)

公平的; (口语) 说句公道话、合情合理

用于第 26 空

E) **feels** 动词

感觉、给人.....的感觉 (第三人称单数)

用于第 27 空

F) **manageable** 形容词

可控制的、易处理的

用于第 34 空

G) **mends** 动词

修补、修复 (第三人称单数)

干扰词 · 未选用

H) **observed** 动词 形容词

观察到 (过去式/过去分词)

用于第 31 空

I) **phase** 名词

阶段、时期

干扰词 · 未选用

J) **plotting** 动词 形容词

密谋; 绘制 (动名词/现在分词)

干扰词 · 未选用

K) **quality** 名词 形容词

质量、品质

用于第 35 空

L) **recently** 副词

最近、近来

用于第 28 空

M) **taxing** 动词 形容词

(动) 使.....负担沉重; (形) 繁重的、耗费心力的

用于第 33 空

N) **tends** 动词

倾向于、往往 (第三人称单数, 常接 to do)

用于第 29 空

O) **yielded** 动词

产生、屈服 (过去式/过去分词)

干扰词 · 未选用

全文主旨

音乐能短暂唤回阿尔茨海默病人的清醒

全文围绕一项研究展开: 负责 ASMR (自主感官经络反应) 的大脑区域不会被阿尔茨海默病侵蚀, 于是音乐能短暂把患者从混沌中拉回来。开篇 Some music inspires you to move your feet, some inspires you to get out there and change the world. 先用日常感受定调, 再过渡到 the part of your brain responsible for ASMR doesn't get lost to Alzheimer's 这一核心发现; 结尾 it might make the symptoms more __(34)__, decrease the cost of care and improve a patient's __(35)__ of life. 落到治疗与生活质量的现实意义。

这 5 个词始终没被任何空选用

词库 15 词里有 5 个是命题人埋的干扰词——它们词性看着也对、词义也沾点边，却不该填进任何一个空。下面逐个剖析它们最像哪个空的答案、为什么是陷阱。

B) **consequently** 最像 30 空 answer 的副词陷阱

music can sometimes __(30)__ lift people out of the Alzheimer's haze 里如果误把研究证实「→ 因而音乐能起作用」当因果，就会想到 consequently；识破点：句中没有明确的因果链，confirms 后接结果是「证实结果」而非「因此导致」，应选强调副词 actually。

G) **mends** 最像 29 空的动词陷阱

Alzheimer's __(29)__ to put people into layers of confusion 中若不留意 mend 是否接 to do、且不查语义反向，可能被「mends」迷惑；识破点：mend 不接 to do，语义还是反方向（修复 vs 让人困惑）。

I) **phase** 最像 35 空的名词陷阱

improve a patient's __(35)__ of life 中 phase of life 是「人生阶段」，看起来也能拼成 's __ of life 的壳子；识破点：improve 搭配的是 quality 而非 phase——人生阶段无法「被改善」。

J) **plotting** 最像 33 空的 V-ing 陷阱

the diagnoses of dementia are __(33)__ resources to the maximum 里 plotting 也是 -ing 形且能跟宾语，乍看可填；识破点：plot resources 不是英语搭配，且与 to the maximum「消耗到极限」逻辑对不上。

O) **yielded** 最像 31 空的过去分词陷阱

This phenomenon has been __(31)__ several times 里 yielded 是过去分词形式，能套进 has been 后；识破点：yield 表「产生」时主动用法是 A yielded B，被动用「现象被产生」逻辑荒诞，且与 but rarely studied 的并列同义关系对不上。

3 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

In any case, it's fair to say that music moves people in special ways.

第1段，第2句

形式主语加宾语从句的结构在四六级和考研阅读中高频出现, it is + 形容词 + to do + that从句的句式具有较强的典型性和可迁移性。掌握这种结构后, 可以应用于大量类似句式的理解和写作, 实用性强。

It turns out that ASMR is pretty special.

第3段，第1句

It turns out that 结构在四六级和考研阅读中频繁出现，是典型的形式主语 + 主语从句句式。掌握这一结构后可迁移到 It seems that, It appears that 等类似句型，实用性强，代表性较高。

One of the most famous examples of this is the story of 92-year-old Henry Dryer, who comes out of dementia(痴呆) while listening to songs from his youth.

第4段，第2句

主句的 one of 结构加系表句型, 以及非限制性定语从句修饰人物, 都是四六级和考研阅读中的常见句式。while 引导的时间状语从句省略形式也是高频考点。整体结构具有较强的代表性和复用价值。

真题卷第2套(2025-12) • 英语四级

Part III Section B

Directions: In this section, you are going to read a passage with ten statements attached to it. Each statement contains information given in one of the paragraphs. Identify the paragraph from which the information is derived. You may choose a paragraph more than once. Each paragraph is marked with a letter. Answer the questions by marking the corresponding letter on **Answer Sheet 2**.

Can playing video games help you get a better job?

A) The gaming industry is larger than films and music combined, yet few of us are likely to list our achievements in playing computer games as work experience in our résumé. But why not? Businesses are waking up to the skills gamers can bring to the workplace.

游戏产业的规模超过电影和音乐产业的总和,然而我们中很少有人会在简历中把玩电脑游戏的成就列为工作经验。但为什么不呢?企业正在意识到玩家能够为职场带来的技能。

B) One start-up is convinced that the skills learned by playing games — hard-won through years of training and battle — can be applied to real-life work situations. And Game Academy reckons its belief is backed up by hard data. Do you enjoy unusual puzzle games like Portal, or tower defence games like Defense Grid? The team has found that IT workers play those more than average. But if you prefer Civilization, Total War, or X-Com, where strategy and resource management are key, then you might have more in common with managers.

一家初创公司确信,通过玩游戏学到的技能——经过多年训练和战斗艰难获得的技能——可以应用于现实生活的工作情境。Game Academy认为其信念得到了确凿数据的支持。你喜欢Portal这样不寻常的解谜游戏,或者Defense Grid这样的塔防游戏吗?该团队发现IT工作者玩这些游戏的频率高于平均水平。但如果你更喜欢Civilization、Total War或X-Com这些以策略和资源管理为核心的游戏,那么你可能与管理者有更多共同之处。

C) Game Academy's idea is simple: analyse gamers' habits from their online gaming profile, and offer courses in valuable skills that reflect their aptitudes — skills they can practise and refine in-game.

And there is already a growing acceptance that gaming skills are transferable.

Game Academy的理念很简单:从玩家的在线游戏档案中分析其游戏习惯,并提供反映其天赋的有价值技能课程——这些技能他们可以在游戏中练习和提升。而且人们已经越来越认可游戏技能是可迁移的。

- D) Even the military is hiring gamers. "The ability to absorb information, react swiftly and coordinate actions whilst remaining calm under pressure are often attributes of people that are good at gaming," according to a Royal Air Force spokesperson. Those skills are part of what the Royal Air Force is looking for "in a variety of roles". "Skills acquired through gaming can be very relevant to certain areas."

甚至军方也在招聘玩家。据英国皇家空军发言人称,"吸收信息、快速反应并在压力下保持冷静的同时协调行动的能力,往往是擅长游戏的人具备的特质"。这些技能是英国皇家空军在"各种岗位"中寻找的一部分。"通过游戏获得的技能在某些领域可能非常相关。"

- E) "There are plenty of soft skills that gamers can utilise in a professional setting, such as teamwork, problem solving and strategic planning," says Ryan Gardner, a regional director with Hays recruitment. But does that really mean your top 100 ranking in Overwatch should go down in your résumé? "It's about how you either make it relevant to the job you are applying for, or how it makes you more interesting as a potential employee," Mr Gardner says.

Hays招聘公司的区域总监Ryan Gardner说:"玩家可以在职业环境中运用大量软技能,如团队合作、解决问题和战略规划。"但这真的意味着你在Overwatch中排名前100应该写进简历吗?"关键在于你如何让它与你申请的工作相关,或者它如何让你作为潜在员工更有趣,"Gardner先生说。

- F) Two years ago, a Glasgow University study made headlines for suggesting gaming could make students more successful. But "the research hasn't really changed minds, at least not yet," says one of the authors of the study, Dr Matthew Barr. He's now writing a book on the topic. "For now, I think the negative reputation around games means that telling someone you're a determined gamer is more likely to harm your chances of getting a job. But if someone can explain how they've led a team in an online game, for example, they may be able to persuade an employer that this is useful," says Dr Barr.

两年前,格拉斯哥大学的一项研究因提出游戏可以让学生更成功而成为头条新闻。但"这项研究并没有真正改变人们的想法,至少目前还没有,"该研究的作者之一Matthew Barr博士说。他现在正在写一本关于这个主题的书。"目前,我认为游戏的负面声誉意味着告诉别人你是一个坚定的玩家更可能损害你获得工作的机会。但如果有人能解释他们如何在网络游戏中领导一个团队,例如,他们可能能够说服雇主这是有用的,"Barr博士说。

- G) Playing games casually is unlikely to help your career prospects. But part of Game Academy's suggestion is to transform casual gamers into "conscious" ones, applying critical thinking to developing their skills. "We see gameplay as a resource of talent," says co-founder David Barrie. "Why can't we put in our résumé our gaming victories and achievements?" he asks. "If they say they want leadership — why can't I point to my years of leading World of Warcraft raids?"

随意玩游戏不太可能帮助你的职业前景。但Game Academy建议的一部分是将休闲玩家转变为"有意识的"玩家,运用批判性思维来发展他们的技能。联合创始人David Barrie说:"我们将游戏玩法视为人才资源。""为什么我们不能在简历中写上我们的游戏胜利和成就?"他问道。"如果他们说他们想要领导力——为什么我不能指出我多年领导World of Warcraft团队副本的经历?"

- H) There are already plenty of gamers out there who know that their hobby has made them who they are. Earlier this year, Matthew Ricci told gaming site Kotaku: "If you're playing EVE Online you basically already have an MBA." Often made fun of in gaming circles as a "spreadsheet simulator(电子表格模拟)", the economy of the fictional EVE universe is driven by real market principles. If you want to build a new spaceship, the raw material has to be mined by another player. Manufacturing costs come into effect, and commodities fluctuate in price based on demand and the distance to haul the commodity.

已经有很多玩家知道他们的爱好塑造了他们。今年早些时候,Matthew Ricci告诉游戏网站Kotaku:"如果你在玩EVE Online,你基本上已经拥有了MBA学位。"EVE经常在游戏圈中被嘲笑为"电子表格模拟器",这个虚构EVE宇宙的经济由真实的市场原则驱动。如果你想建造一艘新飞船,原材料必须由另一个玩家开采。制造成本发挥作用,商品价格根据需求和运输商品的距离而波动。

- I) Mr Ricci, who had always dreamed of being the boss of his own company, ran an in-game corporation comprising hundreds of players. Eventually, he realised he could transfer his skills to real-life business — instead of doing it for free. He restructured Zentech, once a taxation vehicle for his father's business, and it is now in its fourth year helping international brands enter the Canadian market. EVE teaches skills like creativity, leadership, organisation, and conflict resolution, he maintains. He credits his success to his family, his strong desire to run his own business — and "a damn good company in Iceland that made a damn good game".

一直梦想成为自己公司老板的Ricci先生经营着一个由数百名玩家组成的游戏内公司。最终,他意识到自己可以将技能转移到现实生活的商业中——而不是免费做这件事。他重组了Zentech,这家曾经是他父亲生意的避税工具的公司,现在已进入第四年帮助国际品牌进入加拿大市场。他坚持认为,EVE教授了创造力、领导力、组织能力和冲突解决等技能。他将自己的成功归功于家人、强烈的经营自己企业的愿望——以及"冰岛一家该死的好公司制作的一款该死的好游戏"。

- J) Digital entrepreneur and business consultant Mia Bennett says: "In more traditional settings, gaming is still imagined to be the pursuit of teenage boys — a waste of time." But there are some links to skills like "decision-making, the ability to anticipate and future planning," she says. "It also helps with meta-skills — learning how to learn, experimentation, and creative thinking."

数字企业家和商业顾问Mia Bennett说:"在更传统的环境中,游戏仍然被认为是十几岁男孩的追求——浪费时间。"但它与"决策、预测能力和未来规划"等技能存在一些联系,她说。"它还有助于元技能——学习如何学习、实验和创造性思维。"

- K) Twelve years into his career, Mark Long, a radiotherapy physicist with the NHS in Surrey, doesn't get as much gaming time as he used to. "I would love to say that my gaming skills allow me to destroy cancer using linear accelerators like photon(光子) blasters, but that's not quite the reality." Instead, he credits old-school games like Palace of Magic with exposing him to computers. Every new gaming upgrade improved his knowledge of how they worked. Gaming also encouraged a competitive spirit — and that, he believes, translates. "When creating treatment plans, the aim is to optimise the radiation dose to the tumour and restrict it as much as possible to healthy surrounding tissues and organs," he says. It's about "repeating the process, but each time doing something slightly different to improve the result". Not unlike achieving a high score or a perfect run. "Most videogames are essentially puzzles to solve," he says. "And problem-solving is a big part of my job."

在职业生涯的第十二年,Surrey郡NHS的放射治疗物理学家Mark Long没有以前那么多游戏时间了。"我很想说我的游戏技能让我能够像使用光子爆破器一样用直线加速器摧毁癌症,但现实并非如

此。"相反,他认为Palace of Magic这样的老式游戏让他接触到了计算机。每次游戏升级都提高了他对计算机工作原理的了解。游戏还培养了竞争精神——他认为这是可以转化的。"在制定治疗计划时,目标是优化肿瘤的辐射剂量,并尽可能限制对周围健康组织和器官的辐射,"他说。这是关于"重复这个过程,但每次做一些略有不同的事情来改善结果"。这与获得高分或完美通关没什么不同。"大多数电子游戏本质上都是需要解决的谜题,"他说。"而解决问题是我工作的重要部分。"

- L) "Over at Game Academy, Mr Barrie is aware they still have a mountain to climb. The employer community will need the science," he says, but confesses he only became a true believer when he started asking players about their biggest in-game achievements. "The scale and scope of their answers were amazing," he says. "But ask them the same about their work, and they don't know." "The engagement and powerful skills that people get playing a game — why can't work be like that?" he asks.

在Game Academy,Barrie先生意识到他们仍有一座山要攀登。他说,雇主群体将需要科学依据,但他承认只有当他开始询问玩家他们在游戏中最大的成就时,他才成为真正的信徒。"他们回答的规模和范围令人惊叹,"他说。"但问他们关于工作的同样问题,他们却不知道。""人们玩游戏时获得的参与感和强大技能——为什么工作不能像那样?"他问道。

陈述句与逐句解析

36. Certain gaming skills meet the requirements of the armed forces in Britain.

某些游戏技能符合英国武装部队的要求。

【答案】 **D** 段 (强锚点)

【锚点】 英国武装部队

【定位】 Even the military is hiring gamers. "The ability to absorb information, react swiftly and coordinate actions whilst remaining calm under pressure are often attributes of people that are good at gaming," according to a Royal Air Force spokesperson.

连军方都在招玩家。皇家空军发言人说:吸收信息、快速反应、在压力下保持冷静同时协调行动的能力,往往是擅长打游戏的人身上具备的特质。

【改写】 the armed forces in Britain ↔ **Royal Air Force**

上位 vs 下位的具体代表

Certain gaming skills meet the requirements ↔

Skills acquired through gaming can be very relevant to certain areas

meet the requirements 与 be relevant to certain areas 同义

37. One veteran player has applied his gaming skills to his real-world business and owes his success partly to a game company.

一位资深玩家将其游戏技能应用于现实世界的商业活动,并将成功部分归功于一家游戏公司。

【答案】 **I** 段 (强锚点)

【锚点】 老玩家 + 把成功部分归功于游戏公司

【定位】 He credits his success to his family, his strong desire to run his own business — and "a damn good company in Iceland that made a damn good game".

他把自己的成功归功于家人、强烈的自主创业愿望，以及一家在冰岛做出好游戏的好公司。

【改写】 has applied his gaming skills to his real-world business ↔

he realised he could transfer his skills to real-life business

apply ... to 与 transfer ... to 同义

owes his success partly to a game company ↔

He credits his success to his family, his strong desire to run his own business — and "a damn good company in Iceland that made a damn good game"

credit success to 与 owe success to 同义；partly 体现在并列归因

【辨邻】 G Why can't we put in our résumé our gaming victories and achievements? 只是建议玩家用游戏成就求职，并没有出现 Ricci 那种把虚拟公司经验落到 Zentech 的实际创业故事，更没有把功劳归给游戏公司，与题干两个并列条件都对不上。

Why can't we put in our résumé our gaming victories and achievements?

38. According to a researcher, bad reputation about games will probably limit a gamer's chances of landing a job.

据一位研究人员称，游戏的负面声誉可能会限制游戏玩家获得工作的机会。

【答案】 F 段（强锚点）

【锚点】 研究者 + 坏名声会限制求职

【定位】 For now, I think the negative reputation around games means that telling someone you're a determined gamer is more likely to harm your chances of getting a job.

目前我觉得游戏的负面名声意味着，跟别人说自己是个铁杆玩家更可能损害你找工作的机会。

【改写】 bad reputation about games ↔ the negative reputation around games

bad 与 negative 同义；about 与 around 此处用法相同

limit a gamer's chances of landing a job ↔ harm your chances of getting a job

limit 与 harm 同义；landing a job 与 getting a job 同义

39. Businesses are beginning to realise gaming skills are applicable to their employees' work.

企业开始意识到游戏技能适用于员工的工作。

【答案】 A 段（强锚点）

【锚点】 企业开始意识到游戏技能可用

【定位】 Businesses are waking up to the skills gamers can bring to the workplace.

企业开始意识到玩家能带到职场的那些技能。

【改写】 Businesses are beginning to realise gaming skills are applicable to their employees' work ↔

Businesses are waking up to the skills gamers can bring to the workplace

wake up to 与 begin to realise 同义; applicable to ... work 与 bring to the workplace 同义

【辨邻】 **C** there is already a growing acceptance that gaming skills are transferable 谈的是社会层面接受度的提升，主语不是 Businesses，也没有 wake up to / begin to realise 那种觉醒意味。题干强调的是企业主体的认知变化，与本句视角不符。

there is already a growing acceptance that gaming skills are transferable

40. A physicist admits gaming has contributed to his computer knowledge and skills of solving problems.

一位物理学家承认游戏对他的计算机知识和解决问题的技能有所贡献。

【答案】 **K** 段（强锚点）

【锚点】 物理师 + 电脑知识 + 解决问题

【定位】 Instead, he credits old-school games like Palace of Magic with exposing him to computers.

Every new gaming upgrade improved his knowledge of how they worked. ... "Most videogames are essentially puzzles to solve," he says. "And problem-solving is a big part of my job."

相反，他把自己对计算机的接触归功于 Palace of Magic 这类老牌游戏，每一次硬件升级都加深了他对电脑工作方式的认知。他还说大多数电子游戏本质上都是要解的谜，而解决问题正是他工作中的大头。

【改写】 A physicist ↔ **a radiotherapy physicist with the NHS in Surrey**

上位 vs 下位

gaming has contributed to his computer knowledge ↔

Every new gaming upgrade improved his knowledge of how they worked

contribute to 与 improve 同义

skills of solving problems ↔ **problem-solving is a big part of my job**

solving problems 与 problem-solving 同形不同写

41. Game Academy proposes to help gamers develop their skills using critical thinking.

Game Academy 提议帮助游戏玩家运用批判性思维发展他们的技能。

【答案】 **G** 段（强锚点）

【锚点】 Game Academy + 批判性思维

【定位】 But part of Game Academy's suggestion is to transform casual gamers into "conscious" ones, applying critical thinking to developing their skills.

但 Game Academy 的建议中有一部分是把休闲玩家变成有意识的玩家，把批判性思维用到技能培养上去。

【改写】 Game Academy proposes to help gamers develop their skills using critical thinking ↔

part of Game Academy's suggestion is to transform casual gamers into "conscious" ones, applying critical thinking to developing their skills

propose 与 suggestion 同族; develop their skills 与 developing their skills 同语; using critical thinking 与 applying critical thinking 同义

【辨邻】 **C** analyse gamers' habits from their online gaming profile, and offer courses in valuable skills that reflect their aptitudes 是 Game Academy 的另一项做法陈述, 专名相同, 但不是题干要的批判性思维方向。

analyse gamers' habits from their online gaming profile, and offer courses in valuable skills that reflect their aptitudes

42. One who enjoys playing games that require management skills to win might possess more qualities of a manager.

喜欢玩需要管理技能才能获胜的游戏的人可能具备更多管理者的素质。

【答案】 **B** 段 (强锚点)

【锚点】 玩管理类游戏的人具有管理者特质

【定位】 But if you prefer Civilization, Total War, or X-Com, where strategy and resource management are key, then you might have more in common with managers.

但如果你更喜欢《文明》《全面战争》《幽浮》这类以策略和资源管理为核心的游戏, 那你和管理者的共同点可能就更多了。

【改写】 games that require management skills to win ↔

Civilization, Total War, or X-Com, where strategy and resource management are key

用具体游戏 + 关键属性描述等价于抽象技能名

might possess more qualities of a manager ↔ **you might have more in common with managers**
possess qualities of a manager 与 have more in common with managers 同义

【辨邻】 **E** There are plenty of soft skills that gamers can utilise in a professional setting, such as teamwork, problem solving and strategic planning 给出的是一组与具体岗位无关的软技能清单, 没有像题干那样把某类游戏与管理者气质直接挂钩。

There are plenty of soft skills that gamers can utilise in a professional setting, such as teamwork, problem solving and strategic planning

43. In more conventional views, gaming is a time-wasting activity pursued by young boys.

在更传统的观念中, 游戏是年轻男孩从事的浪费时间的活动。

【答案】 **J** 段 (强锚点)

【锚点】 传统观念 + 浪费时间 + 男生爱好

【定位】 In more traditional settings, gaming is still imagined to be the pursuit of teenage boys — a waste of time.

在更传统的认知里，玩游戏仍然被想成是青少年男生的爱好——是浪费时间。

【改写】 In more conventional views ↔ **In more traditional settings**

conventional 与 traditional 同义

gaming is a time-wasting activity ↔ **a waste of time**

名词短语 a waste of time 与形容词 time-wasting 同义

pursued by young boys ↔ **the pursuit of teenage boys**

动词被动 vs 名词形态；teenage 与 young 同义

44. It is suggested that gaming skills be included in a résumé if they enhance a job applicant's appeal.

有人建议,如果游戏技能能增强求职者的吸引力,应将其纳入简历中。

【答案】 E 段 (强锚点)

【锚点】 简历该不该写游戏 + 提升候选人吸引力

【定位】 "It's about how you either make it relevant to the job you are applying for, or how it makes you more interesting as a potential employee," Mr Gardner says.

Gardner 先生说: 关键就在于你要么让它 (游戏战绩) 和你申请的岗位挂上钩, 要么让它使你作为候选人更有吸引力。

【改写】 gaming skills be included in a résumé ↔

does that really mean your top 100 ranking in Overwatch should go down in your résumé?

include in a résumé 与 go down in your résumé 同义

enhance a job applicant's appeal ↔ **how it makes you more interesting as a potential employee**

enhance applicant's appeal 与 make you more interesting as a potential employee 同义

【辨邻】 G Why can't we put in our résumé our gaming victories and achievements? 是无条件鼓励写进简历, 没有 if they enhance a job applicant's appeal 这种限定; 题干强调的恰恰是这个限定, 所以邻段对不上题干。

Why can't we put in our résumé our gaming victories and achievements?

45. Many gamers know their passion for playing games has shaped their identity.

许多游戏玩家知道他们对游戏的热情塑造了他们的身份认同。

【答案】 H 段 (弱锚点)

【锚点】 玩家自知游戏塑造了自己

【定位】 There are already plenty of gamers out there who know that their hobby has made them who they are.

已经有不少玩家清楚自己这份爱好塑造了今天的自己。

【改写】 Many gamers know ↔ **plenty of gamers out there who know**

Many 与 plenty of 同义；都接 gamers ... know

their passion for playing games has shaped their identity ↔

their hobby has made them who they are

passion for playing games 与 hobby 同指；shaped their identity 与 made them who they are 同义

【辨邻】 **I** Mr Ricci, who had always dreamed of being the boss of his own company, ran an in-game corporation comprising hundreds of players. Eventually, he realised he could transfer his skills to real-life business 是一个玩家把技能落到生意的个例叙述，不是 Many gamers 群体自知。

Mr Ricci, who had always dreamed of being the boss of his own company, ran an in-game corporation comprising hundreds of players. Eventually, he realised he could transfer his skills to real-life business

K he credits old-school games like Palace of Magic with exposing him to computers. Every new gaming upgrade improved his knowledge of how they worked 谈的是一个人具体的计算机知识来源，主语 he 是单数，立意也偏具体技能而非身份塑造。

he credits old-school games like Palace of Magic with exposing him to computers. Every new gaming upgrade improved his knowledge of how they worked

PARAGRAPH MAP • 段落主旨图

12 个段落各讲了什么

逐段一句主旨 + 该段最具区分度的「信息指纹」，是逐句回扫定位的工作台。

A 用一个对比抛出全文话题：游戏产业体量已经超过电影加音乐，但几乎没人把游戏成就写进简历；不过企业开始意识到玩家身上有可用的职场技能。

信息指纹 游戏产业体量对比 + 企业开始觉醒

B 介绍创业公司 Game Academy 的核心信念：游戏里磨出来的技能可以迁移到真实工作；并用数据指出玩不同类型的游戏对应不同职业倾向，玩策略与资源管理类游戏的人更可能具有管理者气质。

信息指纹 玩家类型与职业倾向数据对应

- C 概述 Game Academy 的具体做法：分析玩家在线档案里的游戏习惯，据此提供能让玩家继续在游戏里练的技能课程；并指出社会已经越来越接受游戏技能的可迁移性。

信息指纹 Game Academy 的运作流程

- D 举英国军方的例子证明用人单位真的在招玩家：皇家空军发言人指出玩家身上的吸收信息、快速反应、压力下保持冷静等特质，正好符合多种岗位的要求。

信息指纹 英国皇家空军招募玩家

- E Hays 招聘的区域总监 Ryan Gardner 指出玩家具备团队合作、解决问题、战略规划等软技能；至于要不要把游戏战绩写进简历，关键看它能不能贴合目标岗位、或让你这个候选人更有吸引力。

信息指纹 招聘专家谈简历该不该写游戏战绩

- F Glasgow 大学研究作者 Matthew Barr 博士承认两年前的研究并没真正改变大众看法：当下游戏的负面名声反而可能害到求职者；但如果玩家能讲清楚自己在游戏里如何带队，仍有机会说服雇主这是有用的。

信息指纹 研究者承认游戏负面名声拖累求职

- G 随便玩玩对求职没有帮助；Game Academy 的主张是把随便玩的玩家转化为有意识的玩家——用批判性思维去发展技能，把游戏里的胜利与成就当作简历内容，把多年带魔兽世界副本团当成领导力证据。

信息指纹 把休闲玩家转化为有意识玩家

- H 已经有不少玩家清楚自己的爱好塑造了今天的自己；以 EVE Online 为例，它被戏称为电子表格模拟器，游戏里的经济完全按真实市场原理运转——造飞船要别人挖原料、要算制造成本、商品价格还会随需求与运距波动。

信息指纹 EVE Online 的市场化经济系统

- I Ricci 在 EVE 游戏里经营过一家上百号人的虚拟公司，后来把这套本事用到现实，重整了 Zentech 这家原本只是父亲生意的避税壳公司，如今帮国际品牌进入加拿大市场已经第四年；他把成功部分归功于冰岛那家做出好游戏的公司。

信息指纹 Ricci 把游戏经验落到 Zentech 业务

J

数字创业者兼商业顾问 Mia Bennett 指出在更传统的看法里游戏仍被想成是青少年男生的爱好、是浪费时间；但她随后也承认游戏对决策、预见、未来规划，以及学习如何学习等元技能有帮助。

信息指纹 传统观念把游戏视为浪费时间

K

NHS 放疗物理师 Mark Long 反思自己十二年的职业：是老牌游戏 Palace of Magic 最早把他领进计算机的世界，每次硬件升级都加深他对电脑的认识；游戏还培养了竞争心和反复优化的思路，与他给肿瘤设计放疗方案、不断改进结果的工作一脉相承——大多数电子游戏本质就是要解的谜，而解决问题正是他的核心工作。

信息指纹 放疗物理师把解谜思维带进治疗方案

L

Game Academy 的 Barrie 承认要让雇主社群信服仍有一座山要爬，雇主需要科学证据；他自己也是去问了玩家他们最大的游戏内成就之后才真正信了——玩家谈起游戏成就时滔滔不绝，谈起工作里的成就反而一脸茫然，他由此反问：为什么工作不能像玩游戏那样令人投入？

信息指纹 雇主社群仍需要科学证据

SENTENCE INSIGHTS • 句子精讲

22 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

The gaming industry is larger than films and music combined, yet few of us are likely to list our achievements in playing computer games as work experience in our résumé.

A段，第1句

并列转折句在四六级和考研阅读中较为常见，“yet”连接对比分句的结构具有一定代表性，适合作为理解转折逻辑和对比关系的练习句，但句式本身不属于高频难点句型。

But if you prefer Civilization, Total War, or X-Com, where strategy and resource management are key, then you might have more in common with managers.

B段，第5句

条件状语从句 (if引导) + 主句是常考句式，尤其在逻辑推理类阅读中频繁出现。非限制性定语从句对先行词进行补充说明，也是真题常见结构。情态动词"might"表达推测，符合议论文、说明文的典型表达方式。整体结构具有较高的可复用性，适合作为典型句式练习。

Game Academy's idea is simple: analyse gamers' habits from their online gaming profile, and offer courses in valuable skills that reflect their aptitudes — skills they can practise and refine in-game.

C段，第1句

句子使用冒号引出解释说明、定语从句修饰名词、破折号补充同位成分,这些都是四六级和考研阅读中的高频句式。并列动词和嵌套修饰的组合也很常见,掌握后可在真题中大量复用。

"The ability to absorb information, react swiftly and coordinate actions whilst remaining calm under pressure are often attributes of people that are good at gaming," according to a Royal Air Force spokesperson.

D段，第2句

主句采用主系表结构，主语带复杂定语修饰，表语中嵌套限制性定语从句，这种结构在四六级和考研阅读中高频出现；句子展示了如何用不定式并列、定语从句层层修饰来表达复杂概念，是典型的学术或正式文体句式，掌握后可迁移到大量类似长难句的分析中。

Those skills are part of what the Royal Air Force is looking for "in a variety of roles".

D段，第3句

主系表结构配合宾语从句是四六级和考研阅读中的常见句式。"part of + 宾语从句"以及 "what" 引导的名词性从句都是高频结构。句子长度和复杂度也接近真题中的标准句型，学习后可迁移到大量类似句子。

"There are plenty of soft skills that gamers can utilise in a professional setting, such as teamwork, problem solving and strategic planning," says Ryan Gardner, a regional director with Hays recruitment.

E段，第1句

引语倒装结构、"There be" 存在句、限制性定语从句修饰主语，以及同位语补充说明，这些都是四六级和考研真题中的高频句式。掌握本句的结构分析方法后，可迁移到大量类似句型，典型性强。

"It's about how you either make it relevant to the job you are applying for, or how it makes you more interesting as a potential employee," Mr Gardner says.

E段，第3句

直接引语 + 并列宾语从句 + 定语从句省略关系代词 + 使役动词宾补结构,这些都是四六级和考研阅读中的高频句式,尤其并列宾语从句和省略型定语从句的组合非常典型,掌握后可广泛应用于同类长句的拆解。

But "the research hasn't really changed minds, at least not yet," says one of the authors of the study, Dr Matthew Barr.

F段，第2句

直接引语 + 倒装句式 (says + 主语) 是学术文献和新闻报道中常见的引述结构，现在完成时否定形式也是四六级和考研阅读高频时态；掌握后可迁移到大量类似句式。

"For now, I think the negative reputation around games means that telling someone you're a determined gamer is more likely to harm your chances of getting a job. But if someone can explain how they've led a team in an online game, for example, they may be able to persuade an employer that this is useful," says Dr Barr.

F段，第4句

综合其复杂的嵌套结构和典型的新闻报道文体，该句非常适合用于进阶的长难句结构分析训练。

But part of Game Academy's suggestion is to transform casual gamers into "conscious" ones, applying critical thinking to developing their skills.

G段，第2句

本句涵盖主语(含介词短语作定语)、系动词、表语(不定式短语，内含宾语和补语)、方式状语(现在分词短语，内含动名词作介词宾语)，成分种类较丰富。不定式作表语与分词作状语是常见易混点，具有一定训练价值，但整体难度不高，挑战性有限。

"We see gameplay as a resource of talent," says co-founder David Barrie.

G段，第3句

直接引语加says引述框架是新闻报道和采访报道中的常见句式，在四六级阅读理解和考研英语的新闻类文本中频繁出现，具有较好的迁移性。

Often made fun of in gaming circles as a "spreadsheet simulator(电子表格模拟)", the economy of the fictional EVE universe is driven by real market principles.

H段，第3句

句子结构高度典型：前置过去分词短语作状语 + 被动语态主句 + 介词短语作方式状语，这种模式在四六级和考研阅读中频繁出现，掌握后可大量复用于理解类似长句

Mr Ricci, who had always dreamed of being the boss of his own company, ran an in-game corporation comprising hundreds of players.

I段，第1句

非限制性定语从句插入主句主语之后是英语书面语中的高频句式，在四六级和考研阅读中经常出现。本句结构“名词 + 非限制性定语从句 + 谓语 + 宾语”是典型的复合句模式，掌握这一结构后可以复用到大量类似句子的分析中，具有很强的迁移价值。

Twelve years into his career, Mark Long, a radiotherapy physicist with the NHS in Surrey, doesn't get as much gaming time as he used to.

K段，第1句

本句覆盖了时间状语、主语、同位语、谓语、宾语（含比较结构）以及比较状语从句，成分种类丰富。特别是同位语和比较从句中的省略现象（“used to”后省略“get”）是练习中的常见易错点，有较好的训练价值。

"I would love to say that my gaming skills allow me to destroy cancer using linear accelerators like photon(光子) blasters, but that's not quite the reality."

K段，第2句

本句覆盖了主谓宾、主系表、宾语从句、宾语补足语、方式状语等多种成分，且第一个主句的宾语从句内部结构较为丰富（"allow somebody to do" 加现在分词修饰），适合练习识别嵌套结构中的成分归属，尤其是区分宾语、宾语补足语和状语。

Instead, he credits old-school games like Palace of Magic with exposing him to computers.

K段，第3句

本句涉及主谓宾基本框架、外加句首状语、后置定语和 credit A with B 这一固定搭配结构，成分种类较丰富；宾语中包含介词短语作定语，with 后接动名词短语，适合练习识别固定搭配和区分不同介词短语的作用，有一定训练价值

"When creating treatment plans, the aim is to optimise the radiation dose to the tumour and restrict it as much as possible to healthy surrounding tissues and organs," he says.

K段，第6句

本句覆盖了引述结构（直接引语作宾语）、系动词的主系表结构、时间状语短语（现在分词短语）、并列不定式作表语等多种成分；值得练习的点包括：识别直接引语的边界、区分状语短语和从句、处理并列不定式中的 "to" 省略现象；成分种类较丰富，有一定训练价值。

It's about "repeating the process, but each time doing something slightly different to improve the result".

K段，第7句

涵盖主系表结构和介词短语作表语，适合练习系动词句型和表语的识别。但成分种类较单一，缺少宾语、定语从句、复杂状语等易错成分，训练价值有限。

One veteran player has applied his gaming skills to his real-world business and owes his success partly to a game company.

第37题 题干

本句包含主语、两个并列谓语、宾语、多个状语（介词短语和副词），成分种类较为丰富。并列谓语结构是常见易错点（学生易误判为并列分句），介词短语 "to his real-world business" 和 "to a game company" 的状语定位也有练习价值。但无从句或复杂嵌套，挑战性有限。

Businesses are beginning to realise gaming skills are applicable to their employees' work.

第39题 题干

"主句 + 省略 that 的宾语从句" 是四六级和考研阅读中高频出现的句式,且从句本身又是系表结构搭配介词短语,这种双层结构在真题中具有较强代表性,掌握后可迁移到大量类似句子。

One who enjoys playing games that require management skills to win might possess more qualities of a manager.

第42题 题干

本句成分丰富：主句包含主语（带定语从句）、谓语（情态动词结构）、宾语；第一个定语从句包含主语（关系代词）、谓语、宾语（动名词短语，内含定语从句修饰）；第二个定语从句包含主语（关系代词）、谓语、宾语、目的状语。这种多层次成分组合适合训练学生识别嵌套结构中的成分归属能力，并练习关系代词在从句中的双重作用。

It is suggested that gaming skills be included in a résumé if they enhance a job applicant's appeal.

第44题 题干

本句结构典型且高频,涵盖形式主语、主语从句、虚拟语气、被动语态、条件状语从句等多个核心考点,主干识别和嵌套层次都有一定难度,成分划分训练价值极高。虽然时态语态组合较复杂,但正因如此才更值得重点练习。对于备考四六级和考研的学习者来说,这是必须优先掌握的句型,综合训练价值突出。

QUESTIONS & ANALYSIS • 阅读理解题和解析

阅读理解题和解析·46-50 题

本页 46-50 题的答案与逐题解析由懒笔记基于2025年12月·第2套 英语四级阅读理解（四选一）原卷逐题核对整理。与试卷排版同一卷面：先是 Directions 与 5 段原文（段首标 P1-P5 段号、逐段附中文翻译）；之后 5 道题逐题排列，每题英文题干与选项后紧接本题解析——题干与选项中译、答案、题型判定、题干拆句、定位句中英对照与逐选项对错归因。

真题卷第2套(2025-12) • 英语四级

Part III Section C

Directions: There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.

Passage One

Questions 46 to 50 are based on the following passage.

P1 Junk food is now a staple of many Americans' diets. Advertising campaigns from the snack food companies, often featuring sports stars, send the message that we can neutralize any negative effects of consuming their products simply by getting more physical exercise. But recent studies show a lack of exercise is not to blame for rising obesity rates. Bad diets are.

垃圾食品现在已成为许多美国人饮食的主要组成部分。零食公司的广告宣传活动常常以体育明星为代言人，传递这样一种信息：我们可以仅仅通过增加体育锻炼来抵消食用其产品的任何负面影响。但最近的研究表明，缺乏锻炼并不是肥胖率上升的罪魁祸首。不良饮食才是。

P2 Interventions(干预) to help reduce junk food consumption are especially important for children and teenagers. Prevention is better than cure because obesity is so difficult to treat. Unfortunately, while health education has shown some success among young children, teens have been harder to reach.

帮助减少垃圾食品消费的干预措施对儿童和青少年尤为重要。预防胜于治疗，因为肥胖症非常难以治疗。不幸的是，尽管健康教育在幼儿中取得了一些成功，但青少年却更难触及。

P3 Now a large-scale study has tried an innovative approach to change teenagers' attitudes towards healthy eating, and the results are promising. The researchers argued that previous interventions have probably been unsuccessful because of a major flaw: they focused on a future, healthier you and

assumed that this would be enough motivation for teenagers. In contrast, the new intervention cleverly exploits teenagers' instinct for rebelliousness and autonomy, and the value they place on social justice.

现在,一项大规模研究尝试了一种创新方法来改变青少年对健康饮食的态度,结果令人鼓舞。研究人员认为,以往的干预措施可能不成功是因为存在一个重大缺陷:它们关注的是未来更健康的你,并假定这足以激励青少年。相比之下,新的干预措施巧妙地利用了青少年的叛逆和自主本能,以及他们对社会公正的重视。

P4 To do this, researchers had students read an article on the food industry. It revealed a secret about the manipulative and deceptive strategies used to make junk food more addictive and characterize the products as healthy. The article also explained how advertising campaigns specifically target very young and poor people, causing harm for these vulnerable groups. Afterwards, the participants read a fictional survey of teens who wanted to "fight back against the companies by buying and eating less processed food"

为此,研究人员让学生阅读一篇关于食品行业的文章。文章揭示了一个秘密,即用于使垃圾食品更容易上瘾并将产品标榜为健康食品的操纵性和欺骗性策略。文章还解释了广告宣传如何专门针对非常年幼和贫困的人群,对这些弱势群体造成伤害。之后,参与者阅读了一份虚构的青少年调查,这些青少年想要"通过少购买和少食用加工食品来反击这些公司"。

P5 After the intervention, participants associated healthy eating with autonomy and social justice. The teenagers also rated healthy eating as being more appealing. Importantly, there were also some promising effects of the new intervention on actual behavior. A day later the students were offered a choice of snacks and drinks in a seemingly unrelated context. The teens chose healthy snacks and drinks (such as fruit or water) more often over unhealthy options (like biscuits and soda). Apparently associating a healthy diet with teenagers' own values seems to be a promising avenue to prevent obesity. 干预之后,参与者将健康饮食与自主和社会公正联系起来。青少年还认为健康饮食更具吸引力。重要的是,新的干预措施对实际行为也产生了一些令人鼓舞的影响。一天后,学生在一个看似无关的情境中被提供零食和饮料的选择。青少年更多地选择健康的零食和饮料(如水果或水),而不是不健康的选项(如饼干和苏打水)。显然,将健康饮食与青少年自身的价值观联系起来似乎是预防肥胖的一个有希望的途径。

题目与逐题解析

46. What do we learn about advertising campaigns from the snack food companies?

- A) They convey the idea that their products are ok if consumers exercise more.
- B) They send the message that bad diets are responsible for Americans' obesity.
- C) They usually feature sports stars to emphasize the benefits of their snack foods.
- D) They claim that lack of exercise is to blame for the increasing obesity rates.

关于零食公司的广告宣传活动,我们了解到什么?

- A) 它们传达这样的理念:如果消费者多运动,他们的产品就没问题。
- B) 它们传递这样的信息:不良饮食是美国人肥胖的罪魁祸首。
- C) 它们通常以体育明星为主角来强调其零食的益处。
- D) 它们声称缺乏运动是肥胖率上升的罪魁祸首。

【答案】 A (细节题)

【判型】 What do we learn about advertising campaigns from the snack food companies? 是 What do we learn about X 句式，问的是关于 X 的已知事实，不含 infer/suggest/imply。

【拆句】 What do we learn about advertising campaigns from the snack food companies? 主干 What do we learn about X, X = advertising campaigns, 后面 from the snack food companies 是介词短语修饰 campaigns, 结构平铺无陷阱。

【定位】 Advertising campaigns from the snack food companies, often featuring sports stars, send the message that we can neutralize any negative effects of consuming their products simply by getting more physical exercise.

零食公司的广告活动经常以体育明星为主角，传递的信息是：只要多做体育锻炼，就能抵消食用其产品带来的任何负面影响。

【选项】 A) ✓ 正确

we can neutralize any negative effects of consuming their products simply by getting more physical exercise

↔ **their products are ok if consumers exercise more**

预判"广告称多运动就能抵消坏处"和 A 的 their products are ok if consumers exercise more 完全对得上。

B) 张冠李戴

They send the message that bad diets are responsible for Americans' obesity. 说的是广告传达"坏饮食才是肥胖元凶"——但这其实是 Bad diets are 这句作者引述研究的结论，与广告立场恰恰相反。

C) 偷换概念

They usually feature sports stars to emphasize the benefits of their snack foods. 说请明星是为了"强调零食本身的好处"——但原文 often featuring sports stars 后接的逻辑是"运动能抵消坏处"，明星是"运动"的化身，不是为吹嘘零食优点。

D) 与原文相反

They claim that lack of exercise is to blame for the increasing obesity rates. 说广告主张"缺乏锻炼导致肥胖"——这是后文研究的反方观点 a lack of exercise is not to blame 的镜像，而且原文是 not to blame, D 偷偷把 not 去掉。

47. What does the passage say about health education?

- A) It has shed light on teens' instinct for rebellion and autonomy.
- B) It has placed much more emphasis on cure than on prevention.
- C) It has contributed little to the campaigns against obesity.
- D) It has largely failed to turn teens away from junk food.

文章关于健康教育说了什么？

- A) 它阐明了青少年叛逆和自主的本能。 B) 它更加强调治疗而非预防。
- C) 它对反肥胖运动几乎没有贡献。 D) 它在使青少年远离垃圾食品方面基本上失败了。

【答案】 **D** (细节题)

【判型】 What does the passage say about health education? 直接问"文章关于 X 怎么说", 要求复述事实。

【拆句】 What does the passage say about health education? 主干 What does the passage say about X, X = health education, 结构无陷阱。

【定位】 Unfortunately, while health education has shown some success among young children, teens have been harder to reach.

遗憾的是, 虽然健康教育在低龄儿童中取得了一定成效, 但对青少年的影响一直很难触达。

【选项】 A) **张冠李戴**

It has shed light on teens' instinct for rebellion and autonomy. 说健康教育"揭示了青少年的叛逆本性"——但 instinct for rebelliousness and autonomy 是第三段的 new intervention 才用到的概念, 与第二段 health education 无关。

B) **偷换概念**

It has placed much more emphasis on cure than on prevention. 说健康教育"更重治疗轻预防"——但原文 Prevention is better than cure because obesity is so difficult to treat. 是作者对于干预总体的观点, 并未说健康教育"更重治疗"。

C) **以偏概全**

It has contributed little to the campaigns against obesity. 全盘否定健康教育, 但原文 health education has shown some success among young children 明确承认对儿童有成效, 并非"几乎无贡献"。

D) **✓ 正确**

teens have been harder to reach ↔ **largely failed to turn teens away from junk food**

Unfortunately ↔ **largely failed**

预判"对青少年没奏效"与 D 的 largely failed to turn teens away from junk food 完全契合。

48. What is a major flaw in previous interventions to help reduce junk food consumption?

- A) They motivated teens to stay away from junk food only temporarily.
- B) They focused on the benefits young people would reap in the future.
- C) They were based on the assumption that motivation was the only key.
- D) They were incapable of appealing to teens' instinct for rebelliousness.

先前帮助减少垃圾食品消费的干预措施有什么重大缺陷?

- A) 它们只是暂时激励青少年远离垃圾食品。
- B) 它们关注年轻人未来将获得的益处。
- C) 它们基于这样的假设: 动机是唯一的关键。
- D) 它们无法诉诸青少年的叛逆本能。

【答案】 **B** (细节题)

【判型】 What is a major flaw in previous interventions to help reduce junk food consumption? 直问 What is, 要的是文中明确写出的具体缺陷。

【拆句】 What is a major flaw in previous interventions to help reduce junk food consumption? 主干 What is a major flaw, 后跟两层修饰: in previous interventions 限定缺陷的归属, to help reduce junk food consumption 是不定式修饰 interventions 的功能。要看清 flaw 修饰的是 previous interventions, 不是别的。

【定位】 The researchers argued that previous interventions have probably been unsuccessful because of a major flaw: they focused on a future, healthier you and assumed that this would be enough motivation for teenagers.

研究者认为, 以往的干预之所以可能失败, 是因为一个重大缺陷: 它们把重心放在"未来更健康的你", 并假设这就足以激励青少年。

【选项】 A) **无中生有**

They motivated teens to stay away from junk food only temporarily. 说"只在短期有效"——但原文从未提及干预的"短期/长期"时效问题, only temporarily 属凭空捏造。

B) **✓ 正确**

focused on a future, healthier you ↔

focused on the benefits young people would reap in the future

预判"押注未来好处"和 B 的 focused on the benefits young people would reap in the future 完全契合。

C) **过度推断**

They were based on the assumption that motivation was the only key. 把原文 assumed that this would be enough motivation 扭成"动机是唯一关键"——原文只说"这一点已经足够", 未说"动机是唯一"。

D) **张冠李戴**

They were incapable of appealing to teens' instinct for rebelliousness. 说"以前的干预无法触动叛逆本能"——叛逆本性是 new intervention cleverly exploits teenagers' instinct for rebelliousness 的卖点, 反推回去"以前没用"是考生自己脑补的, 原文并未把"未利用叛逆本能"列为 flaw。

49. In what way is the new intervention innovative?

- A) It emphasizes people's sense of social responsibility.
- B) It cleverly exploits teenagers' personal weaknesses.
- C) It takes advantage of teenagers' natural inclination.
- D) It promises immediate rather than future benefits.

新的干预措施在哪些方面具有创新性?

- A) 它强调人们的社会责任感。
- B) 它巧妙地利用了青少年的个人弱点。
- C) 它利用了青少年的天然倾向。
- D) 它承诺即时而非未来的益处。

【答案】 C (细节题)

【判型】 In what way is the new intervention innovative? 问的是"以何种方式", 答案在原文有具体描述。

【拆句】 In what way is the new intervention innovative? 主干 the new intervention is innovative, 前置 In what way 提问。innovative 是表语形容词, 整句结构简单。

【定位】 In contrast, the new intervention cleverly exploits teenagers' instinct for rebelliousness and autonomy, and the value they place on social justice.

与之相对, 新干预巧妙地利用了青少年对叛逆和自主的本能, 以及他们对社会公正的重视。

【选项】 A) 偷换概念

It emphasizes people's sense of social responsibility. 只抓住 the value they place on social justice 这一点, 且把 teenagers 扩大成 people、把 social justice 偷换成 social responsibility。

B) 偷换概念

It cleverly exploits teenagers' personal weaknesses. 把 instinct for rebelliousness and autonomy 这一中性偏正面的"本能"扭曲成 personal weaknesses (个人弱点); 原文并未把叛逆视为"弱点"。

C) ✓ 正确

exploits teenagers' instinct for rebelliousness and autonomy ↔

takes advantage of teenagers' natural inclination

预判"顺势利用青少年天性"和 C 的 takes advantage of teenagers' natural inclination 一一对应。

D) 过度推断

It promises immediate rather than future benefits. 说新干预"承诺即时好处"——但原文从未提"即时好处", 且作者把"许诺未来好处"作为 previous interventions 的缺陷, 并不意味着新干预走"即时好处"的反向路线。

50. What conclusion can be drawn from the new research?

- A) A totally different approach could be adopted to combat advertising campaigns for snack food.
- B) An effective intervention has to be found to persuade teenagers to switch to a healthier lifestyle.
- C) Obesity can be hopefully prevented by building links between teenagers' values and healthy eating.
- D) An innovative way to beat obesity is to expose food companies' manipulative and deceptive practices.

从新研究中可以得出什么结论?

- A) 可以采用完全不同的方法来对抗零食广告宣传活动。
- B) 必须找到有效的干预措施来说服青少年转向更健康的生活方式。
- C) 通过在青少年的价值观与健康饮食之间建立联系, 有望预防肥胖。
- D) 战胜肥胖的创新方法是揭露食品公司的操纵性和欺骗性做法。

【答案】 C (主旨题)

【判型】 What conclusion can be drawn from the new research? 让你为整篇研究下结论，覆盖全文而非某一段。

【拆句】 What conclusion can be drawn from the new research? 被动结构 conclusion can be drawn from X, 相当于 What conclusion does the new research lead to。注意 drawn from 是"从...得出"，不要看反。

【选项】 A) 以偏概全

A totally different approach could be adopted to combat advertising campaigns for snack food. 把"反击广告"当作研究结论——但 fight back against the companies by buying and eating less processed food 只是干预里使用的"虚构问卷"内容，是实验素材，不是研究结论。

B) 与原文相反

An effective intervention has to be found to persuade teenagers to switch to a healthier lifestyle. 把"得找到有效干预"作为结论——但本研究本身已经提出并验证了一种有效干预，结论是"这条路有希望"而不是"还得继续找"。

C) ✓ 正确

associating a healthy diet with teenagers' own values seems to be a promising avenue to prevent obesity

↔

Obesity can be hopefully prevented by building links between teenagers' values and healthy eating.

teenagers' own values ↔ teenagers' values

C 既包含"青少年价值观"又包含"健康饮食"和"防肥胖"三个要素，正好对应主线串出的结论。

D) 以偏概全

An innovative way to beat obesity is to expose food companies' manipulative and deceptive practices. 把"揭露食品公司套路"当结论——但 the manipulative and deceptive strategies 只是新干预里给学生看的材料之一，并非研究结论本身。研究结论是"把饮食与青少年价值观挂钩"，揭露公司只是其中的具体手段。

SENTENCE INSIGHTS • 句子精讲

21 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

Advertising campaigns from the snack food companies, often featuring sports stars, send the message that we can neutralize any negative effects of consuming their products simply by getting more physical exercise.

第1段，第2句

本句的主句加同位语从句结构在四六级和考研阅读中较为常见,尤其是用同位语从句解释抽象名词(如message、idea、fact、belief等)的内容,是典型的书面语句式。主语带有后置定语和插入成分的形式也符合学术文章和新闻报道的常见风格。掌握这类句式后,学生在阅读类似文章时能够快速识别结构,具有较强的迁移性。

But recent studies show a lack of exercise is not to blame for rising obesity rates.

第1段，第3句

show 引导宾语从句（省略 that）和 be to blame for 的主系表结构都是考试中的常见句式。这类结构在阅读理解和翻译题中频繁出现，具有一定的代表性和复用价值。

Interventions(干预) to help reduce junk food consumption are especially important for children and teenagers.

第2段，第1句

主系表结构配合不定式后置定语是四六级和考研阅读中常见句式，具备一定代表性，掌握后可迁移到同类句子，但结构过于简单，不如复合句典型。

Now a large-scale study has tried an innovative approach to change teenagers' attitudes towards healthy eating, and the results are promising.

第3段，第1句

并列句在四六级和考研真题中非常常见，现在完成时和一般现在时的搭配也是典型用法。句式结构清晰且具有一定代表性，学生掌握后可以迁移到类似的并列陈述句。但句子本身较简单，不涉及更高级的从句结构或特殊句式。

In contrast, the new intervention cleverly exploits teenagers' instinct for rebelliousness and autonomy, and the value they place on social justice.

第3段，第3句

主句带限制性定语从句、并列宾语结构是四六级和考研阅读中的高频句式，且定语从句省略关系代词的现象也非常典型。句子结构虽非复杂级别，但代表性强，掌握后可直接迁移到大量真题句子的分析中。

To do this, researchers had students read an article on the food industry.

第4段，第1句

本句包含使役动词结构 "have sb do sth"，需区分宾语和宾语补足语，这是基础但易混淆的考点；同时句首不定式作目的状语也值得练习，成分覆盖较为全面，训练价值较高。

It revealed a secret about the manipulative and deceptive strategies used to make junk food more addictive and characterize the products as healthy.

第4段，第2句

简单句加后置定语修饰的结构在四六级和考研阅读中频繁出现，是常见句式。掌握此类句子的成分划分方法可广泛迁移到其他长难句分析中。

The article also explained how advertising campaigns specifically target very young and poor people, causing harm for these vulnerable groups.

第4段，第3句

本句的结构非常典型：主句 + 宾语从句 + 分词短语作状语，是四六级和考研阅读中的常见句式。宾语从句由疑问词 "how" 引导，分词短语表示结果，这两种结构在真题中频繁出现。掌握这类句式后，可以迁移到大量类似的长难句中。

Importantly, there were also some promising effects of the new intervention on actual behavior.

第5段，第3句

there be 存在句 + 名词短语带多个介词短语后置定语，是四六级和考研阅读中的常见句式。句首副词作评注状语也是学术写作和正式语体的典型特征。掌握本句结构后，可直接迁移到大量类似存在句和带后置定语的名词短语上。

What do we learn about advertising campaigns from the snack food companies?

第46题题干

特殊疑问句在四六级和考研阅读理解的题干中较为常见，尤其是询问文章内容或观点的句型。本句的 "What do we learn about ... from ..." 结构具有一定代表性，学生掌握后可迁移至其他疑问句的理解。但本句为简单句，缺少真题中常见的从句嵌套或复杂修饰，结构相对单薄，典型性适中。

They send the message that bad diets are responsible for Americans' obesity.

第46题，B

主句加同位语从句是四六级和考研阅读中的高频句式,尤其在说明观点、传递信息的语境中常见。掌握这种结构后可在大量真题中复用。

They usually feature sports stars to emphasize the benefits of their snack foods.

第46题，C

简单句中"主语 + 谓语 + 宾语 + 不定式目的状语"是常见句式，真题中频繁出现；但本句无从句、无并列、无特殊句式，结构过于基础，不能代表四六级或考研中更典型的长难句句式。

What does the passage say about health education?

第47题 题干

特殊疑问句是四六级、考研阅读理解常见题型的典型提问方式，句式高度典型。掌握 "疑问词 + 助动词 + 主语 + 动词" 结构后可直接迁移到大量真题场景。

It has shed light on teens' instinct for rebellion and autonomy.

第47题，A

简单句结构在考试中常见，"主语 + 现在完成时谓语 + 宾语 + 介词短语状语" 的模式具有一定代表性，且 "shed light on" 这类固定搭配在阅读理解中频繁出现，有一定的学习迁移价值。

It has largely failed to turn teens away from junk food.

第47题，D

简单句中使用现在完成时加不定式宾语是真题常见句式,尤其fail to do结构在考试中频繁出现,具有一定代表性和复用价值

They were based on the assumption that motivation was the only key.

第48题，C

本句涵盖了主谓宾结构、被动语态、主系表结构和同位语从句四种成分类型。同位语从句是较为重要的语法点,容易与定语从句混淆,具有较好的辨析训练价值。被动语态的识别也是常见考点。

It takes advantage of teenagers' natural inclination.

第49题，C

主谓宾结构是英语最常见的基本句型之一，"take advantage of" 是高频固定搭配，在考试阅读中经常出现，具有一定代表性；但作为简单句，结构过于基础，不能体现考试中常见的复杂句式

It promises immediate rather than future benefits.

第49题，D

简单的主谓宾结构在考试中常见，"rather than" 表对比的用法也是常考点，但整体句式过于基础，缺乏四六级或考研真题中常见的从句嵌套或复杂修饰，代表性中等。

A totally different approach could be adopted to combat advertising campaigns for snack food.

第50题，A

本句体现了四六级和考研阅读中高频出现的句式特征：情态动词加被动语态表达建议或可能性，不定式短语作目的状语。这种结构在议论文、说明文中极为常见，学习者掌握后可广泛迁移到其他类似句子的理解与写作中。

An effective intervention has to be found to persuade teenagers to switch to a healthier lifestyle.

第50题，B

情态被动语态 + 不定式目的状语是四六级和考研阅读中的常见句式，尤其在议论文和说明文中频繁出现。本句的'主语 + 情态被动谓语 + 不定式状语'结构具有很强的迁移价值，学习者掌握后可应用于大量类似句型的理解和写作。

An innovative way to beat obesity is to expose food companies' manipulative and deceptive practices.

第50题，D

主系表结构配合不定式作表语是四六级和考研阅读中的常见句式，特别是表达方式、方法、目的时经常使用，掌握后迁移性较强，具有较好的典型性。

QUESTIONS & ANALYSIS · 阅读理解题和解析

阅读理解题和解析 · 51-55 题

本页 51-55 题的答案与逐题解析由懒笔记基于2025年12月·第2套 英语四级阅读理解（四选一）原卷逐题核对整理。与试卷排版同一卷面：先是 Directions 与 7 段原文（段首标 P1-P7 段号、逐段附中文翻译）；之后 5 道题逐题排列，每题英文题干与选项后紧接本题解析——题干与选项中译、答案、题型判定、题干拆句、定位句中英对照与逐选项对错归因。

真题卷第2套(2025-12) · 英语四级

Part III Section C (2)

Directions: There are 2 passages in this section. Each passage is followed by some questions or unfinished statements. For each of them there are four choices marked A), B), C) and D). You should decide on the best choice and mark the corresponding letter on **Answer Sheet 2** with a single line through the centre.

Passage Two

Questions 51 to 55 are based on the following passage.

P1 Adults dream during REM (rapid eye movement) sleep and infants have loads of REM. So, it might be fair to assume that babies have tons of dreams.

成年人在REM（快速眼动）睡眠期间做梦，而婴儿有大量的REM睡眠。因此，可以合理地假设婴儿有很多梦。

P2 But scientists believe REM serves a completely different purpose for newborns and infants than dreaming. When babies are in REM, it allows their brain to develop pathways, connections, and eventually, learn languages.

但科学家认为，REM对新生儿和婴儿的作用与做梦完全不同。当婴儿处于REM状态时，它使他们的大脑得以发展路径、建立连接，并最终学习语言。

P3 Since your baby doesn't dream at this stage of brain development, it's safe to assume babies do not have nightmares, either. Nightmares stem from exposure to trauma(创伤), an overactive imagination, and the normal stresses of everyday life.

由于你的宝宝在大脑发育的这个阶段不做梦，可以有把握地认为婴儿也不会做噩梦。噩梦源于创伤经历、过度活跃的想象力以及日常生活中的正常压力。

P4 Are you wondering, what do babies dream about? Good question, but the answer is nothing! So, when do babies start dreaming? The general consensus is that they start dreaming around the age of two. Psychologist David Foulkes studies children (from very small kids to teens) to bring the secrets of their

dreams to the light of day. In his lab, he lets kids fall asleep and then wakes them 3 times a night and asks them to describe what they recall.

你是否想知道，婴儿梦见什么？好问题，但答案是什么都没有！那么，婴儿什么时候开始做梦？普遍的共识是他们在两岁左右开始做梦。心理学家David Foulkes研究儿童（从幼儿到青少年）以将他们的梦境的秘密揭示出来。在他的实验室里，他让孩子们入睡，然后在夜间唤醒他们3次，让他们描述自己记得的内容。

P5 Foulkes' findings are unsurprising. Basically, little kids have little dreams. But exactly what kids see while dreaming depends on their age. As children develop and grow, their dreams do too.

Foulkes的发现并不令人惊讶。基本上，小孩子做小梦。但孩子们在做梦时看到的具体内容取决于他们的年龄。随着儿童的发育和成长，他们的梦境也在发展。

P6 Dreams of very small kids are usually just snapshots(快照), looking much more like a slideshow than a movie, when compared to the dreams of adults. They heavily feature animals and other familiar sights, like images of people eating. According to Foulkes, "Children's dream life...seems to be similar to their waking imagination and narration." Kids ages 5 – 9 begin seeing moving images and characters in action. Dreams now include multiple events strung together, one after the other. They also start developing greater ability to remember dreams. Still, that's not always the case: When roused during REM sleep, 25% of the kids in Foulkes' studies had no recollection of dreaming, a trend that continues through age 9.

与成年人的梦境相比，幼儿的梦境通常只是快照，看起来更像幻灯片而不是电影。梦境中大量出现动物和其他熟悉的景象，比如人们吃东西的画面。根据Foulkes的说法，“儿童的梦境生活.....似乎与他们清醒时的想象和叙述相似。”5至9岁的孩子开始看到移动的图像和活动中的事物。梦境现在包含一个接一个串联起来的多个事件。他们也开始发展出更强的记忆梦境的能力。不过，情况并非总是如此：在Foulkes的研究中，当在REM睡眠期间被唤醒时，25%的孩子不记得做过梦，这一趋势持续到9岁。

P7 So, if your baby seems to be in a stressful state while sleeping or is upset upon waking, there may be other factors at play.

因此，如果你的宝宝在睡眠时似乎处于紧张状态或醒来时感到不安，可能还有其他因素在起作用。

题目与逐题解析

51. What do scientists think of REM?

- A) It is a sign of dreaming in adults and infants alike.
- B) It is essential to human beings' language learning.
- C) It determines the formation of connections in the brain.
- D) It performs a different function in babies than in adults.

科学家如何看待快速眼动睡眠？

- A) 它是成人和婴儿做梦的标志。
- B) 它对人类的语言学习至关重要。
- C) 它决定大脑中连接的形成。
- D) 它在婴儿身上的作用不同于在成人身上的作用。

【答案】 D (细节题)

【判型】 What do scientists think of REM? 直接问科学家对 REM 的看法，是对原文具体观点的客观转述。

【拆句】 Q51 结构是 "What do scientists think of REM?", 主谓宾极简, think of 在此意为 "对.....的看法", 无陷阱。

【定位】 But scientists believe REM serves a completely different purpose for newborns and infants than dreaming.

但科学家认为, 对新生儿和婴儿而言, REM 所起的作用与做梦完全不同。

【选项】 A) **与原文相反**

原文明说婴儿在 REM 期"不做梦", It is a sign of dreaming in adults and infants alike 反而说成人婴儿都做梦, 与文意相反。

B) **以偏概全**

原文 eventually, learn languages 只把语言学习列为大脑发育的一个结果, It is essential to human beings' language learning 把它拔高为 REM 的本质功能, 范围被放大。

C) **偷换概念**

原文是 REM "allows" 婴儿大脑发育连接 (提供条件), It determines the formation of connections in the brain 把 "提供条件" 偷换为 "决定", 强度被改。

D) **✓ 正确**

a completely different purpose for newborns and infants than dreaming ↔

a different function in babies than in adults

预判 "REM 在婴儿与成人身上作用不同" 对应 It performs a different function in babies than in adults., 两端同义替换链完整。

52. What can we infer about nightmares from the passage?

- A) They occur often in people with an active imagination.
- B) They occur in people suffering from emotional stress.
- C) They vary in different stages of brain development.
- D) They appear in the sleep of both adults and infants.

从文章中我们可以推断出关于噩梦的什么信息?

- A) 它们常常发生在想象力活跃的人身上。 B) 它们发生在遭受情绪压力的人身上。
- c) 它们在大脑发育的不同阶段各不相同。 D) 它们出现在成人和婴儿的睡眠中。

【答案】 B (推断题)

【判型】 What can we infer about nightmares from the passage? 含 infer, 属推断而非细节。

【拆句】 Q52 主干 "What can we infer about nightmares", about 引出推断对象, from the passage 是状语, 结构简单。

【定位】 Nightmares stem from exposure to trauma(创伤), an overactive imagination, and the normal stresses of everyday life.

噩梦源于创伤经历、过度活跃的梦想, 以及日常生活中的正常压力。

【选项】 A) 以偏概全

P3 只把 an overactive imagination 列为三因之一, They occur often in people with an active imagination 把它单独抽出且加 often 强化, 把一项当作主因。

B) ✓ 正确

the normal stresses of everyday life ↔ emotional stress

预判 "承受情绪压力的人易做噩梦" 与 They occur in people suffering from emotional stress. 同义。

C) 无中生有

原文 P3 谈噩梦的成因, 从未把噩梦与 "大脑发育阶段" 的关系作为话题; They vary in different stages of brain development 把别处的 brain development 概念硬套到 nightmares 上。

D) 与原文相反

原文 it's safe to assume babies do not have nightmares, either 明确婴儿不做噩梦, They appear in the sleep of both adults and infants 反着说 "成人婴儿睡眠中都出现"。

53. What is the aim of psychologist David Foulkes' study?

- A) To reveal the secrets of children's dreams.
- B) To see if children start dreaming at age two.
- C) To solve the mystery of dreaming and brain growth.
- D) To confirm the general consensus on when kids dream.

心理学家 David Foulkes 的研究目的是什么?

- A) 揭示儿童梦境的秘密。 B) 看儿童是否在两岁开始做梦。 C) 解决做梦与大脑发育之谜。
- D) 证实关于儿童何时做梦的普遍共识。

【答案】 A (细节题)

【判型】 What is the aim of psychologist David Foulkes' study? 直接问研究目的, 是对原文目的句的客观转述。

【拆句】 Q53 结构是 "What is the aim of psychologist David Foulkes' study?", of 短语限定 aim, psychologist 是 David Foulkes 的同位身份说明, 无陷阱。

【定位】 Psychologist David Foulkes studies children (from very small kids to teens) to bring the secrets of their dreams to the light of day.

心理学家 David Foulkes 研究儿童 (从年幼孩童到青少年), 目的是把他们梦境的秘密揭示于人前。

【选项】 A) ✓ 正确

to bring the secrets of their dreams to the light of day ↔

To reveal the secrets of children's dreams.

预判 "揭示儿童梦境秘密" 与 To reveal the secrets of children's dreams. 一一对应, 选 A。

B) 偷换概念

原文 they start dreaming around the age of two 是研究背景里的 "普遍共识", 并非 Foulkes 研究的目的; To see if children start dreaming at age two 把背景信息当成研究目的。

C) 无中生有

原文未把 Foulkes 的目标说成 "解开做梦与大脑发育之谜"; To solve the mystery of dreaming and brain growth 引入了 P2 的 brain 概念硬接到 Foulkes 研究目的上。

D) 偷换概念

原文 The general consensus is that they start dreaming around the age of two. 表示这是研究界已有共识, Foulkes 并非为证实它而研究; To confirm the general consensus on when kids dream 把 "已存在的共识" 当成 Foulkes 要证实的对象。

54. What are Foulkes' findings about kids' dreams?

- A) They feature strange animals.
- B) They are unsurprising to adults.
- C) They grow and evolve with age.
- D) They reflect kids' waking life.

Foulkes关于儿童梦境的发现是什么?

- A) 它们以奇怪的动物为特征。
- B) 它们对成人来说并不令人惊讶。
- C) 它们随着年龄增长和演变。
- D) 它们反映儿童的清醒生活。

【答案】 C (细节题)

【判型】 What are Foulkes' findings about kids' dreams? 直接问研究结论是什么, 是细节题。

【拆句】 Q54 结构是 "What are Foulkes' findings about kids' dreams?", about kids' dreams 限定 findings 的范围, 没有从句也没有否定, 无陷阱。

【定位】 Foulkes' findings are unsurprising. Basically, little kids have little dreams. But exactly what kids see while dreaming depends on their age. As children develop and grow, their dreams do too.

Foulkes 的发现并不令人意外。本质上, 小孩做的也是小梦。但孩子在梦中究竟看到什么, 取决于他们的年龄。随着孩子的发育成长, 他们的梦也在发育成长。

【选项】 A) 以偏概全

They heavily feature animals and other familiar sights 只说幼儿梦多含动物等"熟悉景象", They feature strange animals 把动物拔成 "strange animals" 且当成所有孩子梦的特征。

B) 答非所问

题问 findings 的内容; They are unsurprising to adults. 拿原文 "unsurprising" 的评价词当做内容, Foulkes' findings are unsurprising 的 unsurprising 是对 "findings 本身" 的评价, 而非 findings 的实质内容。

C) ✓ 正确

As children develop and grow, their dreams do too ↔ **They grow and evolve with age.**

预判 "梦随孩子发育而发育" 与 They grow and evolve with age. 完全对应, 选 C。

D) 偷换概念

原文 Children's dream life...seems to be similar to their waking imagination and narration 的相似对象是 "清醒时的想象与叙事", They reflect kids' waking life. 把 "想象/叙事" 偷换成 "waking life" (清醒生活本身)。

55. What can we assume about babies who appear upset upon waking?

- A) They have been roused against their will.
- B) They have been disturbed by a nightmare.
- C) They have trouble recollecting the images of their dreams.
- D) They have been affected by something other than dreaming.

关于醒来时看起来心烦意乱的婴儿,我们可以假设什么?

- A) 他们违背自己的意愿被唤醒了。
- B) 他们被噩梦打扰了。
- C) 他们难以回忆梦境的画面。
- D) 他们受到了做梦以外的其他事物的影响。

【答案】 D (推断题)

【判型】 What can we assume about babies who appear upset upon waking? 含 assume, 按推断题处理。

【拆句】 Q55 结构是 "What can we assume about babies who appear upset upon waking?", who 引导定语从句修饰 babies, upon waking 是时间状语 "一醒来时", 整句无否定无比较, 理解关键是把 who 从句翻成 "那些一醒来就显得不安的婴儿"。

【定位】 So, if your baby seems to be in a stressful state while sleeping or is upset upon waking, there may be other factors at play.

因此, 如果你的婴儿睡觉时显得紧张、或一醒来就不安, 那很可能是别的因素在起作用。

【选项】 A) **无中生有**

原文 P7 没有说婴儿被人弄醒; They have been roused against their will. 凭空添加 "被弄醒" + "违背意愿" 两个文本无据的语义。

B) **与原文相反**

原文 babies do not have nightmares 明确说婴儿不做噩梦; They have been disturbed by a nightmare. 反着说婴儿被噩梦惊扰。

C) **答非所问**

题问 "哭醒原因", They have trouble recollecting the images of their dreams. 把焦点换成 "回忆梦境困难", 且 25% of the kids in Foulkes' studies had no recollection of dreaming 说的是 5-9 岁孩子, 而非 "babies"。

D) **✓ 正确**

there may be other factors at play ↔

They have been affected by something other than dreaming.

预判 "原因不是做梦" 与 They have been affected by something other than dreaming. 完全对应, 选 D。

SENTENCE INSIGHTS • 句子精讲

12 句真题句逐层精讲

下列真题句各有独立的句子解析页——中文翻译、结构树逐层拆解、成分与时态、考点讲解与真题高频词。点击句子进入完整解析。

Adults dream during REM (rapid eye movement) sleep and infants have loads of REM.

第1段, 第1句

并列复合句在考试中较为常见, 但本句结构过于简单, 两个主句都是最基础的主谓或主谓宾结构, 缺乏考试中常见的从句嵌套、非谓语动词、插入语等典型特征, 代表性一般。

But scientists believe REM serves a completely different purpose for newborns and infants than dreaming.

第2段, 第1句

主句 + 宾语从句是四六级和考研阅读中的高频结构, believe 等认知动词后接从句的用法非常典型; 比较结构 different...than 也是常考点; 掌握本句结构后可迁移到大量类似句式, 如 think/find/show + 宾语从句的场景。

When babies are in REM, it allows their brain to develop pathways, connections, and eventually, learn languages.

第2段，第2句

本句使用时间状语从句引导主句，且主句采用"allow sb to do"这一高频结构，这种句式在四六级和考研阅读中频繁出现，具有较强的代表性和可迁移性，掌握后可应用于大量类似句子的分析。

Since your baby doesn't dream at this stage of brain development, it's safe to assume babies do not have nightmares, either.

第3段，第1句

本句覆盖形式主语与真正主语、系表结构、宾语从句(that省略)、状语从句、介词短语作状语等多种成分,且形式主语 "it" 容易被误认为实义主语,宾语从句省略 "that" 也是常见易错点,训练价值较高。

Nightmares stem from exposure to trauma(创伤), an overactive imagination, and the normal stresses of everyday life.

第3段，第2句

简单句中含并列宾语的结构在四六级阅读中常见,具有一定代表性。但相比含从句的复杂句式,其典型性和迁移价值处于中等水平。

Dreams of very small kids are usually just snapshots(快照), looking much more like a slideshow than a movie, when compared to the dreams of adults.

第6段，第1句

本句覆盖了主语（带定语）、系动词、表语、方式状语（分词短语）、时间状语（省略从句）等多种成分，结构较为丰富。特别是分词短语作状语和状语从句的省略形式，是学习者容易混淆的知识点，具有一定的训练价值。但主句本身为简单的主系表结构，核心难度不高。

According to Foulkes, "Children's dream life...seems to be similar to their waking imagination and narration."

第6段，第3句

主系表结构加状语是常见句式，引述他人观点的表达在学术写作中较为典型，但简单句本身在四六级、考研真题中代表性一般，不如复杂句式出现频繁，典型性居中。

Still, that's not always the case: When roused during REM sleep, 25% of the kids in Foulkes' studies had no recollection of dreaming, a trend that continues through age 9.

第6段，第7句

覆盖主语、谓语、宾语、时间状语、同位语、定语等多种成分，包含状语从句中主语省略的典型用法，同位语与定语从句的叠加使用，以及被动语态省略结构，适合训练成分识别和从句分析能力。

What can we infer about nightmares from the passage?

第52题 题干

结构典型性较高：特殊疑问句在四六级和考研阅读理解题干中极为常见，尤其是 "What can we infer/learn/conclude..." 这类推断题提问句式是标准题型；掌握此句式的成分划分和疑问词功能识别，可直接迁移到大量类似真题句中。

They occur in people suffering from emotional stress.

第52题，B

简单句配合现在分词作后置定语是真题中常见的基础句式，具有一定代表性，但本句不涉及从句或复杂修饰，作为典型考点句的代表性中等。

What can we assume about babies who appear upset upon waking?

第55题 题干

本句的疑问句+限制性定语从句组合是四六级和考研阅读中常见的句式。疑问句考察疑问词用法和语序倒装,定语从句考察关系代词的成分识别,这两个知识点都是考试高频考点。句子结构规范、无生僻用法,学生掌握后可以迁移到大量类似句型(疑问句嵌套从句、关系代词引导定语从句),具有较高的典型性,给7分

They have trouble recollecting the images of their dreams.

第55题，C

"have trouble doing sth" 是四六级和考研阅读中高频出现的表达困难的句式，具有较强的代表性。但本句整体为简单句，未涉及真题中常考的复杂从句或长难句结构，典型性中等偏上。

2025年12月·第2套英语四级汉译英（段落翻译）·客观介绍"城市漫步"这一旅游新潮流 参考译文与解析

PASSAGE & TRANSLATION • 题和解析

汉译英真题、参考译文与逐句解析

本页整篇参考英译与逐句解析由懒笔记基于2025年12月·第2套 英语四级汉译英（段落翻译）原卷题干译审整理。与试卷排版同一卷面：Directions 与一整段中文原文连续排印——整段连排、无段落标记无题号，把它切成一句句翻译单元本身就是解题动作。卷面之后先给整篇参考英译定稿，再按自切句序逐句拆分：定英文主干、降级修饰成分、逐项落实语法点、句内定稿英译，答案直显。

真题卷第2套(2025-12) • 英语四级

Part IV

Directions: For this part, you are allowed 30 minutes to translate a passage from Chinese into English. You should write your answer on **Answer Sheet 2**.

近年来，"城市漫步(city walk)"在中国的年轻人中悄然兴起，已成为一种旅游新潮流。与传统旅游不同，城市漫步不追求在短时间内游览尽可能多的景点。而是随意行走或按照主题路线漫步在城市的街小巷。漫步者品尝地道小吃，欣赏特色建筑，了解当地生活方式。他们还用相机或手机记录城市的风景和人物。这种旅游方式能让城市漫步者更深入了解城市的历史与文化。

参考译文

整篇参考英译是复盘资产，考卷上只印中文原文——四六级 Part IV 翻译按整篇「表达通顺连贯、用词准确、语法正确」四档评分。

In recent years, city walk has quietly emerged among young people in China and has become a new travel trend. Unlike traditional travel, city walk does not seek to visit as many attractions as possible in a short time. Instead, city walkers wander randomly or stroll along themed routes through the streets and alleys of the city. They taste authentic snacks, admire distinctive buildings, and learn about local ways of life. They also record the city's scenery and people with cameras or mobile phones. This travel style enables city walkers to gain a deeper understanding of the city's history and culture.

【衔接】第2句与第3句之间：用 **Instead** 承接"不.....而是....."

第2句说 不追求在短时间内游览尽可能多的景点，第3句 而是随意行走或按照主题路线漫步 是它的对立面。两句间用 **Instead** 起第3句，把这组"否定—肯定"的转折显化出来，读者立刻明白第3句是在补"那它到底怎么做"。

第4句与第5句之间：用代词 **They** 承接、副词 **also** 显递进

第4句主语已是 city walkers，第5句 他们 同指同一批人，第5句改用代词 **They** 承接、避免重复 city walkers；又因 还 表递进，句首谓语前补 **also**，让"品尝/欣赏/了解"与"记录"连成漫步者做的一连串事。

第6句与前文之间：用 **This travel style** 回指收束

第6句 这种旅游方式 回指前面描述的整套城市漫步做法，用 **This travel style** 作主语承上启下，把前面零散的动作收束到"它带来的意义"上，使整段从"是什么、做什么"自然过渡到"有什么价值"，结构完整。

逐句解析

一整段连排中文、无段落标记无题号——把它切成一句句翻译单元本身就是解题动作，句前 N. 为逐句解析自切的句序号（非考卷题号），与卷面中文逐字对应。

【主旨】客观介绍"城市漫步"这一旅游新潮流

全段在客观介绍一种新兴现象："城市漫步(city walk)"在中国的年轻人中悄然兴起，已成为一种旅游新潮流，随后说明它是什么、漫步者做什么、有什么意义。语体是典型的四级文化/社会现象介绍说明文，用词宜平实、客观，不带主观抒情。

【时态】一般现在时

通篇是在陈述一种当下普遍存在的现象与其一贯特征——已成为一种旅游新潮流说明它是现在持续的状态，后面"不追求.....""品尝.....欣赏.....""用相机或手机记录....."都是对漫步者一贯做法的客观描述，不是某次过去事件。所以全篇默认一般现在时，仅"已成为"这类强调"已经实现"处可酌情用现在完成时。

【译法】城市漫步(city walk)

原文已自带英文"城市漫步(city walk)"，直接采用约定俗成译法 city walk（首次出现可不再加引号，作名词短语用）；做"漫步者"时译 city walkers。全篇统一用 city walk / city walkers，不要中途改成 urban walking 等其他说法。

1. 近年来，"城市漫步(city walk)"在中国的年轻人中悄然兴起，已成为一种旅游新潮流。

【主干】city walk 作主语，两个并列谓语（主语策略：原句主语）

中文主语就是"城市漫步(city walk)"，直接拿来作英文主语 city walk。核心动作有两个：悄然兴起→has quietly emerged，已成为一种旅游新潮流→has become a new travel trend，用 **and** 连成两个并列谓语，主谓宾是 city walk has emerged ... and has become a new trend。

【降级】时间状语前置、范围状语降级为介词短语

主干之外两个修饰成分各自降级安放：近年来是时间状语，译 **In recent years** 放句首；在中国的年轻人中是范围状语，降级为介词短语 **among young people in China** 挂在第一个谓语后。这样写成 **In recent years, city walk has quietly emerged among young people in China and become a new travel trend**，而不是照中文逐块平铺。

【语法】时态

"近年来"+"已成为"暗示动作从过去延续到现在、且已产生结果，用现在完成时 has emerged / has become 比一般现在时更准；这是全篇基调一般现在时的合理偏离，由"已经""近年来"触发。

主谓一致

主语 city walk 是不可数/单数概念，助动词用 has 不用 have。

冠词与单复数

"一种旅游新潮流"是"一种"→用不定冠词 a new travel trend, trend 单数。

【译文】 In recent years, city walk has quietly emerged among young people in China and has become a new travel trend.

2. 与传统旅游不同，城市漫步不追求在短时间内游览尽可能多的景点。

【主干】 city walk 作主语，谓语 does not aim/seek（主语策略：原句主语）

主语仍是 城市漫步→city walk（承上文，可视情用 it）；核心动作是 不追求→does not aim to / does not seek to。主谓是 city walk does not seek to visit ...，宾语是"尽可能多的景点"。

【降级】 对比状语前置、宾语用不定式短语承接

与传统旅游不同是对比状语，降级为介词短语 Unlike traditional travel 放句首；在短时间内游览尽可能多的景点是"追求"的内容，用不定式短语 to visit as many attractions as possible in a short time 作宾语，其中"在短时间内"再降级为介词短语 in a short time。整句不平铺，而是 Unlike..., city walk does not seek to visit as many attractions as possible in a short time。

【语法】时态

陈述城市漫步一贯的特点，回指全篇基调用一般现在时，故助动词用 does（第三人称单数 city walk）。

单复数

"尽可能多的景点"是可数复数→as many attractions as possible, attraction 用复数；many 修饰可数复数正确。

固定搭配

"尽可能多"用比较结构 as many ... as possible；"在短时间内"用 in a short time，介词 in 不用 within 也可。

【译文】 Unlike traditional travel, city walk does not seek to visit as many attractions as possible in a short time.

3. 而是随意行走或按照主题路线漫步在城市的大街小巷。

【主干】 补回主语 city walkers，谓语 wander/stroll（主语策略：补主语）

中文承上句省了主语，但行走的是"漫步者"，需补主语 city walkers（或顺承上句结构 it involves...）。核心动作是 随意行走 与 漫步→wander / stroll，宾语方向是 城市的大街小巷→the streets and alleys of the city。主谓是 city walkers wander or stroll through the streets and alleys。

【降级】两种方式作状语、地点用介词短语

随意降级为副词 randomly/freely 修饰 wander；按照主题路线降级为介词短语 along themed routes 作方式状语；在城市的大街小巷降级为介词短语 through the streets and alleys of the city 作地点状语。两种行走方式用 or 连接：wander randomly or stroll along themed routes through the streets and alleys。

【语法】时态

仍是描述漫步者一贯做法，回指全篇基调用一般现在时；若补主语 city walkers（复数）则动词用原形 wander/stroll。

单复数

"大街小巷"是泛指多条街巷→streets and alleys 用复数；主语 city walkers 用复数。

介词搭配

"按照主题路线"用 along themed routes 或 following themed routes；"穿行于街巷"用 through，比 in 更有"穿行"的动感。

【译文】Instead, city walkers wander randomly or stroll along themed routes through the streets and alleys of the city.

4. 漫步者品尝地道小吃，欣赏特色建筑，了解当地生活方式。

【主干】city walkers 作主语，三个并列谓语（主语策略：原句主语）

主语就是 漫步者→city walkers；这是一句三动作的排比：品尝地道小吃→taste authentic snacks、欣赏特色建筑→admire distinctive buildings、了解当地生活方式→learn about local ways of life。三个动作地位平等，用并列谓语 taste..., admire..., and learn about... 处理。

【降级】本就是并列结构，无需深度降级

本句三个分句天然平行，只需用并列谓语并排，不必再降级为从句。各分句内部的修饰词处理一下即可：地道→authentic、特色→distinctive/unique 作前置定语，当地生活方式→local ways of life。整句 City walkers taste authentic snacks, admire distinctive buildings, and learn about local ways of life。

【语法】时态

描述漫步者一贯做的事，回指全篇基调用一般现在时；主语 city walkers 复数，动词用原形 taste/admire/learn。

单复数

"小吃""建筑"泛指多种→snacks、buildings 用复数；"生活方式"可用 ways of life 或不可数的 lifestyle。

介词搭配

"了解"用 learn about（about 不可漏），表示"了解关于.....的情况"；不要写成 learn local life。

【译文】They taste authentic snacks, admire distinctive buildings, and learn about local ways of life.

5. 他们还用相机或手机记录城市的风景和人物。

【主干】 **They 作主语，谓语 record** (主语策略：原句主语)

主语 他们→They (指漫步者)；核心动作是 记录→record；宾语是 城市的风景和人物→the scenery and people of the city。主谓宾是 They record the scenery and people。

【降级】 **工具状语用 with 介词短语降级**

用相机或手机是"记录"所凭的工具，降级为介词短语 with cameras or mobile phones 作方式状语，挂在动词后；还→also 作副词置于谓语前。整句 They also record the city's scenery and people with cameras or mobile phones，工具短语后置，不照中文"用.....记录"的语序前置堆砌。

【语法】 **时态**

仍描述漫步者一贯做法，回指全篇基调用一般现在时，主语 They 复数→动词原形 record。

单复数

"相机或手机"泛指→cameras or mobile phones 用复数；"人物"指城市中的人们→people。

冠词

特指"这座城市的"风景和人物→用 the city's scenery and people 或 the scenery and people of the city，加 the 表特指。

【译文】 **They also record the city's scenery and people with cameras or mobile phones.**

6. 这种旅游方式能让城市漫步者更深入了解城市的历史与文化。

【主干】 **This travel style 作主语，谓语 enables/allows** (主语策略：原句主语)

主语是 这种旅游方式→This travel style/way of travel；核心结构是 能让.....了解.....→enables/allows city walkers to ...，用"enable sb to do"句型。宾语补足语是 更深入了解城市的历史与文化→to gain a deeper understanding of the city's history and culture。

【降级】 **"更深入了解"名词化为 a deeper understanding**

更深入了解可处理为不定式 to gain a deeper understanding of...，把"深入"用形容词比较级 deeper 修饰名词 understanding，比硬译 understand more deeply 更地道；城市的历史与文化→the city's history and culture 作 of 的宾语。整句 This travel style enables city walkers to gain a deeper understanding of the city's history and culture。

【语法】 **时态**

陈述这种方式的一贯功效，回指全篇基调用一般现在时；主语 This travel style 第三人称单数→谓语用 enables。

主谓一致

主语 This travel style 是单数，动词加 -s 用 enables/allows，别漏掉第三人称单数的 -s。

句型搭配

enable/allow 后接"宾语 + to do"，不定式 to 不可漏；"对.....的更深了解"用 understanding of，介词 of 固定。

【译文】 **This travel style enables city walkers to gain a deeper understanding of the city's history and culture.**
